

WHO OWNS TORONTO HYDRO? YOU DO.

**AT LEAST, FOR NOW. THE CITY IS CONSIDERING
SELLING IT OFF TO MAKE A FAST DOLLAR.**

Privatizing Toronto Hydro would mean our bills would go up – and the quality of service would go down.

As Toronto's hydro workers, we keep our city connected. We know the value of keeping services public. Public power is safe. It's reliable. It's more affordable.

Tell your city councillor, Toronto Hydro isn't for sale.
