PART I - PREAMBLE**1 Society and Corporate Interests**

The object of this Agreement is to promote harmonious relations between Ontario Power Generation Inc. (OPG) and employees consistent with the preamble of the Ontario Labour Relations Act and the Canada Labour Code and in recognition of the need for the successful accomplishment of the public purposes for which OPG has been established.

The objective of the parties is to facilitate the peaceful adjustment of salaries and benefits, working conditions, issues of fair treatment, all disputes and grievances, and to prevent inefficiencies and avoidable expenses and to reduce unnecessary delays.

OPG's mission is to contribute to the enhancement of the quality of life of the people of Ontario by serving their energy needs. The Society's mission is to strive to ensure the best rewards, career opportunities and working conditions for its members. The Society recognizes a responsibility for providing an essential service to the people of Ontario and in working towards the continued viability and continuity of OPG. Both parties recognize the fundamental importance of service to OPG customers.

The parties recognize that situations may arise where their missions, objectives, or actions come into conflict. These conflicts may impact on the bargaining unit and particularly on supervisory employees represented by The Society. The parties agree that supervisors will be able to participate fully as members and perform supervisory responsibilities without fear of reprisal or recrimination by either party.

1.1 Principles

OPG and The Society agree to make their best efforts to adhere to the principle statements found in the Articles of the Collective Agreement in a balanced way, recognizing that some principles may compete with others. With the exception of the Principles of Agreement found in the Tripartite Agreement on Health and Safety Committees in Article 89, the parties agree that these principle statements are not subject to the grievance/arbitration procedure on their own standing.

1.2 The following principles were developed by the Joint Society Management Committee (JSMC) to guide its conduct in negotiations and in its ongoing relationship. OPG is encouraged to use these principles at the local level.

1.2.1 Issues and interpretations will be dealt with in an open way with the earliest possible involvement of each party.

1.2.2 Each party will deal with the other in such a way that it effectively demonstrates respect for each individual's contribution and point-of-view.

- 1.2.3 Bilateral meetings will be conducted on the premise that such meetings are a "safe zone", with no rank within the room, and in an atmosphere where everyone is free to participate and no one dominates.
- 1.2.4 Common goals/needs will be identified, and both parties will work together to achieve them.
- 1.2.5 The primary focus of the parties will be the customer (Customer means OPG's customers, together with Society members. Customer focus also includes being sensitive to the environment - economic, political, environmental, and social).
- 1.2.6 Processes will be designed with the involvement of the people who have the knowledge of the problem or issue. The processes will encourage the resolution of the problem/issue at the level closest to the source.
- 1.2.7 An honest attempt will be made to resolve all problems/issues internally.
- 1.2.8 By virtue of adherence to the above principles, the JSMC will endeavour to act as an example to the whole organization to show how using those principles, can create a harmonious relationship, while at the same time making the customer the primary focus.

1.3 Partnership Principles

OPG and The Society are committed to a union-management partnership to mutually explore, discuss, and implement new ways to improve business operations, customer satisfaction, the way we work, and quality of work life.

The Partnership mission and objectives are set out in a Tripartite document (OPG-Society-PWU) entitled "Partnership – Securing Our Future" dated November 23, 1999.

PART II - RECOGNITION**2 Recognition Clause****2.1 Provincial Jurisdiction**

Ontario Power Generation Inc. (OPG) recognizes The Society as the exclusive bargaining agent for a bargaining unit comprised of:

All employees employed in Ontario Power Generation, including Ontario Power Generation Inc. - Nuclear, hereinafter known as OPGI, in the Province of Ontario employed as supervisors, professional engineers, engineers-in-training, scientists, and professional, administrative and associated employees, save and except for persons who perform managerial functions as distinct from supervisory functions; persons employed in a confidential capacity with respect to labour relations; and persons in bargaining units for which any trade union held bargaining rights as of November 13, 1991.

2.2 Federal Jurisdiction

The Society was certified in May 1995 under the Canada Labour Code for a bargaining unit comprised of the following:

All employees Ontario Power Generation employed by Ontario Power Generation Inc - Nuclear in the Province of Ontario employed as supervisors, professional engineers, engineers-in-training, scientists, and professional, administrative and associated employees, save and except for persons who perform managerial functions as distinct from supervisory functions; persons employed in a confidential capacity with respect to labour relations; and persons in bargaining units for which any trade union held bargaining rights as of November 13, 1991.

On April 1, 1998, jurisdiction for labour relations for the above-noted federal bargaining unit was delegated to the Province of Ontario.

2.3 Clarity Notes

2.3.1.1 For the purposes of clarity, the bargaining units set out above include:

- a) all regular, probationary, graduate students, reduced-hours and temporary employees whose functions are included in the classifications paid from Salary Schedules 01, 02, 03, 04, 05, 08, 09,10, 11, 12, 13, and 15.
- b) employees in OPGI whose full-time duties are security staff work performing the same security work as Security Staff who were

formerly OSS staff paid from schedules 05 and 15 and who are paid from Salary Schedule 01, 03, 09 or 11 (Security Staff).

2.3.1.2 Exclude:

- a) those persons who perform managerial functions as distinct from supervisory functions. An employee is performing managerial functions if:
 - i) he/she performs managerial functions such as hiring, promotion, performance increase, discharge, etc., over other employees in the bargaining unit; and
 - he/she is required to spend the majority of his/her time performing managerial duties; and
 - he/she supervises at least seven (7) employees (directly and indirectly) on a regular and continuous basis; or
 - ii) he/she supervises persons who are excluded from The Society's bargaining unit by reason of performing managerial functions or being employed in a confidential capacity with respect to labour relations.

2.3.1.3 For greater certainty, it is understood that Article 2.1 incorporates the agreement of the parties to combine what had been two (2) separate Collective Agreements into one (1) Agreement. Prior to the execution of this Agreement, there had been separate Agreements covering OPGI's nuclear and non-nuclear facilities. With the execution of this Agreement, it is agreed that there is now one (1) Agreement covering all such facilities.

2.3.2 **Definitions**

- a) "Supervisors" means employees who primarily perform supervisory functions, including the requirement to make recommendations regarding any staff or personnel matter. These staff or personnel matters include, but are not limited to, such areas as selection, promotion, appraisal, discipline, transfer, staffing needs, work methods, changes in terms and conditions of employment, grievances, or the interpretation and administration of the applicable Collective Agreement. "Supervisors" includes employees in other employee classifications who perform supervisory functions.
- b) "Professional engineer" means either: a) an employee who is a member of the engineering profession entitled to practice in Ontario and employed in a professional capacity; or b) an employee with equivalent credentials who is in a position that requires engineering expertise and specialized knowledge.

This definition includes all employee categories included under the heading of "Professional Engineer" listed in Attachment A to Appendix I "Utilization and Advancement of Professional Engineers and Scientists" in this Agreement. "Professional engineers" includes employees who satisfy these criteria and who are required to perform supervisory functions.

- c) "Engineers-in-training" means an employee who has completed a course of specialized instruction in engineering sciences and graduated from a university or similar institution, who has not satisfied all the requirements for practicing as a professional engineer and who is on a structured training program to partially satisfy these requirements.
- d) "Scientists" means employees who are university graduates in the Natural Sciences, the Applied Sciences, Mathematics or Computer Sciences, who are not classified as professional engineers, and who are engaged in the application of this specialized knowledge in the course of their employment. This definition includes all incumbents in positions identified under the heading of "Scientists" listed in Attachment A to Appendix I entitled "Utilization and Advancement of Professional Engineers and Scientists" in this Agreement. "Scientists" includes employees who satisfy these criteria and who are required to perform supervisory functions.
- e) "Professional employee" means an employee who:
 - i) in the course of his/her employment is engaged in the application of specialized knowledge ordinarily acquired by a course of instruction and study resulting in graduation from a university or similar institution; and
 - ii) is eligible to be a member of a professional organization that is authorized by statute to establish the qualifications for membership in the organization; or
 - iii) performs the functions, but lacks the qualifications of a professional employee.

"Professional employees" include employees who satisfy these criteria and who are required to perform supervisory functions.
- f) "Administrative employee" means an employee who normally supervises persons engaged in office administration, construction, security or maintenance work who are represented by another trade union. This definition includes employees who share a community of interest with "supervisors".

- g) "Associated employees" means employees in positions which normally require a university degree or equivalent education or experience. This definition encompasses employees who share a community of interest with "professional engineers", "scientists" or "professionals" and includes, but is not limited to, Nurses and System Control Operators. "Associated employees" includes employees who satisfy these criteria and who are required to perform supervisory functions.

2.4 Supervisory Employees - Code of Ethics

OPG agrees to include supervisory employees in the bargaining unit on the condition that the parties recognize that supervisory employees will continue to exercise key functions in the control and operation of OPG. As members of OPG managerial staff, supervisors use judgment to express and make operative the decisions of Management. They are responsible for fostering a healthy work environment. The parties recognize the responsibility of supervisors to discharge their supervisory duties in good faith. The Society and OPG will identify, minimize and/or avoid the conflicts/perceived conflicts of interest that may arise concerning the relationship between supervisors, The Society and OPG.

It is recognized that supervisory employees may be disciplined for failure to act in good faith as a representative of Management and fulfilling their responsibilities including abuse of supervisory position and breach of trust.

2.5 Conflict of Interest - Security Staff

The Society recognizes that the inclusion of security staff in this Collective Agreement may create the possibility of a conflict of interest between the responsibilities to their duties and their membership in The Society. The Society will not impede security staff from performing any of their job duties.

These provisions are intended to permit security staff to perform their duties unfettered and to preserve the confidentiality of their work. Security staff are sometimes required to take action with respect to other employees. It is the intent of these provisions that security staff will fulfill their duties irrespective of whether the other employees involved are or are not represented by The Society. OPG agrees that all security staff represented by The Society will have normal access to Society representation.

The Society agrees not to pursue any internal disciplinary actions against security staff for performing their duties.

Any conflict of interest involving security staff will be subject to an expeditious internal confidential review/resolution process. If the internal resolution process is not capable of resolving the conflict of interest, then an expeditious external process will be activated.

The Society Board of Directors clearly recognizes the unique position of security staff regarding their relationship with other Society represented employees and will strive to ensure that any conflict of interest which may arise is handled sensitively and expeditiously.

2.6 Exclusions Process

OPG and The Society agree to the following process for the purpose of excluding new and changed positions from The Society's jurisdiction.

1. The following new or changed job documents or their electronic equivalents in Scenarios A to D will be sent to The Society for their review:

- A - Society Jobs
- B - "Society Equivalent" MG Jobs (Formerly MF)

- D - Borderline Society/PWU Jobs
- E - "PWU Equivalent" MG Jobs (Formerly MS)

2. If there is disagreement concerning jurisdiction of a position, The Society will notify Labour Relations, OPG Human Resources within 10 working days of having received the document. The two parties will use the 10 working days to attempt to resolve the dispute.
3. If the two parties are not able to resolve the dispute, Management reserves the right to implement the position with the jurisdiction as proposed. At the same time, The Society has the right to file a grievance over the jurisdiction of the position.
4. Management will notify The Society office of any jurisdictional grievance filed by another trade union against a Society-represented position and will advise The Society of any change in status (e.g., referred to next step, resolved, withdrawn).
5. Attachment 1 is the exclusion form which will be used in accordance with this process. The Society's agreement to exclude any position under this process is without prejudice to its position in any proceedings and will not limit The Society's right to challenge the exclusion at a later point in time.

2.7 Successor Rights

- 2.7.1** OPG agrees that it will not directly or indirectly request government to exempt the Company or The Society from the successor rights provisions of the applicable labour relations legislation.
- 2.7.2** The successor rights provisions of the applicable labour relations statute shall be incorporated by reference into this Collective Agreement. No board of arbitration established pursuant to the grievance and arbitration provisions of this contract has jurisdiction to make any decision within the jurisdiction of the Labour Relations Board and nothing herein is intended to affect the jurisdiction of the Labour Board to resolve disputes related to the application of the provisions of the statute. For purposes of s.48 of the Ontario Labour Relations Act and s. 57 of the Canada Labour Code, the Ontario Labour Relations Board or the Canada Labour Relations Board shall be deemed to be a Board of Arbitration for the resolution of disputes related to the interpretation, application, administration or alleged violation of this provision of the Collective Agreement. The remedial powers of the Labour Board shall be as set out in the relevant statutory provisions governing successor rights.

3 Employee Classifications

3.1 Probationary Employees

A probationary employee is an employee, who is hired on a trial basis with the prospect of being reclassified as a regular employee, if the employee's performance satisfactorily meets the job requirements. The probation period is normally a minimum of three months and a maximum of six (6) months. After six (6) months, the employee will either be made regular, transferred to another probationary position or terminated unless there is an expectation that a longer probationary period will result in improvement in a specific area which has been identified to the employee (e.g. completion of a training course or a specific work assignment, interrupted probationary period as a result of parental leave, etc.) The employee's benefits and working conditions are the same as regular employees with exceptions identified in the provisions where different treatment has been agreed to.

3.2 Regular Employees

A regular employee is an employee who has either served the required probationary term or has previously been employed in one of the other categories and has satisfactorily met the job requirements. The employee occupies a position that is considered part of the ongoing organization of OPG.

3.2.1 Reduced Hours of Work Regular Employees

A reduced hours of work regular employee is an employee who has regular status but works less than the base hours for a full-time position. The employee's benefits and working conditions are pro-rated and based on the entitlements of the regular employees. The pro-rating is described in Article 71 (Reduced Hours of Work).

3.3 Temporary Employees

3.3.1 A temporary employee is an employee who is hired for short-term work assignment which is not ongoing (i.e. normally 12 months or less and not extending beyond 24 months). The employee's benefits and working conditions are as per Article 34 (Temporary Employees).

3.3.2 Reduced Hours of Work Temporary Employees

A reduced hours of work temporary employee is an employee who has temporary status but works less than the base hours for a full-time position. The employee's benefits and working conditions are pro-rated as per Article 34 (Temporary Employees).

3.3.3 Student Employees

A student employee is an employee who is hired for short-term work which is not ongoing. He/she is normally in the process of completing his/her post-graduate studies and is expected to return to his/her studies after an agreed employment period. The employee's benefits and working conditions are as per Article 34 (Temporary Employees).

4 Service Credit Definitions

Service credits shall be based on all previous full-time (regular, temporary and casual) service and part-time/reduced hours (regular and temporary) unless otherwise specified. (See Article 9.3 Transition Provisions of the 2006-2010 Collective Agreement).

4.1 Established Commencement Date (ECD)

The "ECD" represents the latest date of hire, subject to authorized adjustments for previous service as detailed below.

a) Regular

The ECD for regular employees is calculated by giving service credits for:

- probationary employment;
- 100% of employment service in an acquired Company;
- previous regular and temporary (full-time and reduced hours employment), if there has been no break in service exceeding twelve (12) months;
- previous casual construction employment if there was no break in employment exceeding three (3) months (or 12 months for casual construction employees on the Pension and Insurance Plan).

(The ECD has an impact on sick leave and severance pay.)

b) Temporary

The ECD for temporary employees is calculated by giving service credits for:

- previous temporary employment, if there has been no break in service exceeding 3 months and employee has less than 12 months service;
- previous temporary employment, if there has been no break in service exceeding 12 months and employee has greater than 12 months service.

(The ECD has an impact on statutory holidays and floating holidays.)

4.2 Vacation Credit Date (VCD)

The VCD represents all service regardless of breaks. While a regular employee, service credits shall be based on the current ECD and adjusted for all previous periods of OPG employment. All employees who currently work reduced hours or have done so in the past, will have such service calculated as if were full-time.

(VCD is used to determine vacation bonus.)

4.3 External Experience Value (EEV)

The EEV represents a vacation credit quantity expressed in number of years, months and days for external work experience granted to qualifying regular employees (Section 38.7). The EEV and VCD determine total years credit for vacation entitlement (days) and the length of service based search notice period (Section 64.21 - Search Notice Period).

EEV is only applicable to the initial hire with either Ontario Hydro or Ontario Power Generation and does not apply to any rehire, save and except those

employees that have been forced to another employer through a "Change of Employer" under Part C of Article 64, formerly Article 102, on or after January 1, 2005 and have been rehired after 3 years.

4.4 Service Recognition Date (SRD)

The SRD for regular employees represents all service while an OPG employee on payroll regardless of breaks in employment. Service credits shall be based on the last hire date and adjusted for all previous periods of OPG employment. All employees who currently work reduced hours or have done so in the past, will have such service calculated as if it were full-time (it should never be pro-rated).

Authorized Adjustments:

a) Personal Leaves of Absence

SRD includes the time an employee is on "leave", if the employee is on a:

- personal leave of absence with pay; or
- personal leave of absence without pay which is less than 15 working days; or
- personal leave of absence without pay which is more than 15 working days and which was started on or after April 15, 1993 - only that portion which was taken during the period from April 15, 1993 to August 31, 1997.
- prepaid leave of absence, under the enhanced leaves of absence policy dated April 16, 1993, greater than eight (8) weeks.

b) Pregnancy/Parental Leaves

SRD includes the time an employee is on a pregnancy/parental leave (previously referred to as normal or extended maternity/adoption leave).

c) Job Sharing

SRD is calculated as if the employee is working full-time hours.

d) Work Sharing

SRD is calculated as if the employee is working full-time hours.

(SRD has an impact on recognition of employee service at years 25 and 40, Quarter Century Club Membership and seniority (Article 64).)

4.5 “Eligibility Service” or “Continuous Employment” for Pension Purposes

Generally, it is the number of years (including a portion of a year) a pension plan member has been continuously employed in which there has been no break in employment exceeding 12 months. It includes previous OPG pensionable service which has been reinstated; external service which has been transferred into the pension plan under a reciprocal pension transfer agreement; and periods of pregnancy/parental leave. It may include certain types of non-regular service purchased under special provisions. It generally excludes leaves of absence without pay except where the employee elects to pay the pension contribution. The exceptions are detailed in the pension rules.

Eligibility Service (ES) is used as an eligibility criteria for early retirement and the associated early retirement discounts; and in conjunction with Membership Service (i.e., the service subsequent to the date actually joining/started contributing to the Plan) and Age, to determine death and termination benefit entitlements.

5 Temporary Assignments

There may be instances when employees are temporarily removed from their normal duties to perform work outside of The Society's bargaining unit. Likewise, employees from outside of the bargaining unit may be assigned temporarily to work within The Society's bargaining unit.

In such instances, the parties agree that:

5.1 Employees Temporarily Excluded from Society Jurisdiction

- 5.1.1** The Society shall be given prior notice of any temporary assignment exceeding three months' duration that OPG considers outside the bargaining unit, along with a rationale for the proposed exclusion.
- 5.1.2** The Society shall continue to represent employees who have been temporarily removed from their regular positions to perform work outside the bargaining unit for the first three months of the temporary assignment. Dues shall be deducted and remitted to The Society for the entire period of the temporary assignment of a Society member while performing work outside the bargaining unit.
- 5.1.3** Except where otherwise specified in this Agreement, Society-represented employees who are temporarily assigned to positions outside the bargaining unit shall have access to all benefits, plans or entitlements under Part IX (Health Benefits), Part X (Pension and Insurance), Part XI (Relocation Assistance), and Articles 64

(Employment Continuity), and 65 (Vacancies) of the Collective Agreement for the full duration of the assignment.

5.2 Employees Temporarily Included in Society Jurisdiction

5.2.1 OPG personnel from outside The Society's bargaining unit who are temporarily assigned work within Society jurisdiction shall be represented by The Society for that portion of the assignment extending beyond three months, and dues shall be deducted for the period beyond three months.

5.2.2 During the period of Society representation, temporarily included employees shall be subject to the provisions of the Collective Agreement, but the following shall not apply:

- Article 20 (Performance Appraisals and Reduced Pay Standing Complaints), 21 (Performance Appraisal Feedback and Advanced Warning of Reduced Pay Standing) excluding 21.4, 32 (Re-earnable Incentive Plan), 33 (Progression-In-Place Plans)
- Part VIII (Absence from Work)
- Part IX (Health Benefits)
- Part X (Pension and Insurance)
- Part XI (Relocation Assistance), except for Article 55 (Compensation when Assigned to Temporary Work Headquarters)
- Article 63 (Compensation for Authorization as a Nuclear Shift Supervisor)
- Part XIII (Working Conditions)
- Other provisions or Agreements to the extent they concern the above

5.3 Grievance

The Society's Complaint and Grievance/Arbitration procedure shall apply to any dispute relating to an applicable provision of The Society's Collective Agreement, including any dispute as to whether the Collective Agreement is applicable in the circumstances. The employee and/or the employee's bargaining agent retain any rights in respect of terms and conditions of employment to which The Society's Collective Agreement does not apply.

6 Employees on Temporary Out-of-Province Assignment

6.1 Terms and Conditions of Employment During Assignment

When a Society-represented employee accepts a temporary assignment outside Ontario, the employee:

- a. retains his/her status as an employee of OPG;
- b. continues to accrue service credit for all purposes under Article 4, Service Credit Definitions, of the Collective Agreement;
- c. is required to pay Society dues during the term of any assignment.

6.1.2 The employee remains represented by The Society until he/she begins this assignment. When an employee accepts a personal services contract, that contract together with this Article shall constitute the employee's complete terms and conditions of employment for the full term of the assignment. OPG will advise The Society after a personal services contract with a Society-represented employee is signed.

6.1.3 OPG will indemnify, or cause to be indemnified, each employee who, in the course of work on temporary out-of-province assignment, becomes subject to a claim made against him/her or to a threat of discipline from an association with statutory power to apply professional standards. OPG's "Employee Indemnification Policy" (08-03-01) will apply unless indemnification provisions specific to a given contract or project are identified in the personal services contract.

6.2 Filling the Pre-Assignment Position

Before the employee commits to the assignment, Management will determine whether it intends to fill the position on a temporary or regular basis and discuss the decision and rationale with the employee. OPG will inform the employee of any intent to change this plan while the employee is on an out-of-province assignment.

6.3 Redeployment Upon Completion of Assignment

6.3.1 The line manager in the employee's pre-assignment Business Unit shall provide or shall identify appropriate personnel to provide the returning employee with employment-related information and assistance and to carry out the provisions of this Subsection upon completion of the assignment and return to Ontario.

6.3.2 When the employee's pre-assignment position with OPG continues to exist and has not been filled or has been filled temporarily, the employee shall return to that position.

6.3.3 When the employee's pre-assignment position with OPG no longer exists or has been filled regularly, and the employee is not surplus by operation of Article 64, the employee shall be placed in an OPG vacancy for which he/she is qualified, in the following order:

- a) a lateral vacancy within the employee's pre-assignment Business Unit at the pre-assignment location;
- b) within the pre-assignment Business Unit, a choice of a lateral vacancy at a new location, or a vacancy within two salary grades lower at the pre-assignment location;
- c) within the pre-assignment Business Unit, a vacancy within two salary grades lower, in a new location;
- d) redeployment in accordance with Article 64.

6.3.4 Placements under Subsection 6.3.3 (a), (b) or (c) above are exceptions to OPGI posting requirements, consistent with Subsection 65.6.1 (b).

6.3.5 When there is a reasonable expectation that an employee will be placed in a different position upon return from a temporary out-of-province assignment, OPG will identify and notify the employee of potential placements. An employee who is not placed within 30 days of completion of the assignment and return to Ontario shall have the right to be redeployed in accordance with Article 64.

6.4 Employment Continuity During Temporary Out-of-Province Assignment

6.4.1 Employees on temporary out-of-province assignments will be neither advantaged nor disadvantaged with respect to rights under Employment Continuity upon return from the assignment. When an employee's pre-assignment position has been included in a Unit of Application for redeployment under Article 64, the employee will be redeployed in accordance with Article 64.

The Joint Redeployment Planning Team (JRPT) will consider issues such as:

- the number of employees within the unit of application who are on temporary out-of-province assignments;
- the duration of the assignments;
- the seniority of the affected employees;
- the qualifications of the affected employees;
- the ability to factor the employee into the ongoing joint planning efforts (i.e., will the employee be returning during or shortly after the joint planning process);

- the ability to fill positions in the new organization on a temporary assignment basis in order to accommodate a returning employee;
- the need to fill positions in the new organization on a continuing basis;
- the need to keep employees apprised of developments within their unit of application that may impact on their job status during the assignment.

6.4.2 If an employee is declared surplus while he/she is on temporary out-of-province assignment, the employee will be notified and all surplus entitlements will be deferred until the employee completes the assignment and returns to Ontario.

6.4.3 An employee on temporary out-of-province assignment who is subject to redeployment under Article 64 in his/her absence and the JRPT determines:

- a) the employee would have been matched to a position by virtue of seniority and qualifications and is, therefore, deemed not surplus; and
- b) the employee will not be matched in the redeployment; then the employee will be entitled to treatment under Section 6.3 above.

PART III - VOLUNTARY RECOGNITION AGREEMENT**8 VRA Amendments**

A Voluntary Recognition Agreement (VRA) between Ontario Hydro and The Society came into effect on January 14, 1992. A complete text of the VRA between Ontario Hydro and The Society is found in Appendix IX. The VRA, as amended in this Article, is applicable to OPG. The VRA shall remain in effect thereafter except for Sections 4.0 and 5.0 of the VRA (outlined in Articles 14 and 15 of this Agreement) which may be terminated by written notice by either party not less than twelve months prior to the expiry of the Collective Agreement in operation on January 1, 2016 or any subsequent Collective Agreement. In the event that The Society provides notice of termination of Sections 4.0 and 5.0 of the VRA, OPG may require that the supervisors defined in Section 8.1 form a separate bargaining unit for which The Society shall be recognized as the bargaining agent and for which there shall be a separate Collective Agreement. In addition, The Society shall continue to be recognized as the bargaining agent for non supervisory staff defined in the VRA. Disputes on the identification of supervisors shall be submitted to a mutually acceptable arbitrator for settlement. If the parties fail to agree to appoint an arbitrator, either party may refer the matter to the Minister of Labour (provincial or federal) or the Chief Justice of the Ontario Court of Justice who shall appoint a single arbitrator. The arbitrator will have the power accorded arbitrators under the Ontario Labour Relations Act and the Canada Labour Code. If OPG provides notice of termination of Sections 4.0 and 5.0 of the VRA, it shall continue to recognize The Society as representing all employees in one bargaining unit as per the VRA and ensuing Collective Agreements.

In the event that either party desires to amend the VRA on or after January 1, 2016, it must notify the other party in writing not less than twelve months prior to the expiry of the Collective Agreement in effect on January 1, 2016 or thereafter twelve months prior to the expiration of any subsequent Collective Agreement. In such circumstances the parties will have the right, if either party so chooses, to appoint a mutually agreeable mediator for the purpose of reaching a settlement of the issues and where there is mutual agreement the mediator shall arbitrate outstanding matters in dispute.

Notwithstanding the above, the parties may mutually agree to amend the VRA at any time.

8.1 Supervisory Employees

For the purposes of this Article, the parties agree that Supervisory positions are those that are not excluded under Article 2.0 above and that satisfy the following criteria:

- a) Employees on Salary Schedule 01, 03, 09 or 11 who under Plan A "Nature of Supervision" have either Degree 3 (or higher) or its equivalent;
- b) Employees on Schedules 02, 03, 09, 05, 08, 10, 11, 12, 13, 15 on condition they normally supervise other employees.

PART IV - COLLECTIVE AGREEMENT TERM - NO STRIKE/NO LOCKOUT**9 Collective Agreement Term - No Strike/No Lockout**

9.1 This Collective Agreement shall remain in effect from January 1, **2016** to December 31, **2018** inclusive and, thereafter, shall be renewed automatically from year to year, subject to Section 4.0 of the Voluntary Recognition Agreement (VRA) as amended in the Collective Agreement, unless either Party notifies the other in writing not less than 90 days prior to the expiration of the Collective Agreement that it desires to amend the Collective Agreement. As long as Sections 4.0 as amended and 5.0 of the VRA remain in effect, where notice to amend the Collective Agreement is given, the provisions of this Collective Agreement shall continue in force until a new Collective Agreement is signed.

9.2 No Strike/No Lockout

The Society, employees within the scope of the bargaining unit, and OPG are pledged to the effective and efficient operation of OPG and they pledge themselves, individually and collectively, to refrain from taking part in strikes, lockouts or sympathy strikes and other interference with work or production as long as the terms and conditions in Section 4.0 of the VRA continue.

Nothing in this Collective Agreement is intended to interfere with the exercise of lawful economic sanctions under the Ontario Labour Relations Act and the Canada Labour Code by any member of the bargaining unit or bargaining units as the case may be or by The Society itself should either party to the Agreement elect to terminate Sections 4.0 and 5.0 of the Voluntary Recognition Agreement.

PART V - UNION SECURITY

10.1 Membership in The Society

The Society agrees to permit members to withdraw from membership in The Society.

10.2 Dues Deduction (Rand Formula)

Society dues, as prescribed by The Society Constitution, or an equivalent amount, shall be deducted monthly (or more frequently if agreed) by OPG by compulsory payroll deductions from all Society-represented employees and shall be forwarded to The Society on their behalf with a list of appropriate employee information.

The Society confirms it will respect the applicable provisions of the Ontario Labour Relations Act (RSO 1990) and the Canada Labour Code with respect to bona fide religious convictions or beliefs.

10.3 Bargaining Unit Information

Management agrees to provide The Society with the following, on a regular basis:

- a) A copy of the appointment letter, for employees selected to Society represented vacancies, will be copied to the appropriate Unit Director, within a reasonable period of time
- b) Detailed records of dues deducted
- c) Detailed information on the membership, including:
 - Occupation Code, Job Title, Salary Schedule, Salary Grade, Organization (e.g. Business Unit/Division/Department), Mailing Location, Phone Number
- d) Upon written request provide to a Unit Director applicant information to specified Society represented vacancies.

11 Principles Regarding Involvement With Respect to Successor Rights

Consistent with the parties' commitment to deal with issues in an open and co-operative manner with the earliest possible involvement of each party, the parties have developed the following principles and intent:

- a) Prior to the finalization of negotiations that could lead to the sale of all or part of the business, privatization of all or part of a Business Unit, the creation of joint ventures or partnerships or other enterprises which could adversely impact on The Society's bargaining rights or the contractual rights of its

members, The Society will be consulted to the extent that circumstances reasonably permit. The Society agrees that confidentiality will be maintained.

- b) The parties agree to attempt to minimize the negative impacts on OPG employees in these circumstances. Where it is in the mutual interests of the parties, they will make their best efforts to identify and investigate new opportunities to spin-off parts of OPG.
- c) OPG agrees to apprise any external third party involved in negotiations that OPG has employees represented by The Society and OPG will undertake to provide The Society with an opportunity to present its interests to the third party.

PART VI - DISPUTE RESOLUTION PROCESSES**12 No Discrimination****12.1 Human Rights**

Every employee has a right to be free of harassment and discrimination in the workplace on the basis of prohibited grounds, as outlined in the OPG Human Rights Policy. An employee who has a harassment or discrimination complaint on the basis of these grounds will have access to OPG Human Rights and Complaints resolution process.

Any Society-represented employee involved in OPG Human Rights and Complaints process may consult with and be accompanied by a Society representative if he/she chooses to do so. No record of a complaint will be maintained in an employee's personnel file, except in the case of individuals who have received disciplinary action. Any person against whom a formal complaint is filed must be given particulars of the complaint.

As long as an employee has an active complaint of discrimination or harassment on the basis of prohibited grounds, either under OPG's Human Rights and Complaints process or with the Human Rights Commission, The Society will not make such a complaint or OPG process the subject of a grievance on the employee's behalf.

12.2 Union Activity

OPG shall not discriminate against an employee on the basis of membership or activity in The Society. An employee who has a complaint of such discrimination shall have the right to seek redress under the Grievance and Arbitration Procedure.

13 Employee Indemnification

13.1 OPG will provide assistance and financial indemnification to an employee who, as a consequence of performing the normal duties of his/her job for OPG, is made, or threatened to be made, a party to a civil action or a criminal proceeding (other than for offenses under the Criminal Code of Canada) or quasi-criminal proceeding, or other administrative proceeding (such as formal complaint filed with the Human Rights Commission), or is subject to a threat of discipline or actual discipline from an association that is empowered by statute to regulate professional standards.

Notwithstanding the above paragraph, OPG will not provide financial indemnification to an employee considered by OPG to have acted with dishonesty, bad faith, or with intentional or reckless disregard for the best interests of OPG.

An employee who is subject to prosecution under criminal law (Criminal Code of Canada) as a consequence of performing the normal duties of his/her job and found to be not guilty, or against whom charges have been dropped, may receive financial indemnification. More details are found in the OPG policy.

14 Voluntary Recognition Agreement Disputes

14.1 Enforcement

The primary method of enforcement of the Voluntary Recognition Agreement shall be pursuant to the grievance and arbitration provision in this Collective Agreement. However, should the Collective Agreement not be in operation or applicable to the dispute, either party shall have the right to refer to final and binding arbitration any differences between the parties arising from the interpretation, application, administration or alleged violation of the Voluntary Recognition Agreement, including any question as to whether a matter is arbitrable.

Subject to the conditions of this Agreement, if a mediator or arbitrator is not appointed within 30 days of a matter being referred to mediation and/or arbitration, either The Society or OPG shall have the right to refer the matter to the Minister of Labour (provincial or federal) or the Chief Justice of the Ontario Court of Justice and the Minister or Chief Justice shall appoint a mediator and/or arbitrator. The arbitrator will have the power accorded under the Ontario Labour Relations Act and the Canada Labour Code.

14.2 Selection of Mediators and Arbitrators

Mediators and arbitrators shall be selected from the list of mutually acceptable persons which include those set out below and the costs of using them will be shared equally by OPG and The Society.

List of Mediators and Arbitrators (incomplete)

The parties submit the following individuals to be used as mediators/arbitrators if mutually agreed to:

Kevin Burkett
Pamela Picher
Michel Picher
Robert Howe

Professor Ken Swan
George Adams
Jane Devlin

15 Collective Agreement Negotiation Disputes

Future contract negotiations disputes shall be resolved by binding arbitration.

The dispute resolution process shall be mediation-arbitration using the same individual as both the mediator and arbitrator. The negotiating process is set out in full in Appendix VII.

The mediator-arbitrator shall consider the following issues as relevant to the determination of the award on monetary issues:

- a) a balanced assessment of internal relativities, general economic conditions, external relativities;
- b) OPG's need to retain, motivate and recruit qualified staff;
- c) the cost of changes and their impact on total compensation;
- d) the financial soundness of OPG and its ability to pay.

A mediator-arbitrator shall have the power to settle or decide such matters as are referred to mediation-arbitration in any way he/she deems fair and reasonable based on the evidence presented by representatives of OPG or The Society in light of the criteria in items (a) to (d) and his/her decision shall be final and binding.

16 Complaint and Grievance/Arbitration Procedure

16.1 Preamble and Principles of Operation

The following dispute resolution procedure consists of three steps: a complaint process (Step 1), a Joint Grievance Resolution Committee (JGRC) (Step 2) and an expedited or regular arbitration (Step 3A or 3B). These processes will be used by the Parties in order to resolve complaints and grievances submitted by Society-represented staff, The Society, or OPG unless the parties have expressly agreed elsewhere in this Agreement on alternate dispute resolution processes to limit the scope of the grievance/arbitration procedure.

Early discussions and resolutions at the lowest level possible are encouraged because this leads to addressing issues before a grievance is lodged, and are key to maintaining a positive working relationship.

The Parties recognize the need to share information and openly discuss options for resolution at all levels of the complaint and grievance process. This is to ensure a common understanding of all the facts and will enhance the chance of a mutually acceptable resolution. It is understood that proposals for settlement discussed during Steps 1 and 2, or during attempts at mediated resolutions, will not prejudice either party at the arbitration stage.

This process should have the flexibility to respond to the advantages gained through a problem-solving approach to dispute resolution.

This process is designed to be simple, efficient, and understandable for all parties involved.

16.2 Definitions

a) Employee Complaint

An employee complaint is a claim of unfair treatment that an employee has requested The Society to present on the employee's behalf. An employee complaint, which does not meet the criteria of an employee grievance, shall not be subject for the grievance/arbitration procedure.

b) Employee Grievance

An employee grievance is defined as any dispute between OPG and The Society arising from the application, administration, interpretation or alleged violation of the Collective Agreement, or unreasonable exercise of Management discretion in the administration and application of the Collective Agreement. An employee grievance shall be filed at Step 2, normally following consideration of an employee complaint at Step 1.

c) Group Grievance

A Group grievance is defined as any dispute between OPG and The Society arising from the application, administration or alleged violation of the Collective Agreement, or unreasonable exercise of Management discretion in the administration and application of the Collective Agreement relating to the same dispute by more than one employee. A Group grievance shall be filed at Step 2. Grouped complaints will normally be considered at the Complaint Step if the employees report to a single supervisor.

d) Policy Grievance

A Policy grievance is defined as any dispute between OPG and The Society arising from matters of application, administration, interpretation, or alleged violation of the Collective Agreement. A policy grievance shall be filed at Step 2, and must be filed within 60 days after the circumstances giving rise to the grievance have come or ought to have reasonably come to the attention of The Society.

e) Management Grievance

OPG may present to the Joint Society-Management Committee any complaint with respect to the conduct of The Society. If such a

complaint is not resolved, it may be treated as a grievance and referred to arbitration under the provisions of this Article.

16.3 Scope Notes

Job evaluation complaints shall be processed in accordance with this Article.

Disputes concerning Article 90 "Authority to Stop Work" relating to the Occupational Health and Safety Act or Part II of the Canada Labour Code will normally be referred to the Ministry of Labour consistent with Article 91 "Health and Safety Disputes".

The scope of the Complaint and Grievance/Arbitration process includes policies listed in Article 97 "Status of Certain Policies and Procedures".

The grievance/arbitration procedure may be used to challenge any unreasonable, arbitrary or bad faith action taken by OPG which results in the exclusion of any employee or position from the bargaining unit. The Parties will attempt to resolve disputes expeditiously. The Society may initiate an unresolved dispute as a Policy Grievance.

16.4 Timeliness

The grievance procedure shall proceed without unnecessary delay. It is recognized that in some cases strictly enforced time limitations may interfere with a mutually acceptable process of fact finding or problem resolution. However, either Party may invoke a time limitation upon five (5) days' written notice to the other Party. Except by mutual agreement, time limits for initiating a complaint/grievance, however, must be adhered to.

16.5 Step 1: Employee Complaint

- a) A Society Unit Director or Delegate must file an employee's complaint with the complainant's supervisor within 30 working days of the date the employee should reasonably have been aware of the action or decision-giving rise to the complaint. The Society Office will provide a form outlining the grievor's complaint, proposed resolution and identifying the employee's Society representative. Management's representative will be identified by the local Human Resources Office.
- b) Employee complaints must normally be raised with the employee's supervisor and/or Society Delegate and every effort should be made to resolve it informally. OPG will provide independent facilitation where the Parties agree that this is a reasonable approach to resolving the complaint.
- c) Where mutually agreeable, The Society may initiate an employee grievance arising from disciplinary suspension or discharge directly at Step 2. Benefits grievances shall be initiated at Step 2.

- d) Local management and The Society representative will meet to attempt resolution within ten (10) working days of the date that the complaint is filed. Where mutually agreeable, the employee may attend the Step 1 meeting. Any resolution at Step 1 will be without prejudice and will not constitute a precedent in any other matter between the Parties except by written agreement.

16.6 Step 2: Meetings of the Joint Grievance Resolution Committee

- a) The Society may file an employee grievance at Step 2, within ten (10) working days of the Step 1 meeting. A Policy grievance shall be initiated at Step 2. A grievance must be filed by letter from a Vice-President of The Society, or designate, to a management designate. This letter will outline the grievance and proposed resolution. Management will keep The Society apprised at all times as to the management designates for the purposes of receiving Step 2 letters.
- b) Prior to 2nd Step the Parties will use their best efforts to identify the issue(s), the basis of the grievance and areas of agreement and disagreement. **Three weeks prior to each Step 2 meeting, the Society shall provide OPG with a list of grievances to be heard. Two weeks prior to each Step 2 meeting, the Society shall provide OPG with a copy of their brief** outlining the issues, providing the facts and information relevant to the grievance, and containing proposals for settlement of the grievances scheduled for the meeting. **One week prior to the Step 2 meeting, OPG shall provide a response brief to the Society.**
- c) The parties will form a standing Joint Grievance Resolution Committee (**JGRC**) that will meet on a pre-booked, bi-monthly basis.
- d) **The JGRC process will be as follows:**
- i. **The JGRC shall be comprised of the appropriate level of affected Line Management, Labour Relations, Human Resources, the filing Society Unit Director and a Society Staff Officer.**
 - ii. **The parties may agree to additional attendees but will try to minimize the number of people in attendance in order to encourage focused settlement discussions.**
 - iii. **The Line Management and Society Unit Director will have the appropriate authority to settle the case.**
 - iv. **The Society and Management will each present their case and discuss questions, options and possible resolutions.**
 - v. **This process should have the flexibility to respond to the advantages gained through a problem-solving approach to dispute resolution.**

vi. The Grievance may be settled, withdrawn, referred to mediation and/or arbitration hearing. The Parties may agree to any other resolution.

- e) A Step 2 grievance may be resolved by written agreement of the JGRC. Such resolution shall be final and binding on the Parties. Nevertheless, if resolution is not achieved before the date of the next Step 3A meeting, the grievance will be automatically referred to arbitration.

16.7 Step 3 - Grievance Mediation and/or Arbitration

- a) Where resolution is not achieved at Step 2, the Society may refer a grievance to Step 3A (expedited arbitration) or Step 3B (regular arbitration) within 30 working days. Grievances not referred within the time limits above shall be considered to be withdrawn.
- b) Grievances will advance to expedited mediation/arbitration (Step 3A) unless based on:
- Termination or Discipline
 - Harassment or discrimination
 - Policy Grievances
- Grievances excluded per the above will proceed to regular Arbitration unless both parties agree that the expedited process is appropriate.
- c) In all cases a single Mediator and/or Arbitrator will be used. The parties will agree, on an annual basis, to arbitrators for both the expedited (Step 3A) and regular (Step 3B) arbitration procedures, and may on joint agreement engage other arbitrators on a case by case basis. A back up arbitrator will be agreed on for the Step 3A process.
- d) The parties will agree on a special arbitrator to hear all grievances related to benefits.
- e) Dates will be arranged as follows:
- expedited mediation/arbitration will be scheduled, in advance, bi-monthly
 - regular arbitration hearings will be scheduled, in advance, tri-monthly
- f) For expedited Arbitration, the parties will exchange briefs one week prior to the Hearing, with a copy to the Arbitrator, outlining their respective positions and proposed resolution. Normally no witnesses will be called unless the Arbitrator so directs. The parties may submit a joint statement of facts. The arbitrator's award shall be delivered within 10 working days following the hearing. Each

Party shall assume its own costs of the arbitration proceedings and shall share equally the cost of the arbitrator.

- g) If either party requests an arbitrated outcome at Step 3A, this will be the joint direction to the mediator/arbitrator. Failure to achieve a mediated settlement will not be a consideration in any way at the subsequent arbitration.
- h) An arbitrator shall consider any difference which arises between the parties relating to the interpretation, application or administration of this Agreement, including any question as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated. An arbitrator shall also consider any matter of interpretation, application, and administration of policy and practice as may be referred to him/her by employee grievance. An arbitrator shall consider only such evidence as is presented to him/her by representatives of OPG or The Society.
- i) The arbitrator shall have the power to settle or decide such matters as are referred to him/her in a fair and equitable manner, and the arbitrator's decision shall be final and binding. An arbitrator shall not have the power to amend or terminate this Agreement, policies, or procedures save only any policies and procedures which may conflict with the terms of this Agreement.

16.8 Employment File

- a) Documents communicating discipline and discharge will be maintained in the employee's official employment file (normally 901 file).
- b) Unless otherwise agreed to, after documents communicating discipline have been on an employee's file for a maximum of two years, and there have been no further disciplinary occurrences, then the documents communicating discipline will be removed.

16.9 Society Representatives

A Society representative will be granted reasonable time off from normal duties and have normal base earnings maintained while acting as a Society representative in any of the steps of the grievance procedure or when required by Management to be a participant in arbitration proceedings under Articles 16 "Complaint/Grievance Arbitration Procedure", 19 "Job Challenges", 20 "Performance Appraisals and reduced Pay Standing Complaints", and 64 "Employment Continuity". Requests for time off will be made to the employee's supervisor.

16.10 Mediators/Arbitrators

The following are agreed to arbitrators under Article 16. With mutual agreement the parties may use other arbitrators who are not found on these lists:

<u>Expedited Arbitration</u>	<u>Regular Arbitration</u>

- Laura Trachuk	- Jane Devlin
- Kevin Burkett	- Laura Trachuk
- Larry Steinberg	- Kevin Burkett

	- Rob Herman
	- Larry Steinberg
	- Susan Stewart

16.11 Expediting Redeployment Grievances and Arbitrations**16.11.1 Complaint and Grievance Procedure**

- a) This Article, Expediting Redeployment Grievances and Arbitration, applies to grievances arising from the administration of Employment Continuity provisions of the Collective Agreement (Article 64.3), including the redeployment process in each Unit of Application, non-selection to positions in the mix and match and non-selection of employees entitled to priority placement in the search/notice period, and to decisions of JRPTs.
- b) Except as specified in this Article 16.11 Expediting Redeployment Grievances and Arbitration, all provisions and practices established in relation to the Complaint and/Grievance/Arbitration Procedure apply to these grievances.
- c) An employee's complaint must be submitted no later than 20 working days after completion of the Mix and Match, e.g. final approval of the JRPT Second Report or equivalent, the JROT decision, or the selection process that includes the decision he/she feels is unfair.
- d) At Step 1 of the grievance procedure, The Society will submit complaints within the scope of Article 16.11 Expediting Redeployment Grievances and Arbitrations to the relevant JRPT, JROT, and/or line management through Labour Relations. Management and The Society will be given 10 working days to attempt to resolve the grievance. The Society's position on the grievance is not prejudiced by that of Society members of JRPTs or JROT.
- e) Failing resolution at Step 1, The Society may advance the grievance to Step 2 of the grievance procedure within a further 10 working days.

- f) The Parties will appoint regular and backup members to at least one Standing Redeployment Grievance Team, which will act as a Second Step Grievance Committee according to the terms of the Collective Agreement. The Committee will meet within ten days of a grievance being filed to attempt to resolve the grievance.
- g) Failing resolution at Step 2, The Society may refer the grievance to arbitration within 20 working days. The Parties will designate and retain one arbitrator for grievances under Article 16.11 Expediting Redeployment Grievances and Arbitrations.

16.11.2 Arbitration

- a) The parties will review case by case the appropriateness of the following expedited arbitration process for grievances arising from the Expedited Redeployment Grievance process.
- b) An arbitrator acceptable to the parties, will be retained as arbitrator for Employment Continuity grievances and he will be asked to deal with agreed-upon cases according to the terms (c) below. The arbitrator shall control the proceedings and retain jurisdiction to require further submissions of fact or argument as he deems necessary to determine the matter.
- c) The expedited arbitration process will require the following:
 - i. each grievance can be heard on one day, more than one grievance may be scheduled per day subject to the arbitrator's direction.
 - ii. the parties will prepare and sign a Joint Statement of the facts giving rise to the dispute, the facts in dispute (to the extent practicable), and any agreement as to the issues to be decided by the arbitrator. The Joint Statement must be developed prior to scheduling the hearing date.
 - iii. each party will present three copies of a Case Statement at the outset of the hearing. Witnesses will be under oath and subject to examination and cross-examination.
 - v. oral argument will be limited to the position of the party set out in the Case Statement and the rebuttal of the other party's argument.

vi. the arbitrator will determine the matter as soon as possible, with a written decision issued to the parties within ten working days of the hearing date. Failure to meet a time limitation under this process will be deemed a technicality that does not invalidate the proceedings or the award.

d) Where the parties do not agree that a case is appropriate for this procedure, it will be dealt with by the same arbitrator as a conventional referral to arbitration.

17 Discipline and Discharge

17.1 No employee, except as noted below, shall be disciplined or discharged without just cause.

When disciplining or discharging probationary employees for just cause, it is recognized that the probationary period is an extension of the selection process and that these employees have short service. Therefore, the threshold for discipline and discharge may be less than that of a regular employee in similar circumstances.

17.2

17.2.1 Prior to the imposition of any disciplinary penalty, the employer shall conduct a disciplinary interview.

17.2.2 Where an employee is required to participate in an interview in circumstances where discipline is likely to follow for such employee, the employee shall be advised of his/her right to have a Society representative present, and to have such a representative present during the interview if he/she chooses.

17.3 The employer shall provide the Society Unit Director and the employee with an email or written notice two (2) business days in advance of any interview where discipline is likely to follow for such employee. Such notice shall indicate:

- a) his/her right to be accompanied by a Society representative;
- b) the purpose of the meeting including a general outline of the issues;

An email notice will be sent to the Society Office. This shall be considered a confirmation of receipt of the notice above.

17.4 Disciplinary penalties resulting in a suspension without pay will not be imposed until a final decision (agreement between the Society and Management, or an arbitrator's decision) has been reached.

The above is contingent upon the following:

- a) The case is heard at the next JGRC, respecting timelines for brief exchange
- b) If unresolved, heard at the next available arbitration date

18 Principle and Process of Prior Involvement in Jurisdictional Issues/Disputes

- 18.1** OPG should advise The Society and provide an opportunity for its involvement at the appropriate organizational level (e.g., OPG, Business Unit, Division, Station) prior to making any final decision which could adversely affect The Society's jurisdiction.

The Society's jurisdiction may be adversely impacted by an organizational or operational changes, including technological changes, workload changes, and business process re-engineering. The Society's jurisdiction is adversely impacted by any assignment of functions customarily done by Society-represented employees to persons or employees outside of its bargaining unit and/or reduces the proportion of work customarily performed by Society-represented employees relative to that done by persons or employees outside of its jurisdiction.

- 18.2** Prior to making a final decision that could adversely impact The Society's jurisdiction, at the request of either party, OPG will establish a joint team with The Society which will review relevant facts and issues. In the event that the jurisdiction of another union is affected by this decision, The Society and OPG will strive to include a representative of this union in the review team. The criteria considered by the joint or tripartite review team will include the following:

- representational rights
- skill and training
- safety
- economy and efficiency
- past practice

- 18.3** The parties agree to make their best efforts to reach consensus on issues affecting The Society's jurisdiction which will form the basis of recommendations to Senior Management.

- 18.4** In the event that consensus is not reached on issues affecting The Society's jurisdiction or Senior Management rejects the joint/tripartite team's recommendation(s), OPG will make the final decision and will provide written rationale for the decision to The Society.

- 18.5** The principle and process set out in 18.1 to 18.4 are not grievable with the exception of OPG final decision. The recommendations of joint tripartite teams are without prejudice and cannot be relied upon at grievance/arbitration or before any labour relations board.

19 Job Challenges

Job Challenge disputes not resolved through the normal process or through the process outlined below will be subject to the Arbitration provisions (Step 3) of Article 16 of the Collective Agreement, for final and binding resolution.

19.1 Employee Initiated Job Reviews

- a) An employee or group of employees may request a job review through The Society, indicating a desired rating for the position(s) in question along with a justification for the new rating.
- b) Management has 30 days from the date of the request to decide whether to perform a job review. If management agrees to perform a job review then it must complete the job review within 60 days of the date of agreement.
- c) If management decides not to perform the job review, or the job review results in a classification unsatisfactory to the employees involved, the Society may file a grievance within 10 working days of the communication of the decision. All such grievances will be filed at Step 2 of the Society/OPG grievance procedure contained in Complaint and Grievance/Arbitration Procedure in Article 16 of the Collective Agreement.
- d) In the case where a grievance is filed, the parties commit to have a fact-finding pre-meeting to share information and discuss possible resolutions. The parties, with the aid of job evaluation experts, will exchange information on out-standing job challenges.
- e) If there is no resolution of the grievance, a Step 2 meeting will be held on the next regularly scheduled standing Step 2 meeting (as specified in the Complaint and Grievance/Arbitration Procedure in Article 16 of the Collective Agreement.)
- f) Any unresolved issues will proceed through the grievance/arbitration process in the Complaint and Grievance/Arbitration Procedure in Article 16 of the Collective Agreement at Step 3.

20 Performance Appraisals and Pay Standing Complaints

20.1 Complaints concerning the interpretation or application of Article 21 ("Performance Appraisal Feedback and Advanced Warning of Reduced Pay Standing") and any warning of reduced pay standing may be processed through the grievance/arbitration procedure in accordance with Article 16.

20.2 Complaints concerning any disagreement of the assessment in an employee's performance appraisal will be heard through an internal resolution process. This process consists of the following three consecutive steps:

Step 1: After a 24 to 48 hour buffer period of receiving the assessment, an employee who disagrees with the assessment should meet with his/her supervisor to attempt to resolve the disagreement.

Step 2: Failing resolution at Step 1, the employee should meet with his/her supervisor, the second-level supervisor and the Human Resources Officer. The Society Delegate (or his/her alternate) may attend this meeting if the employee wishes.

Step 3: Failing resolution at Step 2, if the employee wishes to continue the process, he/she and his/her direct supervisor will make a presentation to the Line Director and The Society Unit Director (or his/her alternate). The Line Director and The Society Unit Director will make every effort to resolve the problem within five (5) working days of the presentation. If a joint resolution cannot be reached, the performance assessment, which includes the employee's comments, will stand as a record of that year's appraisal.

The parties shall endeavour to resolve issues at the lowest possible level.

21 Performance Appraisal Feedback and Advanced Warning of Reduced Pay Standing

21.1 Principles

21.1.1 Supervisors are expected to ensure all employees understand what is expected of them, encourage ambitious goal setting, stress accountability for results, and tolerate honest mistakes but not poor performance.

21.1.2 The Performance Appraisal process will be conducted in an atmosphere of mutual respect and empathy to encourage a positive two-way communication session. The employee should be given adequate notice and time to prepare.

21.1.3 The supervisor will endeavour to provide recognition to employees commensurate with contribution and performance. Performance expectations should be guided by the job document, work program of the unit and the employee's length of service in the job.

21.1.4 The supervisor should communicate on an ongoing basis and counsel the employee toward improved performance. Also, opportunities for improvement, training, performance counseling, assistance and sufficient opportunity and time to raise performance to the level required, should be part of the building blocks for the future.

- 21.1.5** The employee is responsible for recognizing that a problem exists and making a joint commitment to improve performance, or to jointly look at other alternatives, such as job skill match, etc.
- 21.2** Every employee has the right to an annual assessment with written feedback of his/her work over the preceding twelve (12) months.
- 21.3** Employees must be provided with a written record of the performance appraisal. Employees should receive written confirmation that the performance appraisal has taken place..
- 21.4** If an employee's performance may result in a reduction in step on the band, the employee will be given written notice at least six (6) months in advance of any contemplated action, setting out as precisely as possible:
- a) the unsatisfactory performance;
 - b) what is required to rectify the unsatisfactory performance;
 - c) the actions that may be taken if improvement does not occur.

22 Role of Supervisors

- 22.1** As members of OPG managerial staff, supervisory employees have a role to play in the resolution of disputes in their work units before they reach the grievance/arbitration procedure. In the event that a dispute reaches the grievance/arbitration procedure, The Society agrees not to discriminate against supervisors who represent Management in Society grievances.
- 22.2** The Society will exclude supervisors directly involved in a particular grievance from the decisions on the referral of the grievance through the grievance/arbitration procedure. Supervisors will not act on behalf of The Society in matters associated with a particular grievance where the grievance has been lodged by another member(s) who reports to the particular supervisor.

PART VII - SALARY

23 Salary Schedules and Progression
--

23.1 Salary rates shall be in accordance with Salary Schedules 01, 02, 03, 04, 05, 08, 09, 11 and 12 that are part of this Agreement.

The top of the band for Salary Schedules 03 and 09 is the cap for all employees except for grandfathered employees. Similarly, no employee shall be placed below the initial step of the bands.

23.2 Employees hired on or after January 1, 2006 will be placed directly on the applicable Salary Schedule (03 or 09) and annual progressions shall be in accordance with Article 23.7 and 23.9. For greater clarity, all employees who are either hired into or enter a Progression-In-Place Plan position on or after January 1, 2006 will be placed on the MP-4 band. Employees who were on LTD prior to January 4, 2007 and were not placed on a step on a new Salary Schedule, will be placed on the applicable Salary Schedule upon their return to work at the step that is the closest to but not lower than their last pay grade.

23.3 Those employees at or above 103% at the time of placement on the bands, in 2007, will be green circled. Employees who were on LTD as of January 1, 2006 and who were at or above 103% when they went on LTD will be green circled. For greater clarity these employees will be entitled to all negotiated economic increases.

23.4 The Salary Schedules shall be increased effective **January 1, 2016 by 1.0%**.

23.5 The Salary Schedules shall be increased effective **January 1, 2017 by 1.0%**.

23.6 The Salary Schedules shall be increased effective **January 1, 2018 by 1.0%**.

23.7 Employees on Schedules 03 and 09 will normally progress from step to step on an annual basis on the date they were placed on the Band/Step unless otherwise specified in this Article.

The annual progression dates for employees are set as follows:

- a) Employees who were transitioned to Salary Schedules 03 and 09 in January 2007 as set out in Article 23.4 in the 2006-2010 Collective Agreement will have their progression date set to the date of transition.
- b) Employees placed on the bands in 2006 per LOU #177 (Treatment of Schedule 04 Management and Professional Trainees) will have their progression date set per LOU #177.
- c) Hire dates will be used for employees hired on or after January 1, 2006.

- d) Notwithstanding Article 23.7 a), b) and c) above, job changes resulting in a change of step and/or band will reset the annual progression date to the effective date in the position.
- e) Annual progressions do not apply to employees while on LTD. This provision does not apply to those employees referenced in Letter of Understanding #91 "Rehabilitation and Reemployment" Item #2.
- f) The annual progression date for employees who commenced LTD prior to January 4, 2007 will be the date of return to full-time hours or reduced hours as a permanent medical restriction.
- g) The new annual progression date for employees who commenced LTD after January 4, 2007 shall be the date of their return to full-time hours or reduced hours as a permanent medical restriction, adjusted for any time worked subsequent to the Employee's previous annual progression date during the year in which the Employee went on LTD.
- h) **Lump Sum Payments**

Society-represented employees contributing to the Pension Plan as of January 1, 2016 receive the following:

- **Lump sum payment of 1.0% of salary as of January 1, 2016 provided the individual is still an employee of OPG as of January 1, 2016 and contributing to the Pension Plan.**
- **Lump sum payment of 2.0% of salary as of January 1, 2017 provided the individual is still an employee of OPG as of January 1, 2017 and contributing to the Pension Plan.**

- i) **Share Performance Bonus Plan**

Society-represented employees contributing to the Pension Plan as of January 1, 2016 will participate in a Share Performance Plan related to the Hydro One IPO as follows;

- **Share awards will be made on January 1st of each year starting January 1, 2018 and continuing up to and including January 1, 2032 (i.e. maximum of 15 share awards) provided the individual is still an active employee of OPG as of the award date and has less than 35 years of pensionable service, with the number of shares awarded to each individual each year calculated as 2.0% of Salary as of Jan. 1, 2016/Initial Share Price.**
- **Value of share award at each award date will equal number of shares awarded x Hydro One share price at date of award**
- **Share award will be made in Hydro One shares with the employee having option to take 50% of award in cash to**

pay the taxes since the value of the share award is a taxable event. As per current tax rules, the employee may direct the payment of shares into an RRSP, providing the employee has room within their contribution limits.

Example – if an employee has a salary on January 1, 2016 of \$100,000, and the initial share price is \$20.00, the employee will get a share award of 100 shares each year (2.0% x \$100,000/\$20.00). If the share price is \$30.00 at time of the award, the share award value will be 100 shares x \$30.00 per share or \$3,000.00.

- 23.8 Movement through the band can be restricted where:
- a) the employer demonstrates a performance problem. For clarity progression restrictions are grievable;
 - b) for employees who are in a Progression-In-Place they will not be able to progress beyond the Qualifying Accomplishment Step unless they have met the Qualifying Accomplishments;
- 23.9 Movement through the band can be accelerated where management deems it appropriate.
- 23.10 Band N (Nuclear Operations) Payroll are excluded from the above noted provisions save and except for applying the indicated base salary increase on the same dates as identified in 23.4, 23.5 and 23.6.

24 Escalator Clause

- 24.1 In the event that Ontario Power Generation and the Society negotiate a Collective Agreement for a term of more than one year, a Cost of Living Adjustment (COLA) escalator clause shall become part of such an Agreement and shall be applicable to all employees covered by that Agreement.
- 24.2 **It is agreed that the provisions of this Article are suspended for the term of the Collective Agreement (January 1, 2016 – December 31, 2018).**

25 PAY AND BENEFITS TREATMENT OF MANAGEMENT AND PROFESSIONAL TRAINEES PAID ON STEPS 1 OR 2 OF THE MP2, MP3 OR MP4 BANDS

- 25.1 Individuals with advanced degrees or some applicable experience may be given an appropriate time credit when they are placed on either step 1 or 2 of the MP 2, MP 3 or MP 4 bands.
- 25.2 Management may appoint individuals to a regular position upon successful completion of Step 2. Such individuals will be given a letter (copy to the Society) six (6) months prior to the completion of the training program indicating the location of their final appointment.
- 25.3 Employees who have reached Step 3 and have not yet been appointed to an M&P or FM&P job will be treated as special cases to be dealt with on an individual basis by line management.
- 25.4 Progression from step 1 to step 3 of MP2, MP3 or MP4 will be dependent upon satisfactory performance. A progression step may be withheld where OPG can demonstrate unsatisfactory performance. In such cases the employee's performance will be reviewed in six months and, if performance has been satisfactory, the employee will progress to the next step. If progression must be withheld due to unsatisfactory performance for a twelve month period, there may be cause for termination. If the employee's performance is satisfactory for one year following the withholding of a progression step the employee will be awarded any withheld step increase, thus restoring his/her original progression pattern.
- 25.5 An absence greater than one month due to illness, pregnancy, parental leave, etc., may result in an extension of a step in the progression process. The original progression dates may be reinstated if satisfactory progress can be shown to have been made during an extension period.
- 25.6 Vacation provisions that apply to M & P staff will also apply to employees on steps 1 or 2 of either the MP 2, MP 3 or MP 4 Bands .
- 25.7 Articles contained in Part XI (Relocation Assistance) will apply to employees paid from Steps one or two when they are appointed to an M&P or FM&P job or are progressed to Step 3 on either the MP 2, MP 3, or MP 4 bands.
- 25.8 Eligibility for other benefits and allowances which apply to regular staff will be granted to employees on steps one or two when they are granted regular employee status.

25.9 Shift compensation rates for developmental staff are as follows:

For work on Saturdays and Sundays:
January 1, 2016: \$22.53/hour worked
January 1, 2017: \$22.76
January 1, 2018: \$22.99

For work on statutory holidays:
January 1, 2016: \$45.06/hour worked
January 1, 2017: \$45.51
January 1, 2018: \$45.96

Beyond December 31, **2018** the shift premiums are subject to the same general base wage increases that are applied to wage schedules.

25.10 Student employees will be paid at either Step 1 or 2 of the MP 2 Band.

33 Progression-In-Place Plans

33.1 Definition

A “progression-in-place plan” (PIP) means a developmental plan involving a hierarchy of related jobs, in which employees who meet defined criteria will be progressed without advertising, and where it is the normal expectation that employees will reach the end position.

33.2 Principles

- 33.2.1** The Society should be involved in the development and periodic review of PIPs.
- 33.2.2** Either The Society or Management may initiate discussions on PIP proposals.

33.3 Conditions

- 33.3.1** All new and revised PIPs must have the joint agreement of the JSMC. During the term of the Collective Agreement, a catalogue of existing PIPs will be developed and the JSMC will determine the schedule for their review upon request by either party.
- 33.3.2** Salary treatment upon progression for employees who are in PIPs and are on Salary Schedule 03 or 09, will be as per Article 23, Salary Schedules, with the exception of progressions from steps 9 to 10 and 11 to 12 which are subject to meeting defined criteria as per 33.4 f).
- 33.3.3** Employment continuity treatment of employees with respect to PIPs will be in accordance with Article 64.11, Employment Continuity.
- 33.3.4** Vacancies for PIP jobs will be advertised in accordance with Article 65.6.1 (e).
- 33.3.5** All jobs in a PIP must be evaluated under the applicable job evaluation plan.

33.4 Standard Features

All PIPs must have the following features:

- a) based on a developmental plan to an end position;
- b) based on the expectation that normally employees in PIP jobs will reach the end position;
- c) a sunset clause;
- d) joint Society-Management Agreement on progression criteria consistent with the PIP;
- e) For employees on annual step based progression: progression from steps 9 to 10 and 11 to 12 within PIP is based upon the employee meeting defined criteria (e.g., performance measures, experience, breadth of assignments). For employees who meet the defined criteria for progression to step 10 or 12 prior to reaching the indicated step, that employee will not be required to re-qualify upon reaching said step;
- f) targeted to have sufficient staff in the higher level positions for unit viability;
- g) specification of the normal expected time period an employee should take to progress through the various stages of the PIP;

- h) provision for employees to have a reasonable opportunity to fulfill requirements to qualify for progression within the normal expected time frame.
- 33.5** There will be separate MP-2, MP-3 and MP-4 designation/Job Documents for all purposes under the Collective Agreement, but employees in a PIP position will be placed on the MP-4 band.
- 33.6** There will be no promotional increase when an employee is progressed-in-place. Annual progressions are not accelerated nor steps skipped when an employees achieves the Qualifying Accomplishments for transition to the next level of the PIP.
- 33.7** Employees may be either promoted or hired into a PIP at any step.

34 Temporary Employees

Intent: Temporary employees are employees hired for short-term work assignments which are not ongoing and/or where there are no available qualified regular employees to perform the work. Such work assignments are not expected to go beyond 12 months, but may be extended up to a maximum period of 24 months with The Society's Agreement. The impact on employment continuity should be an important consideration in the decision to hire temporary employees.

34.1 Society Notification

OPG will discuss the circumstances with the local Society representative prior to hiring a temporary employee. The Society will be informed of the job skill needs, the salary classification for the position, the expected job duties, and the duration of the assignment.

Assignment extension beyond 12 months requires the agreement of The Society. At 24 months, OPG will either terminate the employee, advertise the position if there is an ongoing staff requirement, or obtain the agreement of The Society for a further extension. If the position is advertised, and the temporary employee is not selected for the vacancy, the employee will be terminated.

Temporary employees will have their applications for vacancies considered in accordance with Article 65.6.3.

Notwithstanding the above, OPG may utilize a temporary employee for up to 36 months with the approval of the appropriate Society Unit Director.

34.2 Temporary Employees with Less than 12 Months' Service

34.2.1 Compensation and Benefits Treatment

- i) Vacations: payment of the prorated amount of 15 days adjusted earnings or 4%, whichever is greater.
- ii) Statutory Holidays:
 - a) Provincially regulated employees: pay for statutory holidays provided the employee has more than three months' accumulated service.
 - b) Federally regulated employees: pay for statutory holidays provided the employee has more than 30 calendar days' service.
- iii) Floating Holidays: three floating holidays after 20 weeks' continuous service.
- iv) Sick Leave: credits for one-half day at 100% pay for each month of accumulated service.
- v) Semi-Private and EHB Plan: optional at employee's cost.
- vi) Remembrance Day; Personal Time Off; Parental Leave (excluding the SUB Plan); Jury Duty; Special Time Off at Christmas: same as regular employees.

- vii) Kilometre Rates: same as regular employees.
- viii) Personal Travel and Accident Benefits: same as regular employees.
- ix) Temporary employees are entitled to annual progressions.

34.2.2 Termination

When a temporary employee with less than 12 months' service is terminated for other than cause, he/she will receive at least two weeks' notice in writing.

34.3 Temporary Employees with More than 12 Months' Service

Temporary employees with more than 12 months' service are entitled to sick leave credits equal to eight days at 100% and 15 days at 75% per annum, performance appraisals, Incremental Pay Step, and severance pay equal to two weeks' base salary per continuous year of service. All items in Section 34.2 above, except for 34.2.1 (iv), will also apply to these employees.

Temporary Employees having 20 weeks of continuous service in their second 12 month period of service shall be entitled to three floating holidays. Temporary Employees having 20 weeks of continuous service in their third 12 month period of service shall be entitled to three floating holidays.

Service shall be counted from the employees' most recent date of hire.

Any break in service, other than a short administrative break (e.g. a break over the Christmas period) will break the continuity required for establishing entitlement. In the event an employee goes from one assignment to the next without a break in service, the continuity required for establishing the entitlement will not be broken.¹

34.4 Temporary Employees Working Reduced Hours

Temporary employees who work reduced hours will have the items listed in Sections 34.2.1 and 34.2.2 pro-rated in accordance with the provisions outlined in Article 71 (Reduced Hours of Work).

¹ Note: As per grievance settlement re: OPG 1667/OPGI-2011-2733 signed January 30, 2012.

PART VIII - ABSENCE FROM WORK**35 Paid/Unpaid Time Off**

Intent: It is recognized that from time-to-time, an employee will be faced with situations that may require him/her to be absent from his/her work. Such time will be either with or without pay, or a combination of both, and will be granted where there is an entitlement under this Agreement, a clear legal or statutory requirement, or where, in the supervisor's judgment, such time off is warranted by specific circumstances. It is further recognized that it is the employee's responsibility to balance his/her need for a leave of absence with the work requirements of his/her unit.

Where the granting of the absence is discretionary, considerations would include: factors beyond an employee's control that prevent him/her from attending work; severity or nature of circumstance; workload of the unit.

The exact amount of time off is at the discretion of Management; however, the entitlements of employees in specific circumstances include those described below.

35.1 Jury Duty/Required Attendance at Court

For the duration of the Jury Duty, or required attendance at an Inquest or court (subpoenaed witness), the employee's normal base earnings and benefits will be maintained. The employee is responsible for informing his/her supervisor as to the probable duration of the jury duty.

35.2 Funeral Leave**a) Provincially Regulated Employees**

In the event of the death of a family member, including parent, parent-in-law, brother, brother-in-law, sister, sister-in-law, husband, wife, son, son-in-law, daughter, daughter-in-law, grandparents, grandparents-in-law, and grandchildren, an employee may be granted leave of absence with pay. The supervisor will take into consideration the relationship of the deceased, the distance that the employee has to travel, and the need for the employee to attend to arrangements when deciding how much time is to be granted. Usually a period of up to three days is an adequate amount of time. In the event of the death of a fellow employee, time off with pay may be granted to attend the funeral.

b) Federally Regulated Employees

i) An employee will be granted leave of absence on any of his/her normal working days during the three days immediately following the death of a member of his/her "immediate" family. Base earnings will be maintained for

employees who have completed at least 3 consecutive months of continuous service.

“Immediate” family shall be as defined in the Canada Labour Code: spouse, including common-law; father and mother of employee; spouse of father and mother, including common-law; children; brothers and sisters; father-in-law; mother-in-law; spouse of father-in-law and of mother-in-law, including common law and relative of employee who resides permanently in the employee’s household or with whom the employee resides.

- ii) An employee may be granted leave of absence with pay of up to 3 days in the event of the death of the following family members: brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandparents, grandparents-in-law, and grandchildren.
- iii) In the event of the death of a fellow employee, time off with pay may be granted to attend the funeral.

35.3 Medical and Dental Appointments

An employee may attend a medical consultation, receive dental treatment or be absent because of sickness for less than one-half day without reduction of sick leave credits and/or pay.

35.4 Family Care

An employee is entitled to take time off for family care. Normally, up to five (5) days a year may be taken for this purpose. By mutual agreement with his/her supervisor, the employee may pay for this time by using his/her banked overtime, by working back the time over a reasonable period of time, or by taking the time off without pay.

36 Employees Hired as Society Staff

At the request of The Society, a leave of absence may be granted to an employee who is offered a Society staff position. During this period The Society will assume:

- Cost of salary;
- OPG’s cost of contributions to the Pension and Insurance Plan, and the LTD Plan;
- The responsibility and cost of providing Health, Dental and Sick Leave Insurance/coverage;
- The responsibility for any other employee contributions related to employee wages and benefits provided by The Society.

At the end of the leave of absence, OPG is obligated to relocate the employee within OPG at a salary classification as close as possible to the position held at the time the leave of absence was granted. An employee on leave will be neither advantaged nor disadvantaged in a surplus situation.

37 Release of Society Representatives

Note: Please also see Letter Re: Clarification of Article 37 in Appendix XIV.

37.1 Intent

OPG will grant elected Society representatives reasonable paid time off from normal duties for purposes of involvement in joint processes and business related to Society/Management relations under this Agreement.

OPG recognizes and appreciates the dual responsibility employees elected to hold Society office have to their job and to Society members. Society representatives and their supervisors (those excluded from The Society) are encouraged to pursue a mutually acceptable and cooperative approach to managing the requirement for absences as a result of this dual role. Management recognizes that the need for time off from normal duties will vary with the position that the employee holds within The Society. The higher up in The Society the more will be the demands for time off.

37.2 Specific Circumstances

37.2.1 Absence from work due to The Society representative's involvement in joint processes, tripartite processes or with respect to other business related to Society/Management relations under this Agreement, should not negatively impact on his/her performance appraisal.

37.2.2 In the expectation that the joint problem solving approach based on the JSMC principles outlined in Article 1.2 will be mutually beneficial to the relationship between OPG and The Society, Management agrees to continue its practice of maintaining base salaries for Society representatives involved in all joint processes **including arbitration**.

37.2.3 Society Delegates and members of the Board of Directors will be permitted two (2) days per year at their normal base rates to attend Delegates' Council meetings or for attending Elected Representative training. Members of the Board of Directors will be permitted up to 12 additional days per calendar year at their normal base rates, to attend Society Board meetings.

37.2.4 OPG will release elected Society representatives from their normal duties without pay for other Society business. The Society will give

Management reasonable notice of such releases, and Management will normally release such representatives. From time-to-time there may be unexpected events that prevent such a release, but such situations will be the exception.

37.2.5 When employees are released from their regular positions under this Article, these employees will retain the position they had subject to applicable provisions of the Collective Agreement. In addition, such employees are entitled to such reasonable training or reskilling to return to normal duties as is feasible. In the event a Society representative is declared surplus, Society responsibilities will be factored in for the purposes of clause 64.21.2 (Interruption of Search/Notice Period).

38 Vacations

The combination of Vacation Commencement (VCD) plus External Experience Value (EEV) determines service for vacation entitlement for the purpose of this Article.

Credits are based upon the highest salary band attained within one year of hiring and are translated into an External Experience Value (EEV).

A Society represented temporary employee who becomes regular and has more than 12 months continuous service with no break in service since their last date of hire shall be granted an External Experience Value (EEV) credit if applicable.²

MP4	4 years
MP5	5 years
MP6	6 years

38.7.2 Management and Professional Trainees

An employee hired as a Management and Professional Trainee pursuant to Article 25 will receive one year's vacation credit.⁴

² As per grievance settlements re: EEV credit to temporary employees OPG 1644/OPGI-2011-2709, OPG 1437/OPGI-2010-2660, OPG 1438/OPGI-2010-2659 and OPGI-2012-2743 signed February 7, 2012.

³ Relevant work experience of two years or more is required to receive this credit.

⁴ Relevant work experience of one year or more is required to receive this credit.

38.8 Vacation Credit for Prior Service

Employees will be entitled to vacation credits for all prior service, including casual employment, regardless of breaks in service. (See Section 9.3 Transition Provisions of the 2006-2010 Collective Agreement).

38.9 Vacation Without Pay

Up to one week off without pay may be taken by employees for vacation purposes.

38.10 Use of Vacation Credits of Succeeding Year at Christmas

For purposes of taking time off at Christmas (December 15 to December 31) employees will be permitted to utilize earned vacation credits for the succeeding year.

38.11 Banked Vacation

Upon eligibility for 25 working days (five weeks) of annual vacation, employees may defer and accumulate any vacation entitlement beyond 15 days per year. A maximum of 30 weeks' vacation may be banked. Banked vacation may be taken at a later date, subject to the supervisor's approval, or may be taken as a cash payment upon retirement.

38.12 Vacation Bonus

Employees shall receive one day's base pay (or adjusted earnings) for each year of service beyond twenty-five (25) years, to a maximum of ten (10) days' pay.

38.13 Vacation Carryover

Employees will be allowed to carry over two (2) weeks of vacation per year with the approval of the manager. Any such request will not be unreasonably withheld.

38.14 Vacation Entitlement on Retirement/Termination**Retirement**

A retiring employee may take part/all of earned vacation for the year in which he/she retires, plus authorized carryover from previous years and banked vacation, or receive cash payment in lieu, plus any vacation bonus.

38.15 Vacation Pay on Retirement/Termination is as follows:

- a) If an employee terminates between July 1, and December 31, he/she receives the following:

- i) pay for any unused vacation days earned up to June 30, and not taken during the current calendar year; plus
- ii) 4% of accumulated earnings from July 1, to the date of termination, or the appropriate percentage (determined by vacation entitlement) of base earnings from July 1, to the date of termination; whichever is greater.

b) If an employee terminates between January 1, and June 30, he/she receives the following:

- i) 4% accumulated earnings from July 1, to date of termination, or the appropriate percentage (determined by vacation entitlement) of base earnings from July 1, to the date of termination; whichever is greater; minus
- ii) vacation taken in the current calendar year.

"Base earnings" in this Section refers to base pensionable earnings for normal scheduled hours of work.

"Accumulated earnings" in this Section refers to base earnings, plus overtime pay, shift allowances, etc.

The appropriate percentages determined by vacation entitlement are as follows:

- 4% of accumulated wages if entitlement is 10 working days or less annually;
- 6% of base earnings or adjusted earnings to date if entitlement is 15 working days annually;
- 8% of base earnings or adjusted earnings to date if entitlement is 20 working days annually;
- 10% of base earnings or adjusted earnings to date if entitlement is 25 working days annually plus any vacation bonus;
- 12% of base earnings or adjusted earnings to date if entitlement is 30 working days annually plus any vacation bonus.

If the reason for termination is the death of an employee, the payment will be made to the estate or beneficiary.

For calculation purposes, the termination date is the employee's last day of work. The employee is removed from payroll on this date.

In cases where the termination is due to causes other than death, the termination date must not be extended to permit use of outstanding vacation credits or lieu days which are paid for in cash on termination.

38.16 Deferment or Interruption of Vacations

- 38.16.1** Reimbursement will be made for out-of-pocket expenses incurred by an employee who, at the request of OPG, either defers an approved vacation or returns before the vacation has expired.
- 38.16.2** When an employee is called back from vacation or when an employee's vacation is cancelled at the request of OPG, the employee shall receive premium rates of pay for all normal hours worked on cancelled vacation days for which seven calendar days' notice has not been given up to a maximum of seven calendar days.
- 38.16.3** Deferred or interrupted vacation days will be rescheduled at a later date.
- 38.16.4** **An employee who becomes ill while on vacation shall not be placed on sick leave until after termination of the vacation. Under exceptional circumstances in case of very serious illness, sick leave may be granted at the discretion of the Chief Physician/Manager Health Services. The employee would then be entitled to the unused portion of his/her vacation after recovery from the illness.**

Minor illnesses and injuries may cause some degree of discomfort or disability to an employee while on vacation. Yet for the most part, these do not necessitate complete removal from the vacation setting or loss of the beneficial effects of the holiday. However, when an employee on vacation becomes seriously ill or injured and as a result must be removed from vacation setting entirely, he or she should be entitled to sick leave.

The decision as to when an illness or non-occupational injury is sufficiently severe to justify transfer from vacation to sick leave should be made on medical grounds and rests with the Health and Safety Division. Normally hospitalization or complete confinement to bed in the home under regular physician's care have been the criteria used to judge severity, often after consultation with the attending doctor. "Exceptional

circumstances" may include a number of things such as hospitalization, the need to be flown home from a trip abroad, becoming seriously ill on the first day of vacation, etc.

The decision to transfer from vacation to sick leave must be based on reliable medical evidence and made by a physician in the Health and Safety Division. All cases of requests for such consideration should be referred to the Health and Safety Division without exception.

39 Statutory Holidays and Floating Holidays

For federally regulated employees, the parties agree that Article 39 meets the requirements of Part III, Division V, General Holidays of the Canada Labour Code and that the Civic Holiday is substituted for November 11 (Remembrance Day).

39.1 The following days are recognized by OPG as statutory holidays:

New Year's Day	Christmas Day	Good Friday
Boxing Day	Victoria Day	Labour Day
Canada Day	Thanksgiving Day	Civic Holiday
Easter Monday	Family Day	

If a statutory holiday falls on a day when an employee is off on sick leave, pay is not charged against sick leave credits for that day. A statutory holiday falling within an employee's vacation period is not counted as part of the vacation, but is taken as an extra day of holiday.

Payment for statutory holidays will be on the basis of straight time for the normal hours of work per day.

39.1.1 When Canada Day falls on a Saturday or Sunday, it shall be observed on the following Monday.

39.1.2 When Christmas falls on a Friday and Boxing Day on Saturday, a half holiday will be granted on the preceding Thursday. The days of observance will not be moved.

When Christmas falls on a Saturday and Boxing Day on a Sunday, a half holiday will be granted on the preceding Friday. Christmas will be observed on Saturday. Boxing day will be observed on Monday.

If Christmas Day falls on a Sunday, it shall be observed on Monday and Boxing Day on Tuesday.

When Christmas Day falls on a Tuesday, Boxing Day shall be observed on Monday.

When Christmas falls on a Wednesday and Boxing Day falls on Thursday, the Friday following Boxing Day will be granted as an additional holiday. The days of observance will not be moved.

- 39.1.3** When New Year's Day falls on a Saturday, an additional holiday shall be granted on either the preceding Friday, or the following Monday. The day of observance will not be moved.

When New Year's day falls on a Sunday, it shall be observed on Monday.

39.1.4 Holiday Shutdown

OPG may authorize a shutdown over the Christmas - New Year period. In order to encourage employees to voluntarily take this time off, employees will be allowed to use up earned vacation from the following calendar year in order to cover the shutdown period.

39.2 Floating Holidays

Employees who have completed 20 weeks of continuous service in any calendar year are entitled to three floating holidays. Such days will be taken on dates mutually agreeable to the employee and the supervisor. Floating holidays must be taken in the year they are earned (i.e. there is no carryover for floating holidays).

If an employee terminates after completing 20 weeks of continuous service in a calendar year, OPG will make a cash payment in lieu of any unused floating holiday credits.

If an employee terminates prior to the completion of 20 weeks of continuous service in a calendar year, entitlement is as follows:

- An employee not entitled to floating holidays in the previous calendar year is not entitled to floating holidays in the current calendar year. If an employee has been granted a floating holiday(s), OPG will recover one day's pay for each floating holiday taken.
- For an employee entitled to floating holidays in the previous calendar year, entitlement will be prorated based on the number of weeks of continuous service in the year of termination. OPG will either make a cash payment for any unused floating holiday credit or recover the value of any unearned portion taken.

39.3 Remembrance Day

39.3 Notwithstanding article 39.1, the following employees will be eligible for time off and/or payments as described in 39.3.1.

- a) Those employees who are serving or have served in the Canadian Armed Forces including those who are currently active in the reserve component, or who were deployed as part of the Canadian Armed Forces.

39.3.1 Remembrance Day Payment and Time Off Provisions

If on Remembrance Day eligible employees as described in 39.3 a) are:

1. Normally scheduled to work, eligible employees shall be allowed time off with pay, at straight time for scheduled hours as far as work schedules will permit.
2. Scheduled to work and they are required to work, they shall be paid at the rate that normally applies for that day and given equivalent time off with pay, at straight time up to a maximum of normal scheduled hours, within the following six months.
3. Not normally scheduled to work and they are required to work, they shall be paid at the rate normally received for overtime work.
4. Shift workers on a seven-day coverage who are on a regular day off, shall be allowed equivalent time off with pay within the following six months.

40 Unemployment Insurance Commission Rebate

The value of any Unemployment Insurance Commission (UIC) rebate shall accrue to OPG.

41 Pregnancy/Parental Leave

The entitlements in this article are generally described in the brochure "Pregnancy and Parental Leaves – All Society Represented Performance Paid Staff" (April 1, 1999). The Brochure is under revision to reflect the provisions below.

Definitions

Pregnancy leave means a leave of absence of up to 17 weeks for a pregnant employee who has been employed by OPG for at least 13 weeks immediately preceding the expected birth date. Unless provided for in this Article, this leave is without pay.

Parental leave means a leave of absence for an employee who has been employed by OPG for at least 13 weeks and who is the parent of a child. - f) Service Credits: Employees on pregnancy leave shall be entitled to normal accumulation of service credits for the duration of the pregnancy leave.
- g) A pregnant employee may continue to work during a normal pregnancy until such time as the duties of her position cannot be reasonably performed.
- h) An employee on pregnancy leave does not qualify for sick leave.

41.2 Parental Leave

- a) Start Date: The parental leave must begin no later than 52 weeks after the day the child is born or comes into the custody, care and control of the parent for the first time for provincially or federally regulated employees.
The parental leave of an employee who takes a pregnancy leave must begin when the pregnancy leave ends unless the child has not yet come into the care and control of the parent for the first time.
- b) End Date: Parental leave normally ends 35 weeks after the parental leave began for an employee who also took pregnancy leave or 37 weeks for an employee who did not take pregnancy leave.
- c) Notice: The employee must give OPG as much notice as possible but in no case will there be less than two weeks' written notice of the date the leave is to begin.
- d) Reinstatement: At the end of parental leave, the employee will be eligible to return to the position the employee had prior to the leave, if it still exists, or to a comparable position, if it does not.
- e) Benefits: OPG will continue to pay the employer portion of the contributions for Group Dental, Extended Health Benefits, Pension Plan, Life Insurance, and any other type of benefit plan related to the employee's employment as prescribed by the Employment Standards Act for provincially regulated employees, and the Canada Labour Code for federally regulated employees, for the duration of the parental leave, unless the employee gives OPG written notice that the employee does not intend to pay the employee portion of the contributions, if any.
- f) Service Credits: Employees on parental leave shall be entitled to normal accumulation of service credits for the duration of the parental leave.
- g) An employee on parental leave does not qualify for sick leave.

42A.7 In keeping with Article 2.4, Society Supervisors will be responsible for the administration of the sick leave plan. However, the final determination with regard to discipline related to misuse of sick leave will be the responsibility of management.

43 Long Term Disability for employees hired prior to January 1, 2001 or covered by the transition provisions in Article 9.3 of the 2006-2010 Collective Agreement

The benefits and terms and conditions of benefit entitlement as described in the above documents can be changed by mutual consent only.

43.1 Qualifying Period

The qualifying period is defined as the period six calendar months from the starting date of the employee's continuous absence due to disability; or a total of six months in accumulative authorized medical absences in the year prior to the date sick leave expires due to the same progressively deteriorating disability; or the expiration of sick leave whichever is longer.

- 43.4.4** Employees on LTD must apply for CPP disability benefits after an appropriate period (6 months) unless there are compelling (e.g., medical) reasons that prevent the employee from doing so.

43A Long Term Disability (For Employees Hired On Or After January 1, 2001)

The Long Term Disability (LTD) Plan provides financial security and rehabilitative employment features to regular employees during their absence from work due to extended sickness or injury. The detailed information is included in the Insurance policy and generally described in the brochure "Sick Leave and Long Term Disability Plans - Society Represented Employees - Updated April 10, 2000"

43A.1 Qualifying Period

The qualifying period is defined as the period six calendar months from the starting date of the employee's continuous absence due to disability; or a total of six months in accumulative authorized medical absences in the year prior to the date sick leave expires due to the same progressively deteriorating disability.

43A.2 Disability Period

A person who runs out of sick leave credits during the qualifying period will be placed on 75% of their base pay until the LTD qualifying period elapses. The employee will continue to receive service credit during this period and have coverage maintained in, but will not be required to contribute to, the Ontario Power Generation Inc. Pension Plan, Health and Dental benefits, and the Group Life Insurance Plan.

43A.4 Other Conditions

- 43A.4.1** OPG and/or the insurance carrier reserve the right to periodically obtain necessary proof of continued disability. If at any time an individual who has been declared disabled and placed on LTD is capable of returning to any further service with OPG, OPG will request and The Society will normally grant a waiver of posting requirements except in the case of redeployment under Employment Continuity.
- 43A.4.2** Employees who are in receipt of LTD benefits will have their LTD benefit levels adjusted by the indexation increase, which is applied to OPG's Pension Plan.

- 43A.4.4** Employees on LTD must apply for CPP disability benefits after an appropriate period (6 months) unless there are

compelling (e.g., medical) reasons that prevent the employee from doing so.

44 Workers' Compensation Leave

An employee awarded a Workers' Compensation grant shall be granted a compensable disability leave with compensation made up of a tax-free Workplace Safety Insurance Board award, and a taxable top-up grant for the duration of Workers' Compensation Disability benefits. The top-up grant will ensure an employee's net pay is maintained.

If the employee is awarded a Future Economic Loss (FEL) award and is unable to perform the essential duties of any available job, the leave and top-up grant will be extended for the first 24 months of the FEL award. If an employee is unable to return to work during the first two years of a FEL award, an application for LTD should be submitted. The qualifying period is waived in these cases, and LTD benefits will be payable at the expiry of the first FEL for a qualifying employee.

Pending a decision of the Workers' Compensation Board regarding the legitimacy of a claim the employee will receive sick leave. Employees who are receiving Workers' Compensation benefits for claims or injuries suffered while in the employ of an Employer other than OPG are required to notify OPG of being in receipt of those benefits in order to qualify for the top up grant. These employees will not be eligible for sick leave while receiving Workers' Compensation benefits for the top-up grant.

The top-up grant for compensable disability leave will be withheld if the employee refuses a medically suitable position that she/he is capable of performing, pursuant to the provisions of Article 45 ("Rehabilitation and Re-Employment") of the Collective Agreement. The grant may also be withheld where an employee is subject to appropriate discipline or discharge for cause pursuant to Article 17 ("Discipline and Discharge").

Authority for withholding the supplementary grant is vested in Directors.

45 Rehabilitation and Re-Employment

45.1 Application

This Article applies to OPG employees who either have qualified for Long Term Disability (LTD) Plan benefits or have been approved for a Workers' Compensation (WCB) award, and, regular employees who have medical disabilities that prevent them from performing the essential duties of their jobs.

45.2 Policy

The parties seek to ensure that timely vocational rehabilitation and placement assistance is provided to affected employees whose medical impairments

prevent performance of the essential duties of their jobs. The goal is re-employment in a continuing capacity which will make maximum use of these employees' capabilities.

Entitlements to rehabilitation and re-employment will be provided pursuant to the terms of the OPG Policy 04-03-04, "Rehabilitation and Re-employment", dated August 1991. As applied to Society-represented employees, the Policy will be subject to other provisions of this Collective Agreement and to relevant legislation, and may not be altered except by mutual agreement. The Society will be provided with notice in all circumstances in which notice is given to "the Union" under the Policy.

45.3 Rehabilitation

An employee who is eligible for rehabilitation and is capable of rehabilitative employment is entitled to placement in a medically suitable position.

45.4 Re-employment

An employee who is eligible for re-employment must be given a reasonable job offer in accordance with placement priorities under the Policy. Where more than one job is available, the employee will be offered the job nearest the salary level of the pre-disability position. The job offered should be no more than two salary levels below the pre-disability position. When an employee is placed in a lower rated position following rehabilitative employment, OPG will maintain the base salary and benefits of the pre-disability position until the employee's Incremental Pay Step in the new position exceeds that in the pre-disability position.

45.5 Termination of Employment

In the event an eligible employee refuses reasonable rehabilitative employment or a reasonable job offer for re-employment, the employee shall be terminated without entitlement to LTD benefits. Where an employee grieves termination for medical incapacity an arbitrator shall have jurisdiction to consider relevant post-termination evidence of rehabilitation.

PART IX - HEALTH BENEFITS

50 Pension Plan

The Ontario Power Generation Inc. Pension Plan (Registration #1059120) forms part of this Collective Agreement. The provisions of the Pension Plan are generally described in the brochure Ontario Power Generation Inc. Pension Plan – Effective January, 2000. Changes to the Pension Plan affecting Society-represented members of the plan, other than legislative changes, shall be made only upon mutual consent.

It is agreed that normal administrative matters such as changing financial advisors are not considered by the Parties to be changes to the Pension Plan within the meaning of Article 50, subject to any understanding, agreement, or decision to the contrary with the PWU.

- 50.1** All the changes to the Pension Plan heretofore agreed to between The Society and OPG have been incorporated into the Pension Rules/text.
- 50.2** The employer shall not request legislation, regulations, or Order-in-Council approval or make rules which would change pension benefits, unless upon mutual consent. Moreover, the employer will not unilaterally seek legislation to change access to surplus unless upon mutual consent.

A new employee who completes his/her probationary period after January 1, 1999 and who is a contributor to the Plan may irrevocably elect and pay the required contribution within three months immediately following completion of the probationary period, to buy credited service for his/her probationary period, failing which there shall be no subsequent right to elect.

Effective January 5, 2006, probationary employees shall commence Pension Plan membership on their first day of work.

50.4 Spousal Benefit

Effective July 1, 2000 the survivor benefit maximum shall be increased from 64% to 66 2/3rds. This improvement will apply to members whose pensions commence on or after July 1, 2000 and also to pensioners and surviving spouses in receipt of pensions.

50.5 Bridging Benefit

1. This benefit is payable to eligible employees who retire after January 1, 1997 and this benefit replaces the existing bridge benefit.

This amendment does not change the amount of pension payable after age 65. The purpose of the amendment is to pay the bridge benefit now payable to members who retire before age 65 with 35 years of credited service to a member retiring after January 1, 1997 before age 65 with 30 years of credited service. For members who retire before age 65 with less than 30 years of credited service, the bridge benefit will be prorated in proportion to credited service.

The bridge benefit will be reduced by the same percentages as is applied to the lifetime pension if a member retires prior to qualifying for an unreduced pension.

2. For people retiring on or after January 1, 1997 the bridge benefit payable when a member eligible for an unreduced pension retires will be increased from:

$$A \times B \times C$$

where:

A equals 0.625%

B equals post 1965 credited services to a maximum of 35 years

C equals the lesser of the member's average earnings in the 60 consecutive months when the earnings were the highest and the average of the YMPE's during the 60 consecutive months when the earnings were the highest.

to;

$$A \times D \times C$$

where A and C are as above and

D equals 35 times the lesser of 1 and the member's years of credited service divided by 30.

50.6 Rule of 82

Employees may retire without discount when their age and years of continuous service equals 82 or more.

Effective March 31, 2025 for future service benefit accruals for current employees and new hires the early retirement rule will be Rule of 85 (from rule of 82).

50.7 Continued Contribution

Contributions are now allowed beyond 35 years.

50.8 Employee Contribution Holiday

At any time during the period that this Collective Agreement is in effect and that either OPG or the PWU members stop their contributions to the pension plan, the Society will be given the opportunity to stop contributions by Society represented pension plan members for an equivalent period.

50.9 Plan Formula

Effective January 1, **2016** the employee's contributions will be increased to **8%** below and above the YMPE.

Effective January 1, 2017 the employee's contribution will be increased to 9% below and above the YMPE.

50.10 Supplementary Plan

The following language will be included in the supplementary plan:

"Society members of the OPG Pension Plan, whose pension income as a pensioner will exceed the limits prescribed by the Income Tax Act (ITA) for pension paid from a registered pension plan, are eligible for the Supplementary Payment Schedule (SPS). The SPS tops up the amount one receives from the OPG registered pension plan to the amount one would receive if there were no ITA limits."

50.11 Reciprocal Transfer Agreements

OPG will seriously consider reciprocal transfer agreements with respect to any Change of Employer situations, where the new employer is not a competitor of OPG, and where the new employer agrees to a reciprocal transfer agreement.

50.12 Fund Transfer

The Society shall continue to have access to reasonable pension plan and pension fund information, which shall include reasonable information related to the allocation and transfer of pension funds to a successor pension plan. The Society will have the opportunity for input prior to the filing of any transfer report or new plan text with FSCO. In the event that pensioners or deferred

pensioners are to be transferred, the Society will also have access to and input on, such situations.

- 50.13 Effective March 31, 2025 for future service benefit accruals for current employees and new hires, the number of years for final average earnings will be adjusted to highest 5 years from 3 years.**

PART XI - RELOCATION ASSISTANCE

The following provisions apply to regular employees and are outlined in the brochure entitled "Relocation Assistance Benefits for Performance Paid Staff" (1995). Employees who are Management and Professional Trainees pursuant to Article 25 will receive the treatment contained herein when appointed to regular positions, and required to relocate as a result of OPG business.

51 Housing Assistance Plan**51.1 Intent**

- 51.1.1** OPG's purchase of an employee's principal place of residence is designed to ensure that an employee who moves will not be forced to endure unreasonable periods of family separation or inconvenience due to inability to sell the employee's home at a fair market price.
- 51.1.2** It will be the prerogative of OPG to reject an employee's application for Housing Assistance if in Management's opinion the property is not an acceptable risk.
- 51.1.3** The employee must abide by all of the requirements of the Housing Assistance Plan. Failure to do so will result in the employee becoming ineligible for housing assistance from OPG.

51.2 Purchase Guarantee

- 51.2.1** OPG will provide a purchase guarantee based on an appraisal of the property's current worth by a group of up to three appraisers, to be selected by the Real Estate Division in conjunction with the employee.
- 51.2.2** OPG will not request appraisals until the employee is ready to list his/her house in the marketplace providing this is within one year of the employee's transfer to the new work location and the employee is prepared to abide by Subsection 51.2.4 and Subsection 51.3.1.
- 51.2.3** The employee must acknowledge acceptance or rejection of OPG's Purchase Guarantee within five days of its receipt. If the employee rejects the Purchase Guarantee, OPG has no further responsibility with regard to Housing Assistance or the Purchase Guarantee.
- 51.2.4** If the employee wishes to participate in the Housing Assistance Plan, the employee must not list the property for sale until the Purchase Guarantee has been accepted.

51.2.5 Home Appraisal Documentation

OPG will provide The Society with an initial six month report of home appraisal documentation prior to January 1, 1995. Representatives from OPG and The Society will meet to discuss the particular form and content of subsequent reports. Upon agreement on the form and content a Letter of Understanding will be developed which will require the report to be given to The Society on a semi-annual basis for the term of this Collective Agreement. Any anomalies in the report may be discussed by The Society and the OPG confidentially with full disclosure of information (including appraisals).

51.3 Listing of Property

- 51.3.1** If an employee chooses to participate in the Housing Assistance Plan, by accepting the Purchase Guarantee, the employee will immediately list the property for 90 days on MLS (where such service is available) at a price not exceeding 107% of the guaranteed price.
- 51.3.2** The employee will retain the right to sell to a third party until such time as the property is turned over to OPG for resale.
- 51.3.3** In order to assist the employee to dispose of the property expeditiously and at a fair market value, the employee should notify the Employee Relocation Administrator of all offers to purchase during the listing period. OPG may ask the employee to accept an offer which is lower than the Purchase Guarantee, whereupon the employee will be compensated for the difference between OPG's Purchase Guarantee and the amount of the offer. The employee's acceptance of any offer less than OPG's Purchase Guarantee is not mandatory and the employee will retain control of the sale of the residence throughout the listing period. All offers to purchase will be held in confidence by the Employee Relocation Administrator.

51.4 Sale of Property by OPG

- 51.4.1** The employee must be prepared to sign power of attorney authorizing OPG to sell property on the employee's behalf on the first day following the 90 day listing period. If the employee will be unable to vacate the premises at that time, the Employee Relocation Administrator must be notified.
- 51.4.2** OPG will pay to the employee the difference between the value of the property to OPG (Purchase Guarantee) and all existing encumbrances, including the advance of equity.
- 51.4.3** When an employee applies for assistance under this procedure, he/she must declare under oath, if required by OPG, all

encumbrances of any nature or kind whatsoever, including executions, chattel mortgages, and notices of conditional sales contracts which the employee is obliged to pay.

51.4.4 In consideration of the payment to the employee of the amount established in Subsection 51.4.2, the employee will complete a deed of sale of the property, conveying the same by good and marketable title, but subject to all existing encumbrances, to OPG or its nominee.

51.5 Advance of Equity

In order to provide the employee with funds for a deposit or down payment on a residence at the new location, an advance of up to 100% of the employee's equity (Purchase Guarantee minus encumbrances) in the residence at the former location may be loaned to the employee by OPG. Advance of equity is interest free for employees who avail themselves of the Purchase Guarantee for 90 days for until the house is turned over to OPG or until the closing date of the sale of the house to a third party, whichever comes first. For employees who reject the Purchase Guarantee, the advance of equity is interest free for 90 days. Repayment is as set out in the Relocation Assistance Benefits brochure.

51.6 House Evaluation and Guarantee – Atikokan Thermal Generating Station (TGS)

51.6.1 Employees at Atikokan TGS who are declared surplus and terminated may avail themselves of the Housing Evaluation Guarantee provisions outlined in Article 54.

52 Moving Expenses

52.1 Intent

52.1.1 Since OPG has province-wide operations, employees may be required to move about the Province as part of their jobs.

52.1.2 OPG recognizes that there may be a number of relatively costly expenditures associated with moving and will endeavour to ensure that such expenses will be adequately covered.

52.1.3 OPG will not assume responsibility to compensate for any upgrading in an employee's standard of living which may take place as a result of moving.

52.1.4 The Housing Assistance Plan will apply to the employee's principal place of residence and will not cover summer cottages, commercial real estate holdings or other secondary properties.

52.2 Minimum Moving Distance

52.2.1 Normally, an employee must move a minimum of 40 road kilometers closer to the new work location to qualify for relocation assistance. Distances on which calculations will be made are land distances by the most direct route. However, where an employee believes that this requirement creates a hardship, a joint Society-Management review at the Divisional or Business Unit level of the receiving unit shall consider the individual situation. This review shall consider the following criteria:

- increase in commuting time;
- increase in commuting cost;
- access to public transit;
- personal family considerations;
- recognition that OPG is not responsible for upgrading the individual's standard of living;
- permanence of move to the new work location;
- comparability of eligibility in comparison to treatment of Society-represented employees in similar circumstances.

The review team will balance the results of this review with the business requirements of the unit and may decide to waive or amend the minimum distance rule. The decision of the review team is final and binding. If the review team is unable to reach consensus, the matter will be referred to the JSMC which will have the authority to make a decision or to have the issue resolved as they see fit without prejudice.

52.3 Expenses for Reimbursement

52.3.1 Household Effects

OPG will arrange for and shall pay the cost of packing, moving by freight or truck and insurance charges on household effects.

52.3.2 Home Buying and Legal Fees

Employees shall be reimbursed for legal disbursements and real estate brokerage fees associated with the purchase and/or sale of property valued up to five times the employee's annual base salary in the new location at the time of job transfer as follows:

Legal Fees

- The employee will advise OPG of his/her preferred lawyer. OPG will request the lawyer for an estimate on what the fees will be to complete the sale and/or purchase transaction. If OPG finds the solicitor's estimate to be unreasonable, OPG will

ask the employee to recommend another solicitor to close the transaction.

- Legal fees and disbursements actually incurred in selling an old and buying a new residence will be paid by OPG.
- Legal fees shall be defined to include fees for arranging or discharging a first mortgage when required and will include land transfer tax.
- Disbursements shall be defined herein as those items paid by a lawyer on behalf of the employee for services in connection with the purchase or sale of the employee's residence including land transfer tax and land surveys when required, Ontario New Home Warranty Program if required for a new house, GST, and penalty costs to a maximum of three months' interest payments involved in discharging a first mortgage on the residence in the former location when required.

52.3.3 Transfer Expenses

A transferred employee is expected to make arrangements to move expeditiously but this should not exceed a period of one year from date of transfer, except where there is a specific agreement between the employee and local management for an extension. The employee must provide in writing his/her intention to move to the supervisor, prior to receiving payment for any applicable living expenses. Reimbursement for actual costs incurred in the move will be allowed as follows:

- All employees who are eligible for moving expenses shall be afforded 12 weeks from the date the employee reports to work in the new location (i.e., date of transfer) to decide whether or not they wish to move. Payment of the following expenses is predicated on the employee maintaining his/her previous principal residence:
 - a) During this 12 week period, the employee shall have the option of either commuting to and from his/her new work location and receiving incremental travel expenses (i.e., additional travel costs beyond the employee's normal travel costs to the old work location) or being paid living expenses in the new location. If the employee chooses to receive travel expenses the employee must travel farther than their previous commute and will receive the mileage to the new work location minus the mileage to the old work location, the total cost of which not to exceed living expense equivalent, If the employee expressly indicates that he/she does not intend to relocate his/her residence, all expenses will cease at that time.

- b) All expenses will stop at the end of the 12 week decision period unless the employee has provided in writing his/her intention to move within one year of date of transfer. Providing that the employee demonstrates to Management's satisfaction that arrangements to move with employee's family to the new location are being made as quickly as possible, the employee's living expenses in the new location or incremental travel expenses will be paid until such time as the employee moves or for a period not to exceed a further nine months. The time limits mentioned above may be extended by a specific mutual agreement between the employee and line management for a total period not to exceed two years from the date of transfer.
 - c) If an employee, after providing written notification of his/her intention to move fails to do so, all expenses paid on his/her behalf or travel expenses paid to him/her for any period beyond the initial 12 weeks from the date of transfer or the date of his/her written intent to move, whichever comes first, shall be repayable to OPG. Repayment shall be made within one month of a written communication stating his/her intention not to move or within one year of date of transfer whichever comes first.
 - d) Exceptions to the repayment requirement should the employee fail to move may be made by reasonable exercise of the Business Leader's discretion (e.g., for reasons of significant unforeseen life hardships, OPG transfers, OPG international assignments, etc.).
 - e) Employees shall be entitled to only one move per household per redeployment or transfer.
- Transportation to the new location and living expenses while in transit to the new location will be paid for the employee and family (spouse and dependent children) and any other dependents of the employee's household. A reasonable number of visits by the employee and family, to the new location to assist in the selection of a new principal residence will be paid at the discretion of local Management.
 - Living expenses of the employee and family during the period while household effects are in transit will be paid.
 - Reasonable upkeep costs including mortgage interest on the old residence will be paid for a period of up to three months after the employee has moved to the new residence but still retains title to the old residence due to an inability to sell. If closure of

the sale is imminent, the period may be extended by up to six weeks.

- Time off with pay to a maximum of one day's base earnings if the day of the move falls on a normally scheduled working day.
- Employees may elect, subject to the negotiations of their availability, through a LOU to receive lump sum payments in lieu of the following:
 - ◆ temporary living expenses;
 - ◆ reimbursement for costs associated with return to residence headquarters;
 - ◆ benefits and expenses associated with house hunting trips;
 - ◆ temporary storage, etc.

52.3.4 Spousal Assistance

An employee will be reimbursed for his/her spouse's job search expenses, supported by receipts, up to a maximum of \$750.

52.3.5 Rental Assistance

An employee who transfers to a higher cost rental area and who rents comparable rental accommodation will be provided with rental assistance by OPG as follows. The extent of this assistance will be the lesser of:

- a) the monthly rent in the old location multiplied by OPG rental differential;
- or
- b) the amount of the monthly increase in rent.

An employee who rents in the former location and purchases in the new location will be eligible for the equivalent of rental assistance as will the employee who conversely owns a home in the former location and rents in the new location.

Rental assistance will be provided for a five year period, based on 100% assistance in the first year and decreasing by 10% annually over the next four years.

This assistance will cease if the employee transfers to a new work location, terminates his/her employment with OPG, ceases to rent, retires or dies.

52.3.6 Rental Management Program

Upon request, OPG will arrange for a rental management firm to rent an employee's house when he/she is expected to return within five years and will pay the costs associated with this arrangement if it is in OPG's financial interests to do so.

52.3.7 Miscellaneous Expenses

Employees will be reimbursed for miscellaneous expenses associated with the move up to the limit of one month's salary based on normal scheduled hours of work. These expenditures are intended to cover items such as:

- cost of rental search assistance;
- costs incurred as a result of the move such as, cleaning, painting and decorating costs; adaptation, removal, installation or replacement of house furnishings and appliances;
- costs for connecting water, natural gas, and electricity to a new house if charged to the employee as purchaser.

Employees will not be reimbursed for capital expenditures which tend to increase the market value of a house, major house repairs or renovations.

52.4 Second Related Move

If a suitable residence is not available at time of transfer, an employee may rent temporary premises for up to one year. Under these circumstances, OPG will reimburse the employee for costs incurred in accordance with all Sections of this Agreement for either one of the two moves. For the other move, only costs of transportation, moving household effects, and legal fees incurred will be paid.

52.5 On Retirement

52.5.1 If OPG requires an employee who occupies a house or trailer on OPG property or a site under OPG control to move on retirement, the employee will be reimbursed as outlined in Section 52.3 for the cost of a move to any location in Ontario in which he/she desires to settle.

52.5.2 If an employee is requested to undertake a change in work headquarters involving a change in principal residence, and is age 55 or older on the date of transfer, consideration shall be given to the reimbursement of some or all of the moving expenses of that individual upon eventual retirement from OPG. The extent and

terms of the assistance to be provided upon retirement will be determined at the time of transfer.

- 52.5.3** Only moving expenses within the Province of Ontario or to the nearest exit point from the Province will be eligible for consideration.

53 Financial Assistance Plan

OPG shall contribute towards the interest costs on the increase in capital expenditure for an employee who is transferred to a higher cost housing area. Eligibility for this assistance will be determined by using either:

- a) the current Ontario Residential Locality Differential Chart (**the chart is located on the OPG intranet**); OR
- b) if either the employee's former location or his/her new location is not on this chart, a house-for-house comparison conducted by OPG.

The amount of assistance will depend upon the:

- sale price of the residence in the former location;
- relative value of comparable housing in the new location;
- actual increase in housing costs (purchase price less sale price);
- current interest costs.

The locality differential will be based on the differential in effect as of the date of closing of the purchase of the residence in the new location. The interest rate used to calculate the level of assistance will be based on OPG's employee housing loan rate for a five year term as published by the Treasury Division (or the actual mortgage rate, whichever is less) as of the date of closing of the purchase of the residence in the new location.

The financial assistance will decrease annually in twenty (20) percent increments over a five year period.

An employee receiving financial assistance must advise OPG if he/she sells or rents his/her house in the new location within five years of purchase. Assistance provided to the employee will be reviewed and revised accordingly.

Financial Assistance ceases upon termination or retirement. However, should an employee die while receiving financial assistance associated with relocation, such assistance may continue as per the original entitlement based on a case-by-case review by the Business Unit providing the following condition is met:

- the designated beneficiary provides affidavits on an annual basis that the principal residence for which the assistance is paid continues to be his/her principal

residence and that no new revenues for renting any portion of the residence are being received.

54 House Evaluation and Guarantee Plan

Upon subsequent transfer within OPG, an employee will be guaranteed his/her purchase price up to a maximum of four times his/her base salary at the time of the initial transfer (plus \$1,500 for capital improvements on new homes, \$15,000 for resale homes or minus \$3,000 for damages to the property). This guarantee will be for a period of ten years from the date of purchase. Improvements must be verified by receipts and do not include normal painting, decorating and maintenance costs. An employee may not sell his/her house for less than the guaranteed amount without the consent of OPG.

55 Compensation When Assigned to Temporary Work Headquarters

55.1 Intent

- a) When there is an assignment to a Temporary Work Headquarters, the employee and his/her supervisor must have a mutual understanding of the terms of the assignment prior to its commencement using the following provisions.
- b) Employees assigned to a Temporary Work Headquarters should not be separated from their families for exceptionally long periods of time due to work requirements and should be compensated for all reasonable out-of-pocket expenses and travel costs.
- c) When an employee is assigned to a Temporary Work Headquarters, the employee will normally remain at the Temporary Work Headquarters. If there is mutual agreement between the supervisor and employee to commute daily, then the employee may do so.
- d) Employees will be reimbursed for all reasonable out-of-pocket expenses associated with being assigned to the Temporary Work Headquarters.
- e) Employees will be reimbursed for any additional travel costs beyond their normal travel costs to their Regular Work Headquarters.
- f) Travel time on the first trip to, and on the last trip from, the Temporary Work Headquarters shall be either during normal scheduled hours or compensated in accordance with Article 58 (Travel Time) if outside normal scheduled hours.
- g) Selections for Temporary Work Headquarters assignments should not be made on the basis of travel cost considerations.

55.2 Definitions

"Regular Work Headquarters": The location to which the employee normally reports in order to receive work assignments or to perform regular duties.

"Temporary Work Headquarters": The location to which an employee is directed in order to carry out assigned duties away from Regular Work Headquarters.

"Periodic Return": The return to the employee's principal residence once every two weeks.

55.3 Compensation When Remaining at Temporary Work Headquarters (TWHQ)

- a) When the employee resides at the TWHQ and does not commute, the employee shall be reimbursed for all reasonable out-of-pocket expenses incurred while at the TWHQ.
- b) An employee who resides at the TWHQ will be allowed a periodic return once every two weeks.

The employee shall be reimbursed for travel costs associated with the periodic return for the distance between his/her principal residence and his/her TWHQ, less normal travelling costs. Travel time associated with periodic return, outside normal scheduled hours and in excess of one hour each way, shall also be compensated. Compensation will be either in equivalent time off, or in pay, at straight time rates. Time spent in obtaining a meal will not be compensated.

- c) On intermediate weekends, if the cost of remaining at the TWHQ would be less than the cost of a return trip, the employee may claim actual travel costs up to the cost of remaining at the TWHQ. If the cost of remaining at the TWHQ is greater than the cost of a return trip, the employee may be reimbursed for all travel costs incurred for a return trip on that weekend.
- d) For employees who reside in rental or leased accommodation at the TWHQ, cost of travel on intermediate weekends will be based on the lesser of a per diem rate based on the daily costs of normally used local hotel/motel accommodation (meals included) or actual travel costs (less normal travelling costs).
- e) Travel time will not be paid for return trips to home on intermediate weekends.

55.4 If the temporary assignment appears to cause the employee to reside separately from his/her family for a long duration, and for long distances, i.e., more than 100 kilometers, the supervisor may permit the employee to rent accommodation for his/her family near the TWHQ. In this situation, the

employee will be reimbursed for all reasonable out-of-pocket costs, including the difference in rent paid out in the temporary location and any rent received from the principal residence.

55.5 Compensation for Daily Commuting To, and From, Temporary Work Headquarters

- a) When an employee and supervisor have mutually agreed that the employee may commute to the TWHQ on a daily basis, the employee shall be compensated for his/her travel time in accordance with the provisions of Article 58 ("Travel Time").

The use of an OPG vehicle will be one of the commuting options considered.

If an OPG vehicle is not used, the employee shall be compensated for his/her travel costs (i.e., public transportation costs or cents per kilometer, whichever, in the Supervisor's opinion, is the most reasonable considering the travel time and transportation expenses involved) in addition to his/her travel time.

The total amount of reimbursement for the employee's travel time and travel costs will be up to a maximum of the expenses that would have been incurred if the employee were to remain at the Temporary Work Headquarters (lodging and meals). In determining this maximum, consideration will also be given to the expenses that would have been incurred if the employee had used an OPG vehicle.

- b) When an employee commutes daily, he/she is required to be at the Temporary Work Headquarters at normal starting time and remain until normal quitting time.
- c) **When an employee is commuting to a TWHQ without an overnight stay, which is greater than 50 kms one way (incremental), from their normal WHQ, they will be reimbursed for reasonable out of pocket meal expense(s) per the meals section of the current OPG Business Travel & Expense Policy for each day they are required to travel.**

Note: Where the planned duration of the assignment at a Temporary Work Headquarters is greater than one year, the employee will be eligible for full relocation assistance.

55.6 Exception

This Article does not apply to employees who on a daily or short-term basis may be required to work at a number of different work headquarters. In these cases, local management will determine the appropriate compensation treatment, but such compensation will not be less than that applicable to other employees under this Article.

PART XII - TIME WORKED OUTSIDE NORMAL HOURS**56 On-Call Service**

The following on-call service provisions shall apply.

56.1 Definition

On-call service is the requirement to be available outside normal work hours to meet unusual conditions, satisfy needs for assistance or direction, and return to work within a reasonable time, as specified by the supervisor. During the period of assignment, the employee must be capable of responding. Normally, employees are not expected to be on call for a continuous, long-term period. Wherever possible volunteers will be solicited for on-call assignments.

Normally, an employee will not be expected to be on-call for more than 18 weeks in a calendar year. In the event that the employee is required to be on-call for more than 18 weeks, agreement of The Society and the employee is required.

56.2 Payment

56.2.1 Compensation for on-call service is applicable in the following cases:

- a) There is a regular need for it (e.g. weekly, monthly, annually) and;
- b) The supervisor formally notifies the employee of the on-call assignment in writing (email, memo, etc.).

If the employee is not notified of the assignment in writing, the employee will not be considered to be on-call.

56.2.2 The on-call service payment for any 16-hour period outside normal work hours twenty one dollars and fifty six cents (\$21.56).

56.2.3 The on-call service payment for any 24-hour period outside normal work hours (i.e., Saturday, Sundays, Statutory Holidays and granted days) thirty seven dollars and thirty eight cents (\$37.38).

56.2.4 The maximum on-call service payment for a normal work week is one hundred and eighty two dollars and fifty cents (\$182.50).

56.2.5 The on-call service payments specified above will apply only to the time periods as specified.

56.2.6 Where an employee (whether on-call or not) received an approved call while not at work the employee shall be paid at the appropriate overtime rate for all work performed prior to his or her next scheduled shift, save and except where the total of all work performed in such period is one-half hour or less, the employee shall receive a fixed amount of \$35.00 for such work.

57 Overtime

The following provisions shall apply to employees when assigned to work overtime.

57.1 The method of compensation, for authorized overtime, may be money or time off at the appropriate premium rate. If the employee elects for time off, the time for such time off will be subject to their supervisor's approval, which will be granted unless OPG's operational needs are such as to make the time off unreasonably difficult. If approval is not granted, the method of compensation will be money.

57.2 Day Workers

Overtime Worked	Overtime Hours	Rate of Payment
Monday to Friday	Authorized overtime beyond normal scheduled hours worked in the day	<p>a) Time and one half (T-1/2) for all overtime work performed during the first four clock hours after normal quitting time.</p> <p>b) Two times (2T) for all overtime work performed outside the first four clock hours.</p>

57.4 For OSS and TMS/TS staff required to work overtime and supervise staff receiving a higher overtime rate than that paid under Sections 57.2 and 57.3 above, the treatment shall be as follows: OSS and TMS/TS staff receive two times their base hourly rate for all work, as described above, performed outside the first four clock hours after normal quitting time, Monday to Friday, and for all such work performed on Saturday.

57.5 In addition to employees covered under Subsection 57.4, employees who are directly involved in the operation, maintenance or construction of production, transmission or distribution facilities (exclusive of head office staff) and who directly supervise or work beside PWU employees will be compensated with the equivalent to PWU overtime premiums for all overtime worked, including the minimum payments received by PWU staff for both emergency and scheduled overtime. Employees work beside PWU employees if, as a regular part of their job, they are required to work with PWU staff on essentially the same job, under the same general conditions, and their presence at site for the overtime in question is necessary for task progress.

Employees may be designated as eligible under the above on an ongoing basis or on an assignment by assignment basis at the discretion of OPG.

57.6 Recording Overtime

Management shall record assigned and paid overtime and will report the same to The Society every 6 months.

57.7 Where management directs an employee to attend a training course, he/she will receive overtime payment for all hours spent in training beyond his/her standard hours of work. Management agreement to an employee request for training does not constitute a management direction to attend.

58 Travel Time

The following provisions shall apply to employees who are required to travel on business for OPG.

58.1 General

Some travelling time outside of normal hours of work to and from work locations, other than the regular work headquarters, is an inherent part of many jobs, for which no additional compensation is normally made.

58.2 Excessive Travel

- a) Travel Time in excess of one hour at the beginning and one hour at the end of the normally scheduled day will be compensated at straight time.
- b) When an assignment requires departure from the employee's home the night before, or on a regular day off, time spent in travel will be compensated at straight time.

58.3 Emergency Overtime Work

Non-Prearranged Overtime Work: Travel time will be paid at the appropriate overtime rates for any work outside and in addition to normally scheduled hours for which there has been no pre-arrangement and an extra trip is required. Notification for prearranged overtime must be given at least 24 hours in advance of the start of such work.

58.4 Attendance at Seminars, Conventions, Etc.

- a) When an employee attends a convention, seminar, training course, or similar function and does not arrive at the destination or depart from it until after normal work hours, no additional time allowance will be paid, i.e., this travel time will be considered as part of the employee's contribution to attendance at a mutually benefiting function of this nature.
- b) Where OPG directs an employee to take a training course, travel time will be compensated in accordance with Article 58.2.

58.5 Flexibility

Variations to the provisions of this Article made by agreement between the supervisor and the employee are permitted, subject to Director approval.

59 Shift Work (M&P, TMS/TS)**59.1 Definitions**

Shift: All scheduled hours of a shift are considered to occur in the calendar day that the shift ends.

Scheduled Work: The hours of work assigned as per the shift schedule. Scheduled work cannot include overtime.

Regular Shift Schedule: A 12 month time balanced rotating shift schedule that covers the fiscal year ending on the last day of the fiscal month of December and posted as part of the station's Master shift schedule 30 days prior to commencement.

Positive/Negative Time Balances: Total hours accumulated in a time bank less the product of the normal scheduled hours of work for the position times the number of weeks since the time bank was previously balanced to zero. The result may be positive or negative.

Periodic Shifts – are shifts for non-shift workers who are assigned to shift for a limited amount of time. The shift schedule can be either a time balanced or non-time balanced shift schedule.

59.2 Shift Workers

Meaningful consultation with the Society will occur prior to the implementation of any new shift schedule.

An employee's base hours of Work will not be changed as a result of this Article.

Some jobs are shift work jobs e.g. Shift Operating Supervisors. Management reserves the right to put incumbents in these jobs on shift.

The job evaluation plan used to evaluate M&P jobs will be used as the vehicle to determine the relative worth of M&P shift positions within the shift family of jobs, and to establish appropriate relativity between positions in this family and other non-shift M&P positions.

The requirement to obtain and maintain a license(s) to hold a shift position shall be identified in the job document (description and specification).

The number of personnel provided per shift position shall be such that no regularly scheduled overtime will be required. Due to the nature of OPG's operations, it may be necessary for employees on shift to work some overtime.

Management shall retain the right to place employees in shift positions for training and development purposes provided that the implications of possible classification changes on completion of the shift development phase are fully identified to the incumbent before the shift position is accepted.

Management shall provide an opportunity for input from employees prior to establishing shift schedules.

Management will provide a minimum of seven (7) days' notice for shift workers and non-shift workers working on shift, when their hours of work, as shown on their shift schedule, are to be changed. Failure to provide appropriate notice will require payment at the appropriate overtime rate for all hours worked during the notice period.

In the case of a forced unit outage or for reasons of equipment failure or safety, employees can be shift changed effective immediately and overtime rates apply for all hours worked during the first three (3) days.

Where a PWU represented employee working on shift receives "Penalty" payment for insufficient notice of a shift change, their direct shift supervisor will be entitled to the equivalent "Penalty" treatment. For clarity, where both the Society represented shift supervisor and the PWU represented crew member(s) have received insufficient notice of the shift change, the Society represented shift supervisor shall receive the equivalent premium rates as the PWU represented employee for work performed on shift until the notice has expired.

Written notification, such as email, shall be provided. In situations where the employee is absent from their regular work location, verbal notice shall be given and will be followed by written notice.

Management will use reasonable efforts in revising the regular schedule so as to provide the following minimum hours off between shifts:

- a) Shift change notices between 12-hour shifts will provide at least 12 hours off.
- b) Shift change notices from a 12 hour shift to an eight hour shift will provide at least 12 hours off.
- c) Shift change notices from an eight hour shift to a 12 hour shift will provide at least 15 hours off.
- d) Shift change notices between eight hour shifts will provide at least 15 hours off.

59.3 Shift Allowances (M&P, TMS/TS)

When employees work overtime on Saturdays, Sundays or Statutory holidays, they shall not be entitled to receive shift premiums (as found in Article 59.3 (a), 59.5 (c), 60.4, 61.3 and any other applicable sections). For clarity, this clause is only applicable to shift premiums.⁸

a) Shift Premiums

- Shift work on Saturdays and Sundays shall be as follows per hour worked:
 - **January 1, 2016: \$30.42**
 - **January 1, 2017: \$30.72**
 - **January 1, 2018: \$31.03**
- Shift work on statutory holidays shall be as follows per hour worked:
 - **January 1, 2016: \$60.81**
 - **January 1, 2017: \$61.42**
 - **January 1, 2018: \$62.03**

The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

Beyond December 31, **2018** the Shift Premium Rates above are subject to change based on the same general base wage increases that are applied to the wage schedules.

b) Shift Differentials

- For work on an 8-hour afternoon shift (16:00 – 24:00 hours) - **\$0.88** per hour worked
- For work on an 8-hour night shift (00:00 – 08:00 hours) - **\$1.21** per hour worked
- For work on a 12-hour night shift only **\$1.38** per hour worked.
- For work on a 10 hour night shift only **\$0.88** per hour worked.

Twelve (12) hour shift workers will receive shift differential payments when working overtime hours between the hours of 18:00 and 06:00 as per the following:

- The 8-hour afternoon shift differential will be paid for overtime hours worked during the hours 18:00-24:00; or

⁸ As per grievance settlements for OPG 1207/ OPGI-2007-2553 dated June 9, 2009.

- The 8-hour night shift differential will be paid for overtime hours worked during the hours of 00:00-06:00; or
- The 12-hour shift differential will be paid for any overtime shift (this does not include extension overtime) that runs greater than 10 hours and spans over midnight

All other shift and non-shift workers will receive shift differential payments when working overtime hours between the hours of 16:00 and 08:00 as per the following:

- The 8-hour afternoon shift differential will be paid for overtime hours worked during the hours 18:00-24:00; or
- The 8-hour night shift differential will be paid for overtime hours worked during the hours of 00:00-08:00; or
- The 12-hour shift differential will be paid for any overtime shift (this does not include extension overtime) that runs greater than 10 hours and spans over midnight

59.4 Information Management Systems Division (M&P)

In the Information Management Systems Division (IMSD) where the shift allowance payable to an M&P Shift Supervisor does not amount to at least 112% of the shift-related payments received by the PWU-represented staff working the same shifts, an annual adjustment will be made to the shift allowance for the M&P Shift Supervisor.

Until OPG is able to solve the relativity problem in IMSD, M&P shift supervisors shall receive an annual adjustment which would result in a 12% differential between their shift allowance and the shift-related payments received by the PWU-represented staff working the same shifts. Where a 12% differential exists, no annual adjustment will be made.

Employees in IMSD who either start or leave an M&P shift position during the year will receive a monthly pro-rated allowance. One-half month's tenure is necessary for receipt of the allowance for that month.

59.5 Ten Hour Shifts

OPG may assign employees covered by this Article to 10 hour shifts, without a vote, with the exception of employees subject to the Letter of Understanding (LOU#14) re "Hours of Work for Field Management and Professional (FM&P) Staff" dated July 2, 1996.

The following conditions shall apply:

a) Notice

Management will use reasonable efforts in revising the regular schedule so as to provide the following minimum hours off between shifts:

- i) Shift change notices between 10 hour shifts will provide at least 12 hours off.
- ii) Shift change notices between a 10 hour shift to a 12 hour shift or vice versa, will provide at least 12 hours off.
- iii) Shift changes notices from a 10 hour shift to an 8 hour shift or vice versa will provide at least 15 hours off.

b) Shift Differential

- First shift – 06:00 – 18:00 hours - no shift differential
- Second shift – 14:00 – 02:00 hours - **\$0.88** differential per hour worked

c) Shift Premium

- Shift work on Saturdays and Sundays shall be as follows per hour worked:
 - **January 1, 2016: \$30.42**
 - **January 1, 2017: \$30.72**
 - **January 1, 2018: \$31.03**
- Shift work on statutory holidays shall be as follows per hour worked:
 - **January 1, 2016: \$60.81**
 - **January 1, 2017: \$61.42**
 - **January 1, 2018: \$62.03**

The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.

Beyond December 31, **2018** the Shift Premium Rates above are subject to change based on the same general base wage increases that are applied to the wage schedules.

d) Special Circumstances

Collective Agreement provisions for time off shall apply except as modified for the following Special Circumstances;

On 10 hour day/shifts the following items will be credited for pay purposes on an hour-for-hour basis:

- i) Vacation
 - ii) Floating Holidays
 - iii) Sick Leave
 - iv) Leave of Absence/Unpaid Time Off
 - v) Travel Time
 - vi) Medical and Dental Consultation - Periods of less than four hours shall not be deducted from sick leave credits.
- a) In the application of the above-noted items (i) (ii) and (iii), a "days" entitlement will mean eight hours, i.e. a 10-hour day/shift will constitute one day and two hours deducted from credits.
 - b) When an employee is scheduled to work a 10-hour day/shift and one of the under-noted conditions occurs, a "day" will be considered to be 10 hours.
 - i) Jury duty and attendance at court
 - ii) Funerals
 - iii) Moving Day
 - iv) Time Charges for Attendance at Delegates' Council and meetings of The Society's Board of Directors.

59.6 Periodic Shifts for Non-Shift Workers

- a) Periodic shifts for non-shift employees shall be allowed to mirror shifts created under PWU "periodic shift" agreements in force January 01, 2005, when The Society employee(s) provides direct supervision or technical support (including inspection/testing) alongside such PWU-represented employees for:
 - i) field settings
 - ii) laboratory settings.
- b) In the circumstances described in paragraph 1, above, an employee shall be assigned to periodic shifts for a maximum of 13 weeks for each calendar year under applicable shift provisions of the Collective Agreement including normal shift differentials and premiums.

The exception to the above is the I&M Technician Supervisors who may be required to work on shift for up to 8 months of the year.
- c) Shift assignment shall be in accordance with Article 59.7.
- d) This Article does not alter existing local Agreements in force at the time of settlement, including Agreements reached pursuant to Article 72, and modifications of the provisions of paragraphs a) and b) are negotiable as Letters of Understanding.

- e) The JSMC may review the application and operation of this Article prior to the end of the Collective Agreement.

59.7 Assignment to Shift – Non-Shift Workers

OPG may assign non-shift workers to shift, for station support and special projects, on the following basis:

- a) Qualified volunteers will be sought, if insufficient volunteers are available, qualified employees will be assigned. Non time balanced shift schedules shall be staffed by volunteers only.
- b) Seven days notice, prior to the commencement of shift will be provided – failure to provide notice requires the payment of overtime premiums for all work outside of the normally scheduled hours, until such time as the notice period has elapsed.
- c) Shift work not to exceed 13 weeks for each calendar year. Any shift work beyond the periods indicated above is voluntary.
- d) Employees will be paid per the appropriate shift provisions in this article.
- e) Any concerns that arise from the transition and adjustment to shift work will be discussed by management and The Society.

59.8 Time Balancing

Save and except for employees covered by LOU #183, a time bank will be established for each employee to record the total number of scheduled hours worked plus scheduled hours paid for vacation, sick leave, time off in lieu or other approved paid time off. Where there is a positive time balance at the end of a periodic shift schedule for an employee, on an M & P pay schedule, management will endeavour to time balance within sixty (60) days.

If at the end of the 60 day period, mentioned above, a positive time balance remains it shall be reduced to zero as follows:

The employee may elect:

- i) payment at time and a half for 50% of the hours and double-time for the remainder;
- or
- ii) time off at straight time.

Negative time balances existing at the end of the shift schedule, or caused by interruption or cancellation, will be written off.

Overtime hours are not counted in the time bank.

60 Shift Work (FM&P)**60.1 Intent**

- Assignment of FM&P staff to shift will normally be on a voluntary basis. However, in the absence of any qualified volunteers, OPG reserves the right to appoint specific individuals to perform the work.
- An employee who has volunteered may opt out of a shift arrangement by giving one month's written notice, subject to the above.
- Except in an emergency situation, at least seven days' notice will be given with respect to shift change notices.
- OPG will propose shift arrangements and seek The Society's input on proposed shift arrangements.
- A minimum period for a shift is four days.
- OPG reserves the right to terminate specific shift arrangements by giving one month's written notice.

Negative time balances existing at the end of the shift schedule, or caused by interruption or cancellation, will be written off.

Overtime hours are not counted in the time bank.

60.7 Special Circumstances

In the application of the under-noted items a reference under the appropriate provision to "days" entitlement will mean eight hours. For example, a 12-hour shift will constitute one and one-half days deducted from credits. Items (e) and (f) will be credited, for pay purposes, on an hour-for-hour basis.

- a) Vacation
- b) Floating Holidays
- c) Sick Leave

61 Compensation and Working Conditions - 12-Hour Shift Schedule

The following provisions apply to employees in any Business Unit who work a 12-hour shift schedule.

61.1 General Provisions

61.1.1 The 12-hour shift schedule will average the regular scheduled hours per week for employees and will indicate the days and hours of work (shift) for each employee. Payment will be determined in accordance with this Article and as outlined elsewhere in Article 59 ("Shift Work (M&P, TMS/TS)").

61.1.2 The implementation of 12-hour shift work will be on the understanding that its application will not result in any appreciable increase in cost to OPG.

61.1.3 OPG or The Society Local Vice-President shall have the right to terminate 12-hour shift work. Written notice must be provided by the Department Manager to The Society Local Vice-President or vice versa.

- a) If the notice is two months prior to the end of the current schedule, 12-hour shift work will terminate at the end of the current schedule. Reason(s) for termination will be provided by the respective party.
- b) The 12-hour shift schedule may be cancelled immediately by OPG should any of the following be adversely affected: safe operation of plant; health of shift workers; public safety.

Appendix I to this Article provides further information about the 12-hour shift monitoring criteria for OPG.

- c) When employees at any Department have exercised the right to opt out of time-balanced 12-hour shift work, no new 12-hour shift work may be introduced for those employees without the mutual agreement of local management and the local Society Unit Director.

61.1.4 All policies and agreements which normally apply to employees will continue to apply unless specifically stated otherwise in this Article.

61.2 Shift Differential

A shift differential of **\$1.38** per hour worked will be paid to 12-hour shift employees for each night shift hour worked, in accordance with Article 59.3 ("Shift Work (M&P, TMS/TS)").

61.3 Shift Premium

61.4 Overtime

61.4.1 Authorized overtime beyond 12 hours of work on scheduled workdays Monday to Saturday inclusive and all hours worked on scheduled days off Monday to Saturday inclusive shall be compensated in accordance with the overtime provisions of this Agreement.

61.4.2 Authorized overtime beyond 12 hours of work on scheduled workdays which are Sundays or statutory holidays and all hours worked on scheduled days off which are Sundays or statutory holidays shall be compensated in accordance with the overtime provisions of this Agreement.

61.5 On-Call

On-call service payments will not be applied to those employees on the Minimum Availability Requirement (MAR) list (see Section 61.8).

61.6 Special Conditions

61.6.1 The following items will be credited for pay purposes on an hour-for-hour basis:

- a) Vacation
- b) Floating Holidays
- c) Sick Leave
- d) Time Off Without Pay
- e) Travel Time

61.6.2 In the application of the above-noted items (a), (b) and (c), a reference under the current provisions of this Article to a "day's" entitlement will mean eight hours. Therefore a 12-hour shift will constitute one and one-half days deducted from credits.

- 61.6.3** When an employee is scheduled to work a 12-hour shift and one of the under-noted conditions occurs, a "day" will be considered to be 12 hours.
- a) Jury duty and attendance at court.
 - b) Funerals.

- 61.7** The basic statutory holiday and special time off provisions remain unchanged in that time off and pay entitlements will continue to be calculated on an eight-hour basis.
- 61.8 Minimum Availability Requirement (MAR) List**
- 61.8.1** In order that a sufficient number of shift employees are on duty to maintain and ensure a continuous operation at any Department utilizing 12-hour shifts, a MAR List will be prepared.
- 61.8.2** A sufficient number of employees, by job classification and qualifications, will be determined by OPG. Employees will volunteer their willingness to be called in to work in this situation, by placing their name on the MAR List under the day(s) they wish to be called. If there are no volunteers, OPG reserves the right to assign employees to the MAR List. Employees will not be placed on the MAR List who are scheduled to work on an adjoining shift.
- 61.8.3** An employee on the MAR List agrees to be available during the Required Availability Period (RAP), to report to work to cover short-term absence. The RAP is the period of time commencing two hours prior to each shift change and ending one hour after each shift change.
- 61.8.4** If an employee whose name is on the MAR List cannot be available for the specified day(s), the employee must arrange for a substitute acceptable to OPG, whose name then would be added to the MAR List.
- 61.8.5** Volunteering or being assigned to the MAR List for RAP periods does not entitle the person to any compensation, i.e., on-call pay, etc., nor does it guarantee that overtime will result.
- 61.8.6** In the event that an employee is called to work from the MAR List, he/she will be entitled to overtime premium rates (outlined in Section 61.4) for all hours worked.

- 61.9** Time-balanced 12-hour shift work will be introduced in an OPG Department when the following conditions are met:
- 61.9.1** More than fifty percent (50%) of employees who vote in that Department must vote in favour of 12-hour shift work.
 - 61.9.2** More than fifty percent (50%) of all eligible shift workers who vote in that Department must vote in favour of the 12-hour shift work.
 - 61.9.3** The vote will be determined by a secret ballot scrutinized jointly by appointees of OPG and the Local Vice-President of The Society.
 - 61.9.4** Employees eligible to vote are those employees normally assigned to shift and may include Shift Supervisors, Shift Supervisors in Training, Shift Operating Supervisors, Control Room Shift Supervisors, Control Room Shift Operating Supervisors, Authorized Training Supervisors, First Line Manager (FLM) and TMS.
 - 61.9.5** Although the content, preparation, costing and administration of shift schedules is the sole responsibility of OPG, the preference of the majority of shift workers in a station/department/plant for a particular basic type of shift schedule will be considered. Such preferences must be made known to OPG four months in advance of the starting date of the new schedule. Master Schedule Guidelines are attached as Appendix II.
 - 61.9.6** Supernumerary Shifts while working on the 12-hour shift schedule will be 0800 - 1600.
 - 61.9.7** Three supernumeraries can be exchanged for working two 12-hour regular days off. Supernumeraries can be shift changed to shift crews on a 3:2 supers to shift crew basis.
 - 61.9.8** When a regular shift commences before midnight and continues after midnight, all hours during the continuous shift shall, for pay and time balance purposes, be recorded and treated as if they occurred during the calendar day in which the shift ends.

Exception: The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.
 - 61.9.9** Shift workers with a plus or minus four hours time balance assigned to day work or shift for an indeterminate period of time may be required to take off or work a four-hour period respectively, but no payments, premium or otherwise, will apply to such time worked as an extension of a normal eight-hour day to resolve a minus time balance.

- 61.9.10** For the day on which an election occurs and up to three days before and after, all employees on a 12-hour schedule will be changed to an eight-hour schedule unless joint agreement is reached to do otherwise.
- 61.10** Twelve-hour shift work may be introduced in other locations when the following conditions are met:
- 61.10.1** If local management determines that a 12-hour shift work arrangement is appropriate, a vote will be held in the affected work unit(s).
- 61.10.2** More than 50% of those eligible to vote in the work unit(s) must vote in favour of 12-hour shift work.
- 61.10.3** The vote will be determined by a secret ballot scrutinized by the appointees of OPG and The Society.

PART XIII - WORKING CONDITIONS**64 Employment Continuity**

- There are three separate and distinct parts to Article 64:
 1. Part A Redeployment Surplus
 2. Part B Non-Surplus Redeployment of Society Staff
 3. Part C Decontrol/Change of Employer
- In accordance with Article 64.32 Article 64 Part B is applicable in non-surplus situations that necessitate the redeployment of Society represented employees, except as follows:
 - In the Nuclear Unit of Application, where employees who are in an over complement situation at their work headquarters and can be accommodated at another work headquarters that is under complement on the basis of same job classification (i.e. like to like) Article 105.5 will apply;
 - In the Fossil¹¹ Unit of Application, where there is a “closure”¹² of a Fossil location announced by the government LOU #166 “Coal Plant Closure” will apply.
- For Surplus redeployment as outlined in Article 64.34 Article 64 Part A is applicable.
- Notwithstanding the above, in the event where there is decontrol or change of employer the parties agree Article 64 Part C will apply.

Unit of Application

- Where OPG establishes organizational units which do not clearly fit the definitions contained in the unit of application default provisions under Article 64A and/or Article 64B, the matter of the appropriate unit of application will be reviewed by the JSMC. The JSMC will make a decision which ensures that employment continuity rights are fairly applied.

Unit of Application Dispute Resolution Process

- In the event of a change during the term of the Agreement, with respect to a default units of application issue under Article 64A

¹¹ Clarity Note: For the purposes of this Article, the term “Fossil” refers to what is now known as “Thermal”.

¹² Clarity Note: The term “closure” applies to both full and partial station closures (e.g. unit closure or fuel conversion).

and/or Article 64B, that cannot be resolved by the parties, the dispute shall be resolved as follows:

- Where no decision of the JSMC is reached on a proposed change to default units of applications, within 10 working days of the JSMC's consideration of the matter, the parties shall exchange written briefs.
- The matter will be determined prior to the mix and match by a designated, mutually agreed arbitrator within 10 working days after the briefs have been exchanged.
- The arbitrator shall hear the matter in the most expeditious manner possible, and shall only hear oral evidence where he/she determines that it cannot be determined on the basis of the written briefs and oral submissions. The arbitration decision shall be based on an updated equivalent balance of the Units of Application of this Article as of January 1, 2006.
- The arbitrator shall issue an award within 5 working days of the hearing, setting out the default unit of application.
- The arbitrator has all the powers under the applicable Labour Relations Act.
- The JRPT shall continue to function and develop other elements of its first report pending determination of the default unit of application through this process, and the outcome of this process does not preclude the JRPT from achieving consensus on a unit of application notwithstanding the arbitrator's award.
- This process does not prejudice or waive any grievance rights under Article 64.3 but the arbitrator's award on the default unit of application cannot be grieved.

PART A – REDEPLOYMENT SURPLUS

64.1 Scope

This Article will apply to all employees except temporary employees, and takes precedence over other provisions of this Collective Agreement with regard to vacancies and job placements unless otherwise specified. Article 34 "Temporary Employees" describes the entitlements for temporary employees. Employees on leave (e.g. LTD) or on foreign assignments will be neither advantaged nor disadvantaged upon return from the leave.

64.2 Preference for Regular Employees

When a surplus arises, surplus regular employees will be retained, and used for temporary work, in preference to temporary employees if the conditions below are satisfied:

- within the same Unit of Application;
- where the regular employees are qualified to perform the work and are able to perform the job within a reasonable period of time given the length of the assignment;
- where the work is normally performed by Society-represented employees.

64.3 Grievability/Arbitrability

Employees may use the grievance/arbitration procedure to appeal decisions of the joint teams referred to in this Article if they believe they have been treated unfairly. JRPT decisions and processes are grievable. It is expected that the parties will support their decisions and recommendations. This is not intended to prevent the parties from jointly agreeing to change their decisions and recommendations. The recommendations and decisions by other Joint Redeployment Planning Teams and other Joint Reasonable Offer Teams are without prejudice and cannot be used as precedents in grievance arbitration. Any agreements reached by the JSMC within the scope of Article 64 are neither grievable nor arbitrable.

64.4 Preamble and Principles of Operation

It is intended that the parties will make their best efforts to interpret, apply and administer the provisions of this Article to reflect a balance among the principles set out below and throughout this Article.

Employment continuity is an element in sustaining a work climate that supports a high level of employee commitment, performance and job satisfaction. The following principles reflect our underlying values and beliefs and provide the direction on which this Article is founded:

- 64.4.1** Career change should be expected and viewed positively.
- 64.4.2** Individuals are responsible for their own career decisions and should be involved in developing options affecting their careers.
- 64.4.3** OPG and The Society recognize the value of retaining, utilizing and enhancing the asset of employee skills and abilities.
- 64.4.4** Employment continuity issues will be discussed openly and employees and their representatives should be involved in these discussions as early as possible.

- 64.4.5 Employees will be provided with access to opportunities for learning and development and will take a proactive role in their development to prepare for the future.
- 64.4.6 It is in the best interests of both our customers and our employees for OPG to be a viable and healthy business entity with operations province wide.
- 64.4.7 Employment continuity policies must reflect a balance between the fundamental interests of OPG and its employees.
- 64.4.8 Employees will be treated fairly and with respect and dignity.
- 64.4.9 OPG and The Society recognize that there will be competing individual interests and will structure redeployment strategies which will minimize the occurrence of that competition and its negative impact.
- 64.4.10 A commitment to effective short and long range planning is critical to employment continuity.
- 64.4.11 For a JRPT to operate effectively and efficiently, it is important that it be provided with a pre-determined organizational structure and adequate/appropriate resourcing.

64.5 Definitions

- 64.5.1 "ADVERSE IMPACT" shall mean that due to organizational and operational changes that include technological changes, workload changes, and business process re-engineering and all other circumstances where the numbers of Society represented employees are reduced and/or positions with incumbents are either eliminated or significantly changed (e.g. a change to job duties and/or skills/qualifications and/or rate as covered in the job document).

For employees in the Fossil, Hydroelectric and Corporate Business Organizations shall mean the obligation on OPG's part to provide opportunities and options to maintain productive and rewarding employment within the combined Non-Nuclear Business Organizations and in the event that such opportunity is not available, to provide fair and reasonable employment adjustment and terms and conditions for departure. It is the obligation on the part of the employee, The Society and OPG to actively participate in the redeployment process.

64.5.8 "Employment Equity", for the purposes of this Article, shall mean if employment equity programs will be seriously set back through the application of this Article, the Joint Redeployment and Planning Team may by consensus agree to protect sufficient lesser service employees in order to prevent such a set back from happening. This provision is not intended to further or enhance employment equity initiatives.

64.5.9 "INCUMBENCY" is a concept that a JRPT may use as a part of its redeployment process. The JRPT may identify an employee as an incumbent only if the position meets the following criteria:

substantially unchanged duties and responsibilities¹³;
 unchanged location¹³
 unchanged hours of work;
 unchanged salary band.

64.5.10 "LATERAL POSITION" shall mean a job paid from:

a) the same salary schedule and is the same salary band as the employee's current grade;

¹³ The operational meaning as determined by the JRPT.

- 64.5.11** "PRIORITY CONSIDERATION" is provided to surplus employees and shall mean an obligation to select the most suitable candidate from amongst the qualified surplus applicants for advertised vacancies for whom the vacancy represents a lateral or lower-rated position. If there are no qualified surplus applicants Management is then obliged to select the most suitable candidate from amongst those surplus applicants who can become qualified in a reasonable period of time.
- 64.5.12** "PROMOTION" shall mean a position in which the demands and responsibilities are greater than in the employee's current job and the position is a minimum of one salary band higher than the employee's current job if rated on the same salary schedule or the equivalent of one salary band higher if rated on a different salary schedule.

- 64.5.14** "SENIORITY" shall mean all prior service with Ontario Hydro *and* OPG or other eligible seniority as per the transition provisions in Section 9.3 of the 2006 – 2010 Collective Agreement regardless of breaks in employment, employee category and/or bargaining unit/representational status. - 64.5.15** "SERVICE" for the purpose of calculating severance shall mean the employee's Established Commencement Date (ECD) and does not include any external experience credits. Employees who have received severance pay under this Article shall not be entitled to the service used to calculate previous severance pay in any future employment with OPG.

64.5.17 "UNIT OF APPLICATION" shall mean the organizational unit (e.g., Department, Division, Business Unit or a cross Nuclear Business Organization grouping or a cross Fossil/Hydroelectric/Corporate grouping) in which seniority and the identification of surplus staff shall be administered.

64.5.18 "VIABILITY OF THE WORK UNIT" shall mean if the ability of the organizational unit to adequately perform its functions is placed in jeopardy by the application of seniority.

64.6 Notification and Involvement of The Society

64.6.1 Principle of Prior Involvement

Prior to making final decisions on significant organizational or operational changes that have an adverse impact on the employment continuity of Society-represented employees, OPG will establish a team in a timely manner which will include representatives appointed by The Society. The team will examine how the organizational or operational change will be implemented and will strive to develop mutually acceptable recommendations in a timely manner for the appropriate level of Management based on this examination. In the event that recommendations are not developed or the recommendations are not accepted, OPG will make the final decision.

64.6.2 Notification

In the event that an OPG business decision has an adverse impact on the employment continuity of Society represented staff, The Society will be notified as soon as possible.

64.6.3 Involvement

The Society will be involved in all decisions respecting how Society represented employees are treated with respect to this Article.

There are three levels of involvement. They are as follows:

a) Joint Consultation

OPG and The Society will discuss the issue and attempt to reach a jointly acceptable course of action.

Failing an agreement, OPG will make the final decision.

b) Joint Recommendation

OPG and The Society will attempt to reach consensus on an issue which will form the basis of a recommendation to senior management.

In the event a consensus is not reached, the issue will be managed in accordance with the negotiated default contained in the relevant provisions this Article.

c) Joint Decision

OPG and The Society are obliged to reach an agreement on the issue.

64.6.4 Voluntary Surplus

In circumstances where Management is aware that job loss may occur, Management in its discretion may agree to a voluntary termination by an employee in the affected work group. In such cases, employees who terminate their employment will be entitled to their own entitlement for search notice and severance, plus an additional week of severance for each completed year of service, to a maximum additional payment of 26 weeks' pay. The combined total of the employee severance entitlement, plus the additional week under this Article cannot exceed 78 weeks.

64.7 Set Up Joint Redeployment and Planning Team

OPG shall decide the organizational structure required to carry out approved work programs.

OPG and The Society will appoint an equal number of representatives to the Joint Redeployment and Planning Team. This team will develop a redeployment plan which minimizes to the extent possible, the effect on and number of employees to be declared surplus, consistent with the need to carry out OPG's work and be responsible for overseeing its implementation. The team is also responsible for communications to affected staff. The Joint Redeployment and Planning Team will develop its recommendations/decisions by consensus using problem solving techniques.

Senior Management (e.g., Directors, Vice Presidents) shall meet to discuss with the Joint Redeployment and Planning Team the number and type of positions that will no longer be required.

64.8 Joint Planning - Responsibilities of the JRPT

- a) The Joint Redeployment and Planning Team will review its proposed redeployment plan with the Senior Management (e.g. Directors, Vice Presidents) and Society Unit Director(s) in the work unit in at least two stages. The first report will include recommendations/decisions with respect to:
 - i) The Unit of Application for identification of surplus staff (refer to 64.9)
 - ii) Development of a process and strategies for redeploying staff within the Unit of Application (refer to 64.10).
- b) The second report will include recommendations/decisions with respect to:
 - i) The preparation of seniority lists and identification of surplus staff (refer to 64.15).
 - ii) Identification of redeployment tools for the purpose of minimizing involuntary terminations (refer to 64.19).
- c) Senior Management (e.g. Directors, Vice Presidents) will be required to:
 - i) approve each report as a package; or
 - ii) request the team to reconsider specific issues and to either confirm or agree to change specific recommendations.
- d) Failing joint agreement on the team's proposal in full, Senior Management (e.g. Directors, Vice Presidents) will be required to reject the proposal in full and implement a plan based on the defaults in this Article. Differences related to the interpretation, application or administration of the redeployment plan may be submitted to the grievance/arbitration procedure.
- e) **Continuing Responsibilities of the JRPT**

Respond to questions and grievances related to its process and decisions.
- f) **Local accountabilities for:**
 - i) Minimizing surplus.
 - ii) Determining an implementation plan for JRPT redeployment recommendations. This responsibility includes identifying clear accountabilities for the use of the redeployment tools.
 - iii) Testing possible vacancies in the Unit of Application against the surplus employees in the Unit of Application.

- iv) Testing rotations in the Unit of Application that are greater than six months against the surplus employees in the Unit of Application.

shall be clearly assigned in the JRPT's second report.

- g) The parties agree to the establishment of the Redeployment Information Service which will manage and coordinate information related to placement opportunities for surplus staff and provide support services to local Society and Management representatives.
- h) With respect to the application of 64.28.2, ensure that purchased services contracts are reviewed by OPG throughout the redeployment process.

64.9 Unit of Application

64.9.1 Size of the Unit of Application

In determining the size of the unit for purposes of identifying who is surplus, the parties will be governed by the following:

- The size of the unit will be sufficiently large to provide a fair means for identifying the surplus employee(s).
- The size of the unit will be sufficiently small to minimize the disruption to both the employee and the work to be done.

A joint recommendation will be made in determining the size of the unit of application.

64.9.2 The Unit of Application for Society-represented staff will be as follows:

Division	Business Unit
Finance***	Finance
Business and Admin Services***	Business and Admin Services
People and Culture***	People and Culture
Balance of Corporate Functions*,***	Balance of Corporate Functions
Pickering (per current includes Ajax and Toronto)	Nuclear**
Darlington (per current includes Whitby, Oshawa and Wesleyville)	
Bruce Site	
Hydro/Thermal	Hydro/Thermal

***Includes Commercial Operations and Environment, Corporate Business Development and CRO, Corporate Executive Operations, Strategic Initiatives, Corporate Stakeholder Relations, and Law Division**

****Includes Nuclear Projects and DNNP**

***** Any individual who was in the Pickering or Darlington Unit of Application as of the date of signing of LOU #191 and is assigned to one of the four Corporate units of application through the application of LOU #191 and is subsequently declared surplus in accordance with Article 64A shall be granted “Significant Inequity Rights” that apply beyond the “Business Unit” in accordance with Article 64.17.2.**

64.9.3 Unit of Application Beyond the Business Unit

A JRPT may jointly recommend to a Vice-President (or equivalent) that the Unit of Application should be expanded beyond the Business Unit in a surplus situation. If the recommendation is approved, the recommendation will be jointly discussed with the Business Unit(s) into which expansion of the Unit of Application has been recommended. If no jointly agreeable solution is achieved at this stage, the recommendation may be brought by either party to the JSMC for consideration and resolution. If no jointly agreeable

resolution is achieved at the JSMC, the issue may be taken by either party to the President of OPG and the President of The Society for final resolution. In appropriate circumstances (e.g., Corporate Functions, Multiple Business Unit JRPTs), matters may be directly referred to the JSMC

64.9.4 Employees covered by the FM&P Letter of Understanding 14 dated July 2, 1996 will have a Unit of Application that consists of OPG.

64.9.5 All employees will normally be assigned to one and only one unit of application. Exceptions may result from the application of significant inequity rights contained in this Article.

64.9.6 On an annual basis, the parties will meet to discuss any changes to the organization and realignments as necessary.

64.10 Process for Staff Changes - Mix and Match

The Joint Redeployment and Planning Team will develop the mix and match procedures to fill positions in the new organizational structure from employees within the Unit of Application. The intent is to sort employees within the Unit of Application among the jobs in the new organization on the basis of qualifications and seniority. In the event there are no qualified employees from the Unit of Application, the positions will be advertised in accordance with Article 65.

JRPTs are expected to keep accurate records of the reasons for deeming employees not qualified. Upon request, the employee will be provided with the written reasons for being deemed not qualified.

64.11 Mix and Match Rules

- 1) No promotions, i.e., only laterals or demotions are permitted in a mix and match process. (Note: Exceptions are described in 64.11.10 and 64.15).
- 2) Applies within the affected Unit of Application.
- 3) The process must be open and participatory and involve individual employees in planning and an agreed-upon form of posting within the Unit of Application.
- 4) In the event there are more qualified candidates than positions available in the new organization, then the most senior of the qualified candidates will be selected to fill the positions.
- 5) Employees who accept a lower-rated position or who experience a reduction in hours of work as a direct result of Mix and Match will be entitled to the provisions of 64.25 "Compensation".

6) Pregnancy Leave and Paid Parental Leave

The employee should be treated as though he/she is at work.

7) Other Leaves/Absences

- If the return date is known and it will occur during the Mix and Match (or shortly thereafter), the JRPT should normally include the employee in the Mix and Match.
- If the employee's anticipated return date is not shortly after the conclusion of the Mix and Match, he/she would not normally be included in the Mix and Match. His/her employment continuity rights would be exercised upon his/her return.
- Where an employee is not included in the Mix and Match, the JRPT needs to determine whether the position held by that employee prior to the start of the leave/absence will be included in the Mix and Match.

The JRPT should consider each circumstance on a case-by-case basis, considering such things as the employee's availability to participate.

64.11.8 Out-of-Province Assignments

Refer to the Article 6.4 "Employment Continuity during Temporary Out-of-Province Assignments".

64.11.9 Temporary Assignments/Rotations

Normally, employees will exercise the redeployment rights applicable to their regular positions. Exceptions:

There will be a local joint review with respect to the duration of an assignment where it is greater than two years and is outside The Society's jurisdiction.

At the outset of the assignment, the employee will be advised of his/her rights with respect to Employment Continuity as described below:

- For assignments of two years or less, the employee will return to The Society's jurisdiction for redeployment.
- For any portion of an assignment beyond two years, the employee will remain in the jurisdiction of the assignment position for the purpose of exercising redeployment rights.

Employees whose regular positions are outside of The Society's jurisdiction but who have been acting in positions within The Society's jurisdiction for at least two years continuously *and* who can demonstrate a severe disadvantage by returning to their regular position will be allowed to exercise redeployment rights within The Society's jurisdiction. These situations will be reviewed on a case-by-case basis by OPG and The Society.

64.11.10 Employees Previously Demoted via Article 64

An employee previously demoted through the application of Article 64, or its predecessors, is eligible for consideration at up to his/her previous higher level during a subsequent Mix and Match subject to the following:

- The subsequent Mix and Match (i.e., upon approval of the first report) must occur within two years of the date that the employee reported to the lower-rated position.
- Displacement of another employee at a level higher than their current level is not permitted.

64.11.11 Progression-in-Place Programs (PIP)

- a) Employees in a PIP will be retained in their PIP (should it continue to exist) based on seniority, subject to item (d) below.
- b) Employees in non-PIP positions or in other PIPs will be considered for PIP positions subject to the following:
 - i) for lateral or lower-rated levels of the PIP only;
 - ii) must be minimally qualified at the entry level of the PIP;
 - iii) able to achieve the terminal level of the PIP;
 - iv) placement is based on seniority.
- c) Employees in a PIP position will be considered for non-PIP positions for which they are qualified, subject to the following:
 - i) considered for lateral or lower-rated positions;
 - ii) placement is based on seniority.

- d) OPG may determine a minimum number of employees qualified at the terminal level of the PIP at an appropriate work unit level (e.g., Division, Department, Section).

64.11.12 Participation of Surplus Employees

Surplus employees will participate in any subsequent mix and match process in their appropriate unit of application.

Their search/notice clocks will be stopped at the time the first JRPT report is approved and restarted upon approval of the second JRPT report if the employee is still surplus. An employee will retain priority consideration for any vacancy he/she has applied for prior to stopping of his/her clock.

A surplus employee not placed through a subsequent mix and match will have his/her clock restarted at the point it was stopped.

64.11.13 Vacancy Process

In the application of a mix and match, the JRPT may consider an expedited priority selection to vacancy process at each salary grade/Band level in descending order with the expectation of making additional positions available for the process.

64.11.14 Boundary Issues

The JRPT will identify all X, Y and Z positions in accordance with LOU #5 "Society-Management Function/ESR Boundary Issues". The JRPT will ensure that positions so identified will be treated in accordance with the procedure outlined in the LOU unless agreed to otherwise by the parties.

64.12 Available Options if Employee Refuses a Job Offer

The Joint Redeployment and Planning Team will decide during the planning process which options will be available to an employee who rejects an offer that is upheld by the Joint Reasonable Offer Team (refer to 64.23) as reasonable. The affected employee must, within 48 hours of being advised of the decision, choose between the option (or options) as made available by the Joint Redeployment and Planning Team. The options are:

- a) Accept job offer; or
- b) Confirm refusal and terminate with 75% of lump sum payments as per Subsection 64.27.2 (a); or

- c) Confirm refusal and be declared surplus with 50% of the normal search/notice period and 50% of the normal severance entitlement.

If there is no Agreement by the Joint Redeployment and Planning Team on the options, then (a) and (b) will be available.

Note: While option (a) is always available, the JRPT may choose to provide option (a) in combination with (b) and/or (c).

Exception: Employees who have been demoted as a result of the direct application of Article 64 and who, in a subsequent mix and match, face a demotion again due to the direct application of Article 64 will be allowed to choose between accepting the demotion or being declared surplus with full entitlements. They will not be required to submit to the JROT process.

64.13 Refusal of an Incumbent Position

Where an employee has been declared to be an incumbent to a position by the JRPT, he/she will not be entitled to file a challenge with the JROT in relation to the incumbent position. If the employee does not accept a match to his/her incumbent position, he/she may be deemed by Management to have voluntarily terminated his/her employment with OPG.

64.14 Pre-Mix and Match Surplus Declarations

Intent

To provide a fair opportunity to retain employment for those employees who are at a substantial risk of being declared surplus within the Unit of Application of those JRPTs yet to conclude their mix and match.

Process

- a) Employees who are a part of a Unit of Application that has not yet concluded its mix and match and who wish to apply for corporate vacancies may request that they be granted surplus status subject to the following:
 - b) Employees will submit their request to be accorded surplus status to their JRPT. The JRPT will only extend surplus status to those employees who are at real risk of being declared surplus or, subject to confirmation by the JROT, at real risk of not receiving a reasonable job offer. The JSMC will be advised of such employees.
 - c) Employees who are extended surplus status by their JRPT will be provided with a surplus letter as is described in the Employment Continuity provisions.
 - d) The search notice period of an employee who is extended surplus status will begin upon written receipt of his/her Declared Surplus letter.

- e) This surplus status will be automatically removed when the employee is selected to or placed in an ongoing position. Surplus status will also be withdrawn, at the employee's request, if Management withdraws the vacancy notice in which the employee was seeking priority consideration. In such circumstances, the surplus status will be withdrawn from the date it was issued.
- f) An employee who is provided with surplus status as described above will be entitled to the same rights as those employees who have been Declared Surplus as a result of a mix and match procedure. Such employees will also be entitled to fully participate in the mix and match process within their own Unit of Application.
- g) JRPTs will have the responsibility to monitor and update a list of employees to whom they extended "at risk" surplus status.

64.15 Identification of Surplus Employees

- 64.15.1** The Joint Redeployment and Planning Team will compare the seniority of employees performing work which requires substantially the same qualifications and experience. In addition the team will compare the qualifications and experience of displaced employees with the qualifications and experience required by lateral or lower rated positions in the Unit of Application and retain the most senior at that level in descending order. Through this process the Joint Redeployment and Planning Team shall decide by consensus which employees within the Unit of Application have greater seniority and shall be retained to fill the ongoing positions and which employees have least seniority and shall be declared surplus subject to 64.15.7 and 64.15.8 below.
- 64.15.2** Seniority rights apply to lateral and lower rated positions but are not applicable to higher rated positions. The exception to this can occur where there are essentially no lateral or demotional positions with respect to which an employee can exercise his/her Employment Continuity rights and where the JRPT believes there are reasonable opportunities for promotion. The JRPT will identify the individual employee(s) or categories of employees facing these circumstances and the positions or categories of positions that represent promotional opportunities.
- 64.15.3** Employees who are not supervisors shall not exercise their seniority and displace supervisory employees with respect to supervisory positions unless they have supervisory qualifications. Employees who are not First Line Managers (FLM) shall not exercise their seniority and displace FLM employees with respect to FLM positions unless they have FLM qualifications.

64.15.4 Employees who are Management and Professional Trainees will not normally have their seniority considered with employees who are not Management and Professional Trainees. The Joint Redeployment and Planning Team may decide on exceptions when employees who are Management and Professional Trainees have greater seniority than entry level employees who are not Management and Professional Trainees and who are on the same band.

For the purposes of Subsection 65.6.3 where the Joint Redeployment and Planning Team has agreed to make exceptions based on the above circumstances, such employees who are Management and Professional Trainees will have priority consideration in the same manner as other Salary Schedule 03 or surplus employees. Where the Joint Redeployment and Planning Team does not accept that the circumstances warrant exceptions, surplus employees who are Management and Professional Trainees will have priority consideration for MP2 and equivalent vacancies following consideration of the surplus regular employees from within the bargaining unit and before the applications of all other employees.

64.15.5 Employees from outside of the bargaining unit shall not displace Society-represented employees.

64.15.6 In the event that the team is unable to reach consensus on the identification of surplus employees, OPG will determine who is declared surplus in accordance with the provisions of Subsection 64.15.

64.15.7 Viability of the Work Unit

The Joint Redeployment and Planning Team may decide to protect sufficient lesser service employees to restore the viability of the organizational unit. If the team is unable to reach consensus, then Senior Management (e.g., Directors, Vice Presidents) will decide. In situations where junior staff are protected by the implementation of viability of the work unit, and where the Unit of Application is smaller than a Business Unit, greater service employees who cannot be placed as a result of such protection shall have the right to have their seniority applied across the Business Unit.

64.15.8 Employment Equity

In situations of employment equity concerns, The Joint Redeployment and Placement Team may by consensus agree to protect sufficient lesser service employees in order to prevent such a set back from happening and extend the same provisions as set out in 64.15.7 above. Where the team has not reached consensus on the need to protect lesser service employees because of employment equity concerns, then the normal rules for identifying

surplus employees on the basis of seniority will apply as outlined above in Subsection 64.15.

64.16 Declared Surplus

Employees declared surplus will receive written notice at the outset of their search notice period. Surplus status can be withdrawn at any time. The written notice shall contain:

- The cause of the surplus.
- A reference to this Article.
- The expected expiration date of the search notice/period (termination date).
- The right to priority consideration for vacancies in accordance with Subsection 65.6.3.
- The total severance entitlement.
- The anticipated date the employee will vacate his/her position.
- The expectation that the employee is expected to actively pursue internal and external placement opportunities.

64.17 Declared Surplus - Significant Inequity Rights

A significant inequity requires:

1. a declared surplus employee with eight or more years' service; and
2. an employee not in the surplus employee's unit of application with five or more years' lesser service performing work for which the senior employee is qualified.

A significant inequity can occur:

- within a Business Unit; or
- across Business Units; or
- when organizational units have been split.

64.17.1 Within a Business Unit

The senior employee in the Significant Inequity situation will be offered a choice of:

- a) displacing the most junior employee from a position for which he/she is qualified within two salary grades below his/her position provided the most junior employee has

five or more years' lesser seniority. If such a displacement is not available, then the employee may displace the most junior employee in the next lower salary grade in descending order under the same conditions as stated above; or

- b) the right to apply with first priority consideration over all other surplus employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; or
- c) voluntary termination with entitlement to the provisions in 64.28.1(a). If the employee has chosen (b) above, he/she may at any time elect (c).

64.17.2 Beyond the Business Unit

The senior employee in the Significant Inequity situation will be offered, upon self-identification to the JRPT, a choice of:

- a) the right to apply with first priority consideration over all other surplus employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; and/or
- b) voluntary termination with entitlement to the provisions in 64.28.1(a). If the employee has chosen (a) above, he/she may at any time elect (b).

64.17.3 Split Organizational Units

To displace beyond the Business Unit, the following conditions must be satisfied:

- a) The senior and junior employees must have been in the same organizational unit within 12 months prior to the date of self-identification to the JRPT.
- b) The organizational unit must have been split.
- c) The junior employee must not be part of the senior employee's current unit of application.
- d) The junior employee must be in a position performing a function that was in the same organizational unit as the senior employee within 12 months of self-identification.

The senior employee will be offered, upon self-identification, the following choices:

- i) displacing the most junior employee as per Section 64.17.1(a) within his/her current Business Unit;
- ii) if (a) above is not available, then the same displacement rights will apply within all split portions of the original organizational unit;
- iii) the right to apply with first priority consideration over all other surplus Society employees to Society vacancies, in accordance with Article 65.6.3, on a lateral or demotion basis; and/or
- iv) voluntary termination with entitlement to the provisions in 64.28.1(a). If the employee has chosen (iii) above, he/she may at any time elect (iv).

64.17.4 Significant Inequity Bump and Vacancy Issue

- a) When exercising the option to displace, and a vacancy exists within the unit affected by the significant inequity rights, normally a vacancy will be considered to be the "least senior employee" and the displacement will occur into that vacancy. The exceptions to this are:
 - i) Where the vacancy is lower rated than the position that the least senior employee occupies; or,
 - ii) Where displacement into the vacancy requires a move that would not otherwise have occurred had the least senior employee been displaced.
- b) When one (or both) of the exceptions applies, the displacing employee has the option of:
 - i) displacing the least senior employee, if that employee is qualified to perform the duties and responsibilities of the vacant position; or
 - ii) displacing into the vacancy.

64.17.5 Rights of Displaced Employees

An employee who is displaced as a result of the application of this section will be entitled to all of the provisions of Article 64, including the provisions of this section.

64.17.6 Significant Inequity

Where an employee has at least 8 years' service and is within one of the following functional groups, such an employee may

displace an employee in the same functional group with at least 3 years' less service, who is performing work for which the senior employee is qualified: Finance, Human Resources, Health and Safety, Procurement, Real Estate.

64.18 Voluntary Surplus

An employee from the affected unit of application who would not otherwise be surplus may volunteer to be declared surplus, subject to the following:

- a) The withdrawal of surplus status will be offered in seniority order to those surplus employees who are qualified to perform the duties and responsibilities of the position of the employee who is volunteering.
- b) The surplus employee will not be considered for a promotion, but may be considered for a Progression-In-Place position.
- c) This must result in the withdrawal of surplus status from the surplus employee.
- d) The employee who is volunteering to be surplus will assume the surplus entitlements of the surplus employee who has his/her surplus status removed. A JRPT may recommend that different entitlements be made available to employees volunteering to be surplus.
- e) The exchange of employees arising out of the application of these provisions is subject to the approval of OPG. The decision to approve (or disapprove) will be on the basis of further disruption to the work of the affected work unit.

64.19 Redeployment Tools

These would include, but are not limited to, the use of rotations, bridging to retirement, early retirement, retraining, and external placement.

These tools are not contractual entitlements but rather are methods for consideration by the Joint Redeployment and Planning Team.

64.19.1 Bridge to Retirement

A declared surplus employee who is close to retirement may wish to exchange severance pay for a working bridge to retirement subject to the following conditions:

- a) The surplus employee must make a decision to opt for a bridge within 4 weeks of being declared surplus.
- b) The period of time that represents the bridge would commence at the end of the search notice period.

- c) The time period for which the bridge exists will not exceed the equivalent weeks of severance pay.
- d) At the end of the bridging period the employee will terminate employment.
- e) This decision is irrevocable.

64.19.2 Bridging for Future Workload

Surplus employees may be assigned to perform work in temporary positions which bridge them to a point in time where additional ongoing work requirements exist, subject to the following conditions:

- a) That access to such positions be equitable (e.g. involve some form of advertising).
- b) Surplus employees shall have their surplus status and rights withdrawn when selected to bridging positions.
- c) Bridging could also include work sharing and job sharing where there is Agreement with the employees involved.

64.19.3 Rotations

Rotational opportunities should be used for developmental purposes and not to replace a legitimate vacancy. The following conditions will apply when rotational opportunities are used as a redeployment tool:

- a) Posting of rotational opportunities should be in accordance with Article 65 (Vacancies (Relief, Rotations and Selections)).
- b) The posting should include basic information such as position name, salary level, location, a description of the duties, starting date and proposed duration of the rotation.
- c) The selection process should use formal selection criteria.
- d) Interviews will be the responsibility of the receiving unit.
- e) Rotations will normally be from six (6) months to two (2) years.
- f) Terms and working conditions while on job rotation will be in accordance with Article 65 (Vacancies (Relief, Rotations and Selections)).
- g) In the event that the search/notice period continues during the rotation, the surplus employee will not be restricted from

applying to vacancies or from subsequently being released in a reasonable period of time, if he/she is the successful applicant.

64.19.4 Retraining

Retraining is intended to enhance the skill and qualifications of the surplus employee thereby increasing his/her marketability. It can include formal classroom training as well as developmental assignment within or external to OPG.

64.19.5 Educational Leave

The intent is to provide the surplus employee with the opportunity to enhance his/her potential for redeployment.

Treatment will be in accordance with the OPG policies on Educational Leave (see Article 97 (Status of Certain Policies and Procedures)).

64.19.6 External Placement

External placement assistance may be provided, at OPG's discretion, to a maximum value of two (2) weeks' salary (e.g. Outplacement counseling, legal or financial counseling, external job search expenses.).

64.20 Re-assignment of Declared Surplus Employees

Surplus employees who have not been placed into a regular position will normally be reassigned to work of a different nature within the basic search/notice period. This work should complement and assist the employee's redeployment by ideally providing opportunities to develop skills.

In situations where a Plant Closure has been identified as a cause for the adverse impact, unplaced employees at the Plant identified for closure, who are declared surplus, will not be entitled to reassignment during the search/notice period. In such situations the employee will be terminated. The employee will be paid the cash equivalent of basic search/notice + 100% service based search notice + severance (as outlined in 64.27.1). Such employees will be entitled to recall per Article 64.30.

Probationary employees who are not placed within eight weeks of their declared surplus date will be terminated and will be entitled to a payment equal to the amount of time remaining in the basic search/notice period. A probationary employee will not have the time that he/she is declared surplus credited towards the attainment of regular status.

64.21 Search Notice Period

64.21.1 Procedures

All full-time and reduced-hours employees who are declared surplus will have a search/notice period calculated as follows:

- no less than a 24 week basic search/notice period;
- plus
- service-based search notice period equal to the sum of:
 - ◆ two (2) weeks per year of service for the first five years of service, and
 - ◆ one (1) week per year of service for service greater than five years, and
 - ◆ employees (who are not hired as Trainees) with relevant previous experience will receive additional service-based job search credits based upon their highest salary grade within one year of hiring in accordance with the following:

Salary Band Hired Into	Credit
MP-2	4 weeks
MP-3	6 weeks
MP-4	8 weeks
MP-5	10 weeks
MP-6	12 weeks

- For reduced hours employees, the service-based search/notice period will be calculated as if all service had been worked full-time.

The total search/notice period will not exceed 60 weeks.

64.21.2 Interruption of Search/Notice Period

Intent:

The search/notice period will normally run continuously uninterrupted, except where circumstances seriously impede the employee's ability to search for a new job or interfere with the employee's timely release to accept a new job. In those situations where the search/notice period is suspended, the right to priority consideration is also suspended, except as outlined below.

Specific Circumstances:

a) OPG Assignments Outside of Ontario

If the assignment is greater than one year, the surplus employee will be entitled to a 24-week search/notice period or the remainder of his/her search/notice period whichever is greater, upon return to OPG. If the assignment is less than one year, the search/notice period will continue unless the employee is not available to search for a new position in which case the search/notice period will be suspended. (See also Article 6 “Employees on Temporary Out-of-Province Assignments”).

b) Secondments

If the term of the secondment is defined, then the surplus employee is given the same treatment as described for out-of-province assignments. If the term of the secondment is undefined, then the employee is considered placed.

c) Pregnancy and Paid Parental Leave

- The search/notice period is suspended when the employee commences the leave. It continues when the employee returns to work.
- The rights associated with being declared surplus do not cease during the leave.

d) Other Leaves (e.g. Unpaid Parental Leave, Educational Leave etc.)

The search/notice period and any associated rights are suspended.

e) Rotations/Temporary Assignments

Normally, surplus employees are expected to continue their job search and be available for placement. However, if the nature of the rotation/ temporary assignment is such that the surplus employee is precluded from reasonably participating in the job search, the search/notice period shall be suspended for the duration of the assignment. Such decisions should be made at the outset of the rotation/temporary assignment.

f) WSIB/LTD/Long Term Sick Leave

The Joint Redeployment and Planning Team will examine each case on its own merits and in the context of the intent of this Subsection.

64.21.3 Extension Beyond Search/Notice Period**Intent:**

To allow surplus employees who are on rotation to extend their employment beyond the expiration of their search/notice period.

- a) It is possible for employees who are on rotation to continue employment with OPG beyond the expiration of their search/notice period when the expected duration of their rotational assignment goes beyond the expiry date of their search/notice period.
- b) The decision to extend employment beyond the expiry of the search/notice period and the responsibility for the employee will be assumed by the receiving unit (i.e., the unit with the rotational assignment).
- c) Normally, the extension will be for the expected duration of the rotational assignment. Where the line management of the receiving unit deems it necessary, a cancellation provision (minimum of 30 calendar days) can be included as one of the terms of the rotational assignment. This cancellation provision would be identified prior to the commencement of that portion of the rotation beyond the expiry of the employee's search/notice period.
- d) For the period of employment, following the expiration of the search/notice period, employees will be considered per Article 65.6.3.1(f) and will not have priority consideration for corporate vacancies.
- e) The extension of employment beyond the expiration of the search/notice period shall not be used for the calculation of any other entitlement (i.e., severance, notice of termination, lump sum payments and voluntary resignation) under Article 64.
- f) With the exception of the limitations stated in sections (d) and (e) above, employees whose employment has been extended beyond the expiration of their search/notice period will be treated as regular employees and will be covered by all of the other provisions of the Collective Agreement.

64.22 Acceptance/Rejection of Job Offers

- 64.22.1** A surplus employee will have up to 7 calendar days to accept or refuse an offer of a position.

64.22.2 Assessment of Suitability

If there is more than one applicant for a vacancy within The Society's jurisdiction, the applicants will be considered in the priority set out in Subsection 65.6.3.

Within each category the most suitable candidate will be selected.

64.22.3 Right of Refusal - 24-Week Basic Search Period

A surplus employee may refuse any offer of employment without penalty.

64.22.4 Right of Refusal - Service-Based Search Notice Period

If the surplus employee refuses a job offer that is within 2 salary bands lower, he/she will either:

- i) terminate employment with severance pay;

or

- ii) challenge that the offer is not a reasonable one. If the challenge succeeds, the surplus employee will continue on the job search period. If the challenge fails, the surplus employee will accept the offer or be terminated with 50% severance pay.

64.23 Reasonable Offer Challenge Process

A Joint Reasonable Offer Team (JRPT) will be established for each Unit of Application established under this Article.

This team will resolve employees' appeals arising from offers made during the mix and match process. Offers made subsequent to the final report of the JRPT process shall be subject only to the grievance/ arbitration and not to the JRPT process.

The team will meet and make a decision within three (3) working days of receipt of the appeal. The decision will become part of the JRPT final report recommendation.

It will take into consideration items such as job level, geographical location, responsibilities, status, health, family, legal precedents, community standards and past practices.

The team will be made up of two employees representing OPG and two employees representing The Society. The members of the team must be different than those on the Joint Redeployment and Planning Team. The team's membership composition should avoid conflict of interest.

The surplus employee is responsible for presenting his/her own case.

Members of the JROT may request assistance from either the Society or OPG.

In the event that the JROT is unable to reach a decision within the three (3) working days the appeal will be heard by a standing arbitrator within three (3) days. In the case of extenuating medical circumstances the three (3) days for the appeal may be extended to thirty (30) days to complete the entire process.

If a job offer is found to be unreasonable by the Joint Reasonable Offer Team, then the employee will be allowed to refuse it and be declared surplus with full entitlements.

64.24 Legal Notice of Termination of Employment

It is agreed that the basic search/notice period and the service based search/notice period are sufficient and full notice as per the requirements of the relevant legislation. This Article is the Adjustment Plan as required under the Ontario Labour Relations Act and meets the requirements of the Canada Labour Code, Part III, Division IX, Group Termination, for federally regulated employees.

64.25 Compensation

Salary Maintenance

64.25.1 The surplus employee's base rate of pay will be maintained, including economic increases and special allowances in the case of TMS staff (refer to Appendix XVII), until placement or termination. This provision with respect to special allowances for TMS staff is not applicable in the operation of Article 64 after January 4, 2007.

64.25.2 If the surplus employee accepts a position at the same salary level, salary maintenance will continue as in Clause 64.25.1.

64.25.3 If a surplus employee accepts placement in a lower rated position his/her current base salary dollars will be frozen until the employee's current pay entitlement as determined from the salary band and step exceeds the frozen level. This salary treatment must be conveyed in writing when the offer is made.

Exception:

A surplus employee who is within three years of eligibility for an undiscounted pension will be entitled to any negotiated economic increases for the period of time prior to qualifying for the undiscounted pension. In the event that the employee does not retire upon qualifying for an undiscounted pension, his/her base

salary dollars will be frozen at that time. (This would include any economic increases occurring during the period of time prior to qualifying for an undiscounted pension.) At this point, the normal salary maintenance provisions will apply.

64.25.4 Premiums will be calculated on the basis of the Incremental Pay Step assessed for the lateral or lower rated job.

64.26 Reduction in Hours of Work

Principles

- Pay should reflect hours worked.
- Pay should reflect the job performed.

64.26.1 Where employees move to positions where the normal weekly hours are less than in their former positions The Society and OPG will attempt to reach a local agreement on a transition which would allow the affected employees to work additional hours above the 35 hour base for an extended period of time with staged reductions.

64.26.2 Failing agreement in accordance with Clause 64.26.1 the following treatment will apply:

a) Voluntariness of Application

Employees who wish to immediately work a 35 hour work week can do so. Their rate would be reduced immediately to the 35 hour rate upon starting the 35 hour work week position.

b) Employees within 3 Years of Undiscounted Pension

On the day of reporting to the new position an employee who is within 3 years of an undiscounted pension will not have normal hours of work reduced for 3 years or until such time as the employee is eligible for an undiscounted pension, if earlier. The employee will continue to receive economic pay adjustments. If the employee does not retire upon qualifying for an undiscounted pension, then the hours of work and base rate will be immediately reduced to the hours and rate of the position.

c) Start Date of Freeze and Reduction

All employees impacted by the freeze and reduction decision will be treated as follows:

Employees previously working 40 hours:

Employees reporting to new positions will have their pay frozen according to the current salary schedule. Their hours of work will be reduced to 39 hours the first fiscal day of the next fiscal year. In all subsequent years, hours of work will be reduced by 1 hour per week, effective the first day of the fiscal year. The employee will be unfrozen after reaching 35 hours, or when their pay equates to the Incremental Pay Step for 35 hours.

Employees previously working 37.5 hours:

Employees reporting to their new positions will have their pay frozen according to the current salary schedule. Their hours of work will be reduced to 36.5 hours on the first fiscal day of the next fiscal year and finally to 35 hours on the first fiscal day of the following year. The employee will be unfrozen after reaching 35 hours, or when their pay equates to the Incremental Pay Step for 35 hours (see paragraph e) below).

d) Promotions, Demotions, and Laterals

This article covers Promotions and Laterals only. Promoted employees will have promotional increases, if any, applied to their rate and Incremental Pay Step before it is frozen. There will be no demotions into positions that result in reduced hours of work.

e) Incremental Pay Steps

The Incremental Pay Step (IPS) will be used for employees on salary schedules 03 and 09. The IPS will be used as the salary rate on the 35 hour/week schedule. This is determined by applying the person's existing rate to the new schedule (i.e. a person at step 12 of MP-4 on a 40 hour week/schedule will be at Step 12 MP4 on the 35 hour/week schedule). The Incremental Pay Step will be subject to annual step progressions as per the collective agreement.

f) Completion of Process

When the salary rate becomes unfrozen the person is eligible for economic and step progression increases to their actual pay rate.

Hours of work will be reduced until either the ramp period has expired or the person's Incremental Pay Step is reached. If after the ramp period has expired, the employee's Incremental Pay Step has not reached their frozen level, the frozen dollars shall be applied to the new salary schedule to determine an equivalent

level which becomes the employees new unfrozen pay standing. The employee will then be eligible for future step progressions and economic increases.

g) Definition of "Day"

During the reduction of hours process employees will have daily hours of work that vary between 7 and 8 hours per day. For the purposes of vacation, sick leave, floating holidays and leave of absence/unpaid time off, a "day" will mean any work day between 7 and 8 hours in the work week.

64.27 Severance, Lump-Sum Payments and Voluntary Resignation

64.27.1 Severance

Severance pay for the purpose of this Article will be calculated, for employees with less than 20 years' service, at a rate of 2 weeks for each year of service at the termination of employment date. Employees with a minimum of 20 years of service shall receive severance pay of 3 weeks per year of service at the termination of employment date to a maximum of 78 weeks. It will be calculated at the weekly rate for base hours of work for the full-time position (refer to Article 71.2 "Reduced Hours of Work (RHOW) Arrangements") to the nearest whole month (30 days). Credit will be given on a prorated basis for any service which exceeds a whole year to the nearest whole month (30 days).

Severance pay is paid only when employment has terminated.

Persons receiving severance pay will not be considered employees for the purpose of any benefit, service accumulation nor for any other purpose from the day of termination except for recall as per Section 64.30.

The maximum amount of severance is 78 weeks.

64.27.2 Lump Sum Payments and Voluntary Resignation

Surplus employees are entitled to voluntarily resign their employment rather than proceed with redeployment.

Surplus employees will be entitled to the residual search/notice period and severance entitlement in the form of a lump sum payment in lieu of their continued rights in accordance with the following:

a) Voluntary Termination During the Basic Search Notice Period

One hundred percent (100%) of any unused portion of their basic search notice period *plus* 50% of their service based search notice period *plus* 100% of their severance pay entitlement.

b) Voluntary Termination During Service-Based Search Notice Period

50% of the unused portion of the service based search notice period *plus* 100% of their severance pay entitlement.

Reduced hours employees will be entitled to lump sum payments which reflect pay for Normal Scheduled Reduced Hours (See Article 71.2 ("Reduced Hours of Work (RHOW) Arrangements").

64.27.3 Previous Severance and Lump Sum Payment

Surplus employees who have received a payment under Subsection or Clause 64.22.4 "Right of Refusal - Service Based Search Notice Period", 64.27 "Severance Lump Sum Payments and Voluntary Resignation", Section 64.28 "Purchased Services", or the predecessor Agreement "S3", will have their severance calculated on the basis of continuous service since the last time severance was paid.

64.28 Purchased Services

64.28.1 Employees who are surplus as a result of purchased services will have the following additional entitlements:

- a) If the surplus employee voluntarily terminates his/her employment prior to the end of the basic search/notice period, he/she will be entitled to 100% of the unused portion of the basic search/notice *plus* 75% of their service based search/notice period *plus* 100% severance pay.
- b) If the employee is placed into a lower-rated position, then he/she will be entitled to one additional economic increase at his/her former rate prior to having the rate frozen.
- c) The employee may be allowed to bid on the work being considered as a purchased service subject to the following conditions:
 - there be no preference for the bid;

- if the surplus employee is the successful bidder, his/her employment will automatically terminate and he/she will receive severance pay; and
- the surplus employee will be entitled to the equivalent of two weeks' salary if he/she is the successful bidder to assist in setting up his/her business.

Note: (c) will only form part of this Article if in OPG's opinion it is feasible.

- d) The surplus employee will be entitled to enhanced outplacement services equivalent to one week's salary guaranteed plus two additional weeks' salary at OPG's discretion.

64.28.2 Prior to the involuntary termination of surplus employee(s) under this Article and where there are purchased services operating within the Unit of Application, OPG will review the purchased services contract with a view to determining if it would be a sound business decision to terminate the purchased services contract(s) based on consideration of such factors as the cancellation charges in the contract and the cost of the layoff.

64.29 Termination of Employment

If a surplus employee is not placed by the end of the service based search period, he/she will be terminated with a severance pay entitlement as per Subsection 64.27.1 "Severance".

Throughout of this Article, wherever surplus employees eligible to retire terminate their employment voluntarily or involuntarily, such employees will be entitled to full retirement benefits in addition to full entitlements under of this Article.

64.30 Recall Rights

Surplus employees whose employment is about to terminate because their search/notice period has expired, or who terminated from a Plant identified for closure per Article 64.20, are entitled to the following:

- a) a terminating surplus employee will be eligible for either:
- a weekly paid severance payment with entitlements to recall;
 - or
 - a lump sum severance payment with no right to recall.
- b) terminated surplus employees will be eligible for recall rights for 12 months from the date of their termination.

- c) former surplus employees with recall rights will be considered for vacancies in the bargaining unit as per Article 65.6.3.1(f) of the Collective Agreement, including their right to grieve non-selection (refer to Subsection 65.6.3).
- d) weekly severance payments will cease in the event a terminated former surplus employee is rehired.
- e) severance pay received prior to recall will be subtracted from any future severance pay entitlements under this Article.
- f) persons on recall are not employees and shall not be entitled to any benefits provided to employees except recall rights as noted above.
- g) notwithstanding clause (f) above, persons on recall shall be provided with coverage under the OPG Health and Dental Plan from the date the right of recall commences for a period of 6 months or until the commencement of alternative employment whichever comes first.

64.31 Relocation and Housing Assistance

- 64.31.1** OPG will restructure the cost of relocation so it mitigates the disincentive in the redeployment of surplus staff.
- 64.31.2** A surplus employee in a community where OPG's presence influences the housing market, e.g. Atikokan, Port Elgin, etc. may avail himself/herself of the House Evaluation and Guarantee Plan in accordance with the OPG policy.

Attachment 1

Introduction

The redeployment of employees from the old organization to the new organization requires the full cooperation of everyone involved. The JRPT has designed this process on the assumption that employees will be able to provide sufficient details on their qualifications that will allow the JRPT and ultimately Management to make objective decisions with respect to the employee's suitability for positions.

Employees are responsible for completing the required forms and submitting forms to the JRPT.

Management will be responsible for:

- Developing job documents for the purposes of assessing qualifications;
- Assessing qualifications for given positions and determining who is qualified for a given position under consideration by the JRPT.

The Joint Redeployment Planning Team will:

- Manage the process described below;
- Ensure conformance with the process and deal with exceptional matters as they arise;
- Match the employees to available positions as set out in the below process;
- Communicate relevant information at appropriate milestones;
- Prepare a report describing the outcome of the mix and match process;
- Prepare a list of the names of all employees and their respective placements.

The JRPT will review critical positions (as described by Management) for advance posting and filling. These positions will be subject to 2.2.10.

1 Redeployment Process

1.1 Pre-Steps (steps taken prior to the Mix and Match process)

2.1.1

Ontario Power Generation Management will provide details on the new organizational structure at a detail level that will indicate the classification, location, number of positions in the new organization and priority of staffing the position. A listing of existing staff by category and location will be provided. Management will provide an up-to-date employee database for the applicable Unit of Application. Management will identify (in writing) the qualifications and selection criteria for positions without incumbents.

2.1.2

The redeployment team will consider promotions on the basis of Article 64.15.2. Groups and salary grades to be determined by the JRPT.

2.1.3

All employees will be required to submit a Fact Sheet and a list of irrevocable location and job preferences. The template will be provided by the JRPT.

2.2 Redeployment Process Steps

The Redeployment process will take the following steps:

2.2.1 Determine Incumbents/Non Incumbents/Vacancies

Management to prepare list of employees, list of positions, designate incumbents, review with Site Joint Implementation Team (JIT). The JIT's will consist of equal numbers of Society and management representatives and shall make decisions on a consensus basis. The incumbency rules will be as follows:

Incumbency Rules

- i) Salary Grade (same)
 Similar Job Duties (Majority of duties and responsibilities that you were doing in your base position).
 Hours of Work (same)
 And either Work Location Unchanged or the Work Location is moved and the employee volunteers to move with their position

i.e. **NUCLEAR**
 Bruce site
 700 University Ave
 Nuclear East Sites as defined in Article 105

HYDRO/THERMAL

Niagara Plant Group
 Northwest Plant Group
 Northeast Plant Group
 Evergreen
 Saunders GS
 Ottawa ST. Lawrence Plant Group (less Saunders)
 GTA
Lennox
Thunder Bay
Atikokan

CORPORATE GROUPS

The site locations for Corporate will be all the locations defined for Nuclear, and Hydroelectric where there are staff that report to Corporate Groups.

- ii) In addition to the above, an employee's nuclear division work location will be deemed to be unchanged if the employee volunteers to relocate to the new worksite or if, within Durham Region, the employee's new worksite is equal to or less than 33.5 kilometres from the employee's existing worksite. Volunteers will be relocated before other affected employees are forced. The order of selection of individual employees who do not volunteer for redeployment in a non-surplus redeployment will be on the same basis as presently. Any employee redeployed in accordance with the above will be entitled to the benefit of the relocation provisions of the collective agreement if the requirements of these provisions are met.¹⁴

2.2.2 Confirm Incumbents (NO JROT)

The JRPT will confirm all incumbency decisions made by the Site Joint Implementation Teams. The Main Team will review all issues brought to it by the JIT's and make final decisions with regard to who is an incumbent. Incumbents will not be allowed a JROT although the decision to make them incumbent is subject to grievance under The Society Collective Agreement.

2.2.3 Notify Incumbents/Non Incumbents (Appeal Process to Main Team after review by Site JIT)

The incumbents and non-incumbents will be notified of their status. They must appeal within 24 hours. Appeal based upon ensuring the job meets the definition of incumbency rules in 2.2.1 and to ensure suitability of the person for the duties and responsibilities.

2.2.4 Match Non Incumbents to Lateral Same Site Vacancy (Senior Qualified)

As a first step all non-incumbents will be matched to lateral vacancies in their home site organizations at their base location. (e.g. 700 University Ave, Nuclear East sites as defined in Article 105, Saunders, Nanticoke)

Matching Rules

In addition to the rules set out in the Collective Agreement, the following rules will apply to matching for same site vacancies:

Location (same)

¹⁴ As indicated in the arbitration award from Kevin Burkett, dated April 30, 2012.

Hours of work (same, then different)
 Equal Salary Band (e.g. FMP12/MP2)
 Possibly different duties but qualified
 Start with MP6 (Most Senior)

2.2.5 Work Unit Viability Check – All Locations

Determine viability needs of receiving site. Check to determine if staff who volunteered to relocate from sending site can be released to off-site positions.

2.2.6 Match Releasable Sending site Volunteers to Off-site Lateral Vacancy

Those on the sending site who have volunteered to transfer off-site will be matched to off-site vacancies on a senior and qualified basis.

2.2.7 Match Releasable sending site volunteer demotions to off-site vacancies.

Those volunteers who have not been matched to lateral off-site vacancies and who volunteered to take a demotion to move off-site will be matched to demotional vacancies.

2.2.8 Match Unmatched Lateral Vacancy (Senior Qualified) On Sending Site

After the releasable volunteers have been matched, remaining unmatched employees will be matched to positions vacated by the releasable volunteers in the sending site on a senior and qualified basis.

2.2.9 Receiving Unit Viability Check

Determine if the volunteer matches from above, have resolved any of the viability concerns identified in 2.2.5.

2.2.10 Forced Matching

- a) Force match unmatched non volunteers sending site staff to off-site lateral vacancies on a junior basis.
 The most junior employees who remain unmatched to positions at the sending site will be matched to lateral vacancies off-site.
- b) Force match remaining unmatched staff at all locations into demotion vacancies. This will be done on a reverse order of seniority (junior) basis.

Parts a) and b) will be run concurrently. The JRPT will have to ensure the outcome of this step respects Seniority and Qualifications.

2.2.11 Viability Check – Sending Site

The JRPT will agree on how to meet viability requirements and will act to do so. If a viability concern continues to exist after the Mix and Match process is complete, the JRPT will then attempt to address the concern using one or more of the following options prior to forced matches: call for specific volunteers; Corporate-wide vacancies; hiring externally; forced rotations and/or relief assignments in order to bridge for training; external contractors.

Those employees who are force matched from the sending site and are eligible for assistance under Article 52 will not be force matched again through this work unit viability process in a way that would make them eligible for Article 52, for the duration of Part B of Article 64.

Those employees who are on forced rotation for viability reasons during the life of the collective agreement will be allowed to work the equivalent of 10 days in a 9 day period.

In the event of an unresolved dispute the JPRT will utilize the expedited dispute resolution process, Article 16.11, “Expediting Redeployment Grievances and Arbitrations”, to determine the viability issue and to meet viability based on a balance of fairness to affected employees and business needs of OPG.

2.2.12 Employment Equity Check

As in Article 64.15.8 of the Collective Agreement.

2.2.13 Issue Letters to staff identifying placement

After the process is complete staff will be issued letters identifying their placement.

2.2.14 Joint Reasonable Offer Team Process (Art. 64.23)

A Joint Reasonable Offer process will be established so that employees have an avenue to appeal offers made during the mix-and-match process. The JROT will meet to render a decision within 3 working days of receipt of the appeal. The JROT process will be per Article 64.23 except that there will be no surplus entitlements if an offer is found to be unreasonable. Instead, offers determined to be unreasonable will be substituted with a reasonable position by the JIT.

2.2.15 Schedule

Both parties will make their best efforts to complete the redeployment process as expeditiously as possible. The following schedule consists of milestones for the completion of the redeployment process. The parties will agree on target completion dates for each of the milestones below. It is recognized that many variables may affect the completion dates and the team will amend the target dates where it considers it necessary. Failure to meet these target dates are not to be construed as justification for invoking the defaults under Part A of Article 64.

PART C DECONTROL/ CHANGE OF EMPLOYER

- 64.38** Part C shall apply to any sale, lease, transfer or any other transaction between the Company and any other entity, by virtue of which the ownership or control over any part of the Company's business or assets becomes held by such other entity and some or all of the Company's employees become employees of a new employer as part of the commercial transaction.
- 64.39** The company recognizes the importance of securing for employees' opportunity for continuing employment with a new employer and are committed to securing such opportunity for employees in a business or asset to be decontrolled.
- 64.40** In addition to Article 11, the Company further agrees that it shall provide in writing to The Society at the earliest possible time prior to the transaction, but in any event at least sixty days before the transaction closure, all available information relating to the new employer that is relevant to employees to the extent that circumstances reasonably permit. The Society agrees that confidentiality will be maintained.

64.41 Sequence of Events

Effective on the date the Company officially announces an intent to conduct a transaction in accordance with Article 64.38, the following will apply:

- a) Until such time as staff positions and numbers to be transferred to the new employer are provided to The Society, employees may apply to vacancies in accordance with the collective agreement. All applications from employees in the affected businesses or assets for laterals and demotions will be processed and considered unless the move would seriously jeopardize the viability of the work unit. Applications for promotions will not be blocked under any circumstances. Disputes arising out of the blocking of applications will be dealt with via an expedited process.
- b) Commencing on the date that affected staff, positions and numbers to be transferred to the new employer are provided to The Society, displacements into and selections into or out of the businesses or assets affected will cease.
- c) The Company will make Article 64.6.4 (Voluntary Surplus) as applied to 64.27 available to employees in businesses or assets where the number of employees exceeds the new employer's needs. With the agreement of The Society, Management may offer other voluntary separation incentives such as focused pension incentives, retirement bridges, etc.
- d) The Company will make available a voluntary separation option to employees eligible for an undiscounted pension with a retirement allowance of 52 weeks.
- e) Employees affected by the change of employer will be asked to state in writing their intention to accept continuing employment with the new employer.
- f) Employees who indicate their willingness to accept continuing employment with the new employer but where there are fewer positions available than willing employees, will be placed through an expedited mix and match process involving the following steps with a viability check after each step:
 - i) Incumbent matching
 - ii) Matching to lateral vacancies in the same location (Volunteer/Force)
 - iii) Volunteering for location change and/or a demotion.

- g) Employees who indicate their willingness to accept continuing employment and for whom a position is available will transfer to the new employer.
- h) Employees who have indicated their willingness to accept continuing employment with the new employer and for whom there is no position available will be treated in accordance with Part A of Article 64.
- i) Employees who indicate that they are not willing to continue employment with the new employer will be entitled to severance of two weeks per year of service, not to exceed 26 weeks. Employees may elect to take such severance as a lump sum amount, or in weekly amounts, during which time they will have recall rights to the company. Weekly payments will cease on the date an employee is recalled. Employees with recall rights will be considered for vacancies in the bargaining unit as per Article 65.6.3.1(f) of the Collective Agreement, including their right to grieve non-selection (refer to Subsection 65.6.3). Severance pay received prior to recall will be subtracted from any future severance pay entitlements under this Article.

All employees in this sub-section (i) will also be entitled to the following:

- i) Coverage under OPG's Health and Dental Plan for a period of six (6) months from the date of termination of employment or until the commencement of alternate employment whichever occurs first;
- ii) Reimbursement for tuition fees and other associated expenses up to a maximum of \$5000.00 upon production of receipts from an approved educational program within 12 months of his/her termination;
- iii) Reimbursement of outplacement services up to a maximum value of two weeks salary (e.g. Outplacement counselling, legal or financial counselling, external job search expenses.), upon production of receipts.
- j) Management may, in consultation with The Society, offer the voluntary severance package under Article 64.6.4 (voluntary surplus) as applied to 64.27 to an employee to avoid a displacement.

64.42 If, within eighteen months of the transfer, the new employer reduces the number of employees and the transferred employee is declared surplus and terminated the employee(s) laid off will be entitled to a one time lump sum payment of one week per year of service with OPG and the new employer. The obligation to pay the laid off employee is contingent upon the employee being severed from employment without recall rights with the new employer.

The additional payment of one week per year of service will not apply where the permanent layoff is due to:

- i. Strike
- ii. Lockout
- iii. Accident or catastrophic event
- iv. Force Majeure/natural disaster
- v. Temporary Plant shutdown

The obligation to make the payment of one week per year of service will not apply if any employee has successfully challenged the layoff for any reason and has filed a grievance successfully seeking reinstatement.

For employees in a Change of Employer situation where the new employer is not a competitor of OPG who are subject to involuntary layoff by the new employer, in addition to the cash payment of one week per year of service, the employee may have recall rights in OPG for 26 weeks. Employees recalled within the 26 weeks must pay back the balance of any cash payments based on their service and the date of recall (e.g. a 20 year employee who is recalled at the 5 week mark would pay back 15 weeks).

65 Vacancies (Relief, Rotations and Selections)

65.1 Intent

To provide open, fair access to career opportunities and enable OPG to optimize staffing requirements over time.

65.2 Definitions

"Relief/Rotations" assignments are short assignments where an individual is assigned duties outside their normal job duties.

"Relief" assignments will mean short-term assignments (normally up to 3 months) where an individual is appointed to act temporarily in an ongoing position or which is expected to become an ongoing position. In some cases, the individual may not be required to perform all of the duties and responsibilities of the position.

"Rotations" will mean assignments normally greater than 3 months but not exceeding 2 years in duration in positions which are not expected to be ongoing.

65.3 Advance Planning

Prior to filling the work assignment of greater than five (5) working days duration, Management will meet with the local Society representative to discuss the nature of the requirement (e.g., relief, rotation) its expected

duration, the selection process and whether there is an expectation that the work assignment will result in an ongoing position.

65.4 Relief

65.4.1 Relief is used to cover (a) short-term absences for vacation, sickness, relief absences, etc., (b) short-term bridging periods for selection or rotation, and (c) short-term emergency situations.

65.4.2 The process for selecting the employee to fill the relief assignment should be easy and quick and provide a fair opportunity to employees in the work unit to perform relief.

65.4.3 If there is mutual agreement between The Society Unit Director and Management prior to the beginning of the relief assignment, the relief assignment and the incumbent(s) can run for a period of up to one year. In the absence of mutual agreement, the relief assignment is limited to 90 days.

65.4.4 Relief assignments will not be used continuously to avoid advertising either a rotation or an ongoing position.

65.4.5 Pay treatment while on relief will be in accordance with Article 66.

65.5 Rotations Within the Bargaining Unit

(This Article does not apply to rotations outside the Society jurisdiction. Article 5 applies to rotations outside the Society jurisdiction.)

Rotations are used to accomplish work for situations that occur between short-term relief and ongoing positions. At the completion of the rotation, the employee will return to his/her original position or a comparable position normally within the sending unit, except in the circumstances where the employee is surplus (see Article 64).

65.5.1 Principles

Job rotations serve many purposes such as:

- a) to provide development opportunities to employees consistent with their career objectives;
- b) to allow Management to meet temporary work programs and work load requirements;
- c) to manage work performance or to test skills and capabilities where it is believed that an employee's skills and capabilities may be better utilized in another position;

- d) to broaden the experience of employees so that they may better perform their regular jobs;
- e) to provide employees with the opportunity to develop new skills for career advancement or to enhance career options in the case of anticipated redeployment or technological change which could result in skill redundancy or obsolescence;
- f) to meet OPG's employment equity objectives;
- g) to provide Management with flexibility in resourcing regular positions as a result of employees being provided rotational opportunities and temporary relief assignments.

65.5.2 Rotations which are expected to last six (6) months or longer in duration will be posted unless there is agreement with The Society. The scope of the posting will be determined by the receiving unit and may be within the Department, Division/Business Unit or OPG-wide. Unless there is mutual agreement, the rotation will not continue beyond two years except where the position is formally identified as an ongoing training position.

A job rotation posting should include basic information such as the position name and location, salary level, a description of required duties, starting date and proposed duration of the rotation.

65.5.3 The optimal selection process is one in which the employee's interest in the job rotation opportunity, the sending unit's ability to release the employee and the receiving unit's interest in the employee coincide. Rotations will be voluntary.

The selection process should include the use of formal selection criteria and interviews will be the responsibility of the receiving unit.

65.5.4 Employees selected for rotation will be provided with a letter in advance of the rotation stating the nature, terms and conditions of the assignment, including rotation duration and details of the performance appraisal process. These terms and conditions should be mutually acceptable.

65.5.5 An employee, other than those who are surplus, who accepts a job rotation will be given a guarantee by the sending unit that he/she can return to his/her original position, if available, or to a comparable position normally with the sending unit.

65.5.6 Terms and working conditions while on a job rotation will comply with all applicable Articles in the Collective Agreement concerning pay treatment, overtime, performance appraisal process, moving expenses, travel expenses and related OPG policies.

65.5.7 Employees should not be restricted from applying to advertised vacancies or from being subsequently released from the rotational assignment if selected where the employee is surplus or the vacancy represents a promotion.

65.5.8 Performance feedback is an essential ingredient in any rotational assignment and should be provided during and upon completion of the rotation. A rotation should not normally have a negative effect on an employee's Incremental Pay Step.

65.6 Selections for Assignments Other Than Relief or Rotations

65.6.1 All vacancies for assignments which do not fall into the category of relief or rotations shall be advertised OPG-wide unless there is agreement with The Society Local Vice-President or the following conditions apply:

- a) during implementation of Article 64;
- b) laterals or demotions in the case of sickness; employees with disabilities or special needs; employees returning from rotations, LTD, leaves of absence, foreign assignments, secondments/assignments outside OPG;
- c) performance management that takes place following consultation with The Society;
- d) ongoing exceptions in specified organizational units where there has been joint agreement of the JSMC;
- e) "Progression" within a Progression-In-Place Plan or a proposal which has the joint agreement of the JSMC in accordance with Subsection 33.3.1. Vacancies for positions in a Progression-In-Place Plan will be advertised in a manner which informs employees that the position is included in a Progression-In-Place Plan and that where the best candidate does not satisfy the qualifications or experience required for the end position the employee may be offered the position at a lower rate and be progressed in place.

Employees in categories (a) to (e) in subsection 65.6.3 will be considered at all levels of the PIP prior to those employees in categories (f) to (h) and subject to unit viability. Unit viability which would alter this consideration will be discussed in advance of advertising the PIP.

Exceptions to provide for the advertising of the position at a lower rate than the end position will be permitted by joint agreement between The Society Unit Director and the Business Unit Leader based upon a balanced consideration of:

- future work planning needs
- providing developmental opportunities for lower-rated staff outside of the Progression-In-Place Plan
- current work requirements
- unit viability and the need to have sufficient number of staff in the end positions.

In such cases, the vacancy notice will state that the position is part of a PIP Plan and surplus employees will be considered for placement at a lateral level.

- f) a regular position currently held by an employee where a job review has resulted in a change in Salary Band;
- g) to fill vacancies with the same occupation code within six (6) months of the ongoing posting, in which case Management may select from the previous list of candidates, after checking that surplus employees have not become available for consideration since the vacancy was last advertised;
- h) to meet legislative requirements.

65.6.2 All applications which represent a promotion must be processed.

When an application to an advertised vacancy represents a lateral or demotion to a non-surplus employee, the following will apply:

- a) Applications from employees with less than three years' service in their current position will be processed and considered where the supervisor determines that the move on balance would be in the best interest of OPG and the employee.
- b) Applications from employees with over three years' service in their current position will normally be processed and considered unless the move seriously jeopardizes the viability of the work unit.
- c) Applications to an advertised vacancy which represent a demotion with an increase in base hours of work to a non-surplus employee will be processed where the employee's Director determines that the move on balance would be in the best interest of OPG and the employee.

65.6.3 Selection Priority for Vacancies

65.6.3.1 Selection Priority for Vacancies

If there is more than one applicant for a vacancy within The Society's jurisdiction, the applicants will be considered in the priority set out below:

- a) Surplus Society-represented employees who have elected the priority consideration option in Subsection 64.17 (Declared Surplus - Significant Inequity Rights).
- b) Surplus Society-represented applicants for whom the vacancy represents a lateral or demotion including surplus trainees applying for MP2 or equivalent and who were mixed and matched with employees who are not Management and Professional Trainees.
- c) Surplus employees who are Management and Professional Trainees who were not mixed and matched with employees who are not Management and Professional Trainees and who have greater seniority than Surplus Applicants who are not Management and Professional Trainees will have priority consideration for MP2 and equivalent vacancies before the applications from all other individuals other than those in (a) and (b) above.
- d) Surplus applicants from positions that are excluded from The Society (i.e. Society Equivalent Management Group Jobs (formerly MF)) and for whom the vacancy represents a lateral or demotion.
- e) Society-represented employees and Society Equivalent Management Group Jobs (formerly MF) applicants from a business unit that has invoked Article 64 and a JRPT has not completed its mix and match for whom the vacancy represents a lateral or demotion.
- f) Selection on a "best qualified" applicant basis from among regular Society-represented applicants, regular Society Equivalent Management Group Jobs (formerly MF) applicants, and applicants with recall rights under Article 64.30 or 64.41 (i).
- g) Selection on a "best qualified" applicant basis from among all other regular applicants from OPG.
- h) Selection on a "best qualified" applicant basis from among temporary employee applicants with OPG.
- i) External to OPG.

Assessment of the suitability of a surplus employee for a lateral or lower level placement opportunity will include education, experience, personal contribution factors and potential for training to perform the job requirements within a reasonable period of time (e.g. up to six (6) months). A surplus employee who is placed and who requires additional training to perform the job requirements with assistance to obtain the necessary training and development to perform the new job requirements. OPG will restructure the cost of retraining so it mitigates the disincentive in the redeployment of surplus staff.

A determination that none of the applicants in category (a) is qualified or qualifiable within a reasonable period of time is required before considering the applicants from the next category. The same is true with respect to categories (b), (c), (d), and (e).

See subsection 65.6.1 for priority consideration of applicants to Progression-In-Place Plan vacancies.

OPG agrees to grant priority to Society-represented employees in the business organization corresponding to The Society's bargaining unit who are surplus and to those who fall within subsection 65.6.3(e) who apply for positions excluded from all union jurisdictions and for whom the vacancy represents a lateral or demotion, after the consideration of surplus applicants in the business organization corresponding to The Society's bargaining unit who are excluded from all unions for whom the vacancy represents a lateral or demotion and prior to consideration of all other applicants

65.6.4 In determining who is the best qualified candidate for positions, in each category of subsection 65.6.3, the primary basis for the selection of employees is their assessed capability to perform the necessary work. The selection criteria would normally include but not be limited to the following:

- a) requirements including skill, knowledge, education, experience, transferable/generic skills such as analytical skills, communications skills, project management skills, consulting skills, self-management skills, accountability, responsibility, etc.;
- b) the candidate's past track record and what she/he brings to the position;
- c) the candidate's potential to develop competence for more senior positions;
- d) the need to meet legislative requirements;

e) the need to balance the overall requirements of the work unit.

65.6.5 Employee selection measures which are used as aids in selection decisions shall be job related and be used in a manner that is fair and equitable to the individuals being assessed. Individuals will be entitled to prior knowledge of the selection criteria and be entitled to information with respect to their performance in the selection process upon request.

65.6.6 Some flexibility should be exercised in accepting late applications to advertised vacancies after the closing date in order to permit employees a fair opportunity to continue employment yet still allowing the Business Unit to resource expeditiously.

Where the closing date is FIRM, it must be stated clearly in the vacancy posting that late applications will not be considered.

a) Surplus and non surplus employees are normally expected to have made application to a vacancy by the closing date.

b) It is recognized that in some instances, there will be applications filed after the official closing date. In these cases, unless the closing date is FIRM, late applications must be filed with the advertising location NOT later than the date that the "short list" of applicants is finalized for formal consideration.

- The term "Short List" refers to the first list of applicants who Management plans to interview for a vacancy.

c) Employees who have applied for vacancies and are later declared surplus have until the "short list" date to notify the advertising location of the change in their status.

65.6.7 Applicants to advertised vacancies are to be advised of the status of the vacancy (and of their applications) within a reasonable period of time for each successive step they qualify for.

65.6.8 When outstanding vacancies remain unfilled for longer than six months, employees in the work unit concerned should be advised of the reason for not filling such vacancies.

65.6.9 All positions on Salary Schedules 01, 02, 03, 04, 05, 08, 09, 10, 11, 12, 13, 15, 22 which are excluded under the Recognition Clause and first-level ESR vacancies including rotational opportunities expected to last longer than six months will be posted on appropriate bulletin boards (and through electronic means where possible).

65.6.10 Release of Employees Selected to a Vacancy**Intent:**

- (a) OPG will strive to facilitate the expeditious release of employees who are selected to a vacancy.
- (b) Normally, employees should be released within 90 days of the vacancy selection. In the event that a release date greater than 90 days appears likely, Management will discuss the reasons for the delay and a release date with The Society.

66 Salary Treatment For Promotions, Temporary Assignments, Lateral Transfers and Demotions
66.1 Definitions

Band Hierarchy (low to high): MP-2, MP-3, MP-4, MP-5, MP-6

For further clarity:

- Schedules 03 and 09 shall be treated as lateral pay schedules for the purpose of movement of employees between these two schedules under the Collective Agreement when considering two positions at the same salary band/step.
 - A change of position that results in a change in step and/or band will be considered "a job change" per Article 23 and will reset the annual progression date to the effective date in the position.

"Promotion":

This occurs when an employee is appointed to a position in a higher band.

"Lateral Transfer":

This occurs when an employee is appointed to a position in the same band.

"Demotion":

This occurs when an employee is appointed to a position in a lower band

The parties recognize that employees in PIP positions accepting positions outside of their present PIP family will receive the equivalent treatment in so far as promotions, lateral transfer and demotions as if their status in their PIP

(MP 2, MP 3 or MP 4) was on the corresponding band. The parties further agree that progression in a PIP will not be considered a promotion.

66.2 Promotion

66.2.1 It is normally expected that an employee will receive a salary increase upon promotion to compensate for the greater demands and responsibilities of the new, or revised job.

66.2.2 A grandfathered employee may receive a promotional increase when selected to a position in a higher band, and this increase may result in the employee being still above the band in the new position.

66.3 Reclassification as a Result of a Job Re-evaluation

66.3.1 Reclassification may occur under several circumstances:

- a) when the salary band for a job increases with no change in the employee's actual job duties/responsibilities;
- b) when the employee has been and will continue to perform additional job duties/responsibilities;
- c) when additional job duties/responsibilities are to be added to the job.
- d) Reclassification as a result of (a) or (b) above will result in the employee being placed in the step nearest to a 6.6% increase in the higher salary band.¹⁵
- e) Reclassification as a result of (c) above will be considered a promotion.

However, at his/her next automatic annual progression the employee will be eligible to be placed at the appropriate step as before the reclassification, that represents a salary increase at the step nearest to a 6.6% increase in the higher salary band.¹⁶

- f) A grandfathered employee shall receive the reclassification increases in points d) and e) above. These increases may result in the employee being still above the band in the reclassified position.

¹⁵ The reference to 6.6% in Article 66.3.1 d) shall be interpreted as 6.6% per band of reclassification. Note: as per grievance settlement for OPG 1399/OPGI-2009-2618 signed August 2010.

¹⁶ The reference to 6.6% in Article 66.3.1 e) shall be interpreted as 6.6%, regardless of level of reclassification. Note: as per grievance settlement for OPG 1399/OPGI-2009-2618 signed August 2010.

g) Positions reclassified under this Article shall retain their previous automatic progression date.

66.3.2 Short-term increases in the employee's actual job duties/responsibilities do not require reclassification but may be subject to the relief provisions of this Collective Agreement.

66.3.3 Retroactive payments, if any, that result from reclassification either because of a Management or employee-initiated job review will be limited to a maximum of one year prior to the date of the job review request. The employee must have performed the relevant duties and responsibilities which resulted in the reclassification during this period in order to qualify for retroactivity.

66.3.4 Retroactivity which results from a reclassification decision will be paid within 60 calendar days of the final decision on the rating.

66.4 Temporary Assignment in a Higher-Rated Job

66.4.1 From the first working day performing in a higher-rated job an employee shall receive:

- a) a salary increase whereby, as a minimum, the employee is placed on the step nearest to a 3% increase when assigned to work in a position one or two bands higher than the employee's normal job;
- b) a salary increase whereby, as a minimum, the employee is placed on the step nearest to a 5% increase when assigned to work in a position more than two bands higher than the employee's normal job.

66.4.2 To be eligible for the payments above:

- a) the position must be filled to satisfy operating requirements; and
- b) the employee must perform all or most of the normal job duties of the position as expected during the course of the assignment.

Where a temporary assignment to a higher-rated position is discretionary and optional for the employee, pay treatment is also discretionary. Discretionary means that the temporary assignment is not required to be filled to satisfy operating requirements, in the opinion of OPG, and represents a developmental opportunity.

66.5 Lateral Transfer

Normally, an employee who is appointed to a lateral position should receive no increase in current pay.

66.6 Demotions

An employee who voluntarily accepts placement in a lower rated position will result in an individual being brought across at the same step in the new band. In the event that the employee is paid above the top step of the band the individual will have his/her current base salary dollars frozen until the employee's current pay entitlement as determined by the salary band and step exceeds the frozen level. An employee may apply to The Society in advance of submitting a job application and/or acceptance of a job offer for an exemption from this provision. Exceptions that occur as a result of performance management (Clause 65.6.1 (c)) require advance consultation with The Society.

67 Purchased Services Agreement (PSA)

Except as indicated by Letter of Understanding (LOU) **193**, Article 67 is suspended for the term of LOU **193**. Purchased Services for this term are governed by LOU **193**.

67.1 Scope

This Agreement was developed jointly in a spirit of co-operation and trust. It is intended to provide a joint approach to making good business decisions which involve the use of purchased services. Its application calls for these decisions to be made in the same spirit of co-operation and trust.

What follows is based upon the belief that there is value and benefit to the employee, the Company and the customer if:

- There is a greater involvement and therefore responsibility by employees in all aspects of the decision making process.
- There is an improved understanding as to why purchased services are used.
- Employment security and career opportunities are enhanced by a productive, healthy and cost effective organization.
- We collectively strive for excellence by continuously improving whatever we do and by fully utilizing the capabilities of all employees.
- The Society and Management work together and act responsibly balancing the interests of the customer, the Company and the employee in decisions relating to the use of purchased services.

This is a way of deciding how work gets done. It is not intended to hinder getting work done.

67.2 Assignment of Work**67.2.1 Philosophy**

It is the Company's intent to use Society represented staff to perform most of its work where they are able to perform it well and effectively. Furthermore, the Company will strive to provide regular staff with stability of employment.

The parties agree that a consistent, managed, joint approach to the assignment of work within the Company is necessary to provide security and career opportunities for employees, a more effective, productive organization and an excellent product for the consumer.

67.2.2 Principles

The following principles apply to the relationship between the Company and The Society with respect to the work performed by Society represented staff.

- a) We will within OPG have all work conducted as effectively as possible.
- b) We will measure the effectiveness of all work by its impact on staff, on the business, on the environment and by its ultimate impact on our customers.
- c) We will do most work with Society represented employees if they can perform it well and effectively.
- d) We will determine when work is to be done by non-Society represented staff through a joint decision making process and the results of these decisions will be a joint responsibility.
- e) We will use the enhanced surplus staff agreement for employees who are surplus as a result of contracting the work they normally would have performed.
- f) We will use a team and consensus approach when making decisions and any issues arising will be resolved internally, where possible.
- g) We will consult and make timely decisions consistent with the need to get work done.
- h) We will develop, implement and continue a joint process of communications and education.
- i) We will achieve consistency through the use of these principles versus policy and procedure.

67.3 Decision Process

67.3.1 Responsibility for Decisions

The persons who are responsible for applying the decision process, including making timely decisions and taking responsibility for them are the Company representative with the appropriate decision authority and The Society representative designated by The Society. It is recognized that a given decision may require the involvement of more than these two persons.

67.3.2 Opportunity

The parties recognize that work may be done more effectively internally or externally. Opportunities for the application of this Article to new or existing work can be initiated by Management and/or The Society. It is intended that joint discussion should commence as soon as possible and before detailed definition of the need to have new or existing work done by purchased services.

67.3.3 Definition of Need

The parties will consider what work must be done and why and include such dimensions as:

- when it must commence and the duration of the work; the quantity of resources required;
- the quality of the results;
- the skills required and their availability internally and externally; and
- safety requirements.

67.3.4 Alternatives

The parties will consider such alternatives as:

- do the work internally;
- do the work internally and plan to do it externally in future;
- do part of the work internally and part externally;
- do the work externally and agree to acquire capability to do the work internally in future; or
- do the work externally.

67.3.5 Evaluation

The parties will evaluate the alternatives considering the impact on the customer, employees and the business. The total effectiveness of the alternatives will be evaluated considering both the short and

long-term impacts. In given situations, certain criteria may be given a greater or lesser degree of importance. Such criteria as:

- reliability of service to the customer,
- responsiveness to customers,
- community impact,
- Corporate relations impact,
- external stakeholder interests,
- employment continuity,
- career opportunities,
- ability to perform work,
- degree of overtime required for the work,
- availability of resources,
- cost,
- timeliness,
- quality,
- need for control over results,
- safety, and
- impact on environment will be assessed.

67.3.6 Decisions to use purchased services will be made on a consensus basis. Both parties must consider all the relevant criteria with the mutual goal of selecting the most effective option. When appropriate, consideration should be given to developing implementation plans.

The parties agree that disputes arising out of this process must be resolved internally, where possible. Where the parties cannot reach agreement, the parties will apply the dispute resolution process set out in 67.4.

67.4 Dispute Resolution Process

67.4.1 Joint Resolution Committee (JRC)

The purpose of this Joint Committee is to resolve disagreements or disputes between the parties on a consensus basis in a timely and expeditious manner. In its deliberations, the JRC will consider the factors in items 67.1, 67.2 and 67.3.

Prior to a meeting of the JRC, the Company will provide The Society with the following information related to the proposed purchased service.

- copies of the Tender or Request for Proposal documents, if there are any;
- an accurate description of the work which is the subject of the proposed purchase service;

- accurate details on bids, e.g., price, scope of the work as set forth in the bid;
- a full cost benefit analysis including incremental costs but excluding overhead costs which would be incurred.

67.4.2 Membership

The membership of the JRC shall be as follows:

- (a) William Kaplan shall act as Chairperson of the JRC and as a facilitator/arbitrator. The Chairperson shall assist the parties to resolve all issues of application and interpretation of this Article with the power and authority of an arbitrator under the Ontario Labour Relations Act but not subject to the Arbitrators' Act.
- (b) One Management and one Society representative plus additional resources as required.
- (c) In the event of the parties not being able to reach a consensus decision the facilitator/arbitrator will have the power to make decisions and will have the authority to make such orders as he/she deems appropriate to give full effect to his/her decision(s) and to deal with any consequences his/her decision(s) might have in the workplace.
- (d) Where either party wishes to proceed with a Purchased Services discussion, the parties will endeavour to complete discussion within 10 days of notice to The Society in the prescribed form and that full resolution, including review by the JRC, will occur within 30 days of notification.
- (e) Where the Company proceeds unilaterally on the basis that an emergency exists, The Society may request that the JRC and/or the facilitator/arbitrator review the matter, provided that a request for review is made within 3 days of receipt of the information as per 67.4.1 above. If the facilitator/arbitrator determines that an emergency did not exist he/she may impose such remedy as may be appropriate in the circumstances.
- (f) The Society will not be prejudiced in any subsequent case by a particular purchase of services. Similarly, the Company will not be prejudiced by any decision not to purchase services.

67.4.3 It is understood that emergencies are in a different category. In the case of an emergency, the joint decision provisions of this Article need not be applied. The Company will notify The Society as soon as it has determined that an emergency exists and that it will proceed unilaterally. The JRC and/or the facilitator/arbitrator may review the decisions made by the Company that an emergency existed.

67.5 Structure**67.5.1 Joint Society Management Committee (JSMC)**

The JSMC has overall responsibility for this Article and its success. It is responsible for ensuring that the Article is implemented and applied in a manner which is consistent with the philosophy and principles outlined in Sections 67.2.1 and 67.2.2. It will conduct a periodic assessment and evaluation of this Article and determine the need for any improvements and changes. The committee will strive for continuous improvement of the process contained herein.

67.5.2 Joint Purchased Services Team

The Joint Purchased Services Team will assist the JSMC in achieving its mandate relative to the use of purchased services. It will be responsible for developing and delivering training and awareness programs and ongoing measurement of the process and results.

67.6 Application

67.6.1 The parties will jointly develop implementation plans for approval by the senior management of the Company and The Society. These implementation plans will include a plan for training employees involved in the decision process.

67.6.2 Where a service is obtained for the OPG bargaining unit from a business which has Society-represented employees who are providing the service, The Society will agree to waive the application of Article 67 (Purchased Services Agreement – PSA) provided that such purchased service does not directly result in a surplus of Society-represented staff in OPG. Article 67 shall be applied in the service provider bargaining unit or business where the service provider wishes to purchase external services in order to provide service to another OPG bargaining unit.

67.6.3 OPG and The Society agree to consider waivers of Article 67 for those organizations, partnerships and service providers who will in the long term enhance OPG competitiveness through cost reductions and productivity improvements.

68 Hours of Work

68.1 The Salary Schedule 03 applies to 35 hours of work per week, with regular scheduled hours between 35 and 39 hours per week paid on a prorated basis. Schedule 09 applies to 40 hours of work per week.

Schedules 03 and 09 shall be treated as lateral pay schedules for the purpose of movement of employees between these two schedules under the Collective Agreement when considering two positions at the same salary band/step.

68.2 OPG will comply with legislative requirements regarding hours of work.

68.3 Reduction of Hours of Work

An employee who is selected to a vacancy having less hours than their present position, or the standard hours of their present position are reduced by management, shall have their hours of work reduced in accordance with article 64.26.2.

69 Article 69 (Formerly the RWE Article) has been deleted

70 Alternate Hours of Work Arrangements

70.1 Principles

70.1.1 That any alternative arrangements will positively affect our customers. That cost, quality, service and value are key to our success.

70.1.2 That work is best achieved when individuals manage their own time and accept the accountability and the responsibility for the results.

70.1.3 That processes for negotiating and establishing hours of work arrangements will be uniform across OPG, and accessible to all. The processes will be designed to ensure equitable treatment. However the results of applying the processes may differ from location to location and unit to unit.

70.1.4 That decisions should be made at the most appropriate level that is closest to the work being done.

70.1.5 That individual concerns will be factored into group proposals and wherever possible, participation in changed hours of work will be on a voluntary basis.

70.2 Application

The procedure described in this Article applies to all forms of alternate hours of work arrangements.

70.3 Definitions

"STANDARD HOURS OF WORK" are to be worked to provide coverage for the business hours. For people assigned to day work, the standard hours of work shall not begin before 7:00 a.m. nor end after 6:00 p.m. They are:

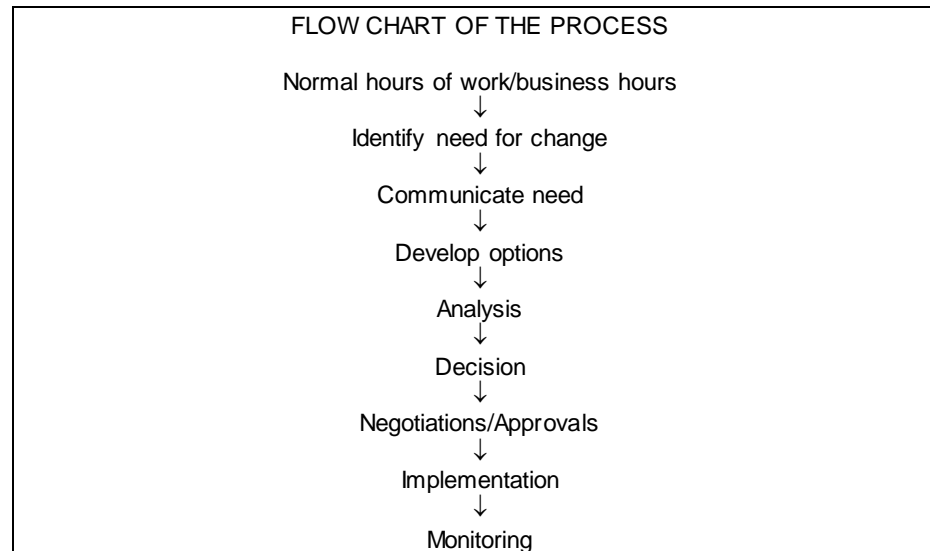

- for 35 hour/week staff - Monday through Friday, 7 hours per day; and
- for 37.5 hour/week staff - Monday through Thursday, 8 hours/day and 5.5 hours on Friday; and
- for 40 hour/week staff - 8 hours per day, Monday through Friday.

In the absence of any other agreed upon arrangements these are the hours which will be worked. In situations where there is need for 24 hour and/or 7 day/week coverage the hours of work will be a matter of local arrangement.

"NORMAL HOURS OF WORK" are either the standard hours of work or another arrangement as agreed upon using this process.

"STANDARD BUSINESS HOURS" are determined by the needs of the business and the customers.

"NORMAL BUSINESS HOURS" are either the standard business hours or another arrangement as agreed upon using this process. The normal business hours are just a variation on the standard business hours. They would normally arise from a change in customer needs.

70.4 Overtime

Hours worked in excess of the normal hours of work will be considered to be overtime except where there has been agreement between the supervisor and the employee for the employee to work in excess of normal hours to make up time.

The pay treatment for Saturday and Sunday will form part of the Agreement which establishes the normal hours of work.

70.5 Process**70.5.1 Identify Need for Change**

Identification of the desire for change can come from Management, an individual or a group. A request to change business hours would normally come from Management whereas a request to change working hours would normally come from an individual or group. Where a change to the hours of work for a group is being considered, The Society will be informed and involved in the discussions.

70.5.2 Communicate Need for Change

A request for a change should be communicated to the other party in order that deliberations can begin. Requests will be actively considered by the other party within a reasonable period of time. The process will be joint (Society and Management) and will use a collaborative approach in which the needs and interests of the parties are discussed in an open and honest manner and decisions are made by consensus.

70.5.3 Develop Options

A list of options will be jointly developed and agreed upon. As a minimum, the following criteria will be considered when analyzing the options:

- customer needs
- business needs
- maximum/minimum number of hours that can be worked daily
- overtime/premium provisions
- employee needs
- health and safety considerations
- legal and contractual considerations

70.5.4 Analysis

All options should be analyzed using appropriate tools and measures. The analysis should include a discussion of the options

considered, their relative merits and the rationale for the recommendation.

70.5.5 Decision

All decisions will be reached by consensus. If consensus is not achieved then the existing "normal" hours remain in effect.

Consensus means everyone can live with and publicly support the outcome.

70.5.6 Negotiations/Approvals

Negotiations and/or approvals should occur at the appropriate level closest to the situation. The line Director will determine the appropriate level of Management approval and in all cases the Management approval must be outside of the bargaining unit. If necessary, Letters of Understanding will be established between Management and The Society to document normal hours of work or normal business hours.

All parties to negotiations under Article 70 should negotiate with the support of principals who will ultimately approve negotiated conditions.

70.5.7 Implementation

Implementation will be on a trial basis initially for an agreed upon length of time and with appropriate cancellation provisions. Criteria for success/failure must be established.

70.5.8 Monitor

The trial will be monitored and evaluated against the criteria. The accountable manager is responsible for monitoring the arrangement.

Following a successful trial period the hours (business hours of work) used in the trial period will become the new normal hours.

Monitoring of key indicators will continue to ensure that the arrangement remains viable.

In the event that the viability ceases to be realized, as determined by either party, the hours of work will revert to the previous "normal" hours unless the parties can jointly find another mutually acceptable alternative. When either party is making a determination about viability it must consider the previously established criteria for success/failure.

71 Reduced Hours of Work (RHOW) Arrangements**71.1 Principles**

- 71.1.1 Employees working RHOW are regular employees and have equal access to all OPG policies and agreements (e.g. employment continuity).
- 71.1.2 The RHOW arrangement must be mutually beneficial and acceptable to both the employee(s) and to OPG.
- 71.1.3 The benefit entitlement will be prorated, wherever possible and appropriate.

71.2 Definitions

A "REDUCED HOURS OF WORK (RHOW) AGREEMENT" is a formal arrangement which individual employees can enter into with Management to perform work over a period of time by working less than the base hours for a full-time position. A RHOW agreement could apply to one individual or two or more in a job sharing arrangement.

"WORK UNIT" is an organizational grouping of employees and may be as small as a crew or as large as a Business Unit.

"BASE HOURS" are used to establish the rate for a full-time position; such as 35, 37.5, or 40 hours per week.

"NORMAL (SCHEDULED REDUCED) HOURS" are the agreed upon reduced hours of work, which are less than the base hours, and form the basis for prorating benefits.

71.3 Guidelines

In determining if a RHOW arrangement is acceptable, the following factors will be considered:

Productivity levels will be maintained or improved. There should be identification of how this change will potentially affect the productivity of the work unit (including assumptions and rationale used to assess the impact), and identification of the proposed method for follow-up and measurement of productivity impact(s) resulting from the change.

The need to maintain staff capability on an ongoing basis is to be taken into account. Identification of the staff capabilities required by the work unit to maintain effective operations, and how the reduced hours of work arrangement will accommodate or improve this capability should occur.

The appropriate level of service to both external customers and internal customers/clients should be provided. There should be identification of the customers/clients of the work unit and the service provided by the work unit to these customers/clients, and anticipation of the impact of the reduced hours of work arrangement on the service provided.

Effective work flow among work units will be maintained. Other work units impacted by the change, and the anticipated impact of the reduced hours of work arrangement on the work flow among the work units should be identified.

Requirements for supervision must be taken into account. Potential issues relating to supervision (e.g., span of hours), and how the work unit plans to deal with these issues should be determined.

The change to reduced hours should be agreeable to both Management and the employee(s) involved. A written Reduced Hours of Work Agreement must be signed to confirm that this matter has been agreed upon by the parties involved.

71.4 General Conditions - Reduced Hours Arrangements

71.4.1 Advertised Vacancies, and Employment Continuity

Employees who are on Reduced Hours are regular employees and will be treated accordingly. Therefore, they will be: (a) eligible to apply and be considered for advertised vacancies; (b) given annual performance reviews; (c) have access to the Employment Continuity Article.

71.4.2 Established Commencement Date (ECD)

ECD will be manually adjusted at the beginning of each year, to reflect the normal (scheduled reduced) hours worked in the previous year while on Reduced Hours, or at such intervals as may be necessary, to reflect the equivalent full years worked. ECD will not be adjusted for sick leave purposes.

71.4.3 Vacation Credit Date (VCD)

The VCD will not be adjusted. It will reflect calendar years. This date affects vacation bonus entitlement for all eligible staff and includes all Hydro service regardless of breaks. It may be different from the ECD.

71.4.4 Service Recognition Date (SRD)

For recognition of 5, 15, 25, and 40 years of service with OPG and consistent with the provisions of section 9.3 of the 2006-2010 Collective Agreement, the SRD will not be adjusted.

71.4.5 Wages

Reduced hours employees will be paid for normal (scheduled reduced) hours worked, based on the hourly rate for their base hours. Wages will be prorated based on the proportion of the normal (scheduled reduced) hours of work compared to the base hours of the work unit or the appropriate full-time position.

Example: Base Hours = 35 per week.

Base Salary = \$700.00 per week.

Normal (Scheduled Reduced) Hours = 21 per week.

Normal (Scheduled Reduced) Hours Salary =
\$700.00 x 21/35 = \$420.00 per week.

71.4.6 Pension Plan**71.4.6.1 Pension Plan Membership**

New employees working reduced hours must apply for membership in the Pension Plan after completing 24 months of continuous service, subject to the following conditions:

- accumulated earnings, including overtime, must equal 35% of the Year's Maximum Pensionable Earnings (YMPE);

and/or

- all accumulated hours, including overtime, must equal 700 (scheduled reduced) hours in each of the two previous calendar years.

71.4.6.2 Pension Plan Deductions

Once qualified as above, Pension Plan deductions for Regular Reduced Hours employees will be based on base earnings for the position and then pro-rated in proportion to the ratio of normal (scheduled reduced) hours to base hours.

Example:	Base rate (earnings)	\$45,000
	Base hours	35
	Normal hours	20
	YMPE for year	\$32,000

Calculate 7% of the base earnings ($7/100 \times \$45,000 = \$3,150$)

Calculate proportional Pension Plan contributions ($\$3,150$)
($20/35 \times \$3,150 = \$1,800$).

Calendar service will be used to determine eligibility for retirement and death benefits (currently for pension purposes as Eligible Service or Continuous Employment).

Service credit to define the years of Pension Plan membership (years of membership in the Pension Plan) for pension calculation purposes (currently defined by the Effective Date on Pension and Insurance) is prorated. See pension calculation example below.

The Service Credit starts from the date of joining the Pension Plan.

Service for termination benefits is to be credited on a calendar basis starting with the date of hire and is not prorated.

71.4.6.3 Pension Calculation

The following is an example of how the pension of an employee in a Reduced Hours of Work arrangement would be calculated. Assume an employee has the following years of employment: 20 years full-time, followed by 5 years of 50% part-time, and then 10 years full-time.

For pension eligibility purposes the employee has 35 years' service, i.e. $20 + 5 + 10$ to calculate the amount of pension to be received the part-time years are pro-rated.

$20 + 5/2 + 10 = 32.5$ years pensionable service
 $30 + 5/2 \times 2\% = 65\%$ pension.

If the reduced hours years were the last five years, i.e. 30 years full-time + 5 last years at 50% part-time, the part-time earnings would be annualized as follows, assuming the part-time earnings are \$25,000 or 50% of the yearly rate of \$50,000 for the last three years of employment.

The calculation is as follows:

$(30 + 5/2) \times 2\% = 65\%$ pension
annualized pension is $\$50,000 \times 65\% = \$32,500/\text{year}$.

71.4.7 Life Insurance

Coverage is dependent upon being a member of the Pension & Insurance Plan. The basic insurance (2 times salary) plus any additional term insurance will be prorated in accordance with the prorating of wages above.

71.4.8 Health and Dental Benefits

Employees will have the option of receiving full benefit coverage for semi-private hospital, extended health benefits, and/or dental benefits, by using payroll deduction to reimburse OPG the cost consistent with the appropriate pro-ration. For example:

If an employee works 21 hours per week, he/she would be subsidized for 21/35 or 60% of the costs and he/she would pay the remaining 40%. If an employee chooses not to pay the remaining prorated percentage, there will be no coverage.

71.4.9 Sick Leave

Restoration of sick leave credits for days used will be in accordance with the Sick Leave Plan provisions.

Sick leave should accumulate at the regular times (January 1 or July 1). While ECD is adjusted for other purposes, sick leave accumulation and restoration dates should remain unchanged.

Annual sick leave credits will be prorated, based on normal hours worked.

Example

100% Entitlement Accumulation

- Employee works 21 hours per week $21/35 \times 8 \text{ days} = 4.8 \text{ days}$, rounded to 5 days.

75% Entitlement Accumulation

- Employee works 21 hours per week $21/35 \times 15 = 9 \text{ days}$.

Rounding should be to the nearest half day. Time Reporting for vacation, sickness, accident and overtime, etc. will be the same as for any other regular employee.

71.4.10 Long Term Disability (LTD)

LTD is dependent upon being a member of the Pension & Insurance Plan and benefits will be based on the employee's normal (scheduled reduced) earnings, excluding overtime and allowances.

71.4.11 Accident Insurance

Employees are eligible for 100% benefit.

71.4.12 Statutory Holidays

Both the entitlement to statutory holidays and the payment for the statutory holidays will be prorated. The following table illustrates the entitlement:

Days Worked Per Week	Number of Days Entitled to Per Year
1	2
2	4
3	8
4	9 ¹⁷
5	11

The pay on a statutory holiday will be equal to the pay for the average daily hours of the RHOW employee. For example:

An employee works 4 days per week @ 5 hours per day. In accordance with the entitlement table above the employee is entitled to 9 statutory holidays per year. Payment for each statutory holiday will be for 5 hours since that is the average of the 4 days per week the employee works.

71.4.13 Floating Holidays

These will be prorated in the same manner as statutory holidays, i.e. both the entitlement and the payment on the days will be prorated. For example, an employee who works 3 days per week and 7 hours on each day worked will receive:

$$3/5 \times 3 \text{ days} = 1.8 \text{ rounded to nearest half day} = 2 \text{ days}$$

the payment for each day will be for 7 hours since that is the average hours per day the employee works.

¹⁷ Updated due to the addition of Family Day to Statutory Holidays

71.4.14 Vacation

- A. Less than 1 year - 4% of accumulated wages.
- B. For one year, or more:

Vacation entitlement will be based on calendar years (i.e. VCD). The entitlement in any given year will be prorated based on the average number of days worked per week and the actual payment for those days will be based on the average number of hours worked per day.

Example - (a)

A regular full-time employee who commences RHOW on January 1 and who otherwise would be entitled to 20 days' vacation, contracts to work 3 days per week at 7 hours per day (21 hours per week), for the full vacation year, while the remainder of the work unit works 35. The vacation entitlement will then be:

$$20 \times 3/5 = 12 \text{ scheduled days off.}$$

The payment on each of the 12 days would be for 7 hours pay since that is the average number of hours the employee works per day. Therefore the total pay will be 12 days @ 7 hours pay = 84 hours pay.

Example (b)

An employee who works 5 days per week but works only 4 hours per day.

$$20 \times 5/5 = 20 \text{ scheduled days off}$$

The payment for each day would be for 4 hours since that is the average number of hours the employee works per day. Therefore the total pay will be 20 days x 4 hours pay = 80 hours pay.

71.4.15 Overtime

The normal lieu time provisions will apply. Overtime will be paid at appropriate rates for:

- hours worked beyond the base full-time hours on a day (unless additional hours are part of the RHOW arrangement);
- hours worked beyond the base full-time hours in a week;
- hours worked on a Saturday, Sunday or statutory holiday that is not a normally scheduled day.

71.4.16 Pregnancy/Parental Leave

Employees will be eligible for pregnancy/parental benefits. Coverage will be based on normal (scheduled reduced) earnings and normal (scheduled reduced) hours.

71.4.17 Unemployment Insurance Contributions

This is based on gross earnings (which includes overtime premiums, shift differential, etc.).

71.4.18 Canada Pension Plan (CPP)

CPP contributions are based on gross earnings.

71.4.19 Workers' Compensation Benefits

Entitled to 90% of normal weekly net earnings, plus a supplementary grant (total is 100% of normal weekly net earnings).

71.5 Termination of the RHOW Agreement

The initial period of a RHOW arrangement will be considered to be a trial period. The length of the trial period is to be determined by the parties but will not normally be longer than 1 year. If problems are encountered during this period, the employee(s) and the supervisor will attempt to find a solution(s). In the event that these efforts are not successful the RHOW arrangement can be cancelled by either party with 30 days' notice.

After the trial period, situations may arise where the RHOW is no longer working or the workload has increased or decreased. In such situations alternate arrangements can be tried. These could include offering additional hours/days (if there is some) to the RHOW employee, or advertising another RHOW arrangement to make up any difference.

In situations where the workload increases, the employee working the reduced hours will have the first option of working the additional hours. The employee could choose not to work the additional hours. If satisfactory alternative arrangements are not found, Article 64 will be applied.

An employee who wishes to terminate the arrangement has the same rights to vacancies as full-time employees. If unsuccessful in obtaining another position or in negotiating a new arrangement with Management, and the employee terminates the arrangements, the employee will be considered to have resigned from OPG.

71.6 Responsibilities*The Employee(s):*

The employee(s) should discuss his/her interest in a Reduced Hours of Work Agreement with the manager/supervisor. An employee who wishes to work Reduced Hours should prepare a proposal for doing so. The proposal should include a current job description and ways in which the job requirements could be met under a Reduced Hours of Work Agreement. It should include suggestions for methods of communication among Regular staff members,

their managers/supervisor, customers and clients with whom the job interfaces, as per the Guidelines (Section 71.3).

The Manager/Supervisor:

The Manager/Supervisor is responsible for determining if a Reduced Hours of Work Agreement is appropriate and in certain instances may initiate action to implement such an arrangement. The Manager/Supervisor will discuss the possibility of a Reduced Hours of Work Agreement with interested employees to assist them in establishing appropriate arrangements. The Manager/Supervisor will identify issues specific to the job which need to be addressed, inform employees of their entitlements and approve the proposed Reduced Hours of Work Agreement after the appropriate review.

The Manager/Supervisor is responsible for ensuring that the productivity in the work unit does not deteriorate as the result of a Reduced Hours of Work Agreement. If productivity is seen to decline, the supervisor should work with the incumbent(s) to identify ways to improve the situation.

72 Peak Demand Hours Arrangements / Project Crews

72.1 Intent – Peak Demand Hours

The intent of this Article is to establish a framework of treatment of employees who by the nature of their jobs, are likely required to work Peak Demand Hours that are more than their normal work week and/or hours different from their normal hours during peak work load periods of the year, and less than the total hours in a normal work week during other parts of the year.

Once it has been decided to apply this Article within a business unit, Management will meet with The Society to jointly agree on the formation of a joint team. The application of this Article will be done by local joint teams which will determine how best to apply these guidelines in their particular situation. That plan could involve staffing the arrangement with volunteers on a test basis. The volunteers would have to volunteer for the full 12 month cycle. The fact that an individual did not volunteer will not negatively reflect on his/her performance evaluation. The results of that test application could be reviewed by the local joint team. This review might result in revisions to the arrangement. The local teams are not required to rigidly adhere to the guidelines below and may revise them as they deem appropriate.

Any disputes concerning the application or implementation of Article 72 shall be referred to the JSMC for resolution. Any resolution by the JSMC shall be final and binding but if the JSMC is unable to resolve the issues, either party might refer the item to “interest” arbitration for resolution.

It is expected that ultimately the arrangement would become a Letter of Understanding.

The following are definitions and guidelines for the implementation of peak demand hour arrangements.

72.1.1 Definitions

Normal Work Week: For purposes of this Article, a normal work week will mean the total of the standard hours normally worked during a pay period, outside of the peak work load periods.

Normal Hours: Normal hours worked outside of a peak work load period (as per Article 70).

Peak Work Load Period(s): One or more periods during the year in which the expected magnitude or nature of the work to be performed reasonably requires employees to work more than their normal work week, and/or hours different from their normal hours. Peak work load periods may be the result of a need to minimize equipment downtime, or other factors which are expected to occur every year.

Peak Demand Workers: Employees who are likely required to work more than their normal work week, and/or hours different from their normal hours during peak work load periods, and less than their normal work week during other periods of the year.

72.1.2 Intent

- a) Peak demand workers may be required to work normal hours, or scheduled hours on a work and/or shift schedule which are different from their normal hours, and which, in total, may exceed their normal work week during peak work load periods. Scheduled hours worked in excess of the normal work week will be “banked” and taken as time off (consistent with the conditions outlined in this Article), during periods of the year when the work load may not require all of the normal hours available.
- b) Work and/or shift schedules, and all other administrative matters regarding the hours of work for peak demand workers will be determined within the business unit, subject to the conditions contained in this Article.
- c) The design of work and/or shift schedules and other hours of work arrangements will give consideration of the requirement to perform work in the most effective, efficient and safe manner.
- d) The design of work and/or shift schedules and other hours of work arrangement will give consideration of the need to maintain good working relationships within the affected group and the relativity to other employees not covered by this Article.

72.1.3 Conditions

- a) The peak work load periods will be declared prior to the start of the year for the entire year. The declared peak work load periods for the year will not be less than four weeks' cumulative duration (or normal conditions for the employee will apply). The declared peak work load periods will not exceed 26 weeks of the year cumulative duration. For purposes of this Appendix, the year may be any designated fiscal year which will not be changed for the work group once established.
- b) Peak demand workers may be assigned to normal hours, work and/or shift schedules that average more than the normal work week during the declared peak work load periods. Other articles in this Collective Agreement regarding shift work, hours of work, and standard hours do not apply during declared peak work load periods, except:

Articles 59.3, 60.4, 61.2 and 61.3 regarding shift allowance for work schedules on weekends, and nights; and special conditions for 12 hour shifts as per Article 61.6.
- c) Management will strive to provide at least seven days' notice of an assignment to a work or shift schedule that requires work outside of normal hours during the declared peak work load periods. However, any hours worked outside of normal hours without at least three days' notice will not be considered scheduled work for purposes of this Article.
- d) Work performed outside of scheduled hours is overtime and will be compensated at the appropriate overtime rate(s).
- e) During the declared peak work load periods, an amount equal to the number of scheduled hours worked each week in excess of the normal work week will be "banked". The banked time will be taken as time off at straight time during times of the year outside of the declared peak work load periods, subject to meeting work requirements. When possible, the time off will be scheduled by mutual agreement between the employee and Management. If work requirements have prevented an employee from taking his/her "banked" time off, the time remaining will be compensated as follows: for positive balances in the time bank remaining at the end of the year, the employee will receive payment at time and one-half for 50% of the hours and double-time for the balance.
- f) An employee's base wages will be maintained throughout the year, regardless of the number of scheduled hours worked per week during the declared peak work load periods, or hours taken off at straight time from the time balance "bank" during other periods of the year.
- g) The design of work and/or shift schedules used during the declared peak work load periods will be flexible to meet work requirements and consistent with the limitations of the appropriate legislation. Specific

rules to be adopted for the design of work and/or shift schedules for peak demand workers may include:

1. The length of a scheduled shift or extended work day cannot exceed 12 hours.
2. No more than 48 hours of work may be scheduled (i.e., exclusive of overtime) in a week.
3. The start of a scheduled shift or work period must be at least 24 hours following the start of the previous scheduled shift or work period.
4. At least eight hours of time off will be provided between work periods including overtime.
5. Although the content, preparation, costing and administration of work and/or shift schedules is the sole responsibility of the Corporation, the preference of the majority of peak demand workers to be assigned in the affected work group will be considered in designing the work and/or shift schedule.
6. Every attempt will be made to assign employees from those in the appropriate work group, to a work and/or shift schedule under this Appendix, on a voluntary basis. However, in the absence of sufficient qualified volunteers, the Corporation may assign specific individuals to perform the work.

72.2 Intent - Project Crews

The intent of this Article is to establish the treatment of employees who are required to work on Project Crews.

Once it has been decided to apply this Article within a business unit, Management will meet with The Society to discuss how best to apply these guidelines in their particular situation.

The following are the provisions in establishing the implementation of Project Crews:

- 72.2.1** To the extent possible, project crews will be staffed on a voluntary basis. The sequence for staffing will be as follows:
- a) Posted vacancy – senior best-qualified consideration of Society-represented applicants – Nuclear Business Organization;
 - b) Posted vacancy – senior best-qualified consideration of Society-represented applicants – all other Business Organizations;

- c) Posted vacancy – best-qualified consideration of all other applicants;
 - d) Failing a), b) and c) above and after consultation with the Society, OPG may force the junior qualified Society-represented employee on the site.
- 72.2.2** Employees on Project Crews are considered to be regular employees with all the terms and conditions and benefits as per the collective agreement, except as noted in these provisions.
- 72.2.3** Management will review the proposed use of the project crews with the Society and solicit input on the project crew(s) size, composition, source of staff for crew(s), proposed peak work times, etc.
- 72.2.4** Employees on the Project Crews will be entitled to the same number of yearly hours as a regular employee and be paid for those hours at straight time on the same basis as a non-Project Crew employee.
- 72.2.5** Each employee on the Project Crew may have a different number of hours available to work, due to the application of vacation rights, floating holidays, and statutory holidays. (e.g. 2080 hrs minus statutory holidays 80 hrs, minus 3 floating holidays 24 hrs, and appropriate vacation 2/3/4/5/6 weeks).
- 72.2.6** Employees may be required to work days or shift work on 8/10/12 hour schedules up to 60 hours per week and a minimum of 40 hours per week. Any overtime required will be paid at the appropriate premium rate.
- 72.2.7** Shift differential and payment for scheduled work on weekends and statutory holidays will be paid out on an as worked basis.
- 72.2.8** Management will post the project crew work schedule September 1 for the following year. This schedule will illustrate the blocks of time when and where employees will be required to work. The work schedule may be changed by providing affected employees with a minimum of 7 days notice in advance of the change. The adjustment can be no more than 14 days in either direction. Adjustments beyond 14 days may be made with either another notice or with Society agreement to the original notice. Failure to provide this notice will result in premium rates for only those days within the notice period that the employee had not been previously expected to work.

Employees will be entitled to establish blocks of time, up to vacation allowance, when they will be unavailable for work assignment(s). This time off cannot conflicted with the likely periods required for them to work.

- 72.2.9** The classifications required for project crews will be determined by the Company.
- 72.2.10** Any future hires to project crews beyond the signing of the Collective Agreement will be discussed with the Society Local Vice-President prior to their implementation.

73 Work Sharing

- 73.1** “Work sharing” occurs when sufficient members of a work unit agree to work fewer hours for reduced compensation in order to accommodate a temporary reduction in work load and to help maintain employment continuity in the event of an adverse impact situation under Article 64 - Employment Continuity.
- 73.2** Work sharing is a temporary arrangement. A work sharing arrangement will normally not exceed one year in duration but can be extended by mutual agreement. Beyond a period of one year, a work share arrangement will normally be governed by the terms and conditions of Article 71 - Reduced Hours of Work (RHOW) Arrangements.
- 73.3** The Society will be involved in the discussion and negotiation of the work sharing arrangement.
- 73.4** The size of the work unit involved in the work share will be the subject of joint agreement between OPG and The Society. The agreement of the employees participating in the work sharing arrangement must be obtained prior to implementation. A sufficient number of employees in the work unit must participate in order to make the work share a viable working arrangement.
- 73.5** Either party to a work sharing arrangement will have the right to terminate it with 30 days’ written notice. Following termination of a work sharing arrangement, the previous hours of work arrangement will be reinstated. Reduction in the number of employees in a work sharing arrangement through attrition, promotion, etc. will result in a joint review in order to ascertain the continued viability of the work share.
- 73.6** Employees participating in a work sharing arrangement remain regular employees.
- 73.7** Reduction in hours of work pursuant to a work sharing arrangement will not exceed 20% of regular hours and will be matched by an equivalent reduction in salary for a maximum of one year.
- 73.8** Employees participating in a work sharing arrangement will retain full benefits coverage during the term of the work sharing arrangement up to a maximum period of one year.

- 73.9** Pension, life insurance and LTD coverage will continue to be calculated against regular base earnings during the term of a work sharing arrangement up to a maximum period of one year.
- 73.10** Employees will not be declared surplus while participating in a work sharing arrangement. This section will be suspended during the operation of Article 64.

75 Teleworking

75.1 Definition of Teleworking:

Telework refers to an OPG employee who:

- Is working out of an office in his/her home;
- Does not normally have another office at OPG;
- Is not working at home on an occasional or casual basis.

75.2 Collective Agreement Standards:

Where OPG determines that teleworking may be implemented, the following provisions will apply:

- a) The arrangement will be mutually agreed upon and will be documented prior to commencement of teleworking;
- b) The terms and conditions of the Collective Agreement will apply except where modified by agreement among OPG, The Society and the employee;
- c) Teleworkers will not be required to meet with customers or other OPG employees in their home;
- d) Teleworking arrangements will be voluntary, and are subject to cancellation as locally agreed;
- e) Teleworking will not change the employment status of the teleworker;
- f) OPG will provide appropriate health & safety advice and guidance to the teleworker;
- g) OPG will provide appropriate business and personal security advice to the teleworker;
- h) OPG shall provide all furnishings/equipment it deems necessary to meet job expectations;
- i) OPG will pay for additional insurance costs, if required;
- j) If the teleworking arrangement is terminated then the employee will be entitled to relocation assistance as provided in the Collective Agreement;

- k) It is agreed that The Society represents employees who fall within The Society recognition clause of the Collective Agreement and who are teleworking;
- l) OPG will provide in a timely manner The Society with the names, business phone number and business address of teleworkers.

75.3 Local Agreements

Local management, the employee and The Society will agree on these items as part of a local agreement:

- performance measures
- relevant terms and conditions (e.g. travel)
- training where appropriate
- sunset (with a minimum term)
- cancellation

76 Direct Deposit

76.1 Employees will be paid bi-weekly by means of electronic deposit. Time exceptions (e.g. overtime) will continue to have a time lag. Such time lag will only be for the period required for the effective operation of the time reporting centers and pay processes.

76.2 Transition pay to be repaid to OPG deducting \$20 per pay period, commencing as soon as practical in 2006, from the gross pay of each employee until the transition week is fully repaid. If the employee's employment terminates prior to full repayment, any balance owing will be deducted from the employee's final pay.

77 Crossing Picket Lines of Other Unions

77.1 Employees will be required to cross picket lines of other unions in order to perform work at their regular/temporary work headquarters.

77.2 During such picket action, some flexibility with respect to the normal scheduled hours of work on the part of both Management and the employee is particularly desirable.

77.3 Normally, an employee who is prevented from arriving at work for his/her normal starting time due to such picket action will have his/her salary maintained without the requirement to make up the hours missed, subject to the following guidelines:

- a) An employee is expected to make a reasonable attempt to arrive at work at their normal starting time.

- b) If an employee who is late for work should have been able to cross the picket line without being late, the no work - no pay principle will apply.

78 The Provision of French Language Services

This Article provides the terms and conditions under which OPG complies with the French language Services Act (RSO 1986) as it applies to employees in the bargaining unit.

78.1 Designated Positions

OPG will designate positions that require French language capability, to the extent required by the Act. OPG shall determine the actual number of positions to be designated and which positions will be designated.

Changes to the designated positions require joint agreement between the local Contact Supervisor/Human Resources Manager and the Unit Director. Whenever a change is made to the designated positions list, the Contact Supervisor/Human Resources Manager will provide written notification of the addition to The Society office and Labour Relations, OPG Human Resources. Labour Relations, OPG Human Resources will issue an up-to-date version of the designated positions list annually to The Society. A position can only be removed or modified when it is vacant.

78.2 Job Security

The implementation and operation of this Article will not result in any declarations of surplus, lay-offs, displacements, forced geographic relocations or financial losses.

78.3 Training

OPG will not impose any mandatory training for the purpose of complying with the Act. Any person wishing to take optional external training to obtain French language capability will be provided 100% financial support, so long as the request is in accordance with Article 85 - Extramural Training. In locations where extramural training in French is not available, OPG will provide, at no cost to the employee(s), self-paced learning packages in order to assist interested staff to become qualified in French.

78.4 Posting and Selection

French language capability is deemed to be a legitimate selection criterion, in addition to the normal selection criteria, for officially designated positions. The job documents for designated positions will not be amended to include French language proficiency as a duty and/or evaluation factor pending future discussions with The Society.

A notice of posting for a designated position will contain the following wording:

"This position requires the ability to communicate in French. This ability is deemed to be a qualification for the purposes of selection."

French language capability will only be used as a selection criterion when the number of qualified incumbents in a designated position falls below the number specified in this Article. Specific qualifications and requirements must be posted and reasons given for non-selection in writing.

In cases where a location has more than the required number of qualified incumbents in a designated position, the officially designated employee(s) shall be those who are senior and qualified.

78.5 Surplus Staff

When a surplus employee applies to a designated position he/she shall receive the selection priorities established in Article 65 to the extent that the organizational unit retains the capability to meet the requirements of the Act.

78.6 Allowance

OPG will pay an allowance of \$18.00 gross weekly. It is recognized that the allowance may be paid to all qualified employees in a designated position in a location, rather than just the employees who officially occupy the designated position. This allowance is the same regardless of the number of hours an employee works per week.

The allowance will be paid only while the incumbent is in a designated classification. The payment of this allowance will cease once the employee has been absent for two months. Transfer to an undesignated position, or removal of a position from the designated positions list, will cause immediate stoppage of the allowance.

An employee who relieves in a designated position must have the French language capability required by the position in order to receive the allowance.

80 Special Clothing

80.1 Employees are responsible for providing, at their own expense, suitable clothing for the performance of their regular duties. Subject to certain conditions, outlined below, special clothing may be obtained at the expense of OPG for issue to employees.

80.2 A limited number of rainproof coats and hats may be obtained and kept available at construction headquarters etc., for persons who normally work

indoors, but who are occasionally required to work out of doors under adverse weather conditions.

- 80.3** Safety items that are designed exclusively for such safety purposes will be provided to employees required to perform certain types of work, at no cost to the employee.

81 Payment for Use of Personal Vehicle

- 81.1** Where an employee is authorized to use his/her personal vehicle for OPG related business/travel, the rate of reimbursement will be based on the Private Transportation Component of the Canadian CPI as reported by Statistics Canada. The rate of \$0.53 per kilometre took effect on November 1, 2015.
- 81.2** Future increases of one cent/km will occur with each additional 10% increase in the Private Transportation Index - 1986 = 100. A decline in the Index below a previously surpassed trigger point for two or more consecutive months will result in a reduction by the appropriate amount of the rate paid.
- If the OPG business/travel involves the hauling of household trailers, an additional \$0.09/km will be paid. For the hauling of smaller trailers (Camper, Ski-doo, boat etc.), the amount will be \$0.03/km. The above rates will apply on a province-wide basis.
- 81.3** By virtue of receiving the above kilometre rates, the employee is responsible for any expenses incurred involving his/her vehicle while on OPG business. This would include such items as insurance premiums, license fees, traffic/parking violations, maintenance costs, any repairs or replacement of parts, fuel, lubricants and the like. 84 Extreme Winter Weather Conditions

In the event of extreme winter weather conditions, employees will normally receive pay for hours worked.

84.1 Make Up Time

Employees who, due to extreme winter weather conditions, arrive late, miss work or receive approval to leave early, may seek approval to make up lost time by working back the missed hours by:

- a) using a vacation day;
- b) using a floating holiday;
- c) using a lieu day (or banked time where applicable).

84.1.1 For employees who receive approval to work back the lost time, their pay will be maintained for the number of normal scheduled daily hours lost, provided there is work available to be performed.

84.1.2 Employees will work at straight time rate of pay while working back the lost hours.

84.3.3 Employees working in a location where a minimum level of acceptable shelter does not exist shall be considered as still being at work until acceptable shelter can be reached.

85 Extramural Training

In order to enhance a regular employee's job performance now, or in the future, OPG may provide financial support for external training activities consistent with OPG Policy, subject to the following conditions:

Reasonable costs for the purpose of this Article are defined as registration/tuition fees and costs for textbooks.

- a) The employee is expected to obtain prior approval from his/her supervisor prior to registering in the training course.

In no circumstances will the external training exceed six weeks if the employee is required to be absent from work.

PART XIV - ADMINISTRATION**87 Representation on OPG Committees**

The parties recognize the roles and responsibilities of appointees to committees and task forces, i.e., as a representative of Management on the one hand, and The Society, on the other. When an employee represented by The Society is appointed by Management, his/her responsibility is to Management. When he/she is appointed by The Society, his/her responsibility is to The Society. This role distinction should be made clear at the time of appointment. Notwithstanding the above, and in keeping with Subsection 2.4 (Supervisory Employees - Code of Ethics), Management will endeavour to appoint its representatives having regard to The Society's interests in effective representation.

Restoration will be based on the value or length of service as of the date of transfer to the new employer, plus service and sick leave credits accrued with the new employer. ¹⁸ Note: Relocation assistance under Part XI of the collective agreement will continue to be applied as if a 5-kilometre radius is in effect.

OPG will inform the Society prior to initiating a transfer. The Society may provide input into the process. Management will make the final decision.

106 Corporate Restructure

- 106.1** As of the date of ratification of the 2006-2010 Collective Agreement employees working in the Nuclear Business organization will all be part of that organization.
- 106.2** On an annual basis, the parties will meet to discuss any changes to the organization and realignments as necessary.

107 Outage Bonus

- 107.1** Society-represented supervisors who volunteer, or are assigned through the application of LOU #183, to supervise PWU crews working on an outage will be eligible to receive a bonus. This bonus will be paid only where the following conditions are met:
- i) The Society-represented supervisor is responsible for the direct supervision of the PWU crew during the outage;
 - and
 - ii) The PWU crew members on the outage are eligible for and receive payment of a bonus for the outage.

The amount of the bonus paid to the Society-represented supervisor and the other conditions surrounding eligibility, which will be determined by Management and communicated prior to soliciting for volunteers, shall be the same as for the PWU crew members.

PART XV - APPENDICES**Appendix I - Re: Utilization and Advancement of Professional Engineers and Scientists**

OPG and The Society agree the following principles will govern the utilization and advancement of professional engineers and scientists in OPG.

- 1.0** The terms "professional engineers" and "scientists" shall include the employees' categories identified in Attachment A.
- 2.0** The MP2/FMP12 level of work shall normally be considered as a developmental stage for professional engineers and scientists performing engineering or scientific work.
- 3.0** The MP4/FMP14 level of work shall be considered as the "normal expectancy" level for fully qualified and competent engineers, or scientists in OPG. MP3/FMP13 may continue to be a "journey person" level for engineers and scientists in some areas of activity.
- 4.0** Every effort should be made to provide professional engineers and scientists with an opportunity for advancement to MP4/FMP14, when they are capable of performing work at this level and such work is available.
- 5.0** Where an individual has demonstrated the willingness and capability to advance, and where advancement is impeded by lack of opportunity in the work area, every effort should be made to assist the individual in career advancement. This could include specific action steps such as training, job transfers, and rotations which will provide greater promotional opportunity.
- 6.0** Greater emphasis is required on the screening of professional staff at an early stage in their careers for both their potential capability to perform work at the MP4/FMP14 level and their suitability for further employment in OPG.

Appendix IV – Re: Application of the Purchased Services Agreement to AECL

1. **Preamble**
As a part of the approval process of the Purchased Services Agreement (PSA), the parties agreed to develop a Framework Agreement which would recognize the special status of the relationship between OPG and AECL and govern the day-to-day transactions between the two companies.
2. **Scope**
This Framework Agreement for applying the PSA to OPG's relationship with AECL applies only to those purchased services which are not funded through the CANDU Owners' Group (COG) Agreement.
3. **Intent**
This Agreement describes a decision-making process where only certain decisions regarding the purchase of services by OPG from AECL are subject to the full transactional application of the PSA. Those decisions which are not subject to a full transactional application of the PSA are subject to the periodic review process described in Section 6.
4. **Definition**
Work: means a work package which is a clearly defined scope of services that requires the formal approval of OPG prior to proceeding.
5. **Decision-Making Process**
 - 5.1 The decision-making process described in this section is also presented in diagram form (diagram included as a part of this Agreement). Should there be inconsistencies between the written and diagrammatic descriptions of the decision-making process, the written description will take precedence.
 - 5.2 The process begins with OPG proposing that services be purchased from AECL or a Centre of Excellence [i.e., Reactor Engineering Services Department (RES D) or the Centre for Heat Exchanger Engineering Sciences and Technology (CHEEST)].
 - 5.3 If the work is to be assigned to a Centre of Excellence (i.e., RES D or CHEEST), then the PSA will not be applied [see also Section 6.4(e)]. The Centre of Excellence would not be permitted to subcontract more than 30 percent of the labour component of the work.
 - 5.4 If the answer to one or more of the following questions is in the affirmative, OPG Management may proceed to issue a contract to AECL:
 - a) *Is the work emergency work?* Emergency situations will be as identified by the OPG manager with the appropriate decision-making authority. The review of such decisions will form a part of the scope of the periodic review process (see Section 6).
 - b) *Is there a regulatory requirement (e.g., from the Ministry of Consumer and Commercial Relations or the Atomic Energy Control Board) that the work must be performed by AECL?*
 - c) *Has the PSA already been applied to the work?*
 - 5.5 If work is not assigned to a Centre of Excellence (per 5.3) and all of the questions in Section 5.4 are answered in the negative, but the answer to one

or more of the following questions is in the affirmative, the PSA will be fully applied to the work on a transactional basis:

- a) *Are there surplus Society-represented employees with the requisite skill sets in OPG?*
- b) *Does the labour component of the proposed work exceed 1,500 person hours?*
- c) *Does the duration of the proposed work exceed twelve (12) months?*
- d) *Does a sub-contract(s) need 30 percent of the total person hours of the work?*

If none of the questions in 5.5 a) - d) is answered affirmatively, then OPG Management may proceed to issue a contract to AECL.

6. Periodic Review

- 6.1** The parties agree to establish an AECL Purchased Services Review Team (Review Team) within ten (10) working days of this Agreement coming into effect.
- 6.2** The Review Team will be composed of three Management representatives and three Society representatives to be appointed by the parties through the Joint Society Management Committee (JSMC).
- 6.3** The Review Team initially will meet quarterly, but may change the frequency of its meetings by mutual agreement of the team members. With reasonable notice, the JSMC may also convene meetings of the Review Team.
- 6.4** The Review Team will be responsible for reviewing all transactions between AECL and OPG which have taken place since the last meeting of the team to confirm that the intent of this Agreement continues to be met. All the documentation necessary to facilitate this review will be collected and made available to the Review Team. The review specifically will include:
 - a) *the extent to which the criteria (see 5.3, 5.4 and 5.5) in the decision-making process are being met;*
 - b) *whether the criteria (see 5.3, 5.4, and 5.5) in the decision-making process continue to be the appropriate ones based on experience;*
 - c) *the extent to which contracts which were issued to AECL were specific to AECL's nuclear capabilities;*
 - d) *an assessment of any work placed by emergency decision [per section 5.4 a)] or mandated by regulators [per Section 5.4 b)];*
 - e) *any changes to the Terms of Reference of existing Centres of Excellence (i.e., CHEEST or RESD) or any request that a new Centre of Excellence be added to Section 5.3;*
 - f) *an assessment of whether there has been any misuse of the decision-making process;*
 - g) *an assessment of the overall effectiveness of this Agreement and its decision-making process.*
- 6.5** The Review Team will make any recommendations it may have for changes to this Agreement to the JSMC. Any such recommendations will be arrived at by consensus. If consensus cannot be reached, the team will report the divergent views of the members of the team to the JSMC.

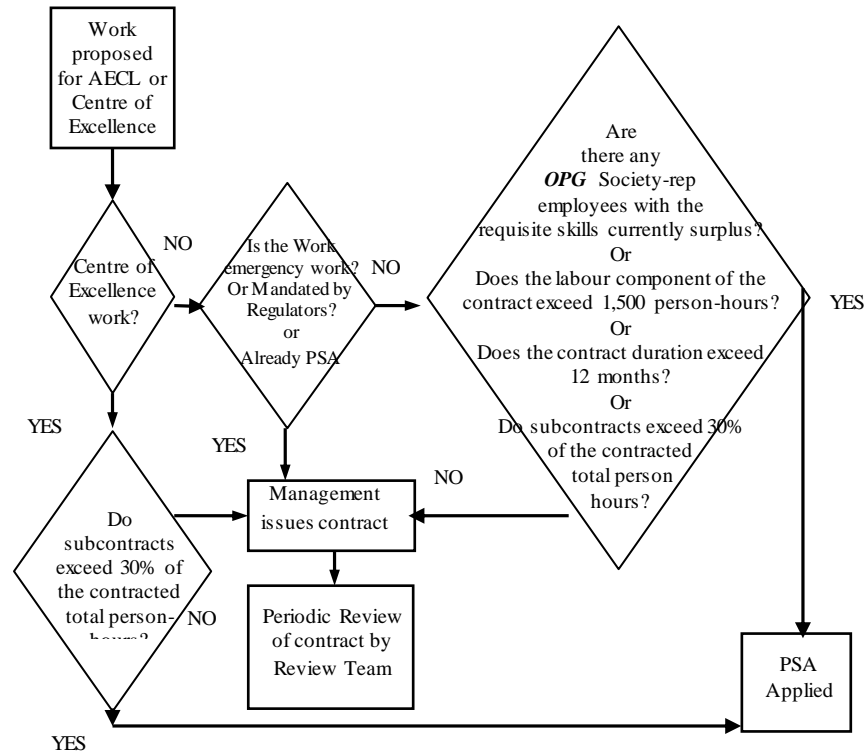

7. Grievability/Arbitrability

The lack of application of this Framework Agreement in a given situation is subject to the grievance/arbitration process.

8. Effective Date

This Framework Agreement takes effect on the date of signing by the representatives of the parties.

AECL Purchased Services Model

(signed by Chris Cragg for The Society and Brian Story for Ontario Hydro, December 20, 1994 - revised in the 2006-2010 Collective Agreement)

Appendix VII - Re: Outline of Negotiating Process for Collective Agreement

The parties agreed to make their best efforts to adhere to the following schedule for negotiating amendments to the Collective Agreement. Failure to adhere to this schedule shall not jeopardize the bargaining rights of either party. Dates refer to the calendar year in which Collective Agreement expires.

1. The JSMC will meet prior to January 31, of the last year of the Agreement to prepare a detailed work plan for negotiating the outstanding tasks set out in the Agreement (Articles 94, 97, etc.). The work plan will include a schedule of priority items, target dates, primary responsibilities, and resources.
2. By June 1, the parties will:
 - a) select their representatives for the main negotiating committee;
 - b) determine the schedule for main committee negotiating meetings;
 - c) select a mediator-arbitrator and determine the dates for mediation-arbitration;
 - d) receive progress reports on items under (1) above.
3. By August 1, the parties will, if required:
 - a) identify those issues which will be referred to sub-committees;
 - b) establish the terms of reference for the sub-committees and the target dates these sub-committees are to submit their final reports/recommendations to the main committee;
 - c) select their representatives on the sub-committees. The parties shall each appoint at least one representative from their main negotiating committee to serve on these sub-committees.
4. Sub-committees will begin meeting no later than September 1 and submit progress reports by October 15 and a final report no later than October 31 (unless specifically provided with a time extension by the JSMC).
5. Main committee negotiations will begin no later than October 15.
6. Main committee negotiations will conclude no later than December 1.
7. Mediation meetings with the mediator-arbitrator, if necessary, will conclude no later than December 15, unless further meetings are required to address issues which arise in the course of drafting contract language or if a tentative settlement fails ratification.
8. If necessary, an Arbitration Hearing will be conducted prior to January 31, in the year after the Agreement expires.

Appendix VIII Re: Amendment to the Voluntary Recognition Agreement (VRA)

In light of major changes that have occurred since the Voluntary Recognition Agreement (VRA) came into effect on January 14, 1992, including significant Corporate restructuring, the parties' agreement to conduct a joint internal relativity project, and the need to clarify The Society's historical jurisdiction, The Society and OPG agree to replace Sections 1.0 and 2.0 of the VRA with Article 2 of their Collective Agreement as amended by the Framework Agreement dated October 4, 1994.

The parties further confirm that the terms of the VRA as amended in the Collective Agreement remain applicable in all respects, including the agreed upon dispute resolution processes, to all provincially and federally regulated employees, subject only to previously agreed amendments and this amendment.

(signed by B.R. Story and C.B. Cragg - October 4, 1994 - revised in 2006-2010 Collective Agreement)

Appendix IX - Re: Article 2 - Recognition Clause

OPG and The Society confirm the following understanding with respect to their agreement to amend Article 2 ("Recognition Clause") of their Collective Agreement:

1. The parties agree that the Voluntary Recognition Agreement (Attachment A), subsequent amendments to the VRA and correspondence between the parties concerning jurisdictional matters will be admissible in the event of any future interpretation disputes concerning The Society's recognition clause.
2. The parties agree that the intent of these amendments is to clarify The Society's historic jurisdiction as the exclusive bargaining representative for the broad mix of professional and supervisory employees that comprise the M&P/FM&P and TMS/TS/OSS/SEI salary classifications on salary schedules 01, 02, 03, 04, 05, 06, 07, 08, 09, 13 and 18 except where such persons are performing managerial functions or are employed in a confidential capacity. As such, these amendments constitute a reconfirmation by OPG of the commitments made by D.B. MacCarthy regarding The Society's jurisdiction in his April 18, 1994 letter to P.T. Suchanek, Registrar of the Canadian Labour Relations Board.
3. The Society acknowledges that OPG has consented to the deletion of the following subparagraphs from the bargaining unit description on the basis of the assurance of The Society contained in paragraph 4 below:
 - those persons included on the Executive Salary Roll and above;
 - employees whose full-time duties are security work;
 - employees in the Executive Office;
 - employees in the Office of the General Counsel and Secretary including the Law Division except Corporate Official Records Analysts, Corporate Archivists and Corporate Records Centre Supervisors.
4. The Society assures OPG that this Agreement, to delete the sub-paragraphs contained in paragraph 3 above, does not extend the previously agreed upon jurisdiction of The Society, except upon consent of the parties, beyond that jurisdiction identified in the Voluntary Recognition Agreement. However, should jurisdictional claims be made by any other bargaining agent for the classifications referred to in paragraph 3 above, The Society may assert a parallel or related claim.
5. The parties acknowledge that there are thirteen jurisdictional grievances filed by The Society pending resolution (listed in Addendum A) and that these amendments are not intended to prejudice the outcome of these disputes.
6. The parties acknowledge that the definition "associated employees" in Subsection 2.3.2 includes, but is not limited to, positions listed in Addendum B, and other similar positions created in the future.

ATTACHMENT A**VOLUNTARY RECOGNITION AGREEMENT**

This Agreement including the accompanying Framework Agreement, included as Schedule A, resolves all issues raised during proceedings at the Ontario Labour Relations Board, regarding The Society's Applications for Certification (dated November 5, 1986 and October 2, 1990) or otherwise arising as to the status of the Master Agreement as a Collective Agreement before such Board or the Courts. This Voluntary Recognition Agreement is entered pursuant to the Ontario Labour Relations Act and is acknowledged to be enforceable pursuant to that Act. The parties agree that the Memorandum of Agreement, June 19, 1991, known as the Letter of Understanding, is no longer in force or effect.

1.0 Recognition Clause

Pursuant to section 16(3) of the Ontario Labour Relations Act, Ontario Hydro agrees to recognize The Society as the exclusive bargaining agent for the "employees" defined as follows:

"All employees employed by Ontario Hydro in the Province of Ontario as supervisors, professional engineers, engineers-in-training, scientists, professional, administrative and associated employees save and except:

- a) those persons included on the Executive Salary Roll and above;
- b) employees in bargaining units for which any trade union holds bargaining rights as of the signing of this Agreement;
- c) those persons who perform managerial functions as distinct from supervisory functions. An employee is performing managerial functions if:
 - i) she/he performs managerial functions such as hiring, promotion, performance increase, discharge, etc. over other employees in the bargaining unit and;

she/he is required to spend the majority of his/her time performing managerial duties and;

she/he supervises at least seven (7) employees (directly or indirectly) on a regular and continuous basis.
 - ii) she/he supervises employees who are excluded from The Society under (c) (i), (d), (e) or (f);
- d) employees who are primarily employed in a confidential capacity affecting the terms and conditions of employment for Ontario Hydro staff;

- e) employees whose full-time duties are security work;
- f) employees who are members of a profession entitled to practice in Ontario and who are employed in a professional capacity where the Ontario Labour Relations Act excludes such persons from coming under the Act by virtue of their profession.”

2.0 Clarity Notes

For the purposes of clarity, the bargaining unit set out above:

2.1 Includes:

- a) All regular, probationary, part-time and temporary employees whose functions are included in the classifications paid from Salary Schedules 01, 02, 04, 05, 07, 08, 09, and 18; and
- b) All employees paid from Salary Schedule 13 (Nurses), Salary Schedule 03 (System Control Operators) and Salary Schedule 06 (Helicopter Operator Supervisors), except employees excluded by virtue of 1.0 of this Agreement, will be entitled to vote to determine if they wish to be represented by The Society. If the majority of eligible employees voting on any schedule vote in favour of being represented by The Society, eligible employees on that schedule will be represented by The Society. The vote will be conducted by The Society and Ontario Hydro by secret ballot.

2.2 Excludes employees in accordance with 1.0 (c) above as follows:

- a) M&P (Schedule 01) - in salary classification MP4 (or higher) rated by the Plan A Point System of Job Evaluation January 1988 (“Plan A”), or its equivalent, carrying “Nature of Supervision” Degree 4 (or higher) or its equivalent and “Numbers Supervised” Degree 3 (or higher) or its equivalent who normally supervise other Society represented employees.
- b) FM&P (Schedule 02) - who normally supervise other FM&P employees and who normally supervise at least seven (7) employees directly or indirectly.

- c) Employees in the Office of the General Counsel and Secretary including the Law Division except Corporate Official Records Analysts.
- d) Positions currently listed in Agreement RS-1 dated October 11, 1990.
- e) Human Resource trainee positions on Schedule 04.

3.0 The grievance and arbitration procedure may be used to challenge any unreasonable, arbitrary or bad faith action taken by Ontario Hydro which results in the exclusion of any employee or position from the bargaining unit.

4.0 Arbitration

4.1 Future contract negotiations disputes shall be resolved by binding arbitration in accordance with Section 38 of the Ontario Labour Relations Act and the negotiating process for resolving such disputes shall be set out in full in the Collective Agreement.

The dispute resolution process shall be mediation-arbitration using the same individual as both the mediator and arbitrator.

The mediator-arbitrator shall consider the following issues as relevant to the determination of the award on monetary issues:

- a) a balanced assessment of internal relativities, general economic conditions, external relativities;
- b) Ontario Hydro's need to retain, motivate and recruit qualified staff;
- c) the cost of changes and their impact on total compensation;
- d) the financial soundness of Ontario Hydro and its ability to pay.

A mediator-arbitrator shall have the power to settle or decide such matters as are referred to mediation-arbitration in any way he/she deems fair and reasonable based on the evidence presented by representatives of Ontario Hydro or The Society in light of the criteria in items (a) to (d) and his/her decision shall be final and binding.

- 4.2** The parties will hereby undertake to develop appropriate internal comparisons, an external community for comparison and criteria for measuring total compensation by no later than September 1, 1992 and failing such agreement either party may refer the outstanding differences to an arbitrator for a final and binding decision. This undertaking and its referral to arbitration shall be enforceable under the Arbitrations Act.

5.0 No Strike/No Lockout

The Collective Agreement will recognize that The Society, employees within the scope of the bargaining unit, and the Corporation are pledged to the effective and efficient operation of Ontario Hydro and that they pledge themselves, individually and collectively, to refrain from taking part in strikes, lockouts or sympathy strikes and other interference with work or production as long as the terms and conditions in section 4.0 continue.

6.0 Supervisory Employees

For the purposes of section 9.0, the parties agree that Supervisory positions are those that are not excluded under section 1.0 above and that satisfy the following criteria:

- a) Employees on Salary Schedule 01 who have under Plan A "Nature of Supervision" Degree 3 (or higher) or its equivalent;
- b) Employees on Schedules 07, 08, 02, 05 and 09 on condition they normally supervise other employees.

7.0 Enforcement

The primary method of enforcement of this Agreement shall be pursuant to the grievance and arbitration provision of the parties' Collective Agreement. However, should the Collective Agreement not be in operation or applicable to the dispute, either party shall have the right to refer to final and binding arbitration any differences between the parties arising from the interpretation, application, administration or alleged violation of this Voluntary Recognition Agreement, including any question as to whether a matter is arbitrable.

The arbitrator shall have all of the powers of an arbitrator pursuant to section 44 of the Ontario Labour Relations Act or the Arbitrations Act as the case may be.

Subject to the conditions of this Agreement, if a mediator or arbitrator is not appointed within 30 days of a matter being referred to mediation and/or

arbitration, either The Society or Ontario Hydro shall have the right to refer the matter to the Minister of Labour or the Chief Justice of the Ontario Court of Justice and the Minister or Chief Justice shall appoint a mediator and/or arbitrator.

8.0 Selection of Mediators and Arbitrators

Mediators and arbitrators shall be selected from a list of mutually acceptable persons which are to be set out in the Collective Agreement and the costs of using them will be shared equally by Ontario Hydro and The Society.

9.0 Duration

The Agreement shall come into effect on the date of ratification and shall remain in effect thereafter except for section 4.0 and 5.0 which may be terminated by written notice by either party not less than six months prior to the expiry of the Collective Agreement in operation on January 1, 2001 or any subsequent Collective Agreement. In the event that The Society provides notice of termination of sections 4.0 and 5.0, Ontario Hydro may require that the supervisors defined in this Agreement form a separate bargaining unit for which The Society shall be recognized as the bargaining agent and for which there shall be a separate Collective Agreement. In addition, The Society shall continue to be recognized as the bargaining agent for non-supervisory staff defined in this Voluntary Recognition Agreement. Disputes on the identification of supervisors shall be submitted to a mutually-acceptable arbitrator for settlement. If the parties fail to agree to appoint an arbitrator, either party may refer the matter to the Minister of Labour or the Chief Justice who shall appoint an arbitrator. If Ontario Hydro provides notice of termination of sections 4.0 and 5.0, it shall continue to recognize The Society as representing all employees in one bargaining unit per this Voluntary Recognition Agreement and ensuing Collective Agreements.

In the event that either party desires to amend this Agreement on or after January 1, 2001, it must notify the other party in writing not less than six months prior to the expiry of the Collective Agreement in effect on January 1, 2001 or thereafter six months prior to the expiration of any subsequent Collective Agreement. In such circumstances the parties will have the right, if either party so chooses, to appoint a mutually-agreeable mediator for the purpose of reaching a settlement of the issues and where there is mutual agreement the mediator shall arbitrate outstanding matters in dispute.

Notwithstanding the above, the parties may mutually agree to amend this Agreement at any time.

10.0 Federal Jurisdiction

In the event that nuclear workers are found to be covered under the Canada Labour Code and The Society applies to represent these employees, Ontario

Hydro will not oppose certification for any employee represented by The Society under this Agreement.

11.0 Ratification

The Society Executive recommends acceptance of this Agreement to its members and the Agreement shall become effective upon the date of ratification. Persons eligible to vote will include all employees who will be represented by The Society under this Voluntary Recognition Agreement. The vote will be conducted by secret ballot.

12.0 Effective upon the date of ratification or as soon as reasonably practical, Ontario Hydro undertakes to make available to those employees excluded under 1.0(c) and 1.0(d) an enhanced Redress Procedure for Management Function staff, which includes the right to representation of their choice, and as a final step in the process, to binding arbitration by an external third party acceptable to the employee and to Ontario Hydro.

13.0 Until the terms of a first Collective Agreement are reached, Ontario Hydro agrees to adhere to the terms and conditions of employment found in the existing Master Agreement, Subsidiary Agreements and Memoranda of Understanding with respect to the agreed upon bargaining unit. Applicable sections of the Manual of Human Resources Policies and Procedures will act as a supplement to the aforementioned joint documents.

14.0 Effective the first month following the date of ratification, Ontario Hydro shall deduct dues from each employee in the unit and remit this amount to The Society forthwith.

This Agreement was arrived at with the assistance of and under the auspices of George Adams as mediator.

[signed by C. Cragg for W. Hirst (Society) and W.S. O'Neill (Ontario Hydro), November 13, 1991.]

Memorandum of Understanding for a Framework Agreement

Ontario Hydro and The Society of Ontario Hydro Professional and Administrative Employees agree as part of the Voluntary Recognition Agreement to be bound by the following principles and practices and agree that the negotiation and operation of all Collective Agreements ensuing from the Voluntary Recognition Agreement will be in accordance with this memorandum unless otherwise mutually agreed.

1.0 Society Interests vs. Corporate Interests

The object of this Agreement is to promote harmonious relations between employer and employees consistent with the preamble of the Ontario Labour Relations Act and in recognition of the need for the successful accomplishment of the public purposes for which Ontario Hydro has been established as set forth in the Power Corporation Act and enunciated in the Corporate Direction.

The objective of the parties is to facilitate the peaceful adjustment of salaries and benefits, working conditions, issues of fair treatment, all disputes and grievances, and to prevent inefficiencies and avoidable expenses and to reduce unnecessary delays.

Ontario Hydro's mission is to contribute to the enhancement of the quality of life of the people of Ontario by serving their energy needs. The Society's mission is to strive to ensure the best rewards, career opportunities and working conditions for its members. The Society recognizes a responsibility for providing an essential service to the people of Ontario and in working towards the continued viability and continuity of Ontario Hydro as the provincial electrical utility. Both parties recognize the fundamental importance of service to the Corporation's customers.

The parties recognize that situations may arise where their missions, objectives, or actions come into conflict. These conflicts may impact on the bargaining unit and particularly on supervisory employees represented by The Society. The parties agree that supervisors will be able to participate fully as members and perform supervisory responsibilities without fear of reprisal or recrimination by either party.

Provided nothing in this Framework Agreement is intended to interfere with the exercise of lawful economic sanctions by any member of the bargaining unit or bargaining units as the case may be or by The Society itself should either party to the Agreement elect to terminate sections 4.0 and 5.0 of the Voluntary Recognition Agreement.

2.0 Collective Agreement

The Collective Agreement between the parties will include sections 1.0, 2.0, 3.0, 4.0, 5.0, 6.0, 8.0 of the Voluntary Recognition Agreement, in addition to

section 1.0 of Schedule A and the principles set out in sections 3.0 to 7.0 as noted below.

3.0 Supervisory Employees - Code of Ethics

Ontario Hydro agrees to include supervisory employees in the bargaining unit on the condition that the parties recognize that supervisory employees will continue to exercise key functions in the control and operation of Ontario Hydro. As members of Ontario Hydro's managerial staff, supervisors use judgment to express and make operative the decisions of Management. They are responsible for fostering a healthy work environment. The parties recognize the responsibility of supervisors to discharge their supervisory duties in good faith. The Society and Ontario Hydro will identify, minimize and/or avoid the conflicts/perceived conflicts of interest that may arise concerning the relationship between supervisors, The Society and Ontario Hydro.

It is recognized that supervisory employees may be disciplined for failure to act in good faith as a representative of Management and fulfilling their responsibilities including abuse of supervisory position and breach of trust.

3.1 Grievance Procedure

The Collective Agreement will have a grievance procedure which will recognize:

- access by either party for disputes arising from the administration of the Collective Agreement and from the application of section 1.0. If such disputes proceed to arbitration, the arbitrator will consider the principles contained in section 1.0;
- the role of supervisors in resolving disputes before they reach the formal procedure;
- that The Society agrees not to discriminate against supervisors who represent Management in Society grievances;
- that The Society will exclude supervisors directly involved in a particular grievance from the decisions on the referral of the grievance through the formal process;
- that supervisors will not act on behalf of The Society in matters associated with a particular grievance where the grievance has been lodged by another member(s) who reports to the particular supervisor.

4.0 Representation on Corporate Committees

The Collective Agreement will recognize the roles and responsibilities of appointees to committees and task forces, i.e., as a representative of Management on the one hand, and The Society, on the other. When an

employee represented by The Society is appointed by Management, his/her responsibility is to Management. When he/she is appointed by The Society, his/her responsibility is to The Society. This role distinction should be made clear at the time of appointment. Notwithstanding the above, and in keeping with section 3.0, Management will endeavour to appoint its representatives having regard to The Society's interests in effective representation.

5.0 Selection of Supervisors

The Collective Agreement will incorporate the existing practices for selecting the "best qualified candidate" in filling supervisory positions.

6.0 Membership in The Society

The Society agrees to permit members to withdraw membership in The Society.

7.0 Dues Deduction (Rand Formula)

The Collective Agreement will provide for Society dues, as prescribed by the Constitution, or an equivalent amount, to be deducted monthly (or more frequently if agreed) by Ontario Hydro by compulsory payroll deductions from all Society-represented employees and to be forwarded to The Society on their behalf with a list of appropriate employee information.

The Society confirms it will respect the provision of section 47 of the Ontario Labour Relations Act with respect to bona fide religious convictions or beliefs.

Appendix X - Re: Conflict of Interest - Security Staff

February 24, 1995

Mr. C. Cragg
President
The Society of Ontario Hydro
Professional and Administrative Employees
Suite 630, 525 University Avenue
Toronto, Ontario

Dear Chris:

Conflict of Interest - Security Staff

This will confirm the intent of the internal and external confidential review/resolution process in Article 2, Subsection 2.4. This process does not deny the parties access to the grievance/arbitration process but recognizes that conflict of interest situations may require an alternate forum for resolution. The issues that may give rise to a conflict of interest between the duties and responsibilities of the Security Staff and their membership in The Society may involve sensitive and confidential security matters that would not be appropriate to the usual grievance/arbitration process. The parties may desire to deal with these issues *in camera* or with the immediate involvement of other representatives who are not usual participants in the grievance/arbitration process. The employee is entitled to Society representation in this process and in the event that the process is not successful or results in discipline or other actions directly affecting any of the parties, all parties would maintain the right to pursue these actions through the grievance/arbitration process.

Appendix XII – Re: Guidelines for Applying Burkett Overtime Award

As a result of continuing questions concerning the Burkett overtime award, The Society and OPG have agreed to issue these guidelines to assist local representatives in interpreting this award.

Employees found eligible for compensation under this award are entitled to receive compensation equivalent to PWU overtime premiums for all overtime worked, retroactive to January 1, 1993. This entitlement applies to all PWU overtime premiums, including double-time Saturdays, double-time for all work performed outside of their first four clock hours after normal quitting time Monday to Friday inclusive and minimum payments for emergency and scheduled overtime. It does not apply to travel time outside of normal scheduled hours.

To determine compensation eligibility under this award:

First, determine which employees are eligible to receive the PWU equivalent overtime premium. A list of eligible employees should be developed locally using the statement of intent in Part A and the employee eligibility guidelines set out in Part B. Local Society representatives should be involved in developing the list of eligible employees to minimize the possibility of disputes.

Second, decide whether an employee deemed eligible in step one will be compensated with PWU equivalent overtime premiums on an ongoing or on an assignment-by-assignment basis. This decision is Management's prerogative. If the decision is made to compensate on an assignment-by-assignment basis, the guidelines set out in the statement of intent in Part A and the guidelines in Parts C and D should be followed to determine when an eligible Society-represented employee qualifies to receive the applicable PWU equivalent overtime premium. Local Society representatives should be involved in the development of local adaptations of these guidelines to ensure fair and consistent employee treatment and to minimize disputes.

Part A - Intent of the Award

The intent of the award is to correct the internal "relativity rub" that arises when Society-represented staff are required to directly supervise or work beside PWU-represented employees performing overtime work in a field environment or facility while receiving less providential overtime provisions than these employees. It is not intended to address internal relativity problems other than those that specifically arise when members of both employee groups work overtime.

Part B - Conditions of Employee Eligibility

1. The following conditions must be satisfied before an employee is eligible to receive award compensation:
 - a) an employee must work in a field environment/facility (“field condition”);
 - and
 - b) he/she must directly supervise or work beside PWU-represented employees (“interface condition”).
2. To meet the “field condition”, an employee must be “directly involved in the operations, maintenance or construction of production, transmission, or distribution facilities”.
3. “Head office” refer to non-production, non-transmission or non-distribution facilities and, as of January 1,1993, includes the following locations: 700 University, 393 University, Murray Street, College Park, Place Nouveau and the Atrium. When performing overtime work at these locations, employees do not meet the “field condition”. Local Society and Management representatives should assess whether or not employees, when performing overtime work at other locations, meet the “field condition” on a case-by-case basis, by examining the nature of the employee’s work in light of the statement of intent in Part A and the guidelines contained in this section. In the event of disagreements, the matter should be referred to the JSMC.
4. Employees whose regular work headquarters are “field” locations (i.e., those *not* included under guideline #2 above) and who train PWU-represented staff meet the “field condition”. Employees who satisfy this condition include those who work at the Orangeville C&D Centre and the Nuclear and Thermal training centres.
5. Employees whose overtime work at their regular work headquarters does not meet the “field condition” (e.g., head office staff) shall be deemed to meet this condition for overtime work performed at “field” locations when they directly supervise or work beside employees involved in the operation, maintenance or construction of production, transmission or distribution facilities (e.g., research, telecommunications or information systems work performed at stations).
6. Employees “work beside” PWU-represented staff if they work at the same time as PWU-represented staff on the same projects/task assignments and this is a normal feature of their work and necessary to carry out their job responsibilities (e.g., P&C Engineers). To determine employee eligibility in this regard, the nature of The Society-represented employee’s job responsibilities, rather than the frequency of his/her actual contact with PWU-represented staff, should be the primary consideration.

Part C - Conditions That Trigger Award Compensation

(Management has the discretion to compensate employees who are deemed eligible under Part B above with the equivalent to PWU overtime premiums on an ongoing or on an assignment-by-assignment basis. If Management chooses to compensate on an ongoing basis, the sole condition that must be satisfied for award compensation to trigger is the eligible employee's performance of overtime work. If Management chooses to compensate on an assignment-by-assignment basis, then the guidelines below apply. NB. An individual guideline does not stand alone: all conditions set out in this Part must be satisfied before an eligible employee qualifies for award compensation.)

Both The Society-represented employee and the PWU-represented employee whom he/she supervises or works beside must be on overtime. Example: if a Society-represented employee who normally works days Monday to Friday works on a Saturday with a PWU-represented employee who is working on his/her normal scheduled shift (and does not work beyond the scheduled hours), The Society-represented employee does not qualify for award compensation.

Award compensation applies to the period of time when The Society-represented employee is "rubbed" by an unfavourable overtime premium differential. Example: if a Society-represented employee who normally works days Monday to Friday works on a Saturday from 7:00 a.m. to 3:00 p.m. with a PWU-represented shift employee (for whom the Saturday is a scheduled work day) whose shift ends at 7:00 a.m. but who continues to work (on overtime) until 3:00 p.m., The Society-represented employee qualifies for double-time from 11:00 a.m. until 3:00 p.m., i.e., when the PWU-represented employee received double-time for overtime work.

The presence of a Society-represented employee for the overtime in question must be necessary for the work to progress (i.e., if the employee was not there, then the task could not proceed). In most cases, this condition is met if the other conditions set out in the Part are also satisfied.

A direct supervisory or "working beside" interface must exist between Society-represented and PWU-represented employees during the overtime in question. The mere presence of a PWU-represented employee on overtime at the same location and at the same time as a Society-represented employee is working overtime does not trigger the award. Example: if a number of eligible Society-represented supervisors work overtime at the same time as PWU-represented employee works overtime, only the supervisor to whom the PWU-represented employee reports during the overtime in question qualifies for award compensation.

This, however, does not preclude another Society member who is not a supervisor but meets the "working beside" criteria from receiving this compensation.

Part D - Clarifications

1. Even if only one PWU-represented employee is on overtime for a particular assignment, and the other (PWU-represented) members of his/her crew or task group are not, assuming the other conditions are met, The Society-represented employee on overtime with him/her qualifies for award compensation.
2. Normal shift turnover work of less than 30 minutes does not qualify for coverage under this award, but rather is compensated in accordance with Article 62 ("Shift Turnover") in the Collective Agreement. Shift turnover work of 30 minutes or longer performed outside of normal working hours, however, as well as work other than shift turnover work an employee is required to perform prior to normal starting time are eligible for compensation under this award provided that: a) the employee directly supervises or works beside a PWU-represented employee; and b) both are on overtime; and c) an overtime premium rub exists.

Dear Mr. Wilson:

This will confirm certain understandings reached during collective bargaining, concerning the Pension Plan:

Prior to its publication, the committee will review any brochure, which provides a summary of the pension plan and any specific provisions and entitlements of The Society pension class;
- c) In the event of a division of the Ontario Hydro Pension Plan into two or more successor pension plans, the provisions of this letter are applicable in respect of each successor pension plan.

Re: Clarification of Article 37

This is to clarify our understanding about the application of Article 37 of The Society's Collective Agreement, Release of Society Representatives.

Management acknowledges that Society Unit Directors (UD) duties may require up to 100 percent paid release time, in recognition of normal UD work plus significant participation in joint and tripartite processes and other business related to Society-Management relations. If a Unit Director is not involved significantly in these kinds of activities and processes then the release time required would normally be 50%.

Unit Directors will keep local management apprised of their Society responsibilities and commitments in order to resolve release time issues, to the greatest extent possible, at the local level. Any disputes with respect to whether 50% or 100% release time is required will be resolved at the JSMC level.

Society Unit Directors will become signatories to the Partnership Agreement between OPG and The Society and Power Workers' Union to reinforce The Society's commitment to maintaining a constructive approach to resolving issues.

1. Each of the PWU and the Society may refer any grievance filed under its collective agreements, or any issue arising from a grievance, that concerns competing claims by the PWU and Society to the assignment of work or positions, to the expedited arbitration process described herein.
2. The referral shall be made by the referring union delivering a brief to the other parties setting out the facts and evidence on which it relies. Responding parties shall deliver responding briefs within 30 days thereafter, and the referring union may file a reply brief within a further 10 days after receipt of the responding briefs.
3. If a party does not deliver its brief within these time lines, it may only file its brief and lead evidence at arbitration with leave of the arbitrator, on such terms as the arbitrator may impose.
4. Arbitrations will be held in an expedited med/arb format. The arbitrators will be selected from the following group:

Jules Bloch
Gerald Charney
Robert Herman
5. This roster of arbitrators will be reviewed by the parties every year that this agreement continues. Prehearing issues may be referred to Jules Bloch or his designate for resolution.
6. Arbitrations will be based primarily on written briefs, which are prima facie evidence of the truth of their contents. Oral evidence will be limited to matters on which the arbitrator so directs, and no party shall introduce oral evidence of matters that are not contained in their brief, except with leave of the arbitrator. Prior settlements made without prejudice and without precedent shall not be determinative of any grievance.
7. In addition to jurisdiction under the collective agreement under which the dispute was filed, the arbitrator shall have the jurisdiction set out in s.99 of the Labour

Relations Act, 1995, except the arbitrator shall not have power to alter a bargaining unit determined in a certificate or defined in a collective agreement, or otherwise amend the collective agreement.

8. Arbitration awards will be precedent setting.
9. The arbitrator's fees and associated costs shall be shared equally by OPGI and the referring union.
10. Any party may withdraw from this agreement on six months notice to the other parties.

Appendix XVI - "Shime Award" Re: Jurisdictional Issues

In the matter of a Mediation/Arbitration

- Between -

Ontario Power Generation Inc.

-and-

The Society of Energy Professionals

Owen B. Shime Q.C., Chair

This is my award to fully and finally resolve all matters in dispute reflected in the Memorandum of Agreement dated August 22, 2003 regarding jurisdictional issues.

1. Where OPG changes a Society position or creates a new borderline ESR position so that it is excluded from the bargaining unit, the following shall apply:
 - a. Management shall advise the appropriate Society Local Vice-President at least five (5) working days before (b) below that they intend to either create a new borderline ESR position or change the jurisdiction of an existing Society position. During this period Management will be available to meet with the Society and share all documentation and information related to the position in question. The parties will endeavour to come to an agreement on any issues in dispute on the applicable position.
 - b. Failing agreement management shall fax to the Society Local Vice-President any revisions to the job document, Plan "A" rating including rationale, an approved current and proposed organizational chart, request for exclusion form (Article 2.6), Plan 'A' relativity list and a cover letter that differ from those delivered at step 1a. above or will notify The Society Local Vice-President that there are no revisions.
 - c. On or before the expiry of 10 working days after receipt of the job document and documentations referred to in (b), the Society shall provide its arbitration brief to the VP Compensation and Benefits in support of its position that the position is properly within the bargaining unit; if no brief is provided within the 10 working day period, the position shall be deemed to be a non-bargaining-unit position;
 - d. On or before the expiry of 10 working days after receipt of the Society's brief as referred to in (c) above OPG shall provide its arbitration brief to the Society-designated contact in support of its position that the position is properly a non-bargaining unit position; if no brief is provided within the 10 working day period, the position shall be deemed to be a bargaining unit position;
 - e. After the exchange of briefs, the matter shall be referred to expedited arbitration as provided in LOU #179. The Arbitrator shall hear the matter and release a decision within 10 days of the matter being referred to him or her. The arbitrator shall not have jurisdiction to consider evidence of any hardship

OPG may face as a result of having to convert a position from ESR to Society jurisdiction. The Arbitrator shall only be allowed to consider the evidence as to whether or not the position is appropriately outside or inside the jurisdiction.

- f. During the period up to and including the provision of a brief by OPG as referred to in (d), the position shall not be filled unless an incumbent is already in the position, in which case the incumbent shall remain in the bargaining unit subject to these provisions;
 - g. After the expiry of 10 working days from the exchange of briefs management may fill a newly created Borderline ESR position as a non-bargaining-unit position, provided that if the arbitrator rules that the position is a bargaining-unit position, then, unless the parties agree otherwise the incumbent shall be removed and the job shall be re-rated as per the arbitrator's decision. In the case of a proposed change to the jurisdiction of an existing Society represented position, if there is a dispute the position shall remain within the Society bargaining unit until such a time as either the parties agree otherwise or an arbitrator has ruled on the matter and has deemed the position as appropriately being outside the Society's jurisdiction.
 - h. In the event that the arbitration results in positions being declared non-bargaining unit positions, the incumbent will be given the choice as to whether he or she wishes to remain in the bargaining unit in a Society-represented role. He/she will remain in the non-bargaining unit position until such time as an appropriate Society vacancy becomes available.
 - i. It is understood that if the organizational chart referred to in (a) is changed during this process, the job shall be re-rated and the process will start anew if the position rating is disputed.
2. On a quarterly basis, a joint team shall review the process provided for in paragraph 1, and the experience under such process. After one-year from the date of execution of this memorandum, the parties shall undertake a comprehensive review of the process.
 3. Where an exclusion from the bargaining unit occurs as a result of the number of reports, the following shall apply:
 - a. Where there was an existing Society position and there is a change in the number of reports, the position shall remain a Society position until the requisite initial reports are in place. If the reports are not in place after a period of six months, the position shall be re-rated. The position shall be deemed to be Society represented if rated below 335 points. The Society reserves the right to use the process in paragraph 1 above if the position is rated above 335 points.
 - b. In all other cases, the provisions of paragraph 1 apply, provided that in the case of a new position which is filled by a non-bargaining unit person, in the event that the requisite reports are not in place at the end of a six-month

period, the matter may be referred to the expedited arbitration process provided for in LOU #179.

4. There shall be a single point of contact for the Society for Job Evaluation issues within each Bargaining Unit. OPG agrees to train 1 Society designated representative for each bargaining unit.
5. With respect to outstanding challenges of positions alleged to be in the bargaining unit:
 - a. Within 60 days, the Society shall advise OPG in writing as to which positions remain subject to challenge.
 - b. The parties will exchange briefs in accordance with the process in LOU #179.
 - c. Any outstanding case that is not pursued, by way of a written brief, within 180 days of January 1, 2006 shall be considered withdrawn.
6. It is understood that consequential amendments to Article 2.5, LOU #179, and perhaps other provisions, will be required in order to incorporate the foregoing.
7. I shall remain seized with respect to contract language.
8. Subject to the foregoing all other matters in dispute reflected in the Memorandum of Agreement dated August 22, 2003 are deemed to be resolved.

Dated at Toronto this 10th day of September 2004.

LETTER OF UNDERSTANDING
#5 Re: Society-Management Function/ESR Boundary Issues

Intent

This LOU seeks to clarify employee rights during the operation of Article 64 related to positions at or near to the boundary between The Society and Management Function and provide an equitable means for employees to participate in competitions or a mix and match and follow their work where it has been transferred in or out of The Society's jurisdiction as a result of a reorganization. It is not intended to provide enhanced employment continuity rights in comparison to employees whose work has not changed jurisdiction.

The Problem

1. Position X is in the old organization and is in The Society. The duties change very little in the new organization but the change is sufficient to alter the jurisdiction of the position (e.g., the span of supervision and control is expanded and there will be more Society direct reports).

Under the current rules The Society-represented employees currently in position X will not be permitted to compete for the position in the new organization during a mix and match.

2. There is a converse of 1. Position Y is currently excluded from The Society (i.e., MF or ESR). In the new organization the position is substantially the same but the jurisdiction of the job will move to The Society's jurisdiction. Once again, the change is minimal (e.g., there is reduced supervision and fewer or no Society direct reports).
3. Position Z is being formed in the new organization. It appears that it will be excluded/included but there is uncertainty about some factors (e.g., the number of direct reports). Therefore, the jurisdiction is uncertain and may eventually change.

In this case, Management could make an arbitrary designation as excluded and The Society could challenge the designation later. If Management were to do this, then The Society-represented employees would not be able to compete for the position during a mix and match process. If the ultimate jurisdiction was within The Society, it could be that the selection process would have to be repeated.

If Management were to designate the position as included in The Society then MF and ESR would be excluded from a mix and match process. A similar result could occur, if the jurisdiction were to subsequently change.

The Solution

A joint process for identifying positions X, Y and Z will be established as follows:

1. Management will identify the X, Y and Z positions and identify the employees who could be adversely affected. The Society will have approval/veto rights. (Note: This is intended to ensure X, Y and Z positions are legitimate and not intended to increase the opportunities for MF and ESR employees or reduce the opportunities for Society represented employees to exercise their seniority rights in the mix and match process.)
2. Category X - These positions will be filled in the MF mix and match or advertised OPG wide using the normal vacancy process if not filled in the mix and match. Society represented employees identified under paragraph 1 will be treated equally to MF employees during a mix and match but may only be selected for Position X. If the position is advertised OPG wide, then the employee will be treated preferentially (i.e., be granted the same priority as surplus MF or ESR) for the specified position only. If the employee is not selected, then the employee can exercise all of his/her normal rights under Article 64. Where the employee is not selected for the position, The Society and the employee will be advised of the selection criteria and provided with reasons for non selection.
3. Category Y - These positions will be filled in The Society mix and match or advertised OPG wide using the normal vacancy process if not filled in the mix and match. MF or ESR employees identified under paragraph 1 will be treated equally to Society employees during a mix and match but can only be selected providing they meet the senior qualified criteria for Position Y (i.e., such employees cannot be placed in any other position or displace Society-represented employees). If the position is advertised OPG wide, then the employee will be treated preferentially (i.e., be granted the same priority as surplus Society) for the specified Y position only. If the employee is not selected, then the employee will be treated similarly to other MF/ESR staff in all other respects and have no additional rights.
4. Category Z - The parties will attempt to reach consensus on the jurisdiction of the position based on all available information (which will include an organization chart showing reporting relationships, selection criteria, and description of duties) prior to the selection process. Where consensus is not reached, Management will determine the jurisdiction and The Society will have the right to grieve.
5. The rights of The Society to grieve the jurisdiction of positions are unaffected by agreements reached under this process.
6. This Letter of Understanding expires December 31, 2000.

LETTER OF UNDERSTANDING
#10 Re: Extended Health Benefits

The undersigned parties recognize and accept the fact that OPG's Extended Health Benefits (EHB) plan is a negotiated plan which can only be revised through negotiations. In an attempt, however, to overcome the inflexibility of this plan on a case by case basis, and on a "without prejudice" basis, the parties also recognize that there may be some situations where a business case can be made that an alternative/different treatment to that allowed by the strict wording of the plan may be mutually beneficial.

As such, the parties agree that where a business case supports such action, and where it is mutually agreeable between OPG and The Society, OPG and individual employees may enter into agreements signed by the employee and a Society Principal Officer or Society Staff Officer on a "without prejudice" basis, whereby, for a limited period of time, employees may waive their rights under the EHB Plan and opt for a different or alternative treatment as agreed to by the parties. It is the intention of both parties that this would be done infrequently and only in cases where special requests have been made by individual employees for a different type of coverage. It is further agreed that while employees have no negotiated right to such treatment, the Tripartite Health and Benefits Committee Terms of Reference [i.e. (c)] would allow it to review the experience under this Letter of Understanding when considering adding or subtracting specific entitlements under the EHB Plan in keeping with the progress of medical science. It is further agreed that this Letter of Understanding would not restrict OPG from considering special treatment on an individual basis in the case of serious hardship.

The individual agreements should contain the following information:

1. the duration of the arrangement;
2. current coverage under the EHB plan;
3. the option chosen;
4. where appropriate, a clear statement to the effect that the employee is aware that they are opting out of specific items of coverage under the EHB Plan in lieu of alternative or different treatment;
5. that the arrangement is being entered into on a "without prejudice" basis.

As stated earlier, this Letter of Understanding does not bestow on employees any right under the Collective Agreement to special arrangements, but merely serves to allow, on a case by case basis, where there is mutual agreement, for special requests to be accommodated without increasing the cost of, or entitlements under, the EHB Plan. As such, neither the provisions within the individual agreements or a decision by any party not to enter into such an arrangement are grievable.

This Letter of Understanding expires on December 31, 2000.

LETTER OF UNDERSTANDING**#14 Re: Hours of Work for Field Management and Professional (FM&P) Staff**

The undersigned Parties agree to the following changes to hours of work for Society-represented FM&P staff affected by the 1995-98 EPSCA agreements. The assignment of employees to the provisions under this Agreement will be done by Management on a project-site basis.

1. All relevant policies and agreements, including Article 69, which apply to employees will continue to apply unless specifically stated otherwise in this Agreement.
2. Normal hours of work shall consist of forty hours per week, worked between Monday and Friday, on the following terms:
 - (a) Normal hours of work may be scheduled as 5 days by 8 hours/day or as 4 days by ten hours/day either Monday – Thursday or Tuesday – Friday, but not concurrently on the same project.
 - (b) Each project site will notify The Society Unit Director of the hours of work that the site has elected to work (4 days by 10 ours/day or 5 days by 8 hours/day). Normal hours of work will be established for a minimum period of thirty (30) days. If a project site intends to change the normal hours of work, a minimum of fifteen (15) days written notice shall be sent to the Unit Director.
 - (c) Day Work
The standard start-time for the day work shall be 8:00 am with a possible one hour variance either way.
 - (d) Shift Work

- i. Vacation
 - ii. Floating Holidays
 - iii. Sick Leave
 - iv. Leave of Absence/Unpaid Time Off
 - v. Travel Time
 - vi. Medical and Dental Consultations – Periods of less than four hours shall not be deducted from sick leave credits
- (a) In the application of the above-noted items (i), (ii) and (iii), a “day’s” entitlement will mean eight hours, i.e., a 10-hour day/shift will constitute one day and two hours deducted from credits.
 - (b) When an employee is scheduled to work a 10-hour day/shift and one of the under-noted conditions occurs, a “day” will be considered to be 10 hours.

- i. Jury duty and attendance at court
 - ii. Funerals
 - iii. Moving Day
 - iv. Time Charges for Attendance at Delegates' Council and meetings of The Society's Board of Directors
- (c) On a 10-hour day/shift, basic statutory holiday and special time off provisions remain unchanged in that time off and pay entitlements will continue to be calculated on an eight-hour basis. Staff shall be given the opportunity to recover two hours when a statutory holiday falls on a scheduled 10-hour day/shift and the employee is not given the opportunity to work. Such hours shall be worked at straight time and shall be scheduled by mutual agreement between the employee and his/her supervisor.
- (d) On a 10-hour day/shift, authorized overtime beyond 10 hours work on scheduled workdays and all hours worked on scheduled days off shall be compensated in accordance with the overtime provisions of the Collective Agreement (Article 57).

Any local modification to the conditions surrounding the scheduling of normal hours of work shall be by mutual agreement according to the terms of Article 70.

General Foremen, Supervising Field Technicians, and Field Engineers who are redeployed as a result of Article 64 will do so on the following terms:

- (a) the Unit of Application shall be OPG-wide
- (b) the Parties agree to formation of a standing JRPT to expedite occasional or ongoing redeployment of the above.

This Agreement operates until December 31, 2000 and shall continue thereafter subject to 90 days written notice of cancellation by either party not before October 1, 2000.

This Agreement is without prejudice to either Party's position, and does not create a precedent, in respect of the fairness or appropriateness of any future unit of application, rights relating to hours of work, or any other matter.

The employer will make all reasonable efforts to make this determination as soon as possible after the drug has been approved for use in Canada. When a drug is deemed by the Chief Physician (or other employer-designated decision-maker) to meet this criteria, the drug shall be added to the formulary.
- Any drug on the Formulary that is no longer approved for use in Canada will automatically be deleted from the Formulary effective the date federal approval is withdrawn.

When the OTC product is deemed by the Chief Physician (or other employer-designated

decision-maker) to meet this criteria, the product shall be added to the formulary.

When Best Average Pricing information is not available for an OTC product, a paper claim will be reimbursed subject to determination by the Chief Physician (or other employer-designated decision-maker) that there is no reasonable alternative product on the existing formulary and that the product is commonly and customarily recognized throughout the physician's profession as appropriate in the treatment of a patient's diagnosed sickness, injury or condition.

4. The Corporation agrees to install, and update on a quarterly basis, the complete Drug Formulary on the Intranet.

LETTER OF UNDERSTANDING**#68 Re: Centralization of the Organization Reporting to the Chief Information Officer****1. Purpose/Scope**

- 1.1 To transfer identified employees (see section 3 below) to the organization reporting to the Chief Information Officer (CIO) and to deal with matters related to those transfers.
- 1.2 Except as expressly modified in this Letter of Understanding, all provisions of the Collective Agreement shall continue to be applicable.

2. Preamble**2.1** The vision for the CIO's organization is to:

- provide the most reliable and cost effective information technology systems to Ontario Power Generation Inc. (OPG);
- plan to support all current OPG and new generation assets in North America;
- understand that in a competitive energy environment "joint operating agreements" are common and that the best Information Technology (IT) organization will support a generation asset, regardless of who owns the electricity output;
- ideally, perform work internally where employees can perform it well and effectively.

2.2 OPG and The Society of Ontario Hydro Professional and Administrative Employees (The Society) agree that the CIO's vision shall be pursued having due regard for the need to:

- treat Society represented employees in a fair and equitable manner;
- protect, to the greatest extent possible, the employment security of Society represented employees;
- vigorously pursue training and career development for Society represented employees so that they remain a valuable asset of the CIO organization.

3. Organization Transfers

Employees identified in the attached organization charts and lists, which charts and lists shall form part of this Letter of Understanding, will be transferred to the CIO organization and the OPG (non-nuclear) bargaining unit effective the date of approval of this Letter of Understanding. Society represented IT employees in what is currently known as Ontario Power Technologies (OPT) will have the opportunity to be transferred to the CIO organization.

3.1 Transferring Employees After the Implementation of the CIO Organization

All Society represented employees dedicated fully to Information Technology (IT), including employees currently assigned to Y2K projects, will be transferred to the CIO organization effective the date of approval of this Letter of Understanding. Should other Society represented IT employees be identified after the date of approval of this Letter of Understanding, they will be transferred to the CIO organization following discussions with and the agreement of the Society.

3.2 The CIO Organization

The CIO organization includes employees involved in Information Technology (IT) as described below.

Definition

Information Technology is any business solution that supports an organization to achieve its business objectives; for example:

- business applications development and support;
- call centre support;
- centralized computer system configuration and management;
- mainframe data centre configuration and support;
- distributed computing (e.g., desktop, LAN shared services and peripherals);
- database technology;
- voice technology and network.

4. Unit of Application

For the duration of this Letter of Understanding, there will be one unit of application for all employees reporting to the CIO.

5 Other Commitments

Management shall complete the commitments set out below in 5.1 and 5.2.

5.1 Review of Job Documents

- Rewrite job documents to move toward more generic job documents.
- Rationalize pay grades.
- Review internal relativity and make changes/improvements where necessary.
- Develop a limited set of job descriptions.
- Review and revise, as necessary, the Promotion in Place (PIP) documents that are currently in operation in the CIO organization.
- Where PIPs are not in place, management will identify advancement criteria from one pay grade to another and integrate those advancement criteria with the Personal Development Plans (PDPs - see 5.2 below) of Society represented employees. The identification of advancement criteria and their

integration with PDPs will not guarantee advancement/promotion, but will identify for employees what is required of them to be advanced/promoted.

It is expected that the commitments in 5.1 will be completed by August 31, 1999.

5.2 Employee Training and Development

- It is important to keep employees' skills current.
- On average, every employee will receive a minimum of 20 hours of IT specific technical training per year. Over a three-year period, an employee will be provided with, on average, 120 hours of technical training. This commitment does not provide a guarantee for any specific employee, but is an average for the CIO organization that will be maintained. These commitments to provide training become effective June 1, 1999.
- Non-technical training will be provided to employees where it is required for their career development. The commitment to provide non-technical training is separate from and in addition to the required amount of technical training.
- Training will be linked to, and integrated with, both the employees' Personal Development Plans (PDPs) and the CIO organization's business plans.
- Management will begin the process of developing Personal Development Plans for all employees.
- Every Society represented employee in IT will have a PDP and his/her training needs identified no later than October 1, 1999.
- A joint review of training will take place in January, 2000. The purpose of the review is to ensure that training has taken place and is scheduled to take place in accordance with the commitments set out in 5.2.

6. Article 64

Article 64 will not be invoked in the CIO organization until:

- the commitments in 5.1 have been met; and,
- the commitments in 5.2 have been demonstrated to be in place or satisfactorily in progress*; or,
- the expiration of the 1999-2000 Collective Agreement.

* The three-year training commitment set out in 5.2 will be deemed to be "satisfactorily in progress" and this management commitment to have been satisfied if by December 31, 1999 Society represented employees in the CIO organization have been provided, on average, with 10 hours of technical training.

7. Purchased Services

7.1 Management will identify all contractors performing work in the CIO organization. All current contracts will be jointly examined no later than June 30, 1999 to determine the extent of the use of purchased services in the CIO organization.

7.2 A new purchased services implementation plan will be jointly developed for the CIO organization (pursuant to subsection 67.6.1 of the collective agreement) that will guide management and Society decision-makers. The new implementation plan

will be developed in keeping with the CIO's perspective on the appropriate use of purchased services.

8. Relocation Assistance

All of the entitlements described in paragraphs 5 and 6 of the Letter of Understanding "Redeployment of Society Represented Employees in OPGIN During NAOP" shall continue to apply to employees at the Bruce site. The letter dated June 19, 1998 from the Vice President - Labour Relations (Corporate Human Resources) to John Wilson, President of The Society of Ontario Hydro Professional and Administrative Employees and captioned "Bruce Nuclear Redeployment" shall also continue to apply to employees located at the Bruce site.

9. Duration

This Letter of Understanding shall operate until December 31, 2000 and shall continue thereafter subject to 90 days' written notice of cancellation by either Party.

LETTER OF UNDERSTANDING
91 Re: Policy #04-03-04 - "Rehabilitation and Re-employment"

1. Employees in receipt of LTD benefits, who are determined to be medically able to return to work, shall be provided with appropriate rehabilitation services. Such services shall be set out in a rehabilitation plan developed in accordance with the LTD and Rehabilitation and Re-employment policy. It is understood that a six-month period of rehabilitation employment may be insufficient for an LTD benefit recipient returning to work and that, therefore, the rehabilitation plan may provide for a period of rehabilitation employment that is reasonable in the circumstances. The ultimate goal of the rehabilitation plan is continuing employment in a full-time position. However, it is recognized that some employees have medical disabilities that may not be supportive of working full time.
2. Where the rehabilitation process identified reduced hours (minimum of 14 hours, maximum of 28 hours) as a permanent medical restriction (as supported by medical evidence), the employee will be re-employed, and accommodated, in an available and suitable on-going position while retaining his/her LTD status. This re-employment will be in accordance with the terms set out in Article 45 of the Collective Agreement.
3. Employees under this arrangement (as set out above) shall:
 - (a) In accordance with their LTD status, continue to receive full (ie full-time) service credit during this period and have full coverage (ie in accordance with the Pension Plan; with no pro-rating) maintained in, but will not be required to contribute to, the Ontario Power Generation Pension Plan and the Ontario Power Generation Group Life Insurance Plan;
 - (b) Receive the greater of; the appropriate salary level for hours worked; or LTD benefit entitlement; and,
 - (c) Be eligible for Incremental Pay Step increases and the performance appraisal process, where medical restrictions do not preclude its application, shall take into account medical restrictions with respect to establishing goals and measuring achievements. For clarity, Article 43.4.1 of the Collective Agreement continues to apply to employees covered by this consent award.
4. This Letter of Understanding satisfies the commitment of the parties as set out in the "Joint Society-Hydro Report to Mediator-Arbitrator Justice Adams on Consented Items reached to Date during 1997 Collective Agreement Renewal Negotiations," dated April 14, 1997.

122 Re: The implementation of the PSA agreements:

A review has been completed of the level of augmented staff, managed task PSAs and the current regular staff levels in OPG. In the event of a significant change in the level of augmented or managed task, the parties will meet to update the dues level.

The following is an amount that represents a dues replacement formula:

1. The Society will receive \$750,000 per year in lieu of dues for all augmented staff contingent upon reaching agreement for the respective business planning year. The amount for 2003 will be paid out in March 2003. Subsequent payments will be paid in each September following the completion of the Business Planning review. For clarity the 2004 payment would be due following the completion of the business planning process in September 2003.
2. Failure to reach an initial agreement or expiration of any of the three LOUs will lead to a proportional adjustment (*the proportions to be determined prior to signing the final agreement*) of the amount in #1 above.
3. This agreement will automatically expire when all of the three (OPG-N; OPG-EP; OPG Corporate Groups) LOUs expire.

LETTER OF UNDERSTANDING**# 124 Re: Article 67 Purchased Services Agreement (PSA) Nuclear (including Nuclear Waste and Nuclear Regulatory Affairs)**

1. For the term of this Letter of Understanding the PSA is suspended.
2. The parties agree to meet during the annual business planning process to review the business plan and the work that is to be contracted out for the years 2003 and 2004.
3. During this process Management will consult with the Society regarding the regular and temporary staff levels for Society - represented staff. Management will also identify the level of proposed contracting out. The parties will attempt to reach agreement on the appropriate level of regular and temporary staff and the work to be contracted out for the business planning years. The 2004 levels shall be agreed to, based upon the business plan forecast for 2004 with an agreed upon monetary total for contracted work for 2004. There will be a +7.5% contingency for contract work for the 2003 business planning year and a +12.5% contingency for the 2004 business planning year.
4. Management agrees to provide the Society with reasonable access to available information (with appropriate consideration for confidentiality) on a regular basis in order to monitor the agreed level of contracted work in paragraphs #3 and #6.
5. Failure to reach an agreement on the levels as outlined in paragraph #3 above shall not be subject to arbitration as such failure shall result in the LOU being null and void and the parties reverting back to Article 67.
6. In the event of major projects, new and emergent work that may alter the agreed to level of contracted work, including the contingency, the parties will attempt to reach agreement on the impact of this change, including the exclusion of some or all of this work from the agreed to levels. The parties may also agree as to the amount, if any, of this work that should not be contracted out. If the parties fail to reach an agreement on the major projects, new and emergent work, the default shall be the Article 67 process, including arbitration, for the resolution of any disputes related to this unplanned for work.
7. The parties will meet on a regular basis to review the regular and temporary staff levels and the levels of contracted work. At the end of the business planning year there will be a final review of the outcome compared to the initial agreement.
8. In the event that the level of contracting out (including the contingency amount) at the end of the business planning year exceeds the agreed level, the parties will

discuss and attempt to reach agreement on the impact of this change and any remedy if appropriate. If the parties fail to reach an agreement, the portion of contracted work that exceeds the agreed level may be referred to arbitration. The arbitrator may fashion any remedy he/she may deem appropriate, including an order to hire Society- represented staff. It is understood that the work which is contracted to spin off companies (where the work is being performed by Society- represented employees) is excluded from this arbitration process.

9. The Society may also arbitrate failure to meet under paragraph #2. The arbitrator may fashion any remedy he/she deems appropriate.
10. The final agreement of this LOU is contingent upon the parties reviewing the business plans and reaching agreement on the level of work to be contracted out during 2003 and 2004. This will be completed by February 21, 2003 or as soon as possible thereafter. Final agreement of the LOU resolves all outstanding PSA grievances under the collective agreement.
11. This LOU shall expire on December 31, 2010 unless there is agreement to renew this LOU for the business planning year 2011 by September 30, 2010. In the event that there is no agreement to renew, Article 67 will apply for work to be contracted out in 2011.

5. Failure to reach an agreement on the levels as outlined in paragraph #3 above shall not be subject to arbitration as such failure shall result in the LOU being null and void and the parties reverting back to Article 67.
6. In the event of major projects, new and emergent work that may alter the agreed to level of contracted work, including the contingency, the parties will attempt to reach agreement on the impact of this change, including the exclusion of some or all of this work from the agreed to levels. The parties may also agree as to the amount, if any, of this work that should not be contracted out. If the parties fail to reach an agreement on the major projects, new and emergent work, the default shall be the Article 67 process, including arbitration, for the resolution of any disputes related to this unplanned for work.
7. The parties will meet, in each of the business units, on a regular basis to review the regular and temporary staff levels and the levels of contracted work. At the end of the business planning year there will be a final review of the outcome compared to the initial agreement.

8. In the event that the level of contracting out (including the contingency amount) at the end of the business planning year exceeds the agreed level, the parties will discuss and attempt to reach agreement on the impact of this change and any remedy if appropriate. If the parties fail to reach an agreement, the portion of contracted work that exceeds the agreed level may be referred to arbitration. The arbitrator may fashion any remedy he/she may deem appropriate, including an order to hire Society- represented staff. It is understood that the work which is contracted to spin off companies (where the work is being performed by Society- represented employees) is excluded from this arbitration process.
9. The Society may also arbitrate failure to meet under paragraph #2. The arbitrator may fashion any remedy he/she deems appropriate.
10. The final agreement of this LOU is contingent upon the parties reviewing the business plans and reaching agreement on the level of work to be contracted out in each of the business units above during 2003 and 2004. This will be completed by February 21, 2003 or as soon as possible thereafter. Final agreement of the LOU resolves all outstanding PSA grievances under the collective agreement.
11. This LOU shall expire on December 31, 2010 unless there is agreement to renew this LOU for the business planning year 2011 by September 30, 2010. In the event that there is no agreement to renew, Article 67 will apply for work to be contracted out in 2011.
12. All discussions and/or attempts to reach agreement as defined above shall be without prejudice and without precedent to any position either party may take before an arbitrator under the Article 67 process, should no final agreement be arrived under this LOU.

**LETTER OF UNDERSTANDING
#174 Re: Band N**

**This LOU includes and replaces the former LOUs #84, #99, #119, #142, #149, #160 and #174 Re: Band N, this new LOU is to update collective agreement references*

The undersigned parties agree to the following:

This Letter of Understanding (LOU) supersedes LOU # 84, 99, 119, 142, 149, and 160 and Article 63 of the Collective Agreement. It outlines compensation and working conditions as they relate to the SSIT training program and the compensation and working conditions for CRSS, CRSOS, ATS, and U0TS positions. This LOU supersedes all other articles in the Collective Agreement that relate to base pay, performance/incentive pay, or bonuses.

Recognizing both the need for flexibility and appropriate compensation for the CRSS, CRSOS, ATS, and U0TS, and SSIT, the parties agree that the following is retroactive to January 1, 2007 unless otherwise specified. This agreement is subject to ratification by both parties.

A. Non-Monetary

1.0 SSIT

1.1 Upon CNSC certification Society-represented SSITs will be placed in a CRSS or CRSOS position without the requirement to post the vacancy.

SSIT Training Program

1.2 OPG and The Society are committed to an SSIT training program that will produce a high calibre of licensed staff. To accomplish such, the parties agree to the following principles:

- a. Training and experiential activities to become licensed staff are the priority of all parties while on the SSIT program
- b. Management shall consider the relevance of experiential assignments to the various phases of the program and the ultimate goal of certification.
- c. SSITs shall have effective management mentoring during the program
- d. SSITs shall be pro-active to bring concerns and issues to the Mentoring Shift Manager/Operations Manager's attention on any aspect of their training or assignments that they believe would jeopardize the ultimate goal of certification.

- 1.3 The SSIT with the assistance of the Operations Training Liaison and Authorization Training Section Manager will prepare a schedule that provides adequate time to complete all the activities for the success of the SSITs. This schedule will be approved by their mentoring Shift Manager.

Management will assign work as set out in each SSIT's Individual Development and Training Plan and the Development and Training Program. There may be times when station work priorities will take precedence and assignments will not have direct relevance to their individual development within the certification program. In the event of such circumstances, the work assignment shall not significantly impact the SSIT's Individual Development and Training Plan or their progression through the Development and Training Program or have a significant negative financial impact upon the SSIT.

Issue Resolution

- 1.4 Issues related to 1.2 and 1.3 may be referred to the Operations Manager. If any issue remains unresolved, the Director of Operations and Maintenance Training, The Society and the Director of Operations and Maintenance will be involved to resolve the issues taking into consideration the candidates concerns and the best long term interest of the Business. Failing resolution with respect to 1.3, either party may advance the issue through the Article 16, Complaint and Grievance/Arbitration Procedure of the Collective Agreement for resolution.

2.0 CRSS/CRSOS, U0TS and ATS

- 2.1 a. Effective January 1, 2008, CRSS, CRSOS, U0TS and ATS classifications will be eligible for payments under Article 66.4 if the employee exceeds 900 cumulative hours in a higher rated position for the duration of this LOU. The parties agree that a TEMPUS work event will be generated for such occurrences.
- b. CRSSs and CRSOSs may be rotated into training positions. Management will first seek volunteers to fill these rotations. In addition, Shift Managers may be rotated into the ATS position in order to provide a mentoring, testing and evaluation role for Shift Managers.
- c. The Employer agrees that there should be no more than twenty five percent (25%) of the ATS/U0TS staff positions filled on a rotational/contractor basis. The Employer agrees that effective July 31, 2009 at least 75% of the ATS/U0TS positions will be filled by regular Society represented employees on an average overall annual basis. It is recognized, however, that this percentage may drop below 75% due to retirements, promotions, etc. and temporary staffing measures may be utilized as long as proactive measures are being taken to achieve the

75% level. An annual audit report demonstrating the above shall be provided to the Society in July of each year.

- 2.2 Article 67 – Purchased Service Agreement is suspended with respect to work performed by the CRSS, CRSOS, UOTS, and ATS classifications.
- 2.3 The requirement to obtain agreement for rotations by ANOs within the Society's jurisdiction for CRSS, CRSOS, UOTS, and ATS classifications (see Business Unit Mid-term #14) is suspended.
- 2.4 In the event that overtime beyond 48 hours cannot be filled on a voluntary basis, OPG will require individual CRSS, CRSOS, UOTS, or ATS employees to work overtime up to 60 hours per week. The Society agrees on behalf of CRSSs, CRSOSs, UOTSs, or ATSs that notwithstanding an employee's regular hours of work, they may be required to work up to 60 hours per week in accordance with the Employment Standards Act, subject to the following:
- Such forced overtime:
- e. Is limited to refilling scheduled or prearranged control room CRSS/CRSOS positions;
 - f. Is limited to simulator based training or simulator based exam development ATS or UOTS positions;
 - g. Is limited to 3 non-consecutive weeks per employee per calendar year; and
 - h. Forced overtime will be equitably rotated.
- 2.5 The UOTS and ATS positions will be classified as a "shift position" for the purpose of conducting simulator based training courses or the use of the simulator for exam/training material development only.
- i. OPGI-Nuclear will propose shift arrangements for employees and seek The Society's input on proposed shift arrangements.
 - j. Such shift arrangements will normally be on a voluntary basis. However, in the absence of any qualified volunteers, OPGI-Nuclear reserves the right to appoint specific individuals to perform the work.
 - k. An employee who has volunteered to work a scheduled series of shifts may request a change in work assignment. Management will consider such a request.
 - l. Except in an emergency situation, at least seven days' notice will be given with respect to shift change notices.
 - m. There are no posting or voting requirement with respect to shifts scheduled.

2.6 Shifts for ATS and U0TS shall be as follows:

a. Normal Days

- Monday to Friday: 08:00 to 16:00

b. 10 Hour Shifts-Days

- Monday to Thursday: 08:00 to 18:00
- Tuesday to Friday: 08:00 to 18:00

c. 10 Hour Shifts-Afternoons

- Monday to Thursday: between 12:00 to 24:00
- Tuesday to Friday: between 12:00 to 24:00

d. 8 Hour Shifts-Afternoons

- Monday to Friday: between 12:00 to 24:00

2.7 Night Shift Conditions for ATS Conducting Simulator Based Training Courses shall be as follows:

a. 10 Hour Shifts-Nights

- Monday to Thursday: between 20:00 to 08:00
- Tuesday to Friday: between 20:00 to 08:00

b. Night shift provisions are effective from January 1, 2008 to December 31, 2010 at Pickering B and Darlington;

c. The total of night shifts worked will not exceed the number of hours required to execute two initial authorization programs, to a maximum of twenty (20) weeks per program;

d. Night shifts beyond (c) above require joint agreement;

e. Management will seek volunteers first but failing that, may assign qualified employees in accordance with 2.5 above;

f. ATS conducting simulator based training courses, on night shift will receive a non-pensionable shift premium of 50% of the employee's base rate for all normally scheduled hours on a night shift.

- 2.8 There will be no shifts other than those set out above without the prior agreement of the Society.

3.0 Compensation Treatment and Security

- 3.1 Compensation Security will be effective January 1, 2008. Compensation security for CRSS/CRSOS, ATS and U0TS and the compensation treatment for SSITs reflects the following principle:

No provision in this section other than those expressly provided for shall apply to circumstances where an employee elects to leave their position voluntarily or where an employee is moved from role due to performance issues.

- 3.2 Compensation Treatment for SSITs:

- a. The security treatment for an SSIT who has left the program prior to completing their Station Specifics will result in the employee being returned to their former classification or, if unavailable, a lateral classification. The employee will revert to their previous wage rate, including any automatic progressions that they would have been entitled to had they not entered the SSIT program and they will immediately begin the hours of work schedule for that position.
- b. The security treatment for an SSIT who has left the program and has completed their Station Specifics will be as follows:
 - i. for an SSIT who has left the program due to removal by management for cause will be returned to their former classification, or, if unavailable, a lateral classification. If the new position is a 40-hour position, the employee's present base rate will be "red-circled". If the position is a 35-hour position, the wage rate will be "red-circled" and treated in accordance with Article 64.26.2.
 - ii. for an SSIT who has left the program with mutual agreement or due to disability caused by accident or illness, or due to exculpatory performance issues and that personal career decisions are not involved, will be to return to their former classification, or, if unavailable, a lateral classification and the employee's present base rate will be "green-circled". If their position is a 35-hour position, the wage rate will be "red-circled" and treated in accordance with Article 64.26.2.

- 3.3 Compensation Security for CRSS/SOS, ATS or U0TSs

The compensation security for a CRSS/SOS, ATS or U0TS who has left the program upon mutual agreement or failure to satisfy the requirements of the Certified Continuing Training and Re-qualification Testing, or due to disability caused by accident or illness, or due to exculpatory performance issues and

not for personal career decisions (except with respect to positions listed 3.4 below) will be as follows:

- a. If the employee has less than 10 years in a certified and/or Band N position, they will receive no authorization bonus. If their new position is a 40-hour position, the employee's present base wage rate will be "green-circled". If the position is a 35-hour position, the wage rate will be "red-circled" and treated in accordance with Article 64.26.2.
 - b. If the employee has been certified and/or in a Band N position for greater than or equal to ten years but less than fifteen, they will continue to receive 50% of the earned authorization bonus. If the new position is a 40-hour position, the employee's present base rate will be "green-circled". If their position is a 35-hour position, the wage rate will be "red-circled" and treated in accordance with Article 64.26.2.
 - c. If the employee has been certified and/or in a Band N position for greater than or equal to fifteen years or is within 3 years of undiscounted pension, they will continue to receive their earned authorization bonus to a maximum of 20%. If the new position is a 40-hour position, the employee's present base rate will be "green-circled". If their position is a 35-hour position, the wage rate will be "red-circled" and treated in accordance with Article 64.26.2.
- 3.4 The Company further agrees to provide compensation security to employees in the CRSS, CRSOS, ATS and UOTs classifications who are successful to the following positions provided these positions remain within the Society's jurisdiction:

Operations FIN –Shift Manager
 Work Control / IPG Single Point of Contact
 Days Operations – Shift Manager
 Section Manager Outages
 Section Manager Examinations

4.0 Rotational Positions

- 4.1 The length of rotations in CRSS/SOS, ATS and U0TS positions will be in accordance with Article 65. All ATS and U0TS rotations greater than 6 months in duration will be posted. Selection for posted rotations shall be as per Article 65.6.3 from among regular Society-represented applications first, followed by all others.

5.0 CRSS/SOS, ATS, UOTS and SSIT Issues Committee

- 5.1 The parties agree to create a CRSS/SOS, ATS, UOTS and SSIT Issues Committee (subsequently referred to as the Issues Committee), which will include a maximum of 5 Society members drawn from SSIT, CRSS, CRSOS, ATS, UOTS, or Society Staff Representative positions and 5 members from Management. Additional resources may attend the committee meetings with the agreement of the parties.
- 5.2 This Committee shall meet quarterly unless otherwise agreed to by the parties. Either party may request a meeting of the Issues Committee with three weeks notice.

- 5.4 The initial meeting of the Issues Committee will be no later than March 10, 2008.
- 5.5 The Issues Committee will continue to operate as a standing committee and will make regular reports to the Nuclear JSMC.

5.8 Nothing in this Letter of Understanding shall limit either parties rights to access the dispute resolution processes with respect to Articles contained in the Collective Agreement.

B. Monetary

6.0 SSITs

6.1 Shift Supervisors in Training (SSITs) will move through the training program and receive compensation on the following basis:

- i. SSITs presently in the training program will be placed on Band N (Table 1). The salary range for SSITs will be from \$111,500 to \$129,685 in 2007. These SSITs will be placed in the range taking into account their present program completion status. SSITs whose base rate is within the range but above their present program completion status wage rate, will have their base rate green circled until such a time as their program completion status wage rate equals or is greater than their base rate. SSITs whose base rate prior to placement is at or above the top of the range will continue to receive their base rate and will be "green-circled".
- ii. SSITs entering the program after the signing of this agreement will be placed on Band N. SSITs whose base rate prior to placement is lower than the minimum of the salary range will receive the minimum of the range. SSITs whose base rate is within the range will continue to receive their base rate and are entitled to the increases in (iii) to (vii) below up to the top of the range. SSITs whose base rate prior to placement is at or above the top of the range (i.e. \$129,685 in 2007) will continue to receive their base rate and be "green-circled".
- iii. Upon successful completion of the Generals and Science Fundamentals, SSITs within the salary range will receive 4% base rate increase.
- iv. Upon successful completion of Station Specifics, SSITs within the salary range will receive a 4% base rate increase.

- v. Upon successful completion of SS Supplementals, SSITs within the salary range will receive a 4% base rate increase.
- vi. Upon successful completion of Simulator Training, SSITs within the salary range will receive a 3% base rate increase.
- vii. When certified by the CNSC, SSITs within the salary range will receive an increase in base salary to the top of the SSIT salary range.
- viii. All SSITs will receive a \$7000 non-pensionable bonus upon certification by the CNSC.
- ix. In no case will the increases in (iii) to (vii) above result in a base rate increase beyond the top of the salary range (i.e. the top of the range is a cap). SSITs who are at the top or above the salary range will continue to receive annual negotiated economic increases. If the annual economic increase is such that an employee who was at the top or above the salary range is now within the salary range, then they will be eligible for the increases in (iii) to (vii) up to the cap.

7.0 Compensation

- 7.1 The CRSS, CRSOS, ATS, UOTS classifications are eligible to receive an annual non-pensionable results based payment not to exceed 8.0%. Details of the payment are as follows:
 - i. The payment will be a lump sum payment based on meeting and/or exceeding targets and is not guaranteed;
 - ii. The payment will be paid as soon as practicable each year by the end of 1st quarter;
 - iii. The maximum payment will be calculated using the percentage of the appropriate year (base weekly salary times 52.1786 weeks per calendar year). The bonus will be prorated for any period less than a full calendar year based on full months completed;
 - iv. The targets will be measured from January 1st through to December 31st of each performance year;
 - v. Targets, measures, and assignment of values to each performance area will be discussed and agreed to by local joint teams (members appointed by Society and Management) for each of the classifications. In the event that a joint team is unable to agree the matter will be referred to the appropriate Director of the applicable work group and the appropriate Society Unit Director who will endeavor to resolve the matter. Failing a joint resolution the matter will be referred to the appropriate OPG Senior Vice-President for a final decision;

vi. The results based payment is not subject to the grievance procedure;

- 7.2 Effective January 1, 2008 CRSS, CRSOS, ATS, UOTS employees shall receive a 1% annual base salary increase unless the employer demonstrates a performance problem.

In addition, there shall be annual performance pay of 1% of base payroll for CRSS, CRSOS, ATS and UOTS who are below the top of Band N. The base rate of employees who are at or above the top of Band N will not be used in the determination of base payroll. The annual performance adjustment is based on individual performance. In the absence of any mutually agreed to alternative, the practice for administering the annual performance adjustment will be as outlined in Articles 20, 21 and LOU 77 of the 2005 Society/OPG Collective Agreement. These adjustments shall be made in the first payroll period in the year following the performance year. In no case will these increases result in a base rate increase beyond the top of the salary range (i.e. the top of the range is a cap).

- 7.3 For the purposes of calculating the number of years for the pensionable bonus and for the purposes of Compensation Security as found in this Letter of Understanding, the parties agree to recognize years in a CRSS, CRSOS, ATS or UOTS position and all years since initially certified in a CNSC and/or formerly AECB position. The calculation of years shall be from January 1 in the first year that they became certified.

- 7.4 Effective January 1, 2006, CRSS and CRSOS employees who are certified for less than or equal to 10 years will have a monthly pensionable bonus equal to 15% of base annual pay (based on 52.1786 weeks per calendar year). CRSS and CRSOS employees who are certified for more than 10 years will have an additional 0.75% for each year certified to a maximum of 28%.

- 7.5 Effective January 1, 2006 for CRSS and CRSOS employees who are within three years of an undiscounted pension, and instead to the 0.75% increase in 7.4 above, they will receive a bonus increase of 2% for the entire third year prior to an undiscounted pension and 3% for all years thereafter, to a maximum of 28%.

- 7.6 The increase to the CRSS and CRSOS bonus in 7.4 and 7.5 above, will also result in a retroactive increase to the ATS and UOTS bonus for the time period of January 1, 2006 to December 31, 2007 and in the same proportion as the bonus payments under LOU #119 (i.e. 50% for ATS and 25% for UOTS).

Effective January 1, 2008, ATS and formerly authorized staff selected into an ATS position will receive an annual pensionable Past Authorization Bonus (PAB) equal to 75% of all amounts in Sections 7.4 and 7.5 above, calculated in the same manner.

Effective January 1, 2008, UOTS who were formerly certified as Unit 0 CRO's will receive an annual pensionable bonus equal to 67.5% of all amounts in Section 7.4 and 7.5 above, calculated in the same manner.

- 7.7 Employees selected to the ATS and UOTS position during a calendar year will have their bonus pro-rated to the nearest full week worked. This bonus will be paid on the first pay period in December of each year.
- 7.8 Employees selected to the CRSS and CRSOS positions during a calendar year will receive the monthly bonus in the month they commence work in these classifications, pro-rated to the nearest full week worked.
- 7.9 CRSS, CRSOS, ATS, UOTS employees covered by this agreement shall only be entitled to one of the bonuses detailed in Sections 7.4, 7.5 or 7.6 above.
- 7.10 The bonuses detailed above will be used for pension, insurance, and the "Long Term Disability" program.
- 7.11 Band "N" is a salary schedule exclusively for SSIT, CRSS, CRSOS, UOTS and ATS classifications. The band ranges from \$111,500 to \$145,000 in 2007. The starting rate for CRSS, CRSOS, ATS and UOTS will be the top of the salary range of SSITs (i.e. \$129,685 in 2007), or their current base rate whichever is higher. The Band N salary range, see Table 1, will be increased by the annual negotiated economic increases. Any performance pay increase received will be compounded upon the base rate increases.
- 7.12 Employees as of the effective date of this LOU who exceed the top of CRSS, CRSOS, ATS and UOTS salary range on Band N will be green circled i.e. they will continue to be eligible for all monetary provisions of this LOU, except for Section 7.2, in the same manner as other employees.

8.0 Other Provisions

- 8.1 Where Management intends to revoke an employee's certified license, the employee will be given written notice (with a copy to the Society), on the reasons for removal. The employee may be removed from the certified position pending the outcome of the process below.

The employee has the right to grieve the intention to remove their certified license within thirty (30) working days of receiving written notice through the normal grievance/arbitration procedure as outlined in the collective agreement.

The employee's authorization bonus will continue throughout the grievance/arbitration procedure and shall cease if removal of the license is upheld at arbitration.

- 8.2 Except as expressly modified herein, all relevant provisions of the collective agreement shall continue to apply. For greater clarity, employees on Band N shall be treated as M&P employees where such a distinction is drawn in the Collective Agreement.
- 8.3 The Society hereby withdraws the grievances/complaints on Table 2, attached, which encompass SSIT, CRSS, CRSOS, ATS and Shift Manager positions subject to a review of all outstanding grievances.
- 8.4 The parties agree that this LOU will be effective upon the date of signing except where noted otherwise. This agreement will operate until December 31, **2018** and shall continue thereafter subject to ninety (90) days cancellation by either party.

**Letter of Understanding
#175 Re: Purchased Services Agreement (PSA) Nuclear (including Nuclear
Waste and Nuclear Regulatory Affairs)**

**This LOU replaces the former LOU #153 Re: Purchased Service for OPG and Society Involvement in the OPG Business Planning Process*

1. For the term of this Letter of Understanding the PSA (Article 67) is suspended.
2. Without prejudice or precedent, for the purpose of this agreement only, "base work" shall be defined as OM&A work of an on going nature typically executed by Society-represented staff. This work would include, but not be limited to, items such as stress analysis, preparing bills of materials, equipment performance monitoring, addressing outage and non outage AAA holds or elimination of backlogs. It does not include OM&A or capital modification projects.
3. For the purposes of this agreement, "Augmented Staff" shall be defined as staff hired either directly by OPG, or through a managed task contract, that perform work regularly performed by Society-represented employees and are taking work direction from OPG.
4. The parties agree to meet during the annual business planning process to review the business plan and the work that is to be contracted out for the years 2006 to 2010.
5. The fixed dollar envelope for Nuclear, including Nuclear Waste and Nuclear Regulatory Affairs, will be the dollar amounts agreed to for 2006. The proportion of this fixed dollar envelope that represents base work will not exceed 10%. The fixed dollar envelopes will each have a 5% contingency for each year.

For further clarity, parties agree to the following amounts for contracting out of Society work, including all AECL work not specifically excluded by Appendix IV:

Total Contracting out Envelope by Year

Year	2006	2007	2008	2009	2010
Total	\$125M	\$125M	\$125M	\$125M	\$125M
Base Work Maximum	\$12.5M	\$12.5M	\$12.5M	\$12.5M	\$12.5M
Contingency	\$6.25M	\$6.25M	\$6.25M	\$6.25M	\$6.25M

6. Amounts from each year cannot be carried forward from one year to the next.

7. The contingency amounts can be used for base work but cannot be used to increase the "base work maximum" beyond the \$12.5M maximum for each year. The term "base work" is defined in paragraph 2 above.
8. In accordance with the side letter attached to LOU 153, all BOM work will cease to be contracted out upon signing of this agreement. If base P.E. staff from elsewhere in Nuclear are assigned to perform work that would have been considered to be BOM work, then OPG may backfill those base P.E. staff with augmented staff or managed task.
9. In the event of major projects, new and emergent work that may alter the agreed to level of contracted work, including the contingency, the parties will attempt to reach agreement on the impact of this change, including the exclusion of some or all of this work from the agreed to levels. The parties may also agree as to the amount, if any, of this work that should not be contracted out.

If the parties fail to reach agreement on the major projects, new and emergent work, the default shall be the Article 67 process, excluding arbitration, for the resolution of any disputes related to this unplanned for work.

10. Arbitrations for disputes over amounts above the envelope will be expedited, i.e.
 - Business case briefs no longer than 10 pages;
 - No witnesses;
 - No lawyers (save and except LR and Society staff);
 - Multiple cases per day if possible;
 - Expanded list of arbitrators;

Agreed to arbitrator(s)** will be used who will hear cases on short notice and will give a verbal ruling on the day of the hearing or as soon as possible thereafter.

11. The company will report on an annual basis on the status of expenditures on the envelopes above. Further, management will also report on an annual basis the dollar expenditures of work performed by NSS, Kinectrics, AECL and other Society represented companies. For further clarity the dollar expenditures of work includes all work done (e.g. MG, PWU and Society work) and not solely Society work.
12. This LOU shall expire on December 31, 2010 unless there is agreement to renew this LOU for the business planning year 2011 by September 30, 2010. In the event that there is no agreement to renew, Article 67 will apply for work to be contracted out in 2011.

#176 Re: ESA Hours of Work Permit**

Whereas the parties wish employees covered by the parties' collective agreement to work extra hours as contemplated in the collective agreement and which are allowed by the Employment Standards Act 2000 (ESA) through agreements by the parties;

And whereas the parties understand that the Director of Employment Standards is required to approve agreements between employers and bargaining agents to permit employees to work more than 48 hours in a week;

Therefore in accordance with the ESA the parties hereby agree to the following with respect to the hours of work of employees covered by the parties' collective agreement:

1. In accordance with the ESA the Society consents to employees working extra hours beyond their daily normal hours of work, to a maximum of 13 hours.
2. Also in accordance with the ESA the Society consents to employees working extra hours beyond 48 hours in a work week, to a maximum of 60 hours.
3. Nothing in this agreement shall be construed to interfere with the Corporation's right to rely on the exceptions in the ESA in appropriate circumstances.
4. This letter of understanding will come into effect the date it is signed by both parties and shall form part of the collective agreement between the parties.

Letter of Understanding**#177: Treatment of Schedule 04 Management and Professional Trainees**

**This LOU replaces the former LOUs #167, 172 & 173 Re: Treatment of Schedule 04 Management and Professional Trainees to update collective agreement references*

The parties agree to amend the Memorandum of Settlement dated October 27, 2005 and the Collective Agreement with respect to the treatment of Schedule 04 Management Trainees, and without prejudice or precedence with regards to the parties' future discussion on Article 25.1, on the following basis:

1. Management and Professional Trainees who are at Step 6 of Schedule 04 as of the date of signing of this letter or who are scheduled to progress to Step 6 of Schedule 04 on or before June 30, 2006 will be placed at 80% of MP2 on Salary Schedule 01 effective January 5, 2006.

Management and Professional Trainees on Schedule 04 as of the date of signing of this letter, other than those identified in Item (1) above will be treated as follows:

2. Society- represented Management and Professional Trainees who were appointed to Salary Schedule 04 before 2006 and are still on Schedule 04 as of the date of signing of this Letter of Understanding will not remain on Schedule 04 during 2006. Instead, they will be placed on the new salary structure at either Step 1 or Step 2 of the MP2, MP 3 or MP 4 bands effective January 5, 2006 with full retroactivity. Their placement and initial progression on the bands will be as per paragraphs 3 and 4 below.
3. Management and Professional Trainees appointed to Salary Schedule 04 prior to January 5, 2005 will be placed on Step 2 of the appropriate MP band. They will progress to Step 3 after upon reaching their 1 year anniversary date from the most recent date of step progression date which occurred prior to January 5, 2006 unless Management demonstrates a performance problem.

The following is for illustrative purposes only: For example an employee progressed to Step 04 on July 8, 2005, he/she then progressed to Step 05 on January 8, 2006. He/she will be placed on Step 2 of the appropriate band effective January 5, 2006 and then will progress to Step 3 July 8, 2006. Thereafter annual progressions will occur on July 8 of subsequent years.

4. Management and Professional Trainees appointed to Salary Schedule 04 on or after January 5, 2005 will be placed on Step 1 of the appropriate MP band. They will progress to Step 2 one year following their date of appointment to Salary Schedule 04 after unless Management demonstrates a performance problem.
5. This Letter of Understanding together with Appendix "A" supersedes all provisions of Article 25.
6. For further clarification, the implementation of this letter of understanding will be as per Appendix B. {Note Appendix B not published for privacy reasons}

APPENDIX "A"

- 25 Pay and Benefits Treatment of DEVELOPMENTAL STAFF PAID ON STEPS 1 or 2 of the MP2, MP3 OR MP4 Bands.**
- 25.1** Move to future discussions.
- 25.2** Individuals with advanced degrees or some applicable experience may be given an appropriate time credit when they are placed on either step 1 or 2 of the MP 2, MP 3 or MP 4 bands.
- 25.3** Management may appoint individuals to a regular position upon successful completion of Step 2. Such individuals will be given a letter (copy to the Society) six (6) months prior to the completion of the training program indicating the location of their final appointment.
- 25.4** Employees who have reached Step 3 and have not yet been appointed to an M&P or FM&P job will be treated as special cases to be dealt with on an individual basis by line management.
- 25.5** Progression from step 1 to step 3 of MP2, MP3 or MP4 will be dependent upon satisfactory performance. A progression step may be withheld where OPG can demonstrate unsatisfactory performance. In such cases the employee's performance will be reviewed in six months and, if performance has been satisfactory, the employee will progress to the next step. If progression must be withheld due to unsatisfactory performance for a twelve month period, there may be cause for termination. If the employee's performance is satisfactory for one year following the withholding of a progression step the employee will be awarded any withheld step increase, thus restoring his/her original progression pattern.
- 25.6** An absence greater than one month due to illness, pregnancy, parental leave, etc., may result in an extension of a step in the progression process. The original progression dates may be reinstated if satisfactory progress can be shown to have been made during an extension period.
- 25.7** Vacation provisions that apply to M & P staff will also apply to employees on steps 1 or 2 of either the MP 2, MP 3 or MP 4 Bands .
- 25.8** Articles contained in Part XI (Relocation Assistance) will not apply to Management and Professional Trainees in the Nuclear business organization, except as noted below:
- i) Management and Professional Trainees in the Nuclear business organization will be paid for any additional travel costs when assigned to a temporary work headquarters for short duration assignments (ie. meetings, conferences, seminars, or similar type of functions) as long as these are job assignments requested by Management. Additional travel costs are defined as the mileage to

the new work location minus the mileage to the normal work location.

- ii) Articles contained in Part XI (Relocation Assistance) will apply to Management and Professional Trainees when they are appointed to an M&P or FM&P job, or are progressed to Step 3 on either the MP 2, MP 3 or MP 4 band.
- iii) Any other reimbursement for expenses for Management and Professional Trainees will be at management's discretion.

In 2007: \$36.90

In 2008: \$38.00

In 2009: \$39.14

#178 Re: Nuclear Response Force - FLM

OPGN is displacing the Durham Regional Police (DRPS) who currently constitute a Nuclear Response Force in favour of creating its own Nuclear Response Force (NRF). To ensure an effective transition of the work from the DRPS to the NRF, the parties have agreed as follows:

1. The current security FLM classification will be comprised of both FLMs who supervise NSOs and FLMs who supervise NRF qualified NSOs.
2. Security FLMs (NSO who express interest to become NRF qualified will be selected on the basis of seniority, for BTOC training prior to the posting of a vacancy. Similarly, where interest is expressed and an FLM (NSO) vacancy exists, an NRF qualified security FLM will be selected to fill the vacancy.
3. The requirements to get into BTOC will include the following:

Medical;
Psychological;
Physical;
Aptitude;
Security Clearance;
Driver's License;
Possession Acquisition License (PAL);
CPR and First Aid

4. A retention bonus will be applied for maintaining the NRF status. This bonus will be structured annually from January to December. An employee who is granted NRF status between January and December and successfully completes any required re-qualification prior to the end of the year will receive a pro-rated bonus. For example, if an employee commences role in February, that employee would receive 11/12ths of the first year bonus.

The annual amount for the bonus will be \$3,000 per year, adjusted upwards annually at the same rate as the negotiated general wage increase.

5. All NRF qualified security FLMs are required to report to work 15 minutes prior to the commencement of their shift with payment at the appropriate overtime rate.

1. This Agreement applies to jurisdictional grievances advanced by the Society pursuant to Articles 2 and 16.3 and other relevant provisions of the Collective Agreement which do not involve the interests of any intervening trade union.
2. The referral to arbitration shall be made by the Society delivering a brief to OPG setting out the facts and evidence on which it relies. OPG shall deliver a responding brief within 20 business days thereafter, and the Society may file a reply brief within a further 10 business days after receipt of the responding brief.
3. If a party does not deliver a brief within the above time lines it may only file a brief and lead evidence at arbitration with leave of the arbitrator, on such terms as the arbitrator may impose.
4. Arbitrations will be held in an expedited med./arb. format. The arbitrators will be selected from the following group:

5. Prior settlements made without prejudice and without precedent shall not be determinative of any grievance.
6. In addition to jurisdiction under the collective agreement under which the dispute was filed, the arbitrator shall have the jurisdiction set out in s. 99 of the Ontario Labour Relations Act, 1995, except that the arbitrator shall not have power to alter a Society bargaining unit as determined in a certificate and/or defined in the Voluntary Recognition Agreement or an applicable collective agreement.
7. Arbitration awards will be precedent setting.
8. The parties agree that arbitrator George Adams shall decide the issues raised in the "Referral to Arbitration - Policy Grievance re Excluded 'Individual Contributor' Positions" (December 10, 1997) at a hearing scheduled [SUBJECT TO CONFIRMATION - February 29, 2000] or his first available date thereafter, and shall issue a pattern-setting award on the following terms:

- a. On or before November 15, 1999 the Society will identify up to four reference positions to provide a factual foundation and by November 26, 1999 OPG will provide all current and predecessor job documentation (including TIRRs and TARRs where applicable), current organization charts, and any other current documentation of the nature and function of the work organization relevant to these positions;
 - b. The Society will file its Primary Brief by the later of December 10, 1999 or within 15 business days of receiving the complete reference material; OPG will file a Responding Brief by the later of January 28 or within 30 business days of receiving the Society's Primary Brief, and the Society will file its Reply Brief by the later of February 15 or within 10 business days of receipt of the Responding Brief;
 - c. Arbitrator Adams will have jurisdiction as set out in other provisions of this Agreement except that either party, on request, shall have the right to oral evidence including proof of documents and cross-examination;
 - d. If either party intends to call oral evidence it will provide the other party with a will-say statement of all such evidence not less than ten days prior to the hearing;
 - e. Any individual contributor grievances which are not expressly decided by arbitrator Adams award may be referred by the Society to another arbitrator under the provisions of this Agreement.
9. Except as expressly modified herein, all relevant provisions of the Society's Collective Agreement shall continue to apply.
 10. Either party may withdraw from this agreement on six months written notice to the other party.

LETTER OF UNDERSTANDING**#181 Re: PND Local Agreement for #1 Shift Coverage by Society-Represented Employees Assigned to Days**

In 1987, a memo was issued to adopt the M&P 12-Hour Shift Task Group recommendations. One recommendation dealt with the pay treatment when Society-represented employees assigned to days are required to work 12-hour #1 shifts (20:00 to 08:00). Recently, we have encountered situations where different interpretations of these guidelines have resulted in inconsistent compensation.

In order to ensure a uniform approach and remain consistent with The Society Collective Agreement, the following guidelines will be adopted if a Society-represented employee assigned to days is required to provide coverage for one to three consecutive #1 shifts. For coverage of greater than three consecutive shifts, the employee will be assigned to the appropriate crew as per The Society Collective Agreement Section 59.2.

Our intent is to clarify timekeeping practices and ensure a consistent approach to compensation – these rules are not retroactive for shifts worked prior to the date of this memorandum.

1. (a) If the day prior to the first #1 shift is a normal scheduled day of work, the employee will be granted that day off, consistent with Section 2.1 of the attached memo and Section 59.2(c) of The Society Collective Agreement.

For example, if the first shift to be covered is a Tuesday #1 shift, the employee will be granted Monday off, reporting to work Monday at 20:00.

Hours worked on the granted day, including the first four hours of the #1 shift, will be paid or banked for future time off at the appropriate premium rate, consistent with Sections 57.1, 57.2, 57.4, and 57.5 of The Society Collective Agreement.

In the above example, the hours worked Monday from 20:00 to 24:00 will be paid or banked at the appropriate premium rate. If the employee is required to work part of the granted day shift (e.g., required to work Monday morning in the example above), those hours worked will be paid or banked at premium rate.

-
- (b) If the day prior to the first #1 shift is a Saturday, Sunday, or statutory holiday, the first four hours of the 12-hour shift will be paid or banked for future time off at premium rates, consistent with Sections 57.2, 57.4, and 57.5 of The Society Collective Agreement.

For example, if the first shift to be covered is a Monday #1 shift, the four hours worked Sunday 20:00 to 24:00 will be paid or banked at double-time.

2. If the #1 shift occurs on a Saturday, Sunday, or statutory holiday, the hours worked from 00:00 to 08:00 will be paid or banked for future time off at premium rates, consistent with Sections 57.2, 57.4, and 57.5 of The Society Collective Agreement.

For example, if the employee works a Saturday #1 shift, the eight hours Saturday from 00:00 to 08:00 will be paid or banked at the appropriate premium rate.

3. When two or more consecutive #1 shifts are worked, hours in the calendar day in excess of the normal number of hours worked per day shall be paid or banked for future time off at premium rates.

If Tuesday #1 shift and Wednesday #1 shift are worked, for example, an additional four hours of overtime will be paid or banked at the appropriate premium rate for the hours worked Tuesday 20:00 to 24:00.

4. The night shift premium will be paid on all hours which are not compensated at premium rates, consistent with Section 2.3 of the attached memo. In example 1(a) above, the night shift premium would be paid for the eight hours worked from Tuesday 00:00 to 08:00.

5. The next shift to be worked following the last covered shift will be the next regularly scheduled day shift, consistent with Section 59.2(d) of The Society Collective Agreement.

In example 1(a) above, the next shift to be worked following the Tuesday #1 shift will be the regularly scheduled Wednesday day shift.

Several examples of #1 shift pay treatment for 40 hour/week and 35 hour per week employees are provided on the following pages.

As per The Society Collective Agreement Section 61.9.8, all hours worked during the #1 shift will be recorded and treated as if they occurred during the calendar day in which the shift ends. The time code "N" should be entered on the timesheet if the #1 shift is worked on a normal scheduled day of work; otherwise (i.e., for Saturdays, Sundays, or statutory holidays) the time code "R" should be used.

LETTER OF UNDERSTANDING**#182 Re: Compensation & Working Conditions - 12-Hour Shift Schedule**

1. The following will be applicable to Hydroelectric employees in the Commercial Resource Management Centre when working a 12-hour schedule.
2. General Provisions
 - 2.1. The 12-hour shift schedule will average the regular scheduled hours per week for employees and will indicate the days and hours of work (shift) for each employee. Payment will be determined in accordance with this Letter of Understanding and as outlined in Article 59 of the Collective Agreement ("Shift Work (M&P, TMS/TS)").
 - 2.2. The implementation of 12-hour shift work will be on the understanding that its application will not result in any appreciable increase in cost to Hydroelectric.
 - 2.3. Hydroelectric or The Society Local Vice-President shall have the right to terminate 12-hour shift work. Written notice must be provided by the Department Manager to The Society Local Vice-President or vice versa.
 - a) If the notice is two months prior to the end of the current schedule, 2-hour shift work will terminate at the end of the current schedule. Reason(s) for termination will be provided by the respective party.
 - b) The 12-hour shift schedule may be canceled immediately by Hydroelectric should any of the following be adversely affected: safe operation of plant; health of shift workers; public safety.
 - c) When employees at any Department have exercised the right to opt out of time-balanced 12-hour shift work, no new 12-hour shift work may be introduced for those employees without the mutual agreement of local management and the local Society Unit Director.
 - 2.4. All policies and Agreements which normally apply to employees will continue to apply unless specifically stated otherwise in this LOU.
3. Shift Differential

A shift differential of **\$1.21** per hour worked will be paid to 12-hour shift employees for each night shift hour worked, in accordance with Article 59.3 ("Shift Work (M&P, TMS/TS)").

4. Shift Premium

Hourly shift allowances shall be paid to M&P shift workers in accordance with Article 59 ("Shift Work (M&P, TMS/TS)").

5. Overtime

5.1. Authorized overtime beyond 12 hours of work on scheduled workdays Monday to Saturday inclusive and all hours worked on scheduled days off Monday to Saturday inclusive shall be compensated in accordance with the overtime provisions of this Agreement.

5.2. Authorized overtime beyond 12 hours of work on scheduled workdays which are Sundays or statutory holidays and all hours worked on scheduled days off which are Sundays or statutory holidays shall be compensated in accordance with the overtime provisions of the Collective Agreement.

6. On-Call

6.1. On-call service payments will not be applied to those employees on the Minimum Availability Requirement (MAR) list (see Section 9).

7. Special Conditions

7.1. The following items will be credited for pay purposes on an hour-for-hour basis:

- a) Vacation
- b) Floating Holidays
- c) Sick Leave
- d) Time Off Without Pay
- e) Travel Time
- f) Medical and Dental Consultations - Periods of less than four hours shall not be deducted from sick leave credits.

7.2. In the application of the above-noted items (a), (b) and (c), a reference under the current provisions of this LOU to a "day's" entitlement will mean eight hours. Therefore a 12-hour shift will constitute one and one-half days deducted from credits.

7.3. When an employee is scheduled to work a 12-hour shift and one of the under-noted conditions occurs, a "day" will be considered to be 12 hours.

7.4. Jury duty and attendance at court.

- 7.5. Funerals.
 - 7.6. Moving Day.
 - 7.7. Time Charges for Attendance at Delegates' Council and meetings of The Society's Board of Directors.
8. The basic statutory holiday and special time off provisions remain unchanged in that time off and pay entitlements will continue to be calculated on an eight-hour basis.
9. Minimum Availability Requirement (MAR) List
- 9.1. In order that a sufficient number of shift employees are on duty to maintain and ensure a continuous operation at any Department utilizing 12-hour shifts, a MAR List will be prepared.
 - 9.2. A sufficient number of employees, by job classification and qualifications, will be determined by Hydroelectric. Employees will volunteer their willingness to be called in to work in this situation, by placing their name on the MAR List under the day(s) they wish to be called. If there are no volunteers, Hydroelectric reserves the right to assign employees to the MAR List. Employees will not be placed on the MAR List who are scheduled to work on an adjoining shift.
 - 9.3. An employee on the MAR List agrees to be available during the Required Availability Period (RAP), to report to work to cover short-term absence. The RAP is the period of time commencing two hours prior to each shift change and ending one hour after each shift change.
 - 9.4. If an employee whose name is on the MAR List cannot be available for the specified day(s), the employee must arrange for a substitute acceptable to Hydroelectric, whose name then would be added to the MAR List.
 - 9.5. Volunteering or being assigned to the MAR List for RAP periods does not entitle the person to any compensation, i.e., on-call pay, etc., nor does it guarantee that overtime will result.
 - 9.6. In the event that an employee is called to work from the MAR List, he/she will be entitled to overtime premium rates (outlined in Section 61.4) for all hours worked.
10. Time-balanced 12-hour shift work will be introduced in the CRMC Department when the following conditions are met:
- 10.1. More than fifty percent (50%) of employees who vote in that Department must vote in favour of 12-hour shift work.

- 10.2. More than fifty percent (50%) of all eligible shift workers who vote in that Department must vote in favour of the 12-hour shift work.
 - 10.3. The process for taking the Vote and counting it will be agreed upon by The Society Unit Director and the Department Managers.
 - 10.4. Employees eligible to vote are those employees in the CRMC normally assigned to shift.
 - 10.5. Although the content, preparation, costing and administration of shift schedules is the sole responsibility of Hydroelectric, the preference of the majority of shift workers in a department for a particular basic type of schedule will be considered. Such preferences must be made known to Hydroelectric 4 months in advance of the starting date of the new schedule.
 - 10.6. Supernumerary Shifts while working on the 12-hour shift schedule, will be 08:00 – 16:00.
 - 10.7. Three supernumeraries can be exchanged for working two 12-hour regular days off.
 - 10.8. When a regular shift commences before midnight and continues after midnight, all hours during the continuous shift shall, for pay and time balance purposes, be recorded and treated as if they occurred during the calendar day in which the shift ends.
 - 10.9. Exception: The statutory holiday shift premium shall be paid on an actual hourly-as-worked basis.
 - 10.10 Shift workers with a plus or minus four hours time balance assigned to day work or shift for an indeterminate period of time may be required to take off or work a four-hour period respectively, but no payments, premium or otherwise, will apply to such time worked as an extension of a normal eight-hour day to resolve a minus time balance.
 - 10.11 For the day on which an election occurs and up to three days before and after, all employees on a 12-hour schedule will be changed to an eight-hour schedule unless joint agreement is reached to do otherwise.
 - 10.12 A minimum of 48 hours off per pay period except for MAR list needs.
11. An excessive number of 12-hour shifts cannot be worked in sequence. Three would be the maximum for nights and four would be the maximum for days.

LETTER OF UNDERSTANDING**#183 Re: Society Represented Employees in IMS - Periodic Assignment to Shift Work (Final)**

This Agreement, pursuant to Article 72 of the CA, establishes conditions if Society represented staff in Nuclear Inspection Maintenance Services Division of Ontario Power Generation are assigned to work shift or provide 24 hour coverage.

1. Principle:

Society Represented staff (staff) in IMS may be assigned to shift work or 24 hour continuous coverage work schedules from time-to-time as required. Management will endeavour to equitably distribute assignments taking into consideration business and employee needs.

2. Assignment:

Society represented staff, who are assigned to shift work, may be assigned for up to six (6) months in total per year per employee provided that no single period of shift work exceeds three (3) consecutive months. Society represented staff assigned to perform SLAR work may be placed on shift for up to eight (8) months in the year.

When assigned to shift, articles 59, 60, 61, 62 and 70 of the Collective Agreement do not apply except 59.3, 60.3, 60.4, 60.7, 61.3, 61.6 (reference 1995-96 Agreement or subsequent applicable revisions).

3. Fiscal Year:

For purposes of this Agreement, a "year" will be a year commencing April 1. The defined fiscal year will not be changed in future periods.

4. Shift/Work Schedule Design:

The design of the shiftwork schedule(i.e., length and pattern):

- a) may result in scheduled work for an employee on average exceeding normal base hours.
- b) will not result in an employee being scheduled to work less than 35 hours on average over pay periods, inclusive of any normal scheduled work on days.
- c) will be the same shift length and pattern as the associated PWU crews on shift or 24 hour coverage work schedule when:
 - i) The PWU Crew is from IMS;
 - ii) Society Staff must work alongside the PWU Crew to provide supervision or direct support to the work being conducted by the PWU Crew;

unless otherwise agreed.

5. Notice:

A minimum seven (7) days notice will be provided when an employees shift schedule is changed or when putting an employee on shift with the following exceptions:

- a) Three (3) days notice if a forced unit outage occurs.
The applicability of the three (3) day notice period is dependent upon a shift change notice being issued to the affected employees within 48 hours of the occurrence of the forced unit outage.
- b) In cases of illness, four (4) days notice will be given.

Failure to provide the above notice will require payment at the appropriate overtime rates for work performed outside of normal hours during the notice period.

6. Overtime:

Work performed outside of scheduled hours is overtime and will be compensated at the appropriate overtime rates.

7. Compensation while on shift:

7.1 During each pay period in which scheduled shift hours are worked;

- a) All scheduled hours worked, either OR days or on shift, will be credited to the time bank at straight time.
- b) The employee will be paid their base pay, and the equivalent number of base hours at straight time will be deducted from the time bank.
- c) The employee will be paid the premium and differential portion for scheduled hours worked on weekends, and night shifts during each pay period.

7.2 At the end of the fiscal year, the remaining cumulative hours in the time bank will be paid out, or, time may be taken off at times throughout the fiscal year which are mutually agreeable to management and the employee, as follows:

- a) The cumulative total will be divided into groups of 7 hours (or fraction if there is a residual amount).
- b) For each group, the first four hours will be at time-and-one-half and the second three hours will be paid at double-time.
- c) Negative time balances existing at the fiscal year end will be written off.
- d) For purposes of calculating time bank compensation provisions under this Agreement, the number of base work hours in a pay period will be equivalent to the number of current standard hours.

- 7.3 Periods of time required at the start and end of a shift, to effectively carry out any turnover to the incoming or outgoing crew will not be compensated, if the total time required is less than 30 minutes. Turnovers requiring more time, if authorized by the Superintendent or that person designated by the Superintendent, will be compensated according to the overtime provisions of the Agreement
- 8.0 Relativity-
- 8.1 In the event that Society staff are required to work alongside an associated PWU crew as determined under 4(c)(i) and 4(c)(ii) above, who are on a work schedule that provides 24 hour coverage but are not on an assigned shift schedule under a PWU Agreement, equivalent premiums will be paid in lieu of any premium (weekends, shift differentials, time bank) payments as determined under this Agreement.
- 8.2 When working alongside an associated PWU crew, as described in 8.1, and a minimum payment is provided to the PWU crew for the purposes of maintaining normal base hours, the equivalent treatment will be afforded to The Society staff.
- 9.0 The implementation plan requirement of Letter of Understanding Re. Peak Work Hours Arrangements (LOU-6), is as follows:
- a) This LOU may be jointly re-negotiated in April of 1998 if requested by either party in advance, and during the month of April of each second year subsequently. Unresolved disputes during this re-negotiation may be referred to the dispute resolution process as defined in Article 72 of the 1995/96 Collective Agreement.
 - b) The effective start date will be April 1, 1997, which will be declared the start of the fiscal year for purposes of this Agreement.

LETTER OF UNDERSTANDING**#185 Re: Purchased Services Agreement (PSA) Nuclear (including Nuclear Waste and Nuclear Regulatory Affairs)****Re: Reduction of Nuclear PSA Envelope as a Result of Establishment of Nuclear Waste Management Organization (NWMO)**

Whereas The Society and OPGI have previously agreed to a Purchased Services Agreement (PSA) for Nuclear (LOU #175); and

LETTER OF UNDERSTANDING
#187 RE: IM&CS Termination of Services with Bruce Power

It is jointly agreed that the following Letter of Understanding (LOU) shall form part of the Collective Agreement between the parties. This LOU is limited to the IM&CS Termination of Services with Bruce Power and supersedes any provision of the Collective Agreement dealing with employee transfers. The intent of this LOU is to afford options for IM&CS employees located at the Bruce site who are affected by the termination of services with Bruce Power and to ensure the Company can fulfill its contractual obligations to Bruce Power during the transition.

The parties enter into this LOU without prejudice to either parties' position in future matters involving identical and/or similar circumstances.

Except as expressly modified by this LOU, all other provisions of the Collective Agreement apply.

1. This Agreement is contingent on an agreement between OPG and Bruce Power on the transition of IM&CS services, and on the understanding that Bruce Power will offer positions to OPG employees who on acceptance will terminate employment from OPG and begin employment with Bruce Power under the terms of the collective agreement between Bruce Power LP and The Society at a date established between the employers, and on the understanding that Bruce Power and The Society will reach an agreement in respect of employees accepting employment with Bruce Power, for the recognition of service under the Collective Agreement between Bruce Power and the Society, It is also understood and agreed that an employee accepting an offer of employment with Bruce Power under the terms of this agreement must transfer all of their OPG pension from the OPG pension plan to the Bruce Power pension plan,
2. This agreement is limited to regular IM&CS employees permanently located at the Bruce site. Beyond the application of this agreement, in the event the ceasing of IM&CS services provided by OPG to Bruce Power results in an adverse impact on employment continuity for Society IM&CS employees working in Durham Region, Article 64 will apply to those affected employees.
3. The following options will be made available to IM&CS employees who are permanently located at the Bruce site on the date of this agreement and remain at the Bruce site on the date that the options are presented:
 - a) Offer of employment with Bruce Power at the Bruce Site under the terms

of paragraph 1; or

- b) A lump sum retirement allowance equal to one year's base salary. Eligibility for a retirement allowance is contingent on qualifying for an undiscounted pension as of June 5, 2011. The retirement allowance will be paid effective the date of retirement as determined by OPG, Where contractual obligations to Bruce Power, or continued operations are impacted an employee's retirement may be delayed no later than June 5 2011; or
- c) Placement of affected staff in available vacancies for transfer, at the Bruce site, IM&CS business unit, or Nuclear Business Unit.

4. Redeployment Process

A joint team of Society and Management representatives will be formed to oversee an expeditious staff redeployment process. The joint team will be comprised of 2 members from The Society and 2 members from Management plus any required support staff.

The joint team will operate under the principles of fairness, reasonableness and equality to ensure employee seniority, preference and qualifications are considered as outlined below in the allocation of staff while also ensuring the needs of the business are satisfied. Where agreement cannot be reached Management will determine the placements. The Society reserves the right to grieve any placements not jointly agreed to.

- a) Management will prepare a list of available vacancies for transfer
- b) Employees will be required to rank a location preference
- c) Employees will be matched to vacancies for transfer in the following order:
 - ¹Same job document ~ location preference on the basis of seniority and qualification
 - Lateral placement - location preference on the basis of seniority and qualification.

¹ Same job document defined - an employee performing their current role in a different location.

5. OPG will execute a pension transfer agreement, where permitted by law, that will allow IM&CS employees located at the Bruce Site to transfer their pensions to Bruce Power,
6. All elections are irrevocable except where the employee has subsequently experienced a ²significant life altering event _{that requires consideration by OPG.}
7. The Society consent to the use of Purchase Services, which for clarity will not be accounted for under any PSA envelope, for the preservation of vacancies for the future transfer of IM&CS employees. Once the employees are matched through the redeployment process outlined in paragraph #4 only those positions being held for matched employee transfers will continue to be exempt from any PSA envelopes, The Society further consent that all contractors hired in IM&CS at the Bruce site or not at the Bruce site but providing services to Bruce Power will also not be counted against the current PSA envelopes,

This agreement is subject to OPG providing The Society an electronic monthly summary regarding the use of purchased services, which will contain, date and expected end of the contract, purpose of hiring and the roles and responsibilities,

8. The Society also agree to waive any rights to jurisdictional claims where the number of reports is reduced as a result of preserving vacancies for the future transfer of IM&CS employees, or deferred release dates of employees. This condition does not apply where the positions held (if filled), would not allow the supervisor to meet the exclusion criteria as set out in the collective agreement. This condition is removed once all employee transfers are completed.
9. Any offer made after the completion of the redeployment process outlined in paragraph #4 to an employee over age 55 at the time of reporting will outline the extent and terms of relocation assistance that will be provided pursuant to Article 52,5,2 of the 2005 collective agreement.

² Significant life altering event defined – exceptional circumstances that management would consider material in informing an employee choice and which can be alleviated by providing reconsideration where the option still exists.

10. This agreement will expire upon completion of the transfer of services to Bruce Power or June 5, 2011 whichever comes first. This does not alter the eligibility date associated with the retirement allowance.
11. The Society reserves the right to grieve any unreasonable exercise of management in the application, and interpretation of this LOU.

LETTER OF UNDERSTANDING
#189 Re: ESA Averaging Hours of Work Approval

Whereas the parties agree that employees' may work schedules that balance over periods of greater than two weeks in accordance with the time balanced shift schedule provisions of the collective agreement;

And whereas the parties understand that the Director of Employment Standards is required to approve agreements between employers and bargaining agents to permit employees to work such averaging schedules;

Therefore in accordance with the ESA the parties hereby agree to the following with respect to the averaging of hours for the purposes of overtime payments;

1. In accordance with the ESA the Society consents to employees working schedules that average hours over a period of greater than two weeks. Specifically, the Society agrees to average employees' hours over a period of five weeks for A-E crews and over a period of 52 weeks for project crews.
2. This letter of understanding will come into effect April 1, 2011 and shall form part of the collective agreement between the parties and shall continue in effect until March 31, **2019**.

LETTER OF UNDERSTANDING**#191 Re: Reorganization of Ontario Power Generation Adoption of Centre Led Organizational Design**

“WITHOUT PREJUDICE”

Without prejudice and without establishing a precedent in respect of this or any other matter, the undersigned parties agree as follows¹:

1. In 2013 Ontario Power Generation (OPG) will move to finalize the implementation of Centre Led Organization design resulting in further change to organizational structure and the implementation of new or revised jobs. This restructure will have an impact on existing roles, reporting relationships and locations requiring the matching of employees from the existing to the new organizational structure. This Letter of Understanding (LOU) has been arrived at to facilitate the matching of existing employees against the new organization and will enable both OPG and the Society to work cooperatively to accomplish this goal. This LOU supersedes both Article 64 A and Article 64 B, unless a specific reference to those articles is referenced herein. Nothing in this agreement affects the existing Society rights to challenge new or revised jobs at the completion of the JRPT process under this agreement.

This LOU will expire on November 30, 2014 unless expressly renewed or extended by the parties.

2. General Principles of Operation

- There shall be no involuntary layoff of any regular bargaining unit employee while this LOU is in effect.
- The Redeployment Procedure will not operate within Units of Application but will operate as a single OPG wide exercise.
- Management in its discretion may offer a voluntary termination package to a work group. For the purposes of this provision, unless otherwise agreed to by the parties, a work group will be no smaller than employees reporting to a Band G Manager within a location as defined by this LOU. In such cases, employees who terminate their employment will be entitled to a voluntary termination amount calculated as per the provisions of Article 64.6.4 as applied to 64.27.
- Unplaced employees will be provided meaningful work to bridge to future opportunities at their current work location or at other locations providing the benefit of the assignment outweighs the cost.
- The Joint Redeployment Planning Team (JRPT) will match unplaced employees to lateral positions or demotions on the basis of seniority and qualifications as the positions arise.
- Any employee placed into a lateral or demotion position under the redeployment procedure in this LOU will not have their progression date reset.

¹ All references to Articles contained within this LOU are from the 2006-2010 Collective Agreement

- A JRPT will be established to oversee Joint Implementation Teams (JIT's) who are tasked with the placement of employees in accordance with this agreement. Any unresolved issues at the JIT level will be escalated to the JRPT.
- Any matching criteria will be consistent with job documents and will not alter the job evaluation process.
- Demoted employees will receive income protection in accordance with this LOU.
- All positions not filled after matching at each salary level will be posted in an expedited manner and filled on a best qualified basis prior to moving to the next step/level in the matching process.
- Graduate trainees will not be considered as part of this JRPT process. Trainees will continue to progress through the band under the conditions of Article 25, however placement of a trainee into a permanent position will be delayed to a date no sooner than the completion of the redeployment procedure as outlined in Item #3. It will be the responsibility of their home base to find them a permanent position once they complete their training.
- Employees on leave (excluding LTD) will be treated as though they were at work for the purposes of this process. Communications will be mailed to the employees' address on record.

3. Redeployment Procedure

- a. The JRPT and JIT's are established
- b. The JRPT and JIT's are provided with joint training
- c. Management will provide details on the new organizational structure at a detail level that will indicate the classification, location, number of positions in the new organization.
- d. All employees will be required to submit a Fact Sheet and rank a list of irrevocable locations and job categories.
- e. The JRPT and JIT's will operate the Redeployment Process Steps as outlined below.
- f. The JRPT will facilitate the operation of the Employee Alternatives as outlined below.
- g. The JRPT will provide a report for approval to the EVP, Business Transformation Project summarizing the outcome of the Redeployment Process.

4. Redeployment Process Steps

Steps 4.1 through 4.9 below will be carried out one band at a time, starting with MP-6 and continuing in descending order to MP-2. Appendix C illustrates the application of the steps for each band.

4.1 Determine Same Work Location Incumbents

Management to prepare list of employees, list of positions, designate incumbents and review with Site JIT. The JIT will confirm incumbency. The JIT's will consist of equal numbers of Society and Management representatives and shall make decisions on consensus basis. The incumbency rules will be as follows:

- Equal Salary Band

- Similar Job Duties (Majority of duties and responsibilities that you were doing in your base position)
- Hours of Work (same)
- Work Location Unchanged

4.2 The JRPT will consolidate the lists from all JIT's, resulting in an overall list of positions unfilled and employees who still require a placement.

4.3 Determine Volunteer Incumbents

Management will designate volunteer incumbents based upon location preference in their Fact Sheets and review with the appropriate Site JIT. The JIT will confirm volunteer incumbency.

The volunteer incumbency rules will be as follows:

- Equal Salary Band
- Similar Job Duties (Majority of duties and responsibilities that you were doing in your base position)
- Hours of Work (same)
- Work Location indicated as preferred on their Fact Sheet.

4.4 Notify Incumbents/Non Incumbents (Appeal Process to JRPT after review by JIT)

The JRPT will confirm all incumbency decisions made by the JIT. The JRPT will review all issues brought to it by the JIT's and make decisions with regard to who is an incumbent.

The incumbents and non-incumbents will be notified of their status. They must appeal within two business days. Appeals are based upon ensuring the job meets the definition of incumbency rules and to ensure suitability of the person for the duties and responsibilities.

An employee may appeal their status as a non-incumbent if they were subject to a management-initiated change in duties and responsibilities, including a transfer under the new staffing resourcing process. The resourcing process² is the subject of a grievance which is currently at arbitration in the last 24 months and, as a result, their duties and responsibilities in their prior assignment were not considered. Any individual complaints/grievances on qualifications or reasonable offer challenges under item #7 will consider an employee's duties and responsibilities over the past 24 months, unless those duties and responsibilities were changed in accordance with processes set out in Article 64 or 65, in which case only the employee's base position will be considered.

² The resourcing process is the subject of a grievance which is currently at arbitration

4.5 Matching non-incumbents to lateral Vacancy (Senior Qualified)

First Pass – Same Location

Matching rules:

- Work Location (same)
- Hours of work (same, then different)
- Qualified

Second Pass – Preferred Location

Matching rules:

- Work Location (Identified as preferred on their Fact Sheet)
- Hours of work (same, then different)
- Qualified

Work Unit Viability Check – All Locations

4.6 Matching non-incumbents to Demotion Vacancy (Senior Qualified)³

Not applicable for placements to MP-6 positions

First Pass – Same Location

Matching rules:

- Work Location (same)
- Hours of work (same or more)
- Qualified

Second Pass – Preferred Location

Matching rules:

- Work Location (Identified as preferred on their Fact Sheet)
- Hours of work (same or more)
- Qualified

4.7 Force Lateral Vacancy Match (Senior Qualified)

Matching rules:

- Any Work Location
- Hours of work (same, then different)
- Qualified

4.8 Force Demotion Vacancy Match (Senior Qualified)

Matching rules:

- Any Work Location
- Hours of work (same or more)
- Qualified

Work Unit Viability Check – All Locations

³ Not applicable for placements to MP-6 positions

- 4.9** Any remaining unfilled positions will be posted and filled on an expedited basis and will be available to unplaced Society Represented staff on a best qualified basis prior to filling from outside of the bargaining unit. Management reserves their right to not fill a position if there are no qualified Society represented applicants.

Repeat steps 4.1 through 4.9 for each band until all bands are complete.

4.10 Final Viability Check and Balance

The JRPT will agree on how to meet viability requirements and will act to do so. If a viability concern continues to exist after the Mix and Match process is complete, the JRPT will then attempt to address the concern using one or more of the following options prior to forced matches: call for specific volunteers; Corporate-wide vacancies; hiring externally; forced rotations and/or relief assignments in order to bridge for training; external contractors.

4.11 Issue Letters to Staff Identifying Placement

After the process is complete staff will be issued letters confirming their placement or alternatively their initial work assignment in the case of unplaced staff.

5. Employee Alternatives to Accepting a Placement

- 5.1** An employee who is matched or bridged to future workload and is placed at a new work location which qualifies them for relocation assistance under Article 52.2, and who elects not to take the placement, may terminate with severance of 2 weeks per year of service to a maximum of 26 weeks. For clarity, to qualify for this provision the employee cannot have elected the location as preferred on their Fact Sheet.
- 5.2** Employees who qualify for relocation assistance under Article 52.2, may, within 12 weeks of reporting to the new work location, make an irrevocable election to forgo their entitlements under Part XI – Relocation Assistance and receive a travel reimbursement up to \$350 per month commencing at the end of the 12 week period. The 12 week period will be paid in accordance with Article 52.3.3. Payment of the travel allowance will cease the earlier of two years from the date of first payment or upon the employee ceasing to be employed at the location. Employees exercising this option will submit travel expense claims and be reimbursed for mileage/out of pocket costs during this period up to the established limit of \$350 per month for travel to their new work location. When an employee travels to a temporary work headquarters, the provisions of Article 55 “Compensation When Assigned to Temporary Work headquarters” apply.
- 5.3** Employees faced with circumstances preventing them from accepting a placement as confirmed by the JRPT may appeal the decision to the JRPT on the basis that the placement is unreasonable or there are compelling personal circumstances. Where so agreed by the JRPT the following options are available:

- 5.3.1 Terminate with severance of 2 weeks per year of service to a maximum of 26 weeks
- 5.3.2 Substituted with a reasonable placement. For further clarity, such substitution may result in a placement being undone.
- 5.3.3 Unplaced employees will be provided meaningful work to bridge to future opportunities.

6. Income Protection

Where an employee is demoted, and their current rate is greater than or equal to the top step of the band they are demoted to, economic increases will continue to apply; in other words the employee will be green circled. Where an employee is demoted and their current rate is lower than the top step of the band they are demoted to, their step progression date will not be reset. No employee will be forced into a demotion greater than two salary bands below their current band.

An employee who has been matched through the operation of this LOU and whose position is subsequently downgraded within 18 months shall be subject to redeployment in any future JRPT at the previously pre matched level.

In the event that the employee is placed in a position with less hours of work Article 64.26 Reduction in Hours of Work will apply. There will be no demotions into positions that result in reduced hours of work.

7. Dispute Resolution

Where the JRPT reaches an impasse in the execution of this LOU the following shall apply:

- 7.1 The Vice-President of the Society Bargaining Unit and the Vice-President Employee and Labour Relations shall attempt to resolve the impasse;
- 7.2 Failing resolution per (7.1) above, and after giving 48 hours written notice of any issues it considers in dispute, either Party may refer these issues for final and binding resolution under Article 16.11.2 to Laura Trachuk, who shall rule within 24 hours of hearing, with written reasons to follow. The process will not continue until Arbitrator Trachuk rules;
- 7.3 The arbitrator shall have the powers of an arbitrator under the *Labour Relations Act*, with jurisdiction to determine procedure and make such orders as required to resolve disputed issues consistent with this LOU and the Collective Agreement.
- 7.4 Where there is an individual complaint/grievance on qualifications or reasonable offer challenges, they will be dealt with under Article 16.11.2. Arbitrator Laura Trachuk will hear all matters that proceed to arbitration under this provision. An individual complaint/grievance on qualifications or reasonable offer challenges under Article 16.11.2 will not prevent continuation of the placements under Item #4 even where there is a disagreement of the JRPT or JIT. However, if the Arbitrator rules in favour of the employee, the employee will be afforded the rights that he/she would have had under the process at the time the dispute arose.

8. Interaction with Coal Closure (LOU #166)

- a. LOU 166 is to be amended to:
 - i. include any employee physically located at the station, regardless of reporting relationship during the application of the LOU;
 - ii. include Lennox;
 - iii. include Corporate vacancies for Corporate staff located at Thermal locations;
 - iv. expire on completion of the closure of coal stations or March 31, 2015 whichever comes first.
- b. Any employee attached to Thunder Bay GS, Lennox GS, Nanticoke and Lambton who is placed in accordance with this LOU removing them from the application of LOU 166, will have the option of electing for a voluntary severance under LOU 166 rather than taking the placement.
- c. In the event Coal Closure LOU #166 is triggered while the steps as identified under Item #4 are not completed, the parties will agree on how to reconcile the processes.

9. Amended Units of Application

At the expiry of this LOU, Article 64 shall be amended to reflect the Units of Application found at Appendix A (inclusive of the notes). Article 64.9.9 will be amended to include the language of Article 106.3 as found in the 2006-2010 Collective Agreement.

Notwithstanding the above, all employees will be mapped by the JRPT into a revised Unit of Application found in Appendix A, based on their reporting relationship which will be identified on their placement letter.

Employees who are unplaced will be mapped by the JRPT to a Unit of Application found at Appendix A. For clarity, the mapping will identify their Divisional Unit of Application as identified in the 64A column of Appendix A.

10. Employee data verification

As soon as practical following signing of this letter of understanding, OPG will provide to the Society Local VP an electronic copy of the data described in this paragraph. The Society will have ten (10) business days to review and identify any errors or omissions on this list. OPG will make appropriate corrections to the list and then send an email to all Society-represented employees with a link to the seniority list which will be electronically posted on the Intranet. The posting will include employee number, name, base building code, base location, occupation code, job title, band and service recognition date (SRD). A form will be provided where employees may challenge the accuracy of their data within 2 weeks of posting. Management and the Society will triage and disposition challenges. The Dispute Resolution process per item 7 of this LOU may be invoked if required.

11. Kipling Move

Effective date of signing of this LOU any Society represented employees who were force relocated after June 1, 2012 to Kipling from 700 University will have Kipling treated as a temporary location until their placement is confirmed by the JRPT or June 1, 2013, whichever comes first.

12. Jurisdiction

OPG will pay the Society \$25,000 and in exchange the Society agrees that all outstanding Management jurisdictional grievances/challenges that have been filed as of the date of signing this LOU are resolved. The Society agrees not to file any new Management jurisdictional grievances/challenges until the JRPT concludes. Upon the completion of the JRPT, the Society is free to file any jurisdictional grievances/challenges. Nothing in this paragraph prevents the Society from challenging the jurisdiction of any positions that were challenged prior to JRPT and where a basis for challenge remains after the JRPT concluded.

For positions excluded on numbers supervised and which do not have the required reports at the start of the JRPT, and are not expected to have the required reports at the end of the JRPT, those individuals/positions will be converted at the start of the JRPT to MP6 positions and OPG will pay dues for the period which they were improperly excluded from the Society's jurisdiction.

13. Any Society represented positions not filled during the JRPT will be posted and filled after the JRPT as per Article 65.6.3 of the Collective Agreement.

14. Notwithstanding the expiry of this agreement a Standing JRPT will remain in place as long as there are staff resulting from this agreement who are still unplaced.

OPG wide vacancies for positions represented by the Society will be provided to the Standing JRPT prior to any posting. The Standing JRPT will determine if any unplaced staff are qualified for any vacant positions that become available and shall place them in the vacancies to which they are qualified. Promotions will not be considered for placement opportunities and will be posted and filled on a best qualified basis. Laterals or demotions placements will be on a qualified basis. Placements will be same location prior to different location and lateral prior to demotion.

Prior to invoking an Article 64A, any unplaced employees in that unit of application will be placed in an on-going position for which they are qualified, at their original band, hours of work, and work location.

Employee alternatives as outlined in item #5 will be available to unplaced staff who receive a placement under this item.

15. Schedule

The following schedule consists of milestones for the completion of the redeployment process. The parties will agree on target completion dates for each of the milestones below. It is recognized that any variables may affect the completion dates and the team will amend the target dates where it considers it necessary. Failure to meet these target dates are not to be construed as justification for invoking the defaults under Part A of Article 64.

The parties will appoint members to the teams identified in Appendix B of this LOU, no later than 30 days following signing of the document. Either party reserves the

right to amend the team members as required. The team members are to be appointed on the understanding that joint meetings varying from one to three days per week will be required. Meetings will commence as soon as practicable following the appointment of the team members. Team members are responsible for sending a delegate to meetings if they cannot attend. Delegates will have the same decision making authority as the Team Member.

The first team meeting will include all JRPT and JIT members. This session will be jointly conducted and will be used to ensure that all team members have a common understanding of the intent, language, and process of this LOU.

OPG will ensure that all Society team members will be released from their normal duties to carry out this role.

LETTER OF UNDERSTANDING**#193 Re: Article 67 Purchased Services Agreement**

For the term of this Letter of Understanding the PSA (Article 67) is suspended, subject to the exceptions set out in this LOU.

SECTION A

1. Without prejudice or precedent, for the purpose of this agreement only, "Nuclear base work" shall be defined as OM&A work of an on going nature typically executed by Society-represented staff. This work would include, but not be limited to, items such as stress analysis, preparing bills of materials, equipment performance monitoring, addressing outage and non outage AAA holds or elimination of backlogs. It does not include OM&A or capital modification projects.
2. For the purposes of this agreement, "Augmented Staff" shall be defined as staff hired either directly by OPG, or through a managed task contract, that perform work regularly performed by Society-represented employees and are taking work direction from OPG.
3. The Parties agree that there shall be three PSA Envelopes for OPG as a Company in the total amount of 165 Million dollars for each year of this Agreement.
 - A maximum 17 Million dollar envelope can be used for base work in Nuclear.
 - A maximum 4 Million dollar envelope can be used for base work in Corporate.
 - The remaining 144 Million dollar envelope is for OM&A projects, non-standard projects, capital projects, provisional projects and non-nuclear base work (excluding Corporate base work).
4. For the purposes of calculating dollar amounts for work done within each envelope the parties will use the following percentages:
 - Any line item in the data extract that is for construction/trades work will automatically have the Society percent for that item set at 4%.
 - Any line item in the data extract that is for Engineering work will automatically have the Society percent for that item set at 73%.
 - Augmented staff will automatically have the Society percent for that item set at 100% unless it is agreed to by the parties to be considered 100% PWU or 100% management work. The 100% allocation does not apply to contractors hired through a managed task contract. Percentages for contractors hired through a managed task contract will be determined by the local PSA contacts.
 - All work that is not captured by the above will be dealt with and agreed to by the local PSA contacts.

5. Any amounts in excess of the 144 Million dollar envelope up to 164 Million dollars shall attract a 0.5% payment to The Society. Any amounts above 164 Million dollars shall attract a payment of 1% to the Society.
6. Any amounts in excess of the 17 Million dollar base work envelope for Nuclear or in excess of the 4 Million dollar base work envelope for Corporate shall attract a 1% payment to the Society.
7. The parties agree that any amounts in a PSA envelope in any given year cannot be reallocated to any other year or any other envelope.
8. The parties shall form an OPG PSA Review Committee that will be a subcommittee of the Joint Society Management Committee (JSMC). The main discussions regarding PSA will take place at the OPG PSA Review Committee. Ad hoc local discussions may take place for clarification purposes. The Committee will be comprised of one OPG Management and one Society representative from each of the following business units: Thermal, Hydro, Corporate, and Nuclear. Additional resources can be added as required by the Committee.
9. The OPG PSA Review Committee will meet during the term of this agreement on a quarterly basis where Management will present the following:
 - Society actual and planned staffing levels; including Regular, Temporary and Augmented Staff
 - A report on the status of the Envelopes in sufficient detail to identify the information currently included in the 2015 Report which is provided by Nuclear (to be provided 10 working days in advance of the quarterly meeting)
 - The approved business plans for each year of this agreement (to occur in Q1)
 - The PSA plan for the current year (to occur in Q2)
 - Any payment amounts required for envelope exceedance will be finalized at the Q2 meeting of the following year, for each year of this agreement
10. Society designated representatives shall be granted system access using customized PSA reports to view purchase orders that are included and excluded on the report and will be provided appropriate training.
11. The Parties agree that in the event work performed by Society-represented employees is removed from the existing service provider, as provided for in the 2015 Information Technology Service Agreement (ITSA), and transferred to another service provider, base work as currently performed (not project work) shall not be dealt with under the envelopes available under Part A of this LOU. OPG shall process any PSA relating to such work pursuant to Article 67. The Information Technology organization at OPG has full access to Parts B and C of this LOU.
12. Any disputes that cannot be resolved at the local level will be escalated to the OPG PSA Review Committee for resolution. Any items not resolved at the OPG PSA Review Committee will be resolved through arbitration by Jules Bloch. The process for arbitration will be as follows: items in dispute will be grouped in batches of up to 10. Each party will prepare a short brief for each of the ten items. Arbitrator Bloch will issue a ruling based on his review of the briefs and limited oral argument at a hearing.

13. OPG agrees to pay the Society the sum of \$1.25M per year of this agreement. In lieu of this payment, OPG agrees to provide the benefit improvements detailed in Section "E" of this agreement.

SECTION B

PSA's representing major, multi year projects such as, but not limited to, New Business Development, New Build, Biomass/Gas Conversion, Lower Mattagami Project, Darlington Refurbishment, etc. shall be dealt with in the following manner:

- i. The existing PSA Agreements for the Darlington Refurbishment Project and the Lower Mattagami Projects are not part of this PSA Agreement and their existing PSA agreements will continue to be in effect until they expire or the projects are completed.
- ii. The Parties will meet to determine the amount and type of work involved in the Project that would normally be performed by Society represented employees.
- iii. OPG shall meet with The Society to discuss the hiring of additional "regular" or temporary staff and/or deployment of existing staff to assist on the project, respecting all of the requirements of the applicable provisions of the Collective Agreement.
- iv. Discussions with respect to (ii) and (iii) above will be concluded within 30 days of notice from the Company to the Society, unless there is mutual agreement to extend the discussions. The Company shall provide The Society with at least 10 working days notice of such a meeting and such notice shall include reasonably adequate and relevant information for the Society to prepare for the meeting.
- v. If the parties reach an agreement on the requirements of (ii) and (iii) above, the Society will be paid an amount of money which is equal to 0.5% of the total amount of work normally performed by Society represented staff based upon the initial contract estimate. This payment will be divided annually over the life of the contract commencing in the year the contract begins.
- vi. If there is no agreement under (ii) and (iii) above then the matter will be processed pursuant to Article 67 which will then be active for that particular project/contract.
- vii. For those projects contracted out under this process (Section B of this LOU), OPG agrees to meet with the Society on a regular basis to keep them apprised of the status of the Projects. Material changes with respect to contracted out work normally performed by Society represented employees will require recalculation of the payment amount and payment schedule.

SECTION C

Exclusions from the PSA Envelope

The following work is excluded from the envelope in Section A and in the calculation of Society represented work in Section B, above:

1. Work performed under a manufacturer's warranty
 2. Any arms length or proprietary work required to be performed
 3. Where a service is obtained for OPG from a business which has Society represented employees who are providing the service.
- For the purposes of this LOU, "*Arms Length*" shall be defined as work that must be performed by a 3rd party as a condition of ISO certification, regulatory or statutory compliance. It is understood that there are circumstances that could arise wherein OPG may seek Society concurrence for additional exclusions for work performed by a third party. These issues will be advanced to the OPG PSA Review Committee for discussion.
 - For the purposes of this LOU, "*Proprietary*" shall be defined as work that only a vendor or their licensee can perform on a system since no one else is allowed to work on it as the vendor either built it or retains sole rights to do repairs or work on it after it is purchased.

All items meeting these exclusions will be included on the report with an explanation of the exclusion.

SECTION D

Staffing

1. During the term of this Agreement there shall be no involuntary layoff of any Society represented employees as a result of contracting out.
2. Over the term of this Agreement, OPG agrees to hire a total of 300 regular Society represented employees from outside of the Society bargaining unit. This will be tracked by providing the Society LVP a quarterly list of all new employee names hired for that quarter and life-to-date as part of the 300, including position number, that enter the Society bargaining unit. All new employee names after October 1, 2015 will count towards the 300 requirement. Any management employees who are converted to Society-represented employees as a result of any settlements or arbitrations will not count towards the 300 hiring requirement. For clarity, only OPG PWU and management regular employees who are selected and become Society-represented employees through a position which was posted internally and filled, or if a non-OPG employee applies and is selected and becomes a Society-represented employee through a position which was externally posted and filled, then the person shall be treated as a hire for the purpose of achieving the 300 requirement.

SECTION E**Benefit Improvements**

1. Benefit improvements will be made and shall continue for the term of this Agreement in the following areas:
 - a) OPG will find an Insurance Carrier to provide Group Out of Country coverage. The Company will pay up to \$76 per year for the cost of Family Coverage for Regular employees and \$35 per year towards coverage for retirees who choose to participate. This benefit improvement will exist for a period of three years from the expiry date of the benefit provision at Section E.1 (a) of LOU# 188.
 - b) Dispensing Fees coverage shall be increased from \$5.00 to \$12.00.

It is understood that these benefits shall cease at the end of this Agreement unless the parties expressly negotiate their continuation. It is also understood that in the event this Agreement ceases to exist, the Dispensing Fee shall revert back to \$5.00 as it existed prior to the signing of this LOU.

The parties agree that any disputes arising from the implementation, administration or interpretation of this agreement are subject to the grievance process, with the exception of specifically negotiated provisions contained within this agreement that default to the Article 67 dispute resolution process.

This agreement shall expire on December 31, 2018 unless there is an agreement by the Parties to renew this agreement for the business planning year 2019 by September 30, 2018. In the event that there is no agreement to renew, Article 67 shall apply to any work to be contracted out in 2019. The parties agree to have an Interest based mediation/arbitration with Arbitrator Stout on Feb 24 and 25, 2016 in order to determine whether or not Article 67 must apply to work that is being performed in 2019 or beyond, pursuant to a contract issued prior to January 1st 2019.
